Ordering and Shipping

Order Information

Order Processing

Orders are processed by email (orders@enwork.com)

Acknowledgments

All orders will be acknowledged within 48 hours unless clarification, special engineering, or material sourcing is needed. Orders will be accepted, manufactured and invoiced based upon the information and terms on the acknowledgment. If there is any discrepancy, it is the responsibility of the dealer to notify our Customer Care department immediately at 800-815-7251.

Design Department

> For any special provisions, requests, or pricing questions, submit an email to designteam@enwork.com and our department will work quickly and efficiently to answer your questions.
> Quotes are typically turned around within 48-72 hrs.

Changes and Cancellations

Change or cancellation requests must be made in written form. Orders may not be changed or canceled without the written consent of Enwork. It's always best to contact Enwork immediately if a change or cancellation is being considered. Changes or cancellations are subject to the following fees.

> Orders shipping within 7 business days that include built-to-order products, are subject to charges equal to 100% of each order line.
> Orders shipping more than 7 business days: Dealer will be responsible for any manufacturing costs already incurred as well as a $250 (net) change/restock fee.

Product Lifecycle

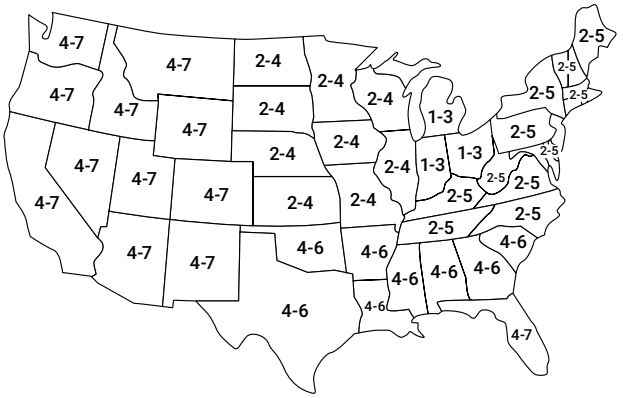

Enwork reserves the right to make changes in product design, or detail, and to discontinue any product or material without notice. Enwork will make a good faith effort to maintain product compatibility within our various generations of product platforms to provide our customers with spaces that adapt to change. Enwork's non-obsolescence policy commits to provide our customers with products of comparable function or operational characteristics for a term equal to the warranty period.

Shipment of Goods

Enwork ships products in the most efficient manner. Direct shipments and arrival appointments are available upon request for large orders that warrant full truck load shipment. These appointments are occasionally delayed by unforeseen circumstances, including traffic, equipment problems, inclement weather, and local limitations for large trailers. Enwork is not liable for carrier-related delivery issues. For shipments less than a truck load in size, Enwork will work with carriers to try to meet specific delivery date requests. Enwork does not guarantee arrival times for small orders (less than a truckload (LTL). Delivery by appointment (e.g. 9:00 am) is possible for an upcharge. Most of Enwork's LTL carriers can provide a 2-4 hour window in advance for delivery. Standard deliveries are made Monday through Friday between the hours of 8:00am and 5:00pm. The receiving party is responsible for unloading all freight at time of delivery. Shipments from Enwork may utilize load bars. Failure to take delivery will result in additional reconsignment and freight charges. If your delivery requires special accommodations not outlined here (e.g. driver assist), please contact Enwork prior to shipment. Accommodations may carry an upcharge.

Transit Time Guide

(in business days – not guaranteed)

International Shipping

Enwork will drop ship to any US port of embarkation (excluding Alaska & Hawaii) and will not be responsible for any additional packaging required after that point. Products that come standard assembled can be shipped knock-down (KD) upon request. Enwork will provide estimated weight & cube, but the dealer or freight forwarder is responsible for all customs/shipping paperwork as well as marine insurance. Product title transfers when it leaves our dock in Lowell, MI.

Ordering and Shipping

Storage of Completed Orders
Enwork does not have room to store product beyond the acknowledged ship date. In the event that a customer cannot accept delivery of a finished order, prior to shipment the customer can request that the order be shipped to an alternate address. In the event that no alternate address is provided, Enwork may choose to send the product to a storage facility. The customer will be responsible for charges associated with storage (including transportation to storage) as well as damage or loss risks.

Standard Freight and Minimum Quantity Terms
> Product is FOB Enwork freight prepaid in the continental United States. Title passes to dealer when it leaves our dock. Standard delivery procedure includes transportation of the shipment to the destination loading dock to be unloaded by the consignee. Truck drivers are required only to bring merchandise to the tailgate of their vehicle. Consignee must be present to inspect and sign for the delivery. If the consignee is not available at time of delivery, additional delivery fees such as storage charges and/or re-delivery may be assessed.
> Orders less than $2,000 net are assessed a $200 net freight fee with one exception.
    > There is no freight fee for orders less than $500 net that can be sent FedEx Ground (e.g. small legs, brackets, etc.). Orders $500 net or more that can be sent via FedEx Ground have a $75 freight fee.

Lift Gate and Special Freight Services
Requests for lift gate service, inside delivery, or special services/equipment (e.g. box trucks in big cities) may require additional shipping fees. Fees for lift gate service on small orders that fit on a box truck are $200. Fees for lift gates on larger orders that require a full 53-foot truck will be higher and must be quoted on a case-by-case basis. Lift gate options on full-trucks only exist on a small percentage of trucks thus driving incremental shipping costs that will be billed on a per-order basis. Call your Customer Care representative for more information.

Lead Time
Lead times vary. For current lead times and a list of Quick Ship products, consult Resources/Dealer Support at www.enwork.com. LEAD TIME DATE CALCULATION BEGINS AFTER RECEIPT OF A CLEAN ORDER. A significant amount of orders arrive at Enwork missing information to process the order so please review your order carefully. An accelerated lead time may be available upon request. Enwork will notify you of the anticipated ship date on your Order Acknowledgment.

Terms and Conditions

Exclusive Application of Terms and Conditions. These terms and conditions apply to all sales and related dealings between you, the customer ("Buyer"), and ASSA Group, Inc., dba Enwork, a Michigan corporation ("Seller"). No additional or contrary terms, whether contained in an order, acknowledgment, or other document from Buyer, shall be binding upon Seller unless agreed to in writing signed by an authorized officer of Seller, and Seller expressly rejects all such additional or contrary terms as may be contained in Buyer's documents. Seller's performance is conditioned on Buyer's unmodified consent exclusively to these Terms and Conditions. BUYER'S ACCEPTANCE OF ANY TENDER OF DELIVERY CONSTITUTES ACCEPTANCE OF ALL OF THESE TERMS AND CONDITIONS.

Price, Payment & Delivery. All prices are those indicated on this document or a separate term sheet incorporated by reference. If pricing is based on Buyer purchasing a certain quantity of goods and Buyer subsequently reduces the quantity purchased, whether by return, cancellation or otherwise, the pricing will be adjusted based on the amount actually purchased. The price and terms of this Agreement are confidential and Buyer shall not disclose them to any person or entity without Seller's written consent, other than to essential personnel. Seller reserves the right at any time to demand payment in advance of shipment. Prices are subject to change at any time without notice. Prices do not include handling or taxes, and Buyer is responsible to pay all taxes of any type or kind regardless of whether collected by Seller. The purchase price is due and payable 30 calendar days from the date of invoice or the date of delivery, whichever is sooner. Seller may refuse to ship where Buyer is in default under this Agreement or any other agreement between the parties. Any payments not timely received by Seller will accrue interest at a rate of 1.5% per month, unless not permitted by law, in which case the interest charge shall be the highest rate permitted by law. In order to ensure payment, and in addition to all security interests granted by operation of law, Buyer grants Seller a security interest in all items sold pursuant to this Agreement and agrees to allow Seller to sign all documents allowing Seller to perfect this security interest. In the event that such items could be deemed to be inventory, Buyer agrees to allow Seller to do all things necessary to perfect its security interest including, but not limited to, notifying existing secured parties and filing a financing statement prior to delivery of the goods. If any payment required under this Agreement is past due, Buyer shall be in default and Seller may exercise all of its legal rights and remedies, including those set forth in Articles 2 and/or 9 of the Uniform Commercial Code. Delivery is F.O.B. Seller's point of shipment. Title passes on Seller's delivery to the carrier. Delivery dates are estimates only, and Seller is not responsible for any delays of any type or kind. Seller may cancel this Agreement without advance notice in the event of Buyer's breach, for failure to give adequate assurances of future performance after Seller's request for such assurances, or for any other reason in Seller's sole discretion. If Buyer terminates this Agreement, it shall only do so on 30 days advanced written notice, and Buyer will remain liable to Seller for all costs, commitments and liabilities incurred by Seller while fulfilling its obligations under this Agreement, including overhead allocated by Seller to such costs and Seller's anticipated profit from this Agreement. If this Agreement is placed in the hands of an attorney for collection of any amounts due, Buyer shall pay all of Seller's actual attorneys fees and costs of collection.

Warranty

Exclusive 12 Year Limited Warranty
Enwork warrants that the goods shall be free from defects in materials or workmanship for a period of twelve (12) years except as follows. Taper edge (contour laminate) worksurfaces, height-adjustable tables, electrical components, pneumatic cylinders, traditional key and lock cores, drawer slides, and glides are warranted for a period of five (5) years. Universal Locker digital and mechanical locks are warranted for a period of two (2) years. Casters are warranted for a period of one (1) year. There is no warranty for “self-edge" chipping or peeling, or on appliances.

Upholstery fabrics, vinyl, and polyurethanes are warranted from defects in material and workmanship for five (5) years. Customer’s own materials (COM) are not covered by this warranty. Consult with upholstery materials suppliers for performance criteria and suitability of individual materials. Textiles and laminates are sold subject to minor variations of color. Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process. Because leather is a natural product, variations of texture are common and should be expected. This warranty excludes any type of misuse, abuse, as well as ordinary wear and tear.

Pursuant to this warranty, if a product fails under ordinary use as a result of a defect in materials or workmanship, Enwork will, at its option, (a) repair the affected product at no charge, (b) replace the affected product at no charge with a new or refurbished product of comparable function, performance, and quality, or (c) refund the original purchase price for the affected product if repair or replacement is not commercially practicable or cannot be completed in a timely manner. This warranty applies solely to the original Buyer with the period starting on the date of shipment, and only for products shipped to and sold for use in the U.S. and Canada. This is Enwork’s sole and exclusive warranty, and the Buyer waives all others.

The foregoing warranty shall not apply to damage caused under the following circumstances: (a) damage caused during shipping (this will be handled under separate terms); (b) modifications or attachments to the product that are not Enwork approved; (c) products that were not installed, used or maintained in accordance with product instructions and normal industry practice; (d) products used for rental purpose; (e) damage caused by misapplication of cleaning product; (f) natural variations in wood grain, color, texture, figure, or the presence of character marks; or (g) changes in surface finishes due to aging or exposure to light; or (h) damage, marking, or staining of veneer surfaces due to contact with rubber or similar compounds, damage from sharp objects, or imprinting from writing instruments. If a damaged product is repairable, Enwork may, at its option, permit the Buyer to repair the item and Enwork will issue a credit to the Buyer in accordance with Enwork’s repair allowance schedule.

Warranty Disclaimer. Enwork expressly and unconditionally disclaims any and all warranties, express or implied, including but not limited to any warranties of fitness for a particular purpose or merchantability, or warranties based on oral representations from Enwork’s personnel or agents, affirmations, models, drawings, samples, promotional literature whether in print, on the internet or in any other format or media.

Limitation of Liability. Enwork’s maximum cumulative liability to buyer shall not exceed the purchase price of the goods claimed defective. In no event shall Enwork be liable for any indirect, incidental, special or consequential damages of any type or kind, including but not limited to lost profits, lost business opportunities or lost goodwill, relating to the goods sold hereunder, their installation or use, whether in contract, tort pursuant to statute or otherwise, even if Enwork has been advised of the possibility of such damages.

Indemnity. Buyer shall indemnify and save Enwork harmless from and against all claims of any type or kind for personal injury or property damage, including all costs and attorney’s fees, made or alleged as a result of Buyer in any way or manner incorporating or installing any item purchased herein into another product manufactured, assembled, sold or marketed by Buyer.

No Design or other services provided. This agreement involves the sale of goods only. Buyer does not hire Enwork to perform any design services or for the production of any drawing or other media relative to the goods sold pursuant to this Agreement or Buyer’s end product. To the extent that Enwork offers any advice or produces any drawings or other media, Enwork does so as a courtesy to the Buyer and Buyer agrees that it will not rely on such advice, drawing or other media and Enwork shall not be liable for any matter arising from such advice, drawings or other media. Buyer shall have no recourse against Enwork for any services of any type or kind. Buyer shall be solely and exclusively responsible for use and/or installation of all items purchased herein. The items sold herein are based on Buyer’s descriptions and Buyer bears sole responsibility for ensuring that the products sold meet Buyer’s needs and expectations and are suitable for Buyer’s intended use. Enwork is not responsible for Buyer’s inaccurate or inadequate design or Buyer’s furnishing of incorrect information.

Correction of Errors. Enwork shall have the right to correct any errors, whether clerical or mathematical, which are contained in this Agreement or any term sheet or invoice.

Warranty, Returns and Allowances, and Pricing

(Warranty Continued)

Disputes. All disputes of any type or kind, shall be determined by a court of competent jurisdiction which is situated in Kent County, Michigan. Buyer irrevocably consents to such exclusive venue and jurisdiction.

Miscellaneous. Buyer shall not assign any rights under this Agreement without the prior written consent of Seller. Failure to exercise any rights under this Agreement shall not constitute a waiver and a waiver on one occasion will not constitute a waiver of the same item on any subsequent occasion. No waiver or amendment to this Agreement shall be effective unless it is in writing and signed by authorized representatives of both parties. Paragraph headings are for reference only and are of no legal force or effect. All notices shall be provided to the addresses set forth in this Agreement and if none is provided, to the party's resident agent in the state of incorporation or organization. This Agreement shall be governed by the law of the State of Michigan without regard to any conflicts of law principles. Wherever possible, all terms shall be interpreted consistently. In the event of a conflict with regard to price, payment terms or delivery, the typed provisions on a separate or attached term sheet shall control over the printed provisions on this Agreement. For any other conflict, these Terms and Conditions shall control. No usage in trade shall create a conflict with the terms of this Agreement. Seller reserves the right to correct any typographical errors anywhere in this Agreement. A facsimile signature or a legally valid electronic substitute for a signature shall bind Buyer. If any provisions are determined to be unenforceable, the remainder of the Agreement shall remain in full force and effect.

Entire Agreement. This is the complete and exclusive statement of the terms and conditions relating to the subject matter of this Agreement and all negotiations and representations, if any, made prior to the execution of this Agreement are merged into this Agreement. Seller shall not be bound by any agent's or employee's representations, promises, or inducements not set forth in this writing unless such representation, promise or inducement is set forth in writing, dated subsequent to this Agreement, and signed by an authorized officer of Seller.

Product Issue Instructions

Shipping Damages and Claims

Should you receive any portion of a shipment in damaged condition, either apparent or concealed, it is the duty of the customer to note any suspected damage on the carrier's delivery receipt, to accept the damaged goods, and to contact Enwork immediately to begin the freight claim process. Do not install damaged product. All damaged product and packaging must be retained until the freight claim is settled. Failure to retain damaged product and packaging will result in a transfer of liability from Enwork to the customer. Enwork will not warranty custom one-piece tops over 96" from freight damage.
Concealed Damage: Freight damage must be reported to Enwork within 5 days of receipt. Failure to report freight damage within this timeframe will result in a transfer of liability from Enwork to the customer. Claims and questions can be submitted to info@enwork.com

Defective Products

Enwork may request samples, photos, or videos demonstrating the defect. No merchandise shall be returned or scrapped without prior approval from Enwork. All unauthorized returns may be refused by Enwork and returned to the customer. Credit or reimbursement will be issued for the original purchase price or a replacement will be sent. Enwork reserves the right to request the return of any or all defective products. Enwork also reserves the right to repair defects in the field with an Enwork-provided repair team.

Repair Authorization

Requests for Enwork funded repairs by Enwork dealers must be submitted in writing prior to repair work. Repairs made without Enwork's consent will not be funded. Repair costs for warranty or defect issues must be reasonable.

Credit for Returned Goods

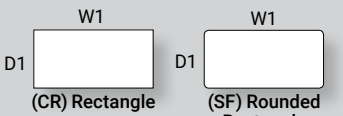

Credit will not be honored for returned merchandise until all returned goods have been checked by the Enwork Quality Control Division and confirmed to be defective.

Pricing

Prices in this Price List are United States list prices and include freight (subject to minimum order quantities) within the continental U.S. and to most of Canada. Canadian market orders can be invoiced and paid in U.S. or Canadian dollars. Enwork's USD:CAD conversion rate is posted on enwork.com. Canadian market orders must specify USD or CAD on the order. The Canadian Dollar price will be based on the conversion rate in effect at the time the order is received. For convenience, the exchange rate and GST will be included as separate line items on order acknowledgments and invoices.

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

MUST denote "Quick Ship" on your Purchase Order to ensure a 10-day ship time.

Product Specifications:

> Includes patented auto-locking rear black caster that locks automatically when table is flipped down. Also has height-adjustable front black caster with 0.25" adjustment.
> Tables nest in-line. Nested, each table is 5-3/4" between front of one table to front of next table.
> Overall height is 29"H (special heights not available).
> Foot is 22" deep, utilized on both 24" and 30"D tables. Quantum is not available with 18" or 36"D tops.
> The dimension between legs (knee space) is: 54" for 60"W tops, and 66" for 72"W tops.
> Underside of worksurface is black HPL.
> Knife edge is on user side only, all other sides are 3mm. Undercut of knife edge is clear-coated MDF. 3mm edge tops have 3mm edge on all sides
> Mechanism is black and fully assembled.
> Table legs and top are connected to the mechanism in the field.
> Top locks in both the flat and flipped up positions for safety.
> Modesty Panels ordered separately.

Ordering Information:

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 5.

Vertical Cable Manager		
QUCAM^	Vertical Cable Manager, Steel Tip: Does not work with integrated modesty panel.	$133

PDMAG	Magnetic Cable Managers, pkg 4 Tip: Use with integrated modesty panel.	$116

Quantum Modesty Panels

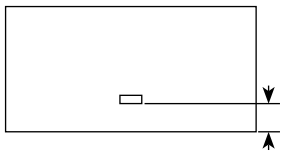

Product Specifications:

> For powered tables there are two modesty panel design choices:
  > Quantum Integrated Folding Modesty Panels (9"H) have a mechanism that is linked to the top mechanism to pivot (fold) the modesty in alignment with the angled leg for use in nesting tables. Accommodates an Axil power unit only. When the top is in use (flat) this modesty is vertical and inset 1.75" from the back of a 24"D top and 4.75 from the back of a 30"D top. This modesty requires the power unit to be located more centered in the top on 30"D tops (6.75" from back edge). On 24"D tops, the power unit is located at the standard 3.75" from back edge.
  > Universal Pivoting Modesty Panels attach to the bottom of the top. Undersizing modesty by 12" is required to allow modesty to fold properly BETWEEN THE LEGS. This modesty is on the far back edge and gets the power unit furthest to the rear of the top (3.75 from back edge). Accommodates all power units.
> Rounded corner Quantum Integrated Folding modesty panels have a 2.5" radius on the bottom (only) of the modesty panel to match rounded corner tops.
> PDGR cable managers (ordered separately) are recommended for routing cables along the underside of the top.

Ordering Information:

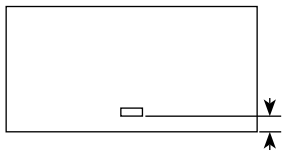

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 5.**

Quick ship lead time only available for current Enwork standard laminates.

MUST denote "Quick Ship" on your Purchase Order to ensure a 10-day ship time.

Product Specifications:

> Tables nest in-line. Nested, each table is 7-1/2" between front of one table to front of next table.
> Overall height is 29"H (special heights not available).
> Foot is 23.5" deep, utilized on both 24" and 30"D tables. Ritz is not available with 18" or 36"D tops.
> The dimension between legs (knee space) is: 39.5" for 48"W tops, 51.5" for 60"W tops, 63.5" for 72"W tops, 75.5" For 84"W tops, and 87.5" for 96"W tops.
> Top is rectangular. Other top shapes and edge options are available, contact designteam@enwork.com.
> Underside of worksurface is black HPL.
> 3mm edge tops have 3mm edge on all sides
> Mechanism is black and is fully assembled.
> Table legs and top are connected to the mechanism in the field.
> Top locks in both the flat and flipped up positions for safety.
> Includes locking casters.

Ordering Information:

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 5.

Tip: For use on 27"H tables. Actual leg height is 25.75".

Zori® Straight T-Leg Flip Tables (Complete Table)

U.S. Patents No. DS875,449

Product Specifications:
> Angled leg flip tables nest in-line. Straight leg flip tables nest off-set. Nested, both leg styles have 7-1/2" between front of one table to front of the next table.
> Straight foot depth is approximately 18" for 18"D flip tables, 22" for 24"D flip tables, and 28" for 30"D flip tables.
> Table height is 29"H.
> Locking casters included.

Ordering Information:
> Standard height is 27.75".
> Installation hardware is included.
> A special 7"H hinged modesty panel, or a narrower width, are recommended for use with all angled and 30" and 36"D straight Zori flip bases to avoid potential paint scratches on the feet. Contact designteam@enwork.com for more details.
> Flip tables include Top with 3mm edge.
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 4.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 5.**

Zori® Y-Leg Flip Tables (Complete Tables)

Product Specifications:

U.S. Patents No. DS875,449

> Y-Leg Flip Tables do not nest in-line.
> Table height is 29"H. Shorter height flip tables as low as 21"H available upon request.
> Includes locking casters.

Ordering Information:

> Installation hardware is included.
> A special 7"H hinged modesty panel, or a narrower width, are recommended for use with 30"D Zori flip bases to avoid potential paint scratches on the feet. Contact designteam@enwork.com for more details.
> Flip tables include Top with 3mm edge.
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 4.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 5.**

Choosing Power, Data, & Telecom Solutions

We make it easy to choose the right Power/Data assembly, assuring you have a highly functional yet cost effective solution. With a little bit of planning, empowering a table or a large training room can be simple – usually without the added complexity and expense of a technology integrator. Listed below are planning tips to help assure an impressive, productive installation.

Step 1 – Determine the number of power outlets needed.
Based on the size of the table and type of space, determine how many users might need power.

Tip: If the table will be used continuously for long periods of time, users will need to plug in their laptops. If so, a higher number of outlets may be needed.

Step 2 – Determine the number and type of datacom connections needed.
Which systems require physical connections? If the room or facility has a wireless network, fewer will be needed.

Step 3 – Determine which Power/Data unit best fits your requirements.
Use the Conference and Training/Teaming charts as well as the detailed assembly descriptions in this Price List to compare capabilities and features. Be sure to review the datacom options available for each assembly.

Data Options
▲: Power/Data units in this category come standard with data openings and a Voice/Data Adapter kit. Adapters from the kit are used to install jacks or couplers (ordered separately from Enwork or supplied by the customer) into the data openings of the power/data unit. Voice/data options are punch down. Audio/video options are inline.

Tip: Be sure you understand how power and cabling will be routed from the building into the space and to the table(s).

Tip: To select an appropriate in-feed, determine if power will be coming from an outlet or hard-wired to the building. Hardwiring also allows the possibility of multi-circuit power within a table or series of interconnected tables. Note that only some units can be hardwired.

Step 4 – Determine the location and orientation of the Power/Data units in the table top.
The position of units in a table is important because it affects both access from different seating positions as well as the ease with which power and data can be routed from the building into the table.

Step 5 – Don't forget to order accessories
Cable Grippers, Cable Managers, and other accessories help keep all the wires and cables organized and out of sight. See Tables Accessories.

Power & Data

Ordering Information:
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 5.
