Ordering and Shipping

Order Information

Order Processing

Orders are processed by email (orders@enwork.com)

Acknowledgments

All orders will be acknowledged within 48 hours unless clarification, special engineering, or material sourcing is needed. Orders will be accepted, manufactured and invoiced based upon the information and terms on the acknowledgment. If there is any discrepancy, it is the responsibility of the dealer to notify our Customer Care department immediately at 800-815-7251.

Design Department

> For any special provisions, requests, or pricing questions, submit an email to designteam@enwork.com and our department will work quickly and efficiently to answer your questions.
> Quotes are typically turned around within 48-72 hrs.

Changes and Cancellations

Change or cancellation requests must be made in written form. Orders may not be changed or canceled without the written consent of Enwork. It's always best to contact Enwork immediately if a change or cancellation is being considered. Changes or cancellations are subject to the following fees.

> Orders shipping within 7 business days that include built-to-order products, are subject to charges equal to 100% of each order line.
> Orders shipping more than 7 business days: Dealer will be responsible for any manufacturing costs already incurred as well as a $250 (net) change/restock fee.

Product Lifecycle

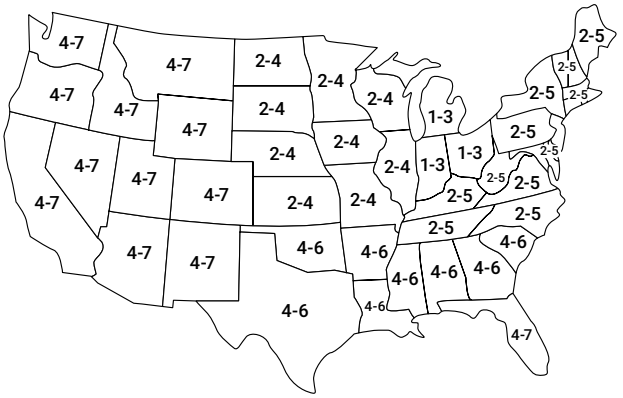

Enwork reserves the right to make changes in product design, or detail, and to discontinue any product or material without notice. Enwork will make a good faith effort to maintain product compatibility within our various generations of product platforms to provide our customers with spaces that adapt to change. Enwork's non-obsolescence policy commits to provide our customers with products of comparable function or operational characteristics for a term equal to the warranty period.

Shipment of Goods

Enwork ships products in the most efficient manner. Direct shipments and arrival appointments are available upon request for large orders that warrant full truck load shipment. These appointments are occasionally delayed by unforeseen circumstances, including traffic, equipment problems, inclement weather, and local limitations for large trailers. Enwork is not liable for carrier-related delivery issues. For shipments less than a truck load in size, Enwork will work with carriers to try to meet specific delivery date requests. Enwork does not guarantee arrival times for small orders (less than a truckload (LTL). Delivery by appointment (e.g. 9:00 am) is possible for an upcharge. Most of Enwork's LTL carriers can provide a 2-4 hour window in advance for delivery. Standard deliveries are made Monday through Friday between the hours of 8:00am and 5:00pm. The receiving party is responsible for unloading all freight at time of delivery. Shipments from Enwork may utilize load bars. Failure to take delivery will result in additional reconsignment and freight charges. If your delivery requires special accommodations not outlined here (e.g. driver assist), please contact Enwork prior to shipment. Accommodations may carry an upcharge.

Transit Time Guide

(in business days – not guaranteed)

International Shipping

Enwork will drop ship to any US port of embarkation (excluding Alaska & Hawaii) and will not be responsible for any additional packaging required after that point. Products that come standard assembled can be shipped knock-down (KD) upon request. Enwork will provide estimated weight & cube, but the dealer or freight forwarder is responsible for all customs/shipping paperwork as well as marine insurance. Product title transfers when it leaves our dock in Lowell, MI.

Ordering and Shipping

Storage of Completed Orders
Enwork does not have room to store product beyond the acknowledged ship date. In the event that a customer cannot accept delivery of a finished order, prior to shipment the customer can request that the order be shipped to an alternate address. In the event that no alternate address is provided, Enwork may choose to send the product to a storage facility. The customer will be responsible for charges associated with storage (including transportation to storage) as well as damage or loss risks.

Standard Freight and Minimum Quantity Terms
> Product is FOB Enwork freight prepaid in the continental United States. Title passes to dealer when it leaves our dock. Standard delivery procedure includes transportation of the shipment to the destination loading dock to be unloaded by the consignee. Truck drivers are required only to bring merchandise to the tailgate of their vehicle. Consignee must be present to inspect and sign for the delivery. If the consignee is not available at time of delivery, additional delivery fees such as storage charges and/or re-delivery may be assessed.
> Orders less than $2,000 net are assessed a $200 net freight fee with one exception.
    > There is no freight fee for orders less than $500 net that can be sent FedEx Ground (e.g. small legs, brackets, etc.). Orders $500 net or more that can be sent via FedEx Ground have a $75 freight fee.

Lift Gate and Special Freight Services
Requests for lift gate service, inside delivery, or special services/equipment (e.g. box trucks in big cities) may require additional shipping fees. Fees for lift gate service on small orders that fit on a box truck are $200. Fees for lift gates on larger orders that require a full 53-foot truck will be higher and must be quoted on a case-by-case basis. Lift gate options on full-trucks only exist on a small percentage of trucks thus driving incremental shipping costs that will be billed on a per-order basis. Call your Customer Care representative for more information.

Lead Time
Lead times vary. For current lead times and a list of Quick Ship products, consult Resources/Dealer Support at www.enwork.com. LEAD TIME DATE CALCULATION BEGINS AFTER RECEIPT OF A CLEAN ORDER. A significant amount of orders arrive at Enwork missing information to process the order so please review your order carefully. An accelerated lead time may be available upon request. Enwork will notify you of the anticipated ship date on your Order Acknowledgment.

Terms and Conditions

Exclusive Application of Terms and Conditions. These terms and conditions apply to all sales and related dealings between you, the customer ("Buyer"), and ASSA Group, Inc., dba Enwork, a Michigan corporation ("Seller"). No additional or contrary terms, whether contained in an order, acknowledgment, or other document from Buyer, shall be binding upon Seller unless agreed to in writing signed by an authorized officer of Seller, and Seller expressly rejects all such additional or contrary terms as may be contained in Buyer's documents. Seller's performance is conditioned on Buyer's unmodified consent exclusively to these Terms and Conditions. BUYER'S ACCEPTANCE OF ANY TENDER OF DELIVERY CONSTITUTES ACCEPTANCE OF ALL OF THESE TERMS AND CONDITIONS.

Price, Payment & Delivery. All prices are those indicated on this document or a separate term sheet incorporated by reference. If pricing is based on Buyer purchasing a certain quantity of goods and Buyer subsequently reduces the quantity purchased, whether by return, cancellation or otherwise, the pricing will be adjusted based on the amount actually purchased. The price and terms of this Agreement are confidential and Buyer shall not disclose them to any person or entity without Seller's written consent, other than to essential personnel. Seller reserves the right at any time to demand payment in advance of shipment. Prices are subject to change at any time without notice. Prices do not include handling or taxes, and Buyer is responsible to pay all taxes of any type or kind regardless of whether collected by Seller. The purchase price is due and payable 30 calendar days from the date of invoice or the date of delivery, whichever is sooner. Seller may refuse to ship where Buyer is in default under this Agreement or any other agreement between the parties. Any payments not timely received by Seller will accrue interest at a rate of 1.5% per month, unless not permitted by law, in which case the interest charge shall be the highest rate permitted by law. In order to ensure payment, and in addition to all security interests granted by operation of law, Buyer grants Seller a security interest in all items sold pursuant to this Agreement and agrees to allow Seller to sign all documents allowing Seller to perfect this security interest. In the event that such items could be deemed to be inventory, Buyer agrees to allow Seller to do all things necessary to perfect its security interest including, but not limited to, notifying existing secured parties and filing a financing statement prior to delivery of the goods. If any payment required under this Agreement is past due, Buyer shall be in default and Seller may exercise all of its legal rights and remedies, including those set forth in Articles 2 and/or 9 of the Uniform Commercial Code. Delivery is F.O.B. Seller's point of shipment. Title passes on Seller's delivery to the carrier. Delivery dates are estimates only, and Seller is not responsible for any delays of any type or kind. Seller may cancel this Agreement without advance notice in the event of Buyer's breach, for failure to give adequate assurances of future performance after Seller's request for such assurances, or for any other reason in Seller's sole discretion. If Buyer terminates this Agreement, it shall only do so on 30 days advanced written notice, and Buyer will remain liable to Seller for all costs, commitments and liabilities incurred by Seller while fulfilling its obligations under this Agreement, including overhead allocated by Seller to such costs and Seller's anticipated profit from this Agreement. If this Agreement is placed in the hands of an attorney for collection of any amounts due, Buyer shall pay all of Seller's actual attorneys fees and costs of collection.

Warranty

Exclusive 12 Year Limited Warranty
Enwork warrants that the goods shall be free from defects in materials or workmanship for a period of twelve (12) years except as follows. Select height-adjustable bases (Affinity, Cayman, Foundation Tapered Drum, Jet, and XTB4) are warranted for a period of seven (7) years. Height-adjustable tables (Lugano, Zori), electrical components, pneumatic cylinders, traditional key and lock cores, drawer slides, and glides are warranted for a period of five (5) years. Universal Locker digital and mechanical locks are warranted for a period of two (2) years. Casters are warranted for a period of one (1) year. There is no warranty for “self-edge" chipping or peeling, or on appliances.

Upholstery fabrics, vinyl, and polyurethanes are warranted from defects in material and workmanship for five (5) years. Customer’s own materials (COM) are not covered by this warranty. Consult with upholstery materials suppliers for performance criteria and suitability of individual materials. Textiles and laminates are sold subject to minor variations of color. Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process. Because leather is a natural product, variations of texture are common and should be expected. This warranty excludes any type of misuse, abuse, as well as ordinary wear and tear.

Pursuant to this warranty, if a product fails under ordinary use as a result of a defect in materials or workmanship, Enwork will, at its option, (a) repair the affected product at no charge, (b) replace the affected product at no charge with a new or refurbished product of comparable function, performance, and quality, or (c) refund the original purchase price for the affected product if repair or replacement is not commercially practicable or cannot be completed in a timely manner. This warranty applies solely to the original Buyer with the period starting on the date of shipment, and only for products shipped to and sold for use in the U.S. and Canada. This is Enwork’s sole and exclusive warranty, and the Buyer waives all others.

The foregoing warranty shall not apply to damage caused under the following circumstances: (a) damage caused during shipping (this will be handled under separate terms); (b) modifications or attachments to the product that are not Enwork approved; (c) products that were not installed, used or maintained in accordance with product instructions and normal industry practice; (d) products used for rental purpose; (e) damage caused by misapplication of cleaning product; (f) natural variations in wood grain, color, texture, figure, or the presence of character marks; or (g) changes in surface finishes due to aging or exposure to light; or (h) damage, marking, or staining of veneer surfaces due to contact with rubber or similar compounds, damage from sharp objects, or imprinting from writing instruments. If a damaged product is repairable, Enwork may, at its option, permit the Buyer to repair the item and Enwork will issue a credit to the Buyer in accordance with Enwork’s repair allowance schedule.

Warranty Disclaimer. Enwork expressly and unconditionally disclaims any and all warranties, express or implied, including but not limited to any warranties of fitness for a particular purpose or merchantability, or warranties based on oral representations from Enwork’s personnel or agents, affirmations, models, drawings, samples, promotional literature whether in print, on the internet or in any other format or media.

Limitation of Liability. Enwork’s maximum cumulative liability to buyer shall not exceed the purchase price of the goods claimed defective. In no event shall Enwork be liable for any indirect, incidental, special or consequential damages of any type or kind, including but not limited to lost profits, lost business opportunities or lost goodwill, relating to the goods sold hereunder, their installation or use, whether in contract, tort pursuant to statute or otherwise, even if Enwork has been advised of the possibility of such damages.

Indemnity. Buyer shall indemnify and save Enwork harmless from and against all claims of any type or kind for personal injury or property damage, including all costs and attorney’s fees, made or alleged as a result of Buyer in any way or manner incorporating or installing any item purchased herein into another product manufactured, assembled, sold or marketed by Buyer.

No Design or other services provided. This agreement involves the sale of goods only. Buyer does not hire Enwork to perform any design services or for the production of any drawing or other media relative to the goods sold pursuant to this Agreement or Buyer’s end product. To the extent that Enwork offers any advice or produces any drawings or other media, Enwork does so as a courtesy to the Buyer and Buyer agrees that it will not rely on such advice, drawing or other media and Enwork shall not be liable for any matter arising from such advice, drawings or other media. Buyer shall have no recourse against Enwork for any services of any type or kind. Buyer shall be solely and exclusively responsible for use and/or installation of all items purchased herein. The items sold herein are based on Buyer’s descriptions and Buyer bears sole responsibility for ensuring that the products sold meet Buyer’s needs and expectations and are suitable for Buyer’s intended use. Enwork is not responsible for Buyer’s inaccurate or inadequate design or Buyer’s furnishing of incorrect information.

Correction of Errors. Enwork shall have the right to correct any errors, whether clerical or mathematical, which are contained in this Agreement or any term sheet or invoice.

Warranty, Returns and Allowances, and Pricing

(Warranty Continued)

Disputes. All disputes of any type or kind, shall be determined by a court of competent jurisdiction which is situated in Kent County, Michigan. Buyer irrevocably consents to such exclusive venue and jurisdiction.

Miscellaneous. Buyer shall not assign any rights under this Agreement without the prior written consent of Seller. Failure to exercise any rights under this Agreement shall not constitute a waiver and a waiver on one occasion will not constitute a waiver of the same item on any subsequent occasion. No waiver or amendment to this Agreement shall be effective unless it is in writing and signed by authorized representatives of both parties. Paragraph headings are for reference only and are of no legal force or effect. All notices shall be provided to the addresses set forth in this Agreement and if none is provided, to the party's resident agent in the state of incorporation or organization. This Agreement shall be governed by the law of the State of Michigan without regard to any conflicts of law principles. Wherever possible, all terms shall be interpreted consistently. In the event of a conflict with regard to price, payment terms or delivery, the typed provisions on a separate or attached term sheet shall control over the printed provisions on this Agreement. For any other conflict, these Terms and Conditions shall control. No usage in trade shall create a conflict with the terms of this Agreement. Seller reserves the right to correct any typographical errors anywhere in this Agreement. A facsimile signature or a legally valid electronic substitute for a signature shall bind Buyer. If any provisions are determined to be unenforceable, the remainder of the Agreement shall remain in full force and effect.

Entire Agreement. This is the complete and exclusive statement of the terms and conditions relating to the subject matter of this Agreement and all negotiations and representations, if any, made prior to the execution of this Agreement are merged into this Agreement. Seller shall not be bound by any agent's or employee's representations, promises, or inducements not set forth in this writing unless such representation, promise or inducement is set forth in writing, dated subsequent to this Agreement, and signed by an authorized officer of Seller.

Product Issue Instructions

Shipping Damages and Claims

Should you receive any portion of a shipment in damaged condition, either apparent or concealed, it is the duty of the customer to note any suspected damage on the carrier's delivery receipt, to accept the damaged goods, and to contact Enwork immediately to begin the freight claim process. Do not install damaged product. All damaged product and packaging must be retained until the freight claim is settled. Failure to retain damaged product and packaging will result in a transfer of liability from Enwork to the customer. Enwork will not warranty custom one-piece tops over 96" from freight damage.
Concealed Damage: Freight damage must be reported to Enwork within 5 days of receipt. Failure to report freight damage within this timeframe will result in a transfer of liability from Enwork to the customer. Claims and questions can be submitted to info@enwork.com

Defective Products

Enwork may request samples, photos, or videos demonstrating the defect. No merchandise shall be returned or scrapped without prior approval from Enwork. All unauthorized returns may be refused by Enwork and returned to the customer. Credit or reimbursement will be issued for the original purchase price or a replacement will be sent. Enwork reserves the right to request the return of any or all defective products. Enwork also reserves the right to repair defects in the field with an Enwork-provided repair team.

Repair Authorization

Requests for Enwork funded repairs by Enwork dealers must be submitted in writing prior to repair work. Repairs made without Enwork's consent will not be funded. Repair costs for warranty or defect issues must be reasonable.

Credit for Returned Goods

Credit will not be honored for returned merchandise until all returned goods have been checked by the Enwork Quality Control Division and confirmed to be defective.

Pricing

Prices in this Price List are United States list prices and include freight (subject to minimum order quantities) within the continental U.S. and to most of Canada. Canadian market orders can be invoiced and paid in U.S. or Canadian dollars. Enwork's USD:CAD conversion rate is posted on enwork.com. Canadian market orders must specify USD or CAD on the order. The Canadian Dollar price will be based on the conversion rate in effect at the time the order is received. For convenience, the exchange rate and GST will be included as separate line items on order acknowledgments and invoices.

COM Yardage Requirements

Procedure

1) Determine fabric roll width from the fabric manufacturer (Enwork uses the RAILROAD method exclusively) and corresponding fabric usage in the tables below
2) Calculate fabric required using the formula below
   a. (#UNITS x FABRIC USAGE) + 2.0
   b. Add 10% to accommodate fabric flaws, wrinkles and other imperfections
   c. Please order COM IN SEPARATE ROLLS for each product type (e.g. one roll for Cayman Fabric Walls, another roll for Ped Cushions) to accommodate multiple manufacturing centers. Tag each roll with the order number and send to **Enwork, 12900 Christopher Dr., Lowell MI 49331**

Ligouri Cushions COM Yardage Requirements

Procedure

1) Determine fabric roll width from the fabric manufacturer (Enwork uses the RAILROAD method exclusively) and corresponding fabric usage in the tables below
2) Calculate fabric required using the formula below
   a. (#UNITS x FABRIC USAGE) + 2.0
   b. Add 10% to accommodate fabric flaws, wrinkles and other imperfections
   c. Please order COM IN SEPARATE ROLLS for each product type (e.g. one roll for Cayman Fabric Walls, another roll for Ped Cushions) to accommodate multiple manufacturing centers. Tag each roll with the order number and send to **Enwork, 12900 Christopher Dr., Lowell MI 49331**

Lock Program

Lock Cores
Lock cores are TA Series for laminate products and LL series for steel products.
UM Series and alternate lock cores on select products are available upon request.

Lock program does not apply to Universal 12" and 15" mobile peds.

Keyed Random
Random locks automatically ship with the product unless otherwise specified. Random means no effort has been made to match key numbers, or to make them different.

Keyed Alike
For the convenience of the user, furniture may be keyed alike at no charge. Using the keyed alike instructions, order lock cylinders and keys as line items on your purchase order. The Enwork Grand Rapids Bush Lock Center will select key numbers. Key numbers will not be repeated unless the standard range has been exceeded.

Lock Distribution
Lock cylinders will ship separately from the product, ready for field installation. If there are other products on the purchase order, lock cylinders and keys will ship with the installation hardware kits. If the order is only for lock cylinders and keys, they will ship via FedEx. Please provide a contact name on your purchase order to receive the keys.

Installing Lock Cylinders
Installation of lock cylinders will be on-site. Enwork will not be responsible for lock cylinder installation. Lock cylinders are installed or removed using a change key. A change key is provided at no charge with each key-alike request. To order additional change keys, specify part number NWCHANGE ($20 list) on your purchase order. Cylinders must be in the unlocked position to be removed.

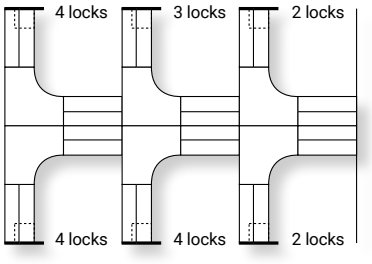

Lock Part Numbers for Laminate Products

Part #	Description	List Price
NWSPEC2-TA	Set of 2 locks	N/C
NWSPEC3-TA	Set of 3 locks	N/C
NWSPEC4-TA	Set of 4 locks	N/C
NWSPEC5-TA	Set of 5 locks	N/C
NWCHANGE-TA	Change/Master Key	$20

Lock Part Numbers for Steel Products

Part #	Description	List Price
NWSPEC2-LL	Set of 2 locks	N/C
NWSPEC3-LL	Set of 3 locks	N/C
NWSPEC4-LL	Set of 4 locks	N/C
NWSPEC5-LL	Set of 5 locks	N/C
NWCHANGE-LL	Change Key	$20
NWMASTER-LL	Master Key	$20

How to Specify Keyed Alike
Following is an example of how to specify
keyed alike locks for a 6-pack of workstations with steel storage.

Step 1 – Using the floor plan (right), count the number of locks in each workstation.

Step 2 – Count the number of workstations with the same quantity of locks.
3 workstations with 4 locks per station
1 workstation with 3 locks per station
2 workstations with 2 locks per station

Step 3 – Ordering info:

QTY	Part #	Description	List Price	Ext. List
3	NWSPEC4-LL	Set of 4 locks	N/C	N/C
1	NWSPEC3-LL	Set of 3 locks	N/C	N/C
2	NWSPEC2-LL	Set of 2 locks	N/C	N/C

Enwork will select key numbers for each set from the available numbers.

Enwork Product and Finish Information

Finish, Edge, and Grommet Defaults

Enwork offers the following HPL laminate finishes with default edge colors:

Laminate	Finish Letter	3mm Knife Edge Color	Knife Edge (MDF) Undercut Color	Grommet Color	Lock Color
Formica Pecan Walnut (6996-26)	2	Pecan Walnut	Clear	Black	Nickel**
Formica Millennium Oak (5887-26)	3	Millennium Oak	Clear	Black	Nickel**
Formica Pale Brushstroke (6997-58)	5	Pale Brushstroke	Clear	Grey	Nickel**
Formica Storm (912-58)	6	Storm	Clear	Black	Nickel**
Formica FENIX White (Bianco Kos - J0032)*	8	Classic White	Clear	White	Nickel**
Formica FENIX Black (Nero Ingo - J0720)*	9	Matte Black	Clear	Black	Black
Formica Chelsea Maple (9238-58)	A	Chelsea Maple	Clear	Grey	Nickel**
Formica Buff Elm (5793-NG)	B	Buff Elm	Clear	Grey	Nickel**
Formica Smoke (3245-58)	C	Smoke	Clear	Black	Nickel**
Formica Zen Grey (9243-58)	E	Zen Grey	Clear	Grey	Nickel**
Formica Black (909-58)	F	Black	Clear	Black	Black
Formica Ceruse Gray Walnut (6994-26)	H	Ceruse Gray Walnut	Clear	Grey	Nickel**
Formica Aged Ash (8844-WR)	K	Aged Ash	Clear	Grey	Nickel**
Formica Formal Walnut (5782-NG)	L	Formal Walnut	Clear	Black	Nickel**
Formica Classic White (9244-58)	M	Classic White	Clear	White	Nickel**
Formica Inked Oak (5792-PG)	Q	Inked Oak	Clear	Black	Nickel**
Formica Brite White (459-58)	W	Brite White	Clear	White	Nickel**
2027 Designer FENIX Laminates					
Formica FENIX Blue (Blu Shaba - J0792)*	7	Blue	Clear	Black	Nickel**
Formica FENIX Burgundy (Rosso Jaipur - J0751)*	U	Burgundy	Clear	Black	Nickel**
Formica FENIX Jade (Verde Kitami - J0794)*	J	Jade	Clear	Grey	Nickel**
Formica FENIX Evergreen (Verde Comodoro - J0750)*	N	Evergreen	Clear	Black	Nickel**
Formica FENIX Beige (Beige Arizona - J0748)*	V	Beige	Clear	Grey	Nickel**

*FENIX laminates are only available on select products as standard. Contact designteam@enwork.com
**When black paint is selected, lock color defaults to black regardless of laminate selected.

Tip: Laminate with veneer edge grommet color defaults to the laminate.

Tip: Quartz default grommet colors are as follows:
Silestone - Bronze Rivers (White), Calacatta Themis (White), Charcoal Soapstone (Black) Helix (White), Miami Vena (White).
Cambria - Ainsley (White), Berwyn (white), Carrick (Grey), Inverness Stonestreet (Black), Portrush (White), Swanbridge (White), Whitehall (White).

Tip: Glass default grommet colors are as follows: Black (Black), Light Beige (white), White (White).

Tip: Additional edge colors can be used. For availability and pricing, email designteam@enwork.com.

Special Laminate - Enwork published upcharges are for pattern/finish combinations on laminate manufacturers' standard display boards. For non-standard combinations or questions, contact designteam@enwork.com.

Tip: When specifying a special laminate, please freeform a standard edge color on order. If a non-standard edge is needed, contact designteam@enwork.com for availability and pricing.

Enwork offers the following veneer finishes:

Veneer Wood Species	Finish Letter	Stain Color*	Knife Edge (MDF) Undercut Color	Grommet Color	Lock Color
Ash	2	Aged Ash	Stained to Match	Black	Nickel**
Ash	3	Clear Coat	Stained to Match	Black	Nickel**
Ash	4	Pale Brushstroke	Stained to Match	Black	Nickel**
Ash	5	Storm	Stained to Match	Black	Nickel**
Ash	G	Buff Elm	Stained to Match	Black	Nickel**
Maple	D	Chelsea Maple	Stained to Match	Black	Nickel**
Rift Cut Oak	6	Clear Coat	Stained to Match	Black	Nickel**
Rift Cut Oak	E	Inked Oak	Stained to Match	Black	Nickel**
Rift Cut Oak	F	Millennium Oak	Stained to Match	Black	Nickel**
Walnut	7	Clear Coat	Stained to Match	Black	Nickel**
Walnut	A	Formal Walnut	Stained to Match	Black	Nickel**
Walnut	B	Pecan Walnut	Stained to Match	Black	Nickel**
Walnut	C	Ceruse Gray Walnut	Stained to Match	Black	Nickel**

*Veneer is clear coat or stained similar to the referenced Formica laminate.
**When black paint is selected, lock color defaults to black.

Tip: Ash species color and grain variation is significant, ranging from blonde in color to darker. This affects clear coat and stained products. Be aware that the natural variation may be visable within products or from product-to-product.

Tip: Alternative stains are available upon request. The fee to match a stain is $700 list. Additionally, there is an upcharge to each item's list price.
Reference specific product price list pages for upcharge. The matching and approval process must take place prior to order entry. For stain matching approval process email designteam@enwork.com or call customer service at 800.815.7251 for information

Enwork Product and Finish Information

Paint Finishes

Enwork offers the following paint colors:

Paint Name	Finish Letter
Storm	G
Champagne Bronze	K
Black	R
Silver	S
Medium Tone	T
Arctic White (Textured)	W
Odyssey Red (Only offered on Odyssey EX table bases)	D

2027 Designer Paint Colors (matches 2027 Designer FENIX Laminates except Desert Gold)

Blue (Textured)	7
Burgundy (Textured)	U
Jade (Textured)	J
Evergreen (Textured)	N
Beige (Textured)	V
Desert Gold (Textured)	Q

2027 Designer Paint Colors are available as standard on all products except those listed below.
For excluded products, contact designteam@enwork.com for a quote.

- Affinity Fixed Return/Bridge Shells
- Affinity Value Storage for Shells
- All-in-One Privacy Screens
- Apex
- Impression Tapered Credenza
- Landing
- Lockers & Locker Accessories

Enwork Product and Finish Information

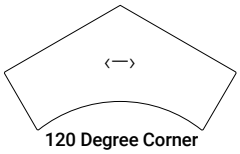

Grain Direction on all wood grain laminates runs as shown below. Alternative grain directions are available for a charge. Great care is taken on multi-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances.

Rectangles and Similar

Extended Curved Corner

120 Degree Corner

**Exceptions*: Veneer tops with 2 or more pieces and laminate tops 66"D and 72"D are cross grain.

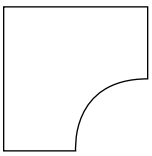

Laminate Tables with wood edge have the following solid wood edge thicknesses (top view):

1. 3mm edge is 0.12" wide.
2. Knife edge is 1.9" wide.

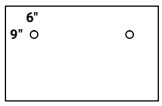

Veneer Tables with wood edge have the following solid wood edge thicknesses (top view).

1. 3mm edge is 0.12" wide.
2. Knife edge is 0.12" wide (3mm). Undercut is MDF stained to match.

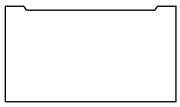

Cable Management Solutions are offered in a variety of styles. The following options are available:

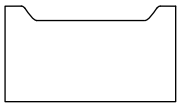

No Cable Management

Powerlex Grommets (6" from rear and 9" from side edge to center)

Full Scallop (1-1/4" from rear, starts 6.3" from corner)

3" Full Scallop (3" from rear, starts 6" from corner)

Satellite Power Routings for use with Satellite power units on conference table bases with troughs/beams or Drum bases where undersurface routings are required to get Satellite cords into the interior of the base. This same condition exists with Landing tables and getting the cords past the keels.

Products requiring routings: Alkalign, Camber, Equilibrium, Expanse, Foundation, Foundation EX, Odyssey EX, Landing, Lugano, Stealth

Rounded Rectangle Tops (SF) usually have a 2.5" radius. Exceptions include:

- Laminate - Plyband Edge (L) have 4" radius.
- Laminate - 3mm Wood Edge (E) have 6" radius.
- Veneer - 3mm Wood Edge (P) have 6" radius.
- Veneer - Knife w/ 3mm Wood Edge (R) have 6" radius.

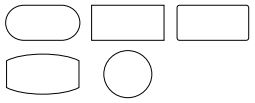

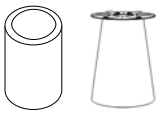

Enwork Supports and Bracing

Worksurface (Top) Support and Bracing Rules

- **Conference and training table tops 60"wide and wider come with support braces (NWBRACE) at no charge, if required. See page 24 for a list of how many braces are included per top.**
- **Workstation worksurfaces do not include braces due to unknown applications (peds, lats, etc.).** Standard laminate worksurface (NWBRACE) support is required on unsupported spans 54"W and wider. Supports can be fixed peds, legs, or braces.
- **The maximum allowable span between legs or supports is 72" - even with braces.**
- As an alternate to braces, legs may be inset from table ends.
- All 30"D tops 72"W or wider, as well as tops 36"D or deeper and 60"W or wider, require two braces instead of one. Braces are included automatically on all conference and table tops, if required.
- Foundation Panel Base Trough Kits, Stealth, Lugano, Equilibrium, Expanse, Odyssey EX, Foundation EX, and Camber conference tables are designed with support and don't utilize stand-alone (NWBRACE) braces.

- *For additional information about bracing installation for Training and Conference tops, please visit enwork.com/resources/planning-installation-guides.*

Boat, Ellipse, Rounded Diamond, and Racetrack Table Individual Base "Depth" Recommendations

Ordering Information:

> Camber and Stealth Base and Trough Kits for 36" and 42"D conference rectangle tops do not fit 36" and 42"D Boat, Ellipse, Rounded Diamond, or Capsule tops because of the tapered ends.

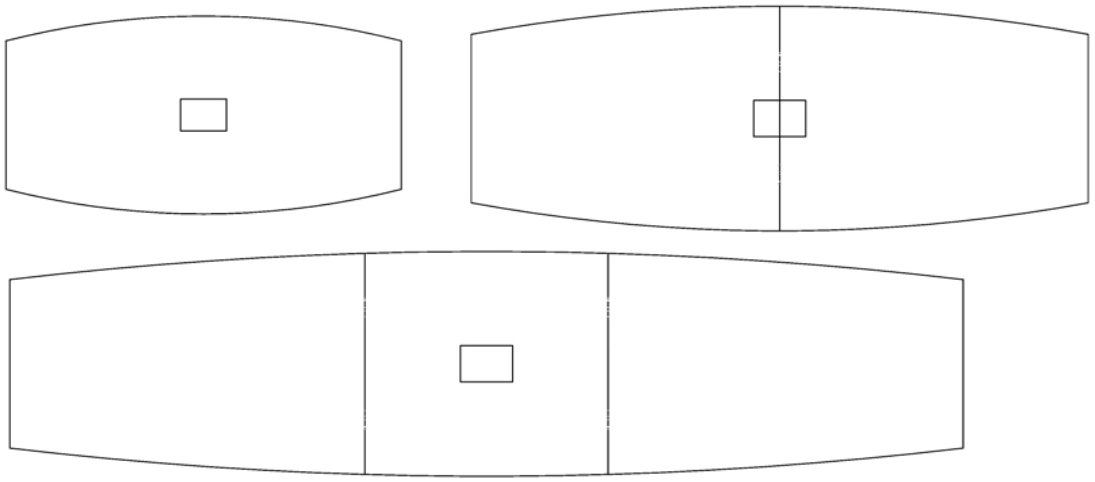

> Foundation Base Kits are available for 36" and 42"D rectangle tops but not 36" and 42" Boat, Ellipse, Rounded Diamond, or Capsule tops because of the tapered ends.

Table Leg and Base Specifications

Adventure
> 1.5" x 3.5" Baltic birch leg with clear, finish
> 7 gauge steel top plate and metal assembly for legs
> Top plate sizes
  - 10" x 28" for 30 - 36"D table leg kits
  - 10" x 34" for 42 - 48"D table leg kits
  - 10" x 46" for 54 - 60"D table leg kits
> Foot bars are .25" T-channel
> Adjustable levelers
> Locking casters
> Legs ship assembled

Alkalign
> Leg height is 27.75"
> 3" x 2" 11 gauge steel tube legs
> Integrated sheet metal trough system
> Hinge door access in trough
> Laminate, veneer, perforated steel or glass infills optional
> Optional power kit integration
> Levelers included

Camber
> Base height is 27.75" and width is 8"
> 7 gauge top plate
> Aluminum extrusion (.090 wall thickness) construction with particle board support
> Levelers included

Disc Bases
> Base height is 27.75'', Bar Height is 40.75"
> 7 gauge top plate
> Bolted base - 3/8" plate steel
> Vertical tubing is 3'' or 4'' tubing and 17 gauge or 14 gauge
> Levelers (available on select part numbers) have 5/8" adjustment

Emerson
> 14 gauge 2"x2" legs.
> 11 gauge 2.5"x1.25" apron.
> Apron mounts directly to top via brackets
> Bar height bases have extra horizontal tubes 12" off the ground or 7"x7" struts.
> Available in levelers or casters

Equilibrium
> Base height is 27⅞" for seated heights and 40⅞" for standing heights
> 3/8" Steel welded steel construction for frame
> Cosmetic and removable covers are 20 gauge steel
> Base for round tops 36" - 54" diameter is 3.5"D x 6"W
> Base for round tops 60" - 84" diameter is 6"D x 8"W
> Base for rectangle tops 36" - 54"D (and select 60"D) tops is 16"D x 26"W at seated height and 16"D x 33"W at standing height.
> Base for rectangle tops 66" - 72"D (and select 60"D) tops is 34"D x 26"W (available seated height only).
> Must be bolted to 4" thick concrete

Expanse
> Aluminum Extrusion 0.187" wall thickness.
> 3/8" thick top plate that ranges from 11.25"W-16"W x
> 26"D-39"D depending on table size.
> 0.375" thick vertical steel structure supports 0.25" thick steel legs

Foundation EX
> Aluminum Extrusion 0.187" wall thickness.
> 0.375" thick top plate that is 16"W and either 30"D or 43"D depending on table size.
> 0.375" thick vertical steel structure supports
> Laminate shroud is ¾" thick, post-formed with no seams.

Foundation Panel Bases
> Base height is 27.75"
> 3/4" double sided melamine construction, cam lock and doweled
> Levelers included

Foundation Drum Bases
> Base height is 27.75"
> 1/4" BendiPly wrapping, 3/4" thick HPL construction
> Levelers included

Impression
> Leg height is 27.75"
> 8 gauge foot and top plate
  Top plate sizes:
  - 6" x 6" – Straight Leg, 4-Post X-Base (qty. 4)
  - 6" x 8" – C, T, TT (qty. 2) Legs
  - 12" x 12" – X-Base
> Vertical rectangular tubing is 3" x 1.5", 14 gauge for all fixed legs
> Vertical square tubing is 2.5" x 2.5", 14 gauge for all fixed X-bases and 1.5" x 1.5" for straight legs
> 12 gauge crossbars on adjustable height legs
> 20 gauge powerlex modesty
> Levelers have 1" of adjustment
> Casters are all locking
> Flip tables lock in up (vertical) and down (horizontal) positions and have a die cast aluminum mechanism
> Optional Routing Holes are 2"W x 2.75"H

Kinsey
> Leg height is 27.75"
> Aluminum die cast feet
> Tube with 1.5mm wall thickness
> 7 gauge top plate that is 12"W x 12"D

Ligouri
> Wood legs with aluminum accents and frame.
> Base seated height is 28.56"H, bar height is 40.81"H without tops.
> Seated height wood legs are 1.75"D x 2.75"W at thickest point. Standing height legs are 2.25"D x 3"W.
> Frame is made with 2"x1" aluminum extrusions.
> Bases with floating top feature have 7 gauge top plates and a 2.8" gap between frame and top.
> Bases without floating top feature have 7 gauge corner brackets.

Table Leg and Base Specifications (cont'd)

Lugano
> Post-formed laminate cabinet
> 11- and 14-gauge steel mitered, tapered plinth and top plate
> Electric height-adjustable range is 30" - 49.5"
> Electric height-adjustable base supports 300 lbs.
> Levelers included

Odyssey EX
> Aluminum Extrusion 0.187" wall thickness.
> 0.375 thick top plate that is 15.63"W x 23.88"D
> 0.375 thick vertical steel structure supports
> Shroud is fiberglass.

Oh Hey!
> Wood construction
> Metal Shelf is 14 gauge.
> Glass is 3/8" thick.

Quantum
> Base height 27.5”
> Aluminum die cast feet
> Black auto-locking rear casters and black height adjustable front casters

Sawhorse
> Leg height is 27.75"
> Vertical rectangular tubing is 3" x 1.5", 14 gauge
> Levelers have 1" of adjustment
> Square tubing is 1.5" x 1.5", 14 gauge
> 7 gauge top plate

Sensation Next
> Leg height is 27.75"
> 6 or 8 gauge top plate, depending on base
Top plate sizes:
  - 4" x 4" – 4-Post X-Base (qty. 4)
  - 6" x 6" – Straight Leg
  - 6" x 8" – C, T, TT (qty. 2), Y Legs, Split Y-Leg Bases
  - 8" x 8" – LBXA/LBXB X-Bases
  - 12" x 12" – LBXC X-Base
> Welded column, bolted feet construction
> Feet are made of die cast aluminum
> Vertical tubing is 2.25" diameter, 13 gauge
> Levelers are 3/8-16 x 1’’
> Casters are 3’’ Nylon Twin Wheel with brake and all locking
> Flip tables lock in up (vertical) and down (horizontal) positions and have a die cast aluminum mechanism
> Optional Routing Holes are 1.5" diameter.

Solano
> Leg height is 27.75"
> 7 gauge steel foot
> 8 gauge steel top plate
Top plate sizes:
  - 6" x 6" – Straight Leg, 4-Post X-Base (qty. 4)
  - 6" x 8" – C, T, TT (qty. 2) Legs
  - 12" x 12" – X-Base
> Vertical rectangular tubing is 3" x 1.5", 14 gauge for all fixed legs
> Vertical square tubing is 2.5" x 2.5", 14 gauge for all fixed X bases and 1.5" x 1.5" for straight legs
> 12 gauge crossbars on adjustable height legs
> 20 gauge powerlex modesty
> Levelers have 1" of adjustment
> Casters are all locking
> Flip tables lock in up (vertical) and down (horizontal) positions and have a die cast aluminum mechanism
> Optional Routing Holes are 2"W x 2.75"H

Square Bases
> Base height is 27.75’’, Bar Height is 40.75"
> 7 gauge top plate
> Bolted base - 3/8" plate steel
> Vertical tubing is 3’’ or 4’’ tubing and 17 gauge or 14 gauge
> Levelers (available on select part numbers) have 5/8" adjustment

Statement
> Leg height is 27.75"
> Leg width is 6"
> Leg is 2.75" thick Baltic birch ply construction with mitered corners
> 10 gauge top plate, 6"x8" each
> Levelers are 5/16 - 18 x 1"
> Cable Management is 2.56"w x 1.56" tall

Stealth
> Base height is 27.75"
> Aluminum extrusion (.090 wall thickness) construction with particle board support
> Levelers included
> 7 gauge top plate

Tangent
> 1/4" bent steel legs
> 11 gauge top plate that is 4"W x 4"D

VOU
> Base height 27.5”
> 11 gauge top plate
> 3/4" double sided melamine constructions, cam lock and doweled
> Levelers included

Zori

> Leg height is 27.75"
> T-, C-, and Straight leg heights for K-12 classrooms are 22.75"H or 25.75"H
> 7 gauge top plate
    - Top plate sizes:
    - 6" x 6" - 4-Post X-Base
    - 6" x 8" - C, T, TT, straight legs, Y-Legs, Split Y-Leg bases
    - 9.5" x 9.5" - CYXA/CYXB X-Bases
    - 12" x 12" - CYXC/CYXD X-Bases
> Aluminum Columns
    - T, C Legs, 1.75" x 3"
    - X Base, 2.25" x 2.25"
> Cast aluminum feet
> Bar flip mechanism that locks in the up (vertical) and down (horizontal) positions
> Adjustable levelers
> Locking casters

Top and Casegood Specifications

General Information on Wood Cores
> Passes all NEMA and BIFMA tests for high pressure laminate worksurfaces.
> Core material is 1.125" thick, M3 rated (45 lb.) furniture grade particleboard.
> FSC Mixed Sources accreditation.
> ISO 140001 certification for wood cores.
> Made from 30% post-consumer and 70% pre-consumer recycled content.
> Eco-Certified Composite Grademark Program (ECC) certified by Composite Panel Association (CPA).
> CARB Phase 2 and EPA TSCA Title VI compliant for formaldehyde emissions less than 0.09ppm.
> Adhesives are solvent free water based PVA (poly vinyl acetate).
> Formaldehyde-free cores are available via special quote at designteam@enwork.com.
> Tables have a 200 pound load capacity (functional load), excluding disc bases.
> Disc bases have a 125 pound load capacity (functional load).

Standard Laminates and Melamines
> HPL (high pressure laminate) construction, .030" or .050" thick depending on color.
> Backer is moisture-resistant phenolic material for balanced construction.
> Laminates and backers are Greenguard certified for Indoor Air Quality.
> PVC (default) or ABS (upon request, call for quote) edge choices in 3mm, and Knife.
> Other edge choices include Veneer and Solid Wood.

Wood Veneers
> Natural veneers are used in Ash, Maple, Walnut, and Rift Cut White Oak species.
> Single piece tops use slip-matched veneer with grain running the width of the top. Tops with two or more pieces use slip-matched veneer with grain running across the depth of the top (also known as cross grain).
> Grain and color variations may occur in veneer products because of the inherent nature of wood. Every effort is made to achieve consistency; however, exact matching is not guaranteed.
> Wood is susceptible to normal wear-and-tear, including natural fading/color change due to aging and light exposure, scratching due to aluminum/steel, and other abrasions. Care should be taken when using or referencing wood veneer surfaces and samples.
> Edge choices are 3mm (wood), or Knife (wood)
> There is a custom stain match upcharge that assumes a custom color on a standard Enwork veneer substrate. Upcharge varies by product.
A separate custom stain match PO should be submitted in advance of the full order to orders@enwork.com along with a sample mailed to Enwork, Attn: STAIN SAMPLE.
Production cannot begin until the stain match is approved. If during this process it is determined that one of our standard veneer substrates is not acceptable, additional charges and lead time may apply.

Birch Ply Edges
> Edge is clear coated when specified with laminate and stained-to-match when sold with veneer.
> Due to material sizes and necessary trimming, 48"D tops and 60"D tops are undersized by one inch. Tops with pieces 60"W and 96"W will also be undersized one inch.

Tambour
> Available in White Oak with either a clear coat or stain.
> Grain and color variations may occur in tambour products because of the inherent nature of wood. Every effort is made to achieve consistency; however, exact matching is not guaranteed.
> Slat width is 3/4". The profile is 0.20" deep and 0.30" wide.

Back-Painted Glass
> 1/4" thick, tempered, flat-polished low iron. Available as clear glass (B) or satin-etched/frosted glass (D). Glass sits on a 1-1/8" knife edge MDF substrate painted to match*.
White (matches Benjamin Moore Brilliant White paint), Black, and Light Beige are standard finish colors. Any Benjamin Moore color available upon request. $1500 list custom color fee applies for orders of less than 250 sq. ft. There is also a 20% upcharge to each top's list price for custom colors**.
> Glass may overhang MDF substrate up to 1/8" on each side.
> Glass width and depth may vary 1/8" from piece to piece due to cutting machine tolerance. If depth varies, position all pieces in the center resulting in a 1/16" offset on each side.
> Single-piece custom patterned/logo tops are back-painted. Multi-piece patterned/logo tops have a printed backer. Certain blue/gray colors may not produce accurately on printed (multi-piece) tops. Consult Enwork if perfect color match in this situation is required.
> Glass is susceptible to normal wear-and-tear. Scratching may be caused by steel and aluminum (or similar) objects.
Care should be taken when using glass surfaces.
> Due to glass weight, only specify on complete conference bases or Sawhorse/Alkalign individual legs installed in a splayed position.

*The side and cut of the MDF substrates are painted.
The top and bottom of the substrates are exposed backer and not painted.

**Enwork makes every effort to accurately produce custom colored back-painted glass using the best specialized low-iron glass on the market. Despite these efforts, there is still a natural iron variation in all glass on a sheet-by-sheet basis which affects color match (iron causes a green hue in glass color). Similar to a wood veneer, where no two trees are the same, a glass sample may not perfectly match the final product.

Solid Surface
> Standard pricing is for 1-1/4" knife edge in Corian Glacier White with a satin finish.
> For custom finishes and colors, contact designteam@enwork.com. Solid Surface with veining or other patterns is not available in multi-piece tops over 144". Silestone or Cambria Quartz are recommended alternatives.

Silestone Quartz

> Standard finish for Bronze Rivers, Calacatta Themis, Helix, Miami Vena is polished. Standard finish for Charcoal Soapstone is suede. Pricing is for standard finish only. Other color selections or non-standard finishes will require a custom estimate through designteam@enwork.com

> Silestone quartz for conference tops is 0.75" thick and is supported by a 1.125" thick painted MDF knife edge sub-top that is insert by 2" on each side for a floating quartz look. Due to heavy quartz weight only specify on complete conference bases, not individual legs.

> Landing Tables utilize 1.25" thick quartz in lieu of the laminate top.

Note: MDF substrate is painted black for Charcoal Soapstone and white for Bronze Rivers, Calacatta Themis, Helix, and Miami Vena.

Cambria Quartz

> Standard finish for Ainsley, Berwyn, Carrick, Portrush, Swanbridge, and Whitehall is High Gloss. Standard finish for Inverness Stonestreet is Satin. Pricing is for standard finish only. Other color selections or non-standard finishes will require a custom estimate through designteam@enwork.com.

> Enwork sells three different thicknesses of Cambria quartz (0.25", 0.75", 1.25") depending on application.

1. Conference Tops are available in 0.75" thick quartz:
   a. 0.75" thick quartz that is supported by a 1.125" thick painted MDF knife edge sub-top that is inset by 2" on each side for a floating quartz look. Due to heavy 0.75" thick quartz weight only specify on complete conference bases, not individual legs.
   b. Note: MDF substrate is painted grey for Carrick, light beige for Berwyn, black for Inverness Stonestreet, and white for Portrush, Swanbridge, Ainsley, and Whitehall.
2. Landing Tables utilize 1.25" thick quartz in lieu of the laminate top.
3. Credenza Toppers are available in two thicknesses:
   a. 0.25" thick quartz toppers are utilized with the Universal Credenza family of products. The toppers set directly on top of the credenza and are secured by silicone adhesive (included).
   b. 0.75" thick quartz toppers are available for Foundation and the Universal Credenza family of products. The toppers sit directly on the credenza, but do not need silicone due to their weight. Note: For Foundation Credenzas specify the "B" Specialty Top option to omit the standard thickness laminate top and get a sub-top instead.
4. Occasional Tables
   a. Oh-Hey utilizes 0.25" thick quartz set directly on top of the Oh-Hey product and secured by silicone adhesive (included).
   b. Occasional Thin Profile Tops for use with Tangent, etc. Bases utilize 0.25" thick quartz on a 0.75" thick painted MDF substrate with matching dimensions. Quartz is secured by silicone adhesive (included). See 1b above for painted MDF color specification.

Quartz Pattern Alignment:

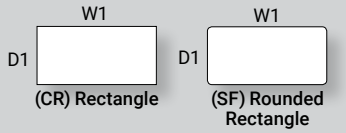

1. Quartz patterns on multi-piece tops do not align perfectly for veining/pattern match.
2. For those patterns that have a veining to them, a Slabsmith image will be sent by Enwork Customer Care 1-2 weeks after order entry for customer approval. Slabsmith shows the expected pattern on the table top given slabs that are availabe at the time of manufacturing. Every effort is made to cut the tops according to the approved Slabsmith. However, variation can happen and is unavoidable at times. Veining may shift by up to a few inches from what is shown in Slabsmith. Tops with this situation will not be considered unacceptable.
   a. Slabsmith is a tool primarily to see the movement of patterns that have a high degree of variation in veining. It is not meant as a design tool to get veining exactly where the customer wants it.
   b. Slabsmith is not intended to show color or hue of the materials being shown and should not be relied on for color match.
   c. Slabsmith images contain round marks which are target points applied to the slabs for the Slabsmith image only. They are not a part of the material or pattern.

Number of Quartz Pieces for Conference Tops:

** Cambria (only) actual width is 130"

Conference Table Tops (48”D)

STEP 1
(XX) Top Shape Prefix List

(CR) Square/Rectangle | **(SF) Rounded Rectangle** | **(BT) Boat** | **(CA) Racetrack (Capsule)** | **(EL) Ellipse** **Tip:** Ellipse tops only available up to 144"W. | **(TE) 10"R Rectangle** | **(RD) Rounded Diamond** | **(WC) Wedge** **Tip:** Wedge tops available 72-240"W.

STEP 2
(&) Finish and Edge Suffix List

A Standard Laminate – 3mm Edge
L Standard Laminate – Plyband Edge
K Standard Laminate – Knife Edge
E Standard Laminate – 3mm Wood Edge
G Standard Laminate – Knife Wood Edge
P Standard Veneer – 3mm Wood Edge
R Standard Veneer – Knife w/ 3mm Wood Edge
B Back-Painted Glass on 1-1/8" Knife Edge MDF
D Back-Painted Glass (frosted) on 1-1/8" Knife Edge MDF
S Silestone (Quartz) - .75 on 1-1/8" Knife Edge MDF (recessed 2")
J Cambria (Quartz) - .75 on 1-1/8" Knife Edge MDF (recessed 2")
N Glacier White Solid Surface (Corian) - 1-1/4" Knife Edge
Y Statement Laminate Top - 2 1/8" Flat Ply Edge
2 Statement Laminate Top - 1 1/4" Flat Ply Edge
3 Statement Laminate Top - Knife Ply Edge
Z Statement Veneer Top - 2 1/8" Flat Ply Edge
4 Statement Veneer Top - Knife Ply Edge

Tip: Quartz patterns on 3+ piece tops do not align perfectly. See page 33.

STEP 3
(@) Cable Management Suffix List

N	No Cable Management	no charge
Q	Grommet (one, center)	+$21
K	One Pwr/Data Cut-out, Centered	+$42
D	Two Pwr/Data Cut-outs, Between Outer Bases	+$84
E	Three Pwr/Data Cut-outs, Between Bases	+$126
F	Foundation Trough Door Kit Cut Out (n/a Designer Finishes)	+$424
P	Trough Access Routings (for Satellite Power - see page 22)	+$84
X	Other	TBD

STEP 4 - Laminate, Veneer, Back-Painted Glass, Quartz, and Statement Ply Only

(#) Laminate Suffix List

2	Formica Pecan Walnut (6996-26)

Product Specifications:

> Edge profile is the same on all sides.
> D2 is 12" less than D1 on Boat and Rounded Diamond tops.
> For Wedge Tops, D2 is 36"
> Laminate with knife wood edge (G) is 1.9" wide. Veneer with knife wood edge (R) is 0.12" wide (3mm).
> Great care is taken on multi-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances. Tops that have 3+pieces are not guaranteed to be a perfect grain match.
> Multi-piece tops come with alignment hardware.
> See page 32 for additional finish specifications.

Ordering Information:

> **BRACES ARE INCLUDED WITH TABLE TOPS IF REQUIRED. See below for quantities.**
> Tops for open plan workstations can be found on pages 512-517.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:

> Edge profile is the same on all sides.
> D2 is 12" less than D1 on Boat and Rounded Diamond tops.
> For Wedge Tops 72"-96"W, D2 is 42" and 108"-240"W D2 is 36"
> Laminate with knife wood edge (G) is 1.9" wide. Veneer with knife wood edge (R) is 0.12" wide (3mm).
> Great care is taken on multi-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances. Tops that have 3+pieces are not guaranteed to be a perfect grain match.
> Multi-piece tops come with alignment hardware.
> See page 32 for additional finish specifications.

Ordering Information:

> **BRACES ARE INCLUDED WITH TABLE TOPS IF REQUIRED. See below for quantities.**
> Tops for open plan workstations can be found on pages 512-517.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:

> Edge profile is the same on all sides.
> D2 is 12" less than D1 on Boat and Rounded Diamond tops.
> For wedge tops, 72-96"W D2 is 12" less than D1; 108-192"W D2 is 18" less than D1; 204-240"W D2 is 24" less than D1.
> Laminate with knife wood edge (G) is 1.9" wide. Veneer with knife wood edge (R) is 0.12" wide (3mm).
> Multi-piece tops come with alignment hardware.
> See page 32 for additional finish specifications.

Ordering Information:

> **BRACES ARE INCLUDED WITH TABLE TOPS IF REQUIRED. See below for quantities.**
> Tops for open plan workstations can be found on pages 478-496.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:

> Edge profile is the same on all sides.
> For Boat tops 72"-180"W D2 is 12" less than D1; 192"W-240"W D2 is 18" less than D1.
> For Wedge tops, 72-96"W D2 is 12" less than D1; 108-192"W D2 is 18" less than D1; 204-240"W D2 is 24" less than D1.
> D2 is 12" less than D1 on Rounded Diamond tops.
> Laminate with knife wood edge (G) is 1.9" wide. Veneer with knife wood edge (R) is 0.12" wide (3mm).
> Multi-piece tops come with alignment hardware.
> See page 32 for additional finish specifications.

Ordering Information:

> **BRACES ARE INCLUDED WITH TABLE TOPS IF REQUIRED. See below for quantities.**
> Tops for open plan workstations can be found on pages 512-517.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:

> Edge profile is the same on all sides.
> Quartz is 3/4" thick.
> Glass is 1/4" thick.
> Tops do not include external braces as they are intended for use with Expanse, Odyssey EX, Foundation EX, and Foundation Tapered Drum EX bases.
> Great care is taken on multi-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances. Tops that have 3+pieces are not guaranteed to be a perfect grain match.
> See page 32 for additional finish specifications.

Ordering Information:

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Extra Long Conference Table Tops (21 – 36 Feet Long)

STEP 1
(XX) Top Shape Prefix List

(CR) Square/Rectangle | (SF) Rounded Rectangle | (TE) 10"R Rectangle

STEP 2
(&) Finish and Edge Suffix List

A Standard Laminate – 3mm Edge
L Standard Laminate – Plyband Edge
K Standard Laminate – Knife Edge
P Standard Veneer – 3mm Wood Edge
R Standard Veneer – Knife w/ 3mm Wood Edge
B Back-Painted Glass on 1-1/8" Knife Edge MDF
D Back-Painted Glass (frosted) on 1-1/8" Knife Edge MDF
S Silestone (Quartz) - .75 on 1-1/8" Knife Edge MDF (recessed 2")
J Cambria (Quartz) - .75 on 1-1/8" Knife Edge MDF (recessed 2")

Tip: Quartz patterns on 3+ piece tops do not align perfectly. See page 33.

STEP 3
(@) Cable Management Suffix List

N	No Cable Management	no charge
Q	Grommet (one, center)	+$21
K	One Pwr/Data Cut-out, Centered	+$42
M	Two Pwr/Data Cut-Outs, Inset 36"	+$84
E	Three Pwr/Data Cut-Outs, Ends Inset 36", Mid Center	+$126
L	Four Pwr/Data Cut-Outs, Ends Inset 36", Mids Evenly Spaced	+$168
P	Trough Access Routings (for Satellite Power - see page 22)	+$84
X	Other	TBD

STEP 4 - Laminate, Veneer, Back-Painted Glass, and Quartz
(#) Laminate Suffix List

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)

Product Specifications:

> Edge profile is the same on all sides.
> Quartz is 3/4" thick.
> Glass is 1/4" thick.
> Tops do not include external braces as they are intended for use with Expanse, Odyssey EX, Foundation EX, and Foundation Tapered Drum EX bases.
> See page 32 for additional finish specifications.

Ordering Information:

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:

> Multi-piece tops come with alignment hardware.
> See page 32 for additional finish specifications.
> Laminate with knife wood edge (G) is 1.9" wide. Veneer with knife wood edge (R) is 0.12" wide (3mm).
> Great care is taken on 2-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances.

Ordering Information:

> BRACES ARE INCLUDED WITH TABLE TOPS IF REQUIRED. See below for quantities.
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

See page 74 for Adventure Conference Table Leg Kits with Turnbuckles for use with quartz, solid surface, and glass tops or if desired for design aesthetic.

U.S. Patent No. D882995

Product Specifications:

- Legs are available in clear coat Birch ply and clear coat white oak veneered birch ply.
- Legs always have exposed Birch ply edge.
- Casters are 5" industrial style caster with grey wheel and silver metal components.
- Bars for rail kits are 12" from the ground.

Ordering Information:

- Must order a leg kit and rail kit (can order both rail kits). For rail kits, see page 76.
- Tops ordered separately. Due to the extra weight, quartz, solid surface, and glass tops are not recommended. See page 74 for Adventure legs for quartz, solid surface, and glass tops.
- On 30" or 36"D tables, Power/data units cannot be placed over top of legs.
- Oasis and Ellora Deep Well power units cannot be placed over top legs of any size table, they only fit if placed between legs.
- **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Adventure Table Leg Kit 29"H, Levelers		
NEW30SL2&^	Leg Kit for 30"-36"D (60-96"W) Top, 29"H, Pkg of Two	$4,392
NEW42SL2&^	Leg Kit for 42"-48"D (60-96"W) Top, 29"H, Pkg of Two	$5,116
NEW54SL2&^	Leg Kit for 54"-60"D (60-96"W) Top, 29"H, Pkg of Two	$5,315
NEW30SL3&^	Leg Kit for 36"D (108-192"W) Top, 29"H, Pkg of Three	$6,585
NEW42SL3&^	Leg Kit for 42"-48"D (108-192"W) Top, 29"H, Pkg of Three	$7,672
NEW54SL3&^	Leg Kit for 54"-60"D (108-192"W) Top, 29"H, Pkg of Three	$7,971
NEW30SL4&^	Leg Kit for 36"D (204-240"W) Top, 29"H, Pkg of Four	$8,780
NEW42SL4&^	Leg Kit for 42"-48"D (204-240"W) Top, 29"H, Pkg of Four	$10,229
NEW54SL4&^	Leg Kit for 54"-60"D (204-240"W) Top, 29"H, Pkg of Four	$10,628

Tip: Also requires rail kit.

Adventure Table Leg Kit 29"H, Casters		
NEW30SC2&^	Leg Kit for 30"-36"D (60-96"W) Top, 29"H, Pkg of Two	$4,888
NEW42SC2&^	Leg Kit for 42"-48"D (60-96"W) Top, 29"H, Pkg of Two	$5,608
NEW54SC2&^	Leg Kit for 54"-60"D (60-96"W) Top, 29"H, Pkg of Two	$5,838

Tip: Also requires rail kit.
Tip: Casters always have a grey wheel with silver metal components.

Adventure Table Leg Kit 36"H, Levelers		
NEW30CL2&^	Leg Kit for 30"-36"D (60-96"W) Top, 36"H, Pkg of Two	$4,485
NEW42CL2&^	Leg Kit for 42"-48"D (60-96"W) Top, 36"H, Pkg of Two	$5,094
NEW54CL2&^	Leg Kit for 54"-60"D (60-96"W) Top, 36"H, Pkg of Two	$5,404
NEW30CL3&^	Leg Kit for 36"D (108-192"W) Top, 36"H, Pkg of Three	$6,725
NEW42CL3&^	Leg Kit for 42"-48"D (108-192"W) Top, 36"H, Pkg of Three	$7,816
NEW54CL3&^	Leg Kit for 54"-60"D (108-192"W) Top, 36"H, Pkg of Three	$8,105
NEW30CL4&^	Leg Kit for 36"D (204-240"W) Top, 36"H, Pkg of Four	$8,966
NEW42CL4&^	Leg Kit for 42"-48"D (204-240"W) Top, 36"H, Pkg of Four	$10,420
NEW54CL4&^	Leg Kit for 54"-60"D (204-240"W) Top, 36"H, Pkg of Four	$10,803

Tip: Also requires rail kit.

Adventure Table Leg Kit for 36"H, Casters		
NEW30CC2&^	Leg Kit for 30"-36"D (60-96"W) Top, 36"H, Pkg of Two	$4,978
NEW42CC2&^	Leg Kit for 42"-48"D (60-96"W) Top, 36"H, Pkg of Two	$5,700
NEW54CC2&^	Leg Kit for 54"-60"D (60-96"W) Top, 36"H, Pkg of Two	$5,925

Tip: Also requires rail kit.
Tip: Casters always have a grey wheel with silver metal components.

Part Number	Description	List Price (US$)
Adventure Table Leg Kit 42"H, Levelers		
NEW30BL2&^	Leg Kit for 30"-36"D (60-96"W) Top, 42"H, Pkg of Two	$4,575
NEW42BL2&^	Leg Kit for 42"-48"D (60-96"W) Top, 42"H, Pkg of Two	$5,306
NEW54BL2&^	Leg Kit for 54"-60"D (60-96"W) Top, 42"H, Pkg of Two	$5,492
NEW30BL3&^	Leg Kit for 36"D (108-192"W) Top, 42"H, Pkg of Three	$6,865
NEW42BL3&^	Leg Kit for 42"-48"D (108-192"W) Top, 42"H, Pkg of Three	$7,957
NEW54BL3&^	Leg Kit for 54"-60"D (108-192"W) Top, 42"H, Pkg of Three	$8,237
NEW30BL4&^	Leg Kit for 36"D (204-240"W) Top, 42"H, Pkg of Four	$9,151
NEW42BL4&^	Leg Kit for 48"D (204-240"W) Top, 42"H, Pkg of Four	$10,611
NEW54BL4&^	Leg Kit for 54"D (204-240"W) Top, 42"H, Pkg of Four	$10,982

Tip: Also requires rail kit.

Adventure Table Leg Kit 42"H, Casters		
NEW30BC2&^	Leg Kit for 30"-36"D (60-96"W) Top, 42"H, Pkg of Two	$5,177
NEW42BC2&^	Leg Kit for 42"-48"D (60-96"W) Top, 42"H, Pkg of Two	$5,794
NEW54BC2&^	Leg Kit for 54"-60"D (60-96"W) Top, 42"H, Pkg of Two	$6,012

Tip: Also requires rail kit.
Tip: Casters always have a grey wheel with silver metal components.

See page 74 for Adventure Conference Table Leg Kits with Turnbuckles for use with quartz, solid surface, and glass tops or if desired for design aesthetic.

Adventure Conference Table Leg Kits w/ Turnbuckles

STEP 1

(&) Leg Finish Suffix List

B	Birch Ply – Clear Coat	no charge
C	White Oak Ply – Clear Coat	+$1,378

STEP 2

(^) Paint Suffix List

C	Clear Coated Steel (black hardware)	
G	Storm (textured paint, black hardware)	
K	Champagne Bronze (textured paint, stainless steel hardware)	
R	Black (textured paint, black hardware)	
S	Silver (textured paint, stainless steel hardware)	
T	Medium Tone (textured paint, black hardware)	
W	Arctic White (textured paint, stainless steel hardware)	
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$300
Z	Other (freeform black or stainless steel hardware)	

Tip: Beige, Desert Gold, and Jade 2027 Designer Paint Colors will have stainless steel hardware. Other 2027 Designer Paint Colors will have black hardware.

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

Product Specifications: **U.S. Patent No. D882995**

> Legs are available in clear coat Birch ply and clear coat white oak veneered birch ply.
> Legs always have exposed Birch ply edge.
> Casters are 5" industrial style caster with grey wheel and silver metal components.
> Bars for rail kits are 12" from the ground

Ordering Information:

> Must order a leg kit and rail kit (can order both rail kits). For rail kits, see page 76.
> Tops ordered separately.
> Legs have turnbuckles which provide extra support for use with solid surface, quartz, and glass tops. Also, use legs on this page if turnbuckles in legs is a desired design aesthetic.
> On 30" or 36"D tables, Power/data units cannot be placed over top of legs.
> Oasis and Ellora Deep Well power units cannot be placed over top legs of any size table, they only fit if placed between legs.
> For legs without turnbuckles, see page 72.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Tip: Beige, Desert Gold, and Jade 2027 Designer Paint Colors will have stainless steel hardware. Other 2027 Designer Paint Colors will have black hardware.

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

U.S. Patent No. D882995

Product Specifications:

> Legs are available in clear coat birch ply and clear coat white oak veneered birch ply.
> Legs always have exposed Birch ply edge
> Adventure vertical cable management hangers are available. See page 76.
> Footer bars are 12" from the ground.
> NEWR66SL is compatible with Adventure Trough NEWCT1. Other bases are not compatible with Adventure Troughs.

Ordering Information:

> Tops ordered separately.
> Power Units that do NOT work on Adventure for Round/Square tops: Oasis, Ellora B Double Sided 6 and 8 receptacle units, Ellora B Double Sided 4 receptacle (not in NEWR36BL only).
> For custom paint color, freeform black or silver hardware on order.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:

> Troughs accommodate all Enwork power/data units and have access doors in each section. Single and two circuit pre-configured power kits are available. See page 92.
> Trough dimensions are 6.5"H x 10.25"W.
> Base height is 27.75"H (29"H with top).
> End bases are 15" from ends of conference top.
> One column of each base contains a knock-out routing hole. Routing hole covers are available. See page 96. Cables can also route from the trough to the floor using cable managers. See page 92.
> Alkalign is not compatible with Ellipse Tops.
> Alkalign glass infills are back painted glass adhered to MDF wrapped in matching thermofoil. MDF is not visible.
> Splayed leg bases have corner legs at a 45 degree angle.
> If perforated steel infill chosen, infill will be painted to match the base.

Ordering Information:

> Must specify base assembly and infill kit. See steps 2 and 4 for infill materials and finishes.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:

> Troughs accommodate all Enwork power/data units and have access doors in each section. Single and two circuit pre-configured power kits are available. See page 92.
> Trough dimensions are 6.5"H x 10.25"W.
> Base height is 27.75"H (29"H with top).
> End bases are 15" from ends of conference top.
> One column of each base contains a knock-out routing hole. Routing hole covers are available. See page 92. Cables can also route from the trough to the floor using cable managers. See page 92.
> Alkalign is not compatible with Ellipse Tops.
> Alkalign glass infills are back painted glass adhered to MDF wrapped in matching thermofoil. MDF is not visible.
> Splayed leg bases have corner legs at a 45 degree angle.
> If perforated steel infill chosen, infill will be painted to match the base.

Ordering Information:

> Must specify base assembly and infill kit. See steps 2 and 4 for infill materials and finishes.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:

> Troughs accommodate all Enwork power/data units and have access doors in each section. Single and two circuit pre-configured power kits are available. See page 92.
> Trough dimensions are 6.5"H x 10.25"W.
> Base height is 40.75"H (42"H with top).
> End bases are 15" from ends of conference top.
> One column of each base contains a knock-out routing hole. Routing hole covers are available. See page 92. Cables can also route from the trough to the floor using cable managers. See page 92.
> Alkalign is not compatible with Ellipse Tops.
> Alkalign glass infills are back painted glass adhered to MDF wrapped in matching thermofoil. MDF is not visible.
> If perforated steel infill chosen, infill will be painted to match the base.

Ordering Information:

> Must specify base assembly and infill kit. See steps 2 and 4 for infill materials and finishes.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

Product Specifications:
- > Bases consist of four 2"W x 2"D square legs and a 2.5"H apron frame. Actual base height is 27.75", 34.75", or 40.75".
- > Bases are designed for rectangle tops. Tops ordered separately.
- > Eligible top materials are laminate, and veneer.
- > Knife edge tops do not fit on Emerson.
- > Bar height and counter height tables have struts. Optional dual steel footer bars, or dual steel footer bars and laminate shelf are available. See step 1.
- > If option E or H is chosen in step 1, laminate shelf is 16"D and 12"H off the ground.
- > Optional cable management options available.
- > Optional casters are 4"H locking industrial casters.

Ordering Information:
- > **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Cable Management		
EMPDT29^	Steel Rectangle Legs with Power/Data Holes, 29"H	$412
EMPDT36^	Steel Rectangle Legs with Power/Data Holes, 36"H	$481
EMPDT42^	Steel Rectangle Legs with Power/Data Holes, 42"H	$583
	Tip: If option E or H is chosen in step 1, steel leg will need to be placed on the outside of the shelf. Tip: Compatible with bases on levelers (only). Does not work with bases on casters.	
Power/Data Unit Undertable Power/Data Concealing Cover		
LNPDTA	Undertable Cover A , Black	$342
	Tip: Use on all Enwork power/data units except Oasis, Ellora Deep Well, and all Daisy Chain units.	
LNPDTB	Undertable Cover B (used on 15" Oasis), Black	$342
	Tip: Use on Oasis 15" power/data units	

Equilibrium™ Conference Bases for all 36"-54", and select 60"D*Tops

STEP 1
(^) Paint Suffix List
S Silver (textured)
K Champagne Bronze (textured)
R Black (textured)
G Storm (textured)
T Medium Tone (textured)
W Arctic White (textured)
! 2027 Designer Paint Colors +$800
(see page 19 for finish selection)
Z Other (textured)

Tip: For other available colors and fees, contact designteam@enwork.com.

Tip: Bases & Cantilever Top Supports can be ordered different paint colors for two-tone effect.

U.S. Patents No. D776,474S, D776,967S, D776,968S

Product Specification:
> Bases support conference tops 36"-54"D and all 60"D tops except solid surface and quartz.
> Bases for solid surface and quartz 60"D tops and 66"-72"D tops see page 108.
> 29"H bases have a footprint of 26"W x 16"D. 42"H bases have a footprint of 33"W x 16"D.

Ordering Information:
> Bases require Cantilever Top Supports, ordered separately.
> Bases are ordered in multiple pieces for design and paint color flexibility.
> Base must bolt to a 4" concrete floor. Fasteners provided.
> Power data units are housed between cantilever supports. Ordered separately.
Exception: Positioning for some power/data assemblies (e.g. Oasis) is limited due to base structure. Daisy chain Oasis/ Ghost units do not fit. Plug units fit.
> Cantilever support trough covers provided to conceal power and cable routing on solid design cantilevers (only).
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Seated Height Equilibrium Inverse V Base, 29"H		
EQV296^	Inverse V Base (only), for 36-*60"D x 84-144"W tops with Centered Cantilever Supports	$12,820
EQV298^	Inverse V Base (only), for 36-*60"D x 156-240"W tops with Centered Cantilever Supports and 36-*60"D x 120-192"W tops with Offset Cantilever Supports	$13,128
	Tip: Inverse V bases include magnetic inner cable management covers. Two of 4 inner covers have a mousehole for cord passthrough. Tip: Bases require Cantilever Top Supports, ordered separately.	
Standing Height Equilibrium Inverse V Base, 42"H		
EQV426^	Inverse V Base (only), for 36-*60"D x 84-144"W tops with Centered Cantilever Supports	$14,195
EQV428^	Inverse V Base (only), for 36-*60"D x 156-240"W tops with Centered Cantilever Supports and 36-*60"D x 120-192"W tops with Offset Cantilever Supports	$14,527
	Tip: Inverse V bases include magnetic inner cable management covers. Two of 4 inner covers have a mousehole for cord pass thru. Tip: Bases require Cantilever Top Supports, ordered separately.	
Seated Height Equilibrium Triangle Base, 29"H		
EQT296E^	Triangle Base (only), for 36-*60"D x 84-144"W tops with Centered Cantilever Supports	$13,128
EQT298E^	Triangle Base (only), for 36-*60"D x 156-240"W tops with Centered Cantilever Supports and 36-*60"D x 120-192"W tops with Offset Cantilever Supports	$13,439
	Tip: Triangle base includes one set of magnetic cable management covers. Tip: Base is open in the middle. End covers fully enclose the base, concealing hardware, technology, and floor monument. Tip: Bases require Cantilever Top Supports, ordered separately.	

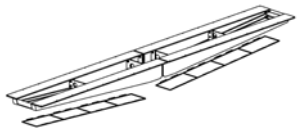

***Bases on this page support all 60"D tops except solid surface and quartz tops. For bases that will support 60"D solid surface and quartz tops, see page 108.**

Disclaimer
Equilibrium tables must be installed directly onto a four inch minimum thickness concrete floor using factory provided hardware.

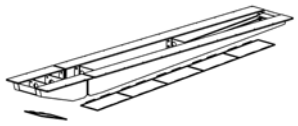

Warning
- Failure to install on four inch thick concrete floor or failure to follow instruction may cause table to function improperly and could lead to personal injury and or structural damage.
- Equilibrium assembled can weigh between 350 and 1,700 pounds depending on configuration and is supported in a three and a half square foot area. It is the responsibility of the dealer and or end user to determine if the installation location for Equilibrium is suitable.
- Enwork is not responsible for any structure failures or personal injuries due to improper installation or improper use of product.

Note
Installation requires at least two people.

W Arctic White (textured)
! 2027 Designer Paint Colors (see page 19 for finish selection) +$300
Z Other (textured)

Tip: For other available colors and fees, contact designteam@enwork.com.

Product Specification:
> Equilibrium Freestanding Plate can be used to anchor select Equilibrium bases without having to bolt them to the floor. Only works with EQV296, EQV298, EQT296E, and EQT298E with CENTERED cantilever supports. Is not compatible with EQV426, EQV428, EQV297, EQV299, EQT297E, and EQT299E bases or offset cantilever supports.
> Carpet can be placed over the plate to conceal it or under the plate.
> Freestanding Plate comes with set screw levelers in both black and zinc finishes that are installed on site.
> Freestanding Plate ships in two pieces that are 15"D x 55"W x 0.5"H. Final foot print once installed is 30"D x 55"W.
> Contains a 12"x12" center cutout to allow access to a floor core.

Ordering Information:
> Equilibrium base and cantilever supports sold separately.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Equilibrium Freestanding Plate		
EQFRP^	Freestanding Plate for Seated Height Conf Bases & Centered Cantilevers	$3,807

Disclaimer
Must attach compatible Equibrium base to Equilibrium Freestanding Plate using factory supplied hardware.

Equilibrium™ Angled Base for Round Tops

U.S. Patent No. D873594

Product Specification:
> Bases support round tops 36-84" diameter.
> Angled base for 60-84" round tops have a footprint of 8"W x 6"D. Angled base for 36-54" round tops have a footprint of 6"W x 3.5"D.
> Bases for 36-54" round tops have 5.875"D x 13.5"W x 3.5"H power data clearance and will accommodate Axil, Ellora B Single-sided, and Node units. Some unit orientation limitations may apply.
> Bases for 60-84" round tops have 9.875"D x 22"W x 3.75"H power data clearance and will accommodate Axil, Ellora B Single- and Double-sided, and Node units. Some unit orientation limitations may apply.

Ordering Information:
> Angled bases for round tops include cantilevers
> Base must bolt to a 4" concrete floor. Fasteners provided.
> Removable covers provided to conceal power and cable routing for all bases.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Angled Base for Round Tops, 29"H

Disclaimer
Equilibrium tables must be installed directly onto a four inch minimum thickness concrete floor using factory provided hardware.

Warning
- Failure to install on four inch thick concrete floor or failure to follow instruction may cause table to function improperly and could lead to personal injury and or structural damage.
- Equilibrium assembled can weigh in excess of 500 pounds depending on configuration and is supported in a 0.33 square foot area. It is the responsibility of the dealer and or end user to determine if the installation location for Equilibrium is suitable.
- Enwork is not responsible for any structure failures or personal injuries due to improper installation or improper use of product.

Note
Installation requires at least two people.

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

Product Specifications:
> Bases for 48-60"D x 96-144"W are 6"W x 27"D. Oasis/Gost units do not fit in 96"W base. 15" Oasis/Ghost plug units fit in 108"W base. 15" and 30" Oasis/Ghost plug units fit in 120-144"W bases.
> Bases for 48"-60"D x 156"-240"W are 9"W x 27"D. Bases for 48"-60"D x 264"-432"W are 14"W x 27"D. Daisy chain Oasis/Ghost units do not fit. Plug units fit.
> Bases for 66"-72"D x 144"-240"W are 9"W x 40"D. Bases for 66"-72"D x 264"-432"W are 14"W x 40"D.
> All bases are 28"H.
> Each base comes with cable routing throughout, including a 3"x5" (48–60"D x 96–144"W), 6"x6" (48-60"D x 156-240"W, 66-72"D x 144-240"W), or 8"x8" (48-72 x 252-432"W) cutout in bottom plate for floor cores. Horizontal bottom base covers are removable for access and have a routing hole for floor cores located outside of bases.
> 90 degree plug infeed recommended for flush floor cores and straight plug infeed recommended for recessed floor cores.

Ordering Information:
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

Product Specifications:
- > Foundation EX is part of the Enwork big table platform base collection (along with Expanse/Odyssey EX). The aesthetic and engineering is completely different than Foundation.
- > Bases are 10"W x 26"D for 48"-60"D tops and 10"Wx44"D for 66"-72" tops. Note: 48"D tops have kneespace of only 11" at base.
- > All bases are 29"H.
- > Bases are composed of internal steel supports with laminate/veneer surrounds.
- > Bases contain power/data access door and a 6"x6" access hole in the bottom of base in the bottom to access floor core infeeds.
- > Daisy chain Oasis/Ghost units do not fit. Plug units fit.
- > Conference base assembles are post-form construction with no visible edgeband.
- > Top support frame is painted.

Product Specifications

> Available in laminate, veneer, and steel.
> Standard height is 27.75".
> Laminate and veneer bases have multiple seams and don't have perfect grain match.
> Base requires ballast weight (included).
> Base has hole in top for power/data units according to the following:
  > 20" diameter base has a 6" access hole allowing for Axil, Node and Satellite power.
  > 24", 30", and 36" diameter bases have a 10" access hole allowing for Axil, Ellora B Single-Sided, Node and Satellite
  > 42" and 48" diameter bases have a 13" access hole allowing for Axil, Ellora B Single-Sided, Ellora B Double-Sided, Node, and Satellite.
> Access Doors are available as an option, but for aesthetic purity Enwork recommends no access door and lifting the table when needed to plug in power.
> Steel tapered drum access door gap is 1/16".

Product Specifications

> Height range is 29.6" to 45.3".
> Laminate and veneer bases have multiple seams and don't have perfect grain match.
> Includes digital programmable handset.
> For aesthetic purity, Height Adjustable Tapered Drum bases have no access door. Enwork recommends tilting the table when needed to plug in column and power. Cords route out the bottom of base between levelers.
> Column shroud is 10" diameter.
> Power: accommodates Cove Round, Axil 2-Power, and Node. Ordered separately.
> Tapered base and column shroud have matching finishes. Contact designteam@enwork.com for a special base if mixed finishes are desired.

Ordering Information:

> Tops and power ordered separately.
> When ordering with a quartz round top, a 24" base supports up to a 42" diameter top, and a 30" base supports up to a 54" diameter top.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Impression T-Leg Flip Tables (Complete Table)

Product Specifications:

> Angled leg tables nest in-line. Straight leg tables nest off-set. Nested, both leg styles have 7-1/2" between front of one table to front of the next table.
> Angled foot depth is approximately 16" for 18"D tables, 21.75" for 24"D tables, and 25.5" for 30"D tables. Straight foot depth is approximately 16" for 18"D tables, 22" for 24"D tables, and 26" for 30"D tables.
> As of May 2018, the Impression flip mechanism has changed.
> Cable troughs are available. See page 184.
> Locking casters included.

Ordering Information:

> A special 7"H hinged modesty panel is recommended for use with all angled Impression flip bases to avoid potential paint scratches on the feet. Contact designteam@enwork.com for more details.
> Flip tables include Top with 3mm edge or knife edge on user side.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Z	Pionite Non-Premium, Nevamar laminate	+$95

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

(#) Veneer Suffix List

** 3	Clear Coat on Ash	
6	Clear Coat on Rift Cut Oak	
7	Clear Coat on Walnut	
!	Stain (see page 18 for standard stain selections)	
X	Stain Match (add a one-time $700 list Stain Match fee) **See page 18 for color and grain variation.	+15%

Ordering Information:

> Standard height is 27.75". For shorter heights put "X" in front of the part number and add $59 list. For taller, put "XX" in front and add $74 list. Maximum worksurface height is 42".
> Installation hardware is included.
> For number of bases required per table size and recommended base locations, see page 24.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

COORDINATING FURNITURE
See pages 282, 298-313 for coordinating Impression furniture.

Part Number	Description	List Price (US$)
	**Impression TT-Leg with Levelers, package of one**	
LTP48?^	TT-Leg, levelers for 42"D and 48"D table (34" spread)	$1,103
LTP60?^	TT-Leg, levelers for 60"D table (40" spread)	$1,171
	Tip: The 48" leg top plates are 4" apart and therefore cannot receive power/data units between them.	
	**Impression TT-Leg with Levelers and Laminate Filler, package of one**	
LTPL48?^#	TT-Leg, levelers, laminate filler, for 42"D and 48"D table (34" spread)	$1,278
LTPL60?^#	TT-Leg, levelers, laminate filler, for 60"D table (40" spread)	$1,289
	Tip: A center power/data location on a 2-piece table is not possible due to interference with the laminate filler panel on the leg (a leg is typically shared at the seam of the 2 pieces). Tip: TT-Leg with filler cannot accept the cable management cover.	
	**Impression TT-Leg with Levelers and Veneer Filler, package of one**	
LTPV48?^#	TT-Leg, levelers, veneer filler, for 42"D and 48"D table (34" spread)	$6,016
LTPV60?^#	TT-Leg, levelers, veneer filler, for 60"D table (40" spread)	$6,233
	Tip: A center power/data location on a 2-piece table is not possible due to interference with the veneer filler panel on the leg (a leg is typically shared at the seam of the 2 pieces). Tip: TT-Leg with filler cannot accept the cable management cover.

Impression C-Legs with Powerlex Modesty

Product Specifications:
> Powerlex modesty includes scallops at the top of the modesty for cable management.
> Powerlex modesty includes one removable door (with fasteners) & one locking hinged door. Modesty is non-handed and oriented at install.
> Powerlex modesty includes 4-wire power system with 3 duplex receptacles and jumpers. Infeed ordered separately.
> 27.75 H bases have a finished surface height of 29"H.
> See page 22 for Powerlex Grommet option, which can be specified in table top

Ordering Information:
> Installation hardware is included
> Base Power Infeed must be specified with the base.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Impression C-Leg Base Assembly with Powerlex Modesty and Levelers, for 24"D tables		
LCKS24481^	C-Leg base with Powerlex Modesty, levelers, for 24" x 48" top, Circuit 1	$3,069
LCKS24601^	C-Leg base with Powerlex Modesty, levelers, for 24" x 60" top, Circuit 1	$3,181
LCKS24721^	C-Leg base with Powerlex Modesty, levelers, for 24" x 72" top, Circuit 1	$3,530
LCKS24482^	C-Leg base with Powerlex Modesty, levelers, for 24" x 48" top, Circuit 2	$3,069
LCKS24602^	C-Leg base with Powerlex Modesty, levelers, for 24" x 60" top, Circuit 2	$3,181
LCKS24722^	C-Leg base with Powerlex Modesty, levelers, for 24" x 72" top, Circuit 2	$3,530
	Tip: Specify Base Power Infeed (see below).	

Impression C-Leg Base Assembly with Powerlex Modesty and Levelers, for 30"D tables		
LCKS30481^	C-Leg base with Powerlex Modesty, levelers, for 30" x 48" top, Circuit 1	$3,069
LCKS30601^	C-Leg base with Powerlex Modesty, levelers, for 30" x 60" top, Circuit 1	$3,181
LCKS30721^	C-Leg base with Powerlex Modesty, levelers, for 30" x 72" top, Circuit 1	$3,530
LCKS30482^	C-Leg base with Powerlex Modesty, levelers, for 30" x 48" top, Circuit 2	$3,069
LCKS30602^	C-Leg base with Powerlex Modesty, levelers, for 30" x 60" top, Circuit 2	$3,181
LCKS30722^	C-Leg base with Powerlex Modesty, levelers, for 30" x 72" top, Circuit 2	$3,530
	Tip: Specify Base Power Infeed (see below).	

Routing Hole Covers		
WCVRB	Routing Hole Cover, Black	$93
WCVRS	Routing Hole Cover, Silver	$93
WCVRT	Routing Hole Cover, Medium Tone	$93
	Tip: Powerlex tables have routing holes on the inside of each foot as well as on the outside of each column where power is run from table to table. Routing hole covers can be ordered to cover any unused holes in the foot or at the end of a run.	

Cable Cover		
CYCC^	Cable Cover	$91
	Tip: Optional cover that can be used to cover cables running between standard desks. Tip: Will result in 1/16" gap between tops. Installers may shift tops to resolve.	

15 amp Receptacle

20 amp Receptacle

Base Power Infeeds		
A8BP72	Base Power Infeed for Hardwire, 72"	$230
A8BP120	Base Power Infeed for Hardwire, 120"	$277
A1BPS72	Base Power Infeed for Straight Plug Circuit 1 (only), 72"	$360
A1BPS120	Base Power Infeed for Straight Plug Circuit 1 (only), 120"	$498
	Tip: Power infeeds with plugs are not for use with circuit 2 Powerlex modesties. Tip: Use hardwire in feeds if UL listed (not recognized) is required. Tip: Infeeds have a 20 amp plug end which requires a 20 amp wall receptacle. A plug adapter is required if using a standard 15 amp receptacle. The adapter is not included and must be purchased separately. Conntek 30129 15-Amp to 20-Amp Plug Adapters and similar are available through amazon.com and at many electrical supply houses.

Notes

Landing Team Table (Complete Table)

Product Specifications:

- > Double support panels (11"H) run the entire length of the top to hide power data units and cables. 24"D tables have one support panel flush with back edge and one inset. All other depths have support panels that are centered.
- > For 24"D tables, cable management options G, K, and C will be located center rear on the table.
- > Tables with quartz and solid surface tops come with wire chase for structural support.
- > Solid surface and quartz not available on 24"D or 30"D tables.
- > Solid surface and quartz options apply to top only. Laminate options must still be selected in Steps 5 and 6.
- > Tables 108" and longer have a center panel.
- > Part number includes entire table (ie. top, sides, and structure).
- > Optional footer bars are 7" from the ground.
- > Great care is taken on 2-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances.
- **> Accent lights ordered separately.**

	Y	Stain Match on Walnut (add a one-time $700 list Stain Match fee)	+$3,180

**See page 18 for color and grain variation.

Product Specifications:

> Overall table height with top is 29.75"H.
> Legs are solid wood; clear coat, stained or painted with precision aluminum detailing and top trim (finish of aluminum matches frame)
> Legs are tapered "D" shape. Leg profile dimension 1.75"D x 2.75"W at thickest point (top of leg) (Exception: standing height conference table base legs are 2.25"D x 3"W).
> Legs ship subassembled, frames ship unassembled.
> Conference Bases and larger X-bases create a floating top aesthetic. They include stanchions to create a 2.8" gap between top and frame. Touchdown tables, Occasional tables and small X-bases attach directly to the frame.
> Base works on rectangle and rounded rectangle top shapes.
> Frame is aluminum; painted or polished.
> When space planning seating arrangements, be aware that corner table legs are angled 8" into the available knee space. Middle support legs are near the edge of the table and will also affect available knee space.
> Bases support laminate and veneer tops only. For glass tops order add-on struts. 0.75" quartz tops are not compatible with Ligouri. See page 159.

COORDINATING FURNITURE

See pages 285-290, 298-313 for coordinating Ligouri furniture.

Ordering Information:

> Tops are ordered separately.
> Vertical cable management and Power/Data under-table covers are ordered separately. See page 159.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

**	X	Stain Match on Ash & White Oak (add a one time $700 list Stain Match fee)	+$2,120
	Y	Stain Match on Walnut (add a one-time $700 list Stain Match fee)	+$3,180

**See page 18 for color and grain variation.

Product Specifications:

> Overall table height with top is 29.75"H.
> Legs are solid wood; clear coat, stained or painted with precision aluminum detailing and top trim (finish of aluminum matches frame)
> Legs are tapered "D" shape. Leg profile dimension 1.75"D x 2.75"W at thickest point (top of leg) (Exception: standing height conference table base legs are 2.25"D x 3"W).
> Legs ship subassembled, frames ship unassembled.
> Conference Bases and larger X-bases create a floating top aesthetic. They include stanchions to create a 2.8" gap between top and frame. Touchdown tables, Occasional tables and small X-bases attach directly to the frame.
> Base works on rectangle and rounded rectangle top shapes.
> Frame is aluminum; painted or polished.
> When space planning seating arrangements, be aware that corner table legs are angled 8" into the available knee space. Middle support legs are near the edge of the table and will also affect available knee space.
> Bases support laminate and veneer tops only. For glass tops order add-on struts. 0.75" quartz tops are not compatible with Ligouri. See page 159.

COORDINATING FURNITURE

See pages 285-290, 298-313 for coordinating Ligouri furniture.

Ordering Information:

> Tops are ordered separately.
> Vertical cable management and Power/Data under-table covers are ordered separately. See page 159.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

	Y	Stain Match on Walnut (add a one-time $700 list Stain Match fee)	+$3,180

**See page 18 for color and grain variation.

Product Specifications:

> Overall table height with top is 29.75"H for seated height and 42"H for standing height.
> Legs are solid wood; clear coat, stained or painted with precision aluminum detailing and top trim (finish of aluminum matches frame)
> Legs are tapered "D" shape. Leg profile dimension 1.75"D x 2.75"W at thickest point (top of leg)
> Legs ship subassembled, frames ship unassembled.
> Conference Bases and larger X-bases create a floating top aesthetic. They include stanchions to create a 2.8" gap between top and frame. Touchdown tables, Occasional tables and small X-bases attach directly to the frame.
> Base works on rectangle and rounded rectangle top shapes.
> Frame is aluminum; painted or polished.
> When space planning seating arrangements, be aware that corner table legs are angled 8" into the available knee space. Middle support legs are near the edge of the table and will also affect available knee space.

Ordering Information:

> Tops are ordered separately.
> Vertical cable management and Power/Data under-table covers are ordered separately. See page 159.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

	W	White Stain on Ash	+$1,060
**	X	Stain Match on Ash & White Oak (add a one time $700 list Stain Match fee)	+$2,120
	Y	Stain Match on Walnut (add a one-time $700 list Stain Match fee)	+$3,180

**See page 18 for color and grain variation.

Product Specifications:

> Overall table height with top is 29.75"H for seated height and 42"H for standing height.
> Legs are solid wood; clear coat, stained or painted with precision aluminum detailing and top trim (finish of aluminum matches frame).
> Legs are tapered "D" shape. Leg profile dimension 1.75"D x 2.75"W at thickest point (top of leg).
> Legs ship subassembled, frames ship unassembled.
> Conference Bases and larger X-bases create a floating top aesthetic. They include stanchions to create a 2.8" gap between top and frame. Touchdown tables, Occasional tables and small X-bases attach directly to the frame.
> Base works on rectangle and rounded rectangle top shapes.
> Frame is aluminum; painted or polished.
> When space planning seating arrangements, be aware that corner table legs are angled 8" into the available knee space.

COORDINATING FURNITURE

See pages 285-290, 298-313 for coordinating Ligouri furniture.

Ordering Information:

> Tops are ordered separately.
> Vertical cable management and Power/Data under-table covers are ordered separately. See page 159.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Ligouri Seated Height 4-Post X-Bases for Small Tops		
LNXA30^&	4-Post X-Base, for 30" Round	$3,953
LNXA36^&	4-Post X-Base, for 36" Round	$3,953
LNXA42^&	4-Post X-Base, for 42" Round and 30" Square Tops	$3,953
	Tip: Top attaches directly to frame. It does not float over frame on stanchions.	
Ligouri Seated Height 4-Post X-Bases for Medium-Large Tops		
LNXA48^&	4-Post X-Base, for 48" Round and 36" Square Tops	$4,820

LNXA66^&	4-Post X-Base, for 66" Round and 54" Square Tops	$4,820
LNXA72^&	4-Post X-Base, for 72" Round Top and 60" Square Tops	$4,820
LNXA84^&	4-Post X-Base, for 84" Round Top	$4,820
	Tip: Top floats over frame on stanchions.	
Ligouri Standing Height 4-Post X-Bases for Small Tops		
LNXB30^&	4-Post X-Base, for 30" Round	$4,292
LNXB36^&	4-Post X-Base, for 36" Round	$4,292
LNXB42^&	4-Post X-Base, for 42" Round and 30" Square Tops	$4,292
	Tip: Top attaches directly to frame. It does not float over frame on stanchions.	
Ligouri Standing Height 4-Post X-Bases for Medium-Large Tops		
LNXB48^&	4-Post X-Base, for 48" Round and 36" Square Tops	$5,737
LNXB54^&	4-Post X-Base, for 54" Round and 42" Square Tops	$5,737
LNXB60^&	4-Post X-Base, for 60" Round and 48" Square Tops	$5,737
	Tip: Top floats over frame on stanchions.	

Ligouri Wood Leg Sets (No Frame)

Product Specifications:

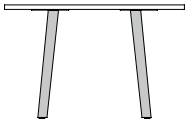

> Legs are solid wood; clear coat, stained, or painted.
> Legs are tapered "D" shape. Leg profile dimension 2.25"D x 3"W at thickest point (top of leg).
> Legs ship assembled with top plate and leveler.
> Legs do not include aluminum trim piece found on Ligouri legs with frame.
> Legs work on any top shape.
> Seated height legs support laminate/veneer/glass tops. Counter and bar height legs support laminate/veneer tops. Quartz tops are not compatible.
> Counter/Bar height legs include required metal support struts. Seated height legs do not require metal support struts unless pairing with a glass top. In this scenario, Add-On Struts are ordered separately.
> Legs are mounted 15-18" in from ends and 12-16" from front/back edge depending on size of top.

COORDINATING FURNITURE

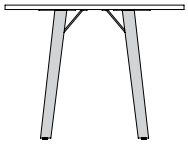

See pages 279-284, 288-297 for coordinating Ligouri furniture.

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

Product Specifications:

> Includes patented auto-locking rear black caster that locks automatically when table is flipped down. Also has height-adjustable front black caster with 0.25" adjustment.
> Tables nest in-line. Nested, each table is 5-3/4" between front of one table to front of next table.
> Overall height is 29"H (special heights not available).
> Foot is 22" deep, utilized on both 24" and 30"D tables. Quantum is not available with 18" or 36"D tops.
> The dimension between legs (knee space) is: 54" for 60"W tops, and 66" for 72"W tops.
> Underside of worksurface is black HPL.
> Knife edge is on user side only, all other sides are 3mm. Undercut of knife edge is clear-coated MDF. 3mm edge tops have 3mm edge on all sides
> Mechanism is black and fully assembled.
> Table legs and top are connected to the mechanism in the field.
> Top locks in both the flat and flipped up positions for safety.
> Modesty Panels ordered separately.

Ordering Information:

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Vertical Cable Manager		
QUCAM^	Vertical Cable Manager, Steel Tip: Does not work with integrated modesty panel.	$133

PDMAG	Magnetic Cable Managers, Black, pkg of 4 Tip: Use with integrated modesty panel.	$116

Quantum Modesty Panels

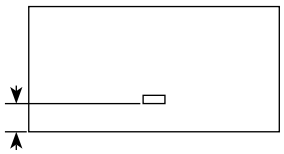

Product Specifications:

- For powered tables there are two modesty panel design choices:
  - Quantum Integrated Folding Modesty Panels (9"H) have a mechanism that is linked to the top mechanism to pivot (fold) the modesty in alignment with the angled leg for use in nesting tables. Accommodates an Axil power unit only. When the top is in use (flat) this modesty is vertical and inset 1.75" from the back of a 24"D top and 4.75 from the back of a 30"D top. This modesty requires the power unit to be located more centered in the top on 30"D tops (6.75" from back edge). On 24"D tops, the power unit is located at the standard 3.75" from back edge.
  - Universal Pivoting Modesty Panels attach to the bottom of the top. Undersizing modesty by 12" is required to allow modesty to fold properly BETWEEN THE LEGS. This modesty is on the far back edge and gets the power unit furthest to the rear of the top.
- Rounded corner Quantum Integrated Folding modesty panels have a 2.5" radius on the bottom (only) of the modesty panel to match rounded corner tops.
- PDGR cable managers (ordered separately) are recommended for routing cables along the underside of the top.

Ordering Information:

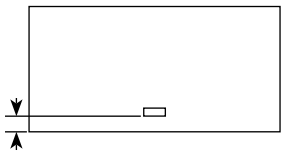

- **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Quantum Integrated Modesty Panel – Axil (only) Power Unit

Sensation Next T-Leg Flip Tables (Complete Table)

Product Specifications:
- Angled leg flip tables nest in-line. Straight leg flip tables nest off-set. Nested, both leg styles have 7-1/2" between front of one table to front of the next table.
- Angled foot depth is approximately 13" for 18"D flip tables, 19" for 24"D flip tables, and 24.5" for 30"D flip tables. Straight foot depth is approximately 13.5" for 18"D flip tables, 19.5" for 24"D flip tables, and 25.5" for 30"D flip tables.
- Cable troughs are available. See page 184.
- Locking casters included.

Ordering Information:
- Installation hardware is included.
- For a standard pivoting modesty solution for 30/36" Sensation Next flip bases, specify a 12" narrower modesty for angled legs. Alternatively, for a full width modesty, a shortened 7"H modesty ia available at no charge. Put an X in front of the part number and freeform **7"H** in the description. See page 281 for pivoting modesties.
- Flip tables include Top with 3mm edge or knife edge on user side.
- **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Z Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate. +$84

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

Product Specifications:

> Angled leg tables nest in-line. Straight leg tables nest off-set. Nested, both leg styles have 7-1/2" between front of one table to front of the next table.
> Angled foot depth is approximately 16" for 18"D tables, 21.75" for 24"D tables, and 25.5" for 30"D tables. Straight foot depth is approximately 16" for 18"D tables, 22" for 24"D tables, and 26" for 30"D tables.
> As of May 2018, the Solano flip mechanism has changed.
> Cable troughs are available. See page 184.
> Locking casters included.

Ordering Information:

> A special 7"H hinged modesty panel is recommended for use with all angled Solano flip bases to avoid potential paint scratches on the feet. Contact designteam@enwork.com for more details.
> Includes Top with 3mm edge or knife edge on user side.
> Angled legs nest in-line. Straight legs nest off-set.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Solano TT-Legs - Conference

Ordering Information:

> Standard height is 27.75". For shorter heights put "X" in front of the part number and add $59 list. For taller, put "XX" in front and add $74 list. Maximum worksurface height is 42".
> Installation hardware is included.
> For number of bases required per table size and recommended base locations, see page 24.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Solano TT-Leg with Levelers, package of one		
		
LCATP48?^	TT-Leg, levelers for 42"D – 48"D table (34" spread)	$926
LCATP60?^	TT-Leg, levelers for 60"D table (40" spread)	$980
	Tip: The 48" leg top plates are 4" apart and therefore cannot receive power/data units between them.	
Solano TT-Leg with Levelers and Laminate Filler, package of one		
		
LCATPL48?^#	TT-Leg, levelers, laminate filler for 42"D – 48"D table (34" spread)	$1,300
LCATPL60?^#	TT-Leg, levelers, laminate filler for 60"D table (40" spread)	$1,379
	Tip: A center power/data location on a 2-piece table is not possible due to interference with the laminate filler panel on the leg (a leg is typically shared at the seam of the 2 pieces). Tip: TT-Leg with filler cannot accept the cable management cover.	
Solano TT-Leg with Levelers and Veneer Filler, package of one		
		
LCATPV48?^#	TT-Leg, levelers, veneer filler for 42"D – 48"D table (34" spread)	$2,731
LCATPV60?^#	TT-Leg, levelers, veneer filler for 60"D table (40" spread)	$2,788
	Tip: A center power/data location on a 2-piece table is not possible due to interference with the laminate filler panel on the leg (a leg is typically shared at the seam of the 2 pieces). Tip: TT-Leg with filler cannot accept the cable management cover.

Understanding VOU

Introduction

When you need a V, O or U-shaped boardroom or conference room solution that looks great, is simple to order and quick to install then VOU is the solution for YOU. Let's get into the cool stuff:

- Aesthetically VOU has clean lines, tight tolerances and a light design crispness that is traditional in concept but modern in execution.
- Design options like LED lighting and designer trims create unique ways to dress up your environment.
- VOU's fully assembled modular base design makes for quick installation. Its removable panels, generous cable pathways and open bottom panels give your facility management team a product they can work with.
- A robust statement of line accommodates many applications for rooms of all shapes and sizes.

Need more? The Enwork design team (designteam@enwork.com) is ready and available to customize VOU to fit your individual needs.

Specifying VOU

1. Pick a Base
2. Pick a Top
3. Pick a Power System

Three part numbers. Simple!

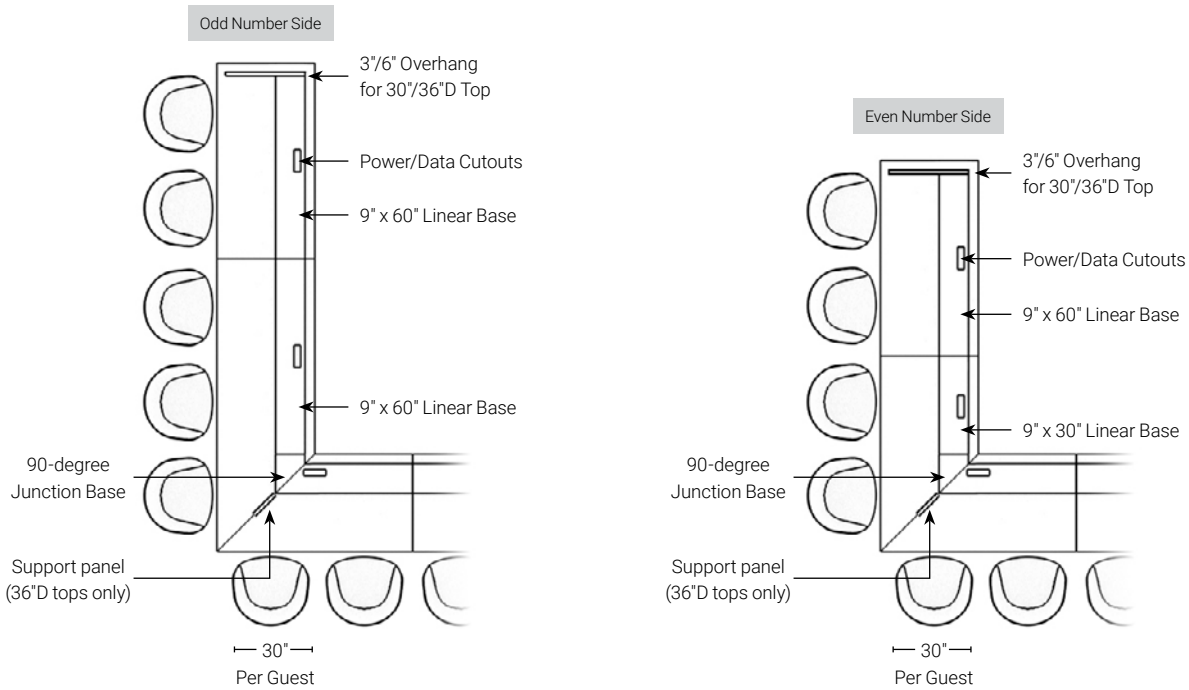

VOU Dimensionality

VOU is designed around 30" wide spacing per guest. O- and U-Shaped tops are available in 30" deep or 36" deep. V-Shaped tops are available in 30" deep. Modular 30" and 60" wide x 9" deep linear bases are combined with the appropriate 90-, 95-, 100- and 150-degree corner bases to configure an immense variety of V, O, or U-shaped tables up to 300" (25') wide.

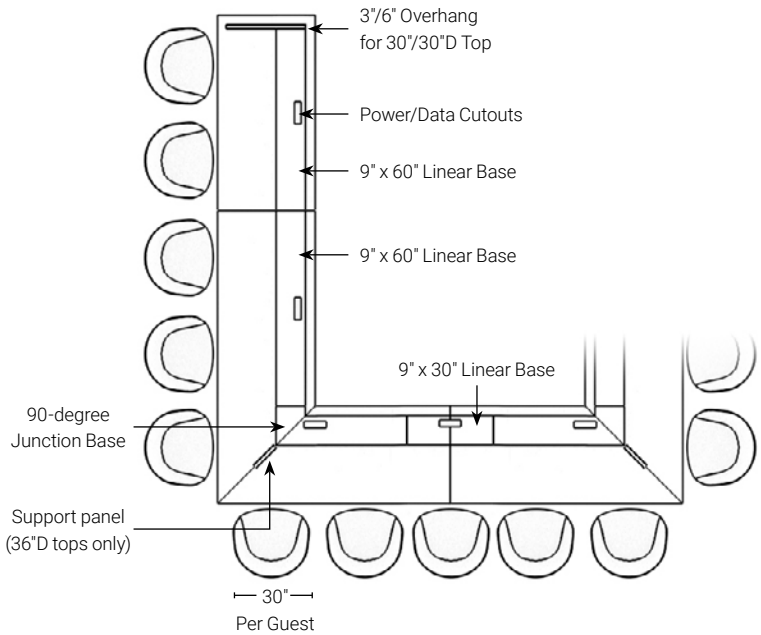

VOU multi-piece tops ship in modules of 30", 60" and 90" widths. Laminate and veneer versions are tight jointed together for a seamless look (top-to-top seams have no edgeband). Glass is also available. 30" deep tops overhang by 3" on the rear of the VOU bases and 36" deep tops overhang 6". Both top depths overhang 3" on the ends.

Kneespace is 18"D on 30" deep tops and 21"D on 36" deep tops. V- and U-shaped tables include a 24"D end panel at the end of each run. 36" deep tops also have an additional 8"D support panel in the corners.

4-Person O/U Bottom

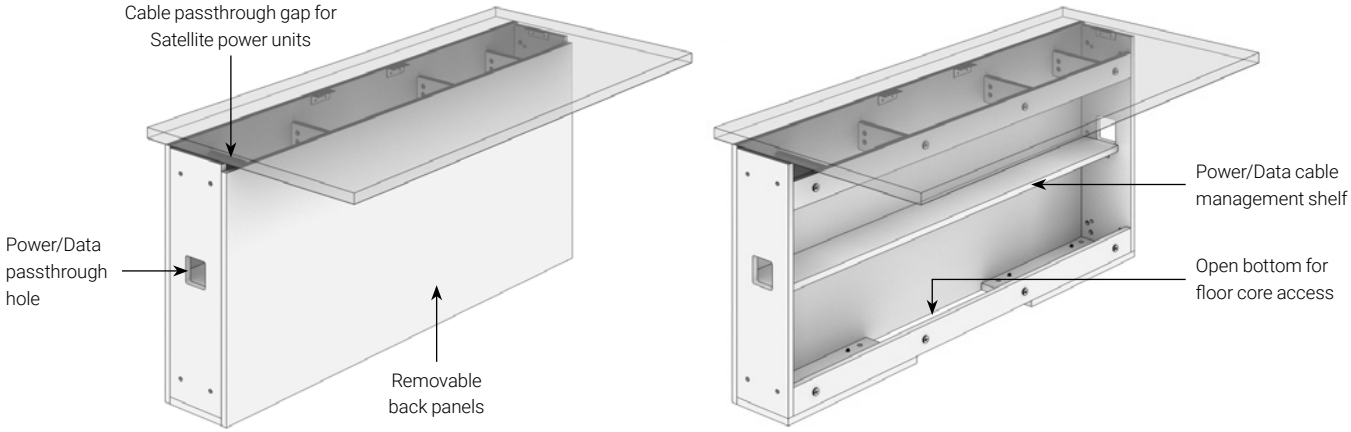

5-Person O/U Bottom

Understanding VOU

VOU Bases

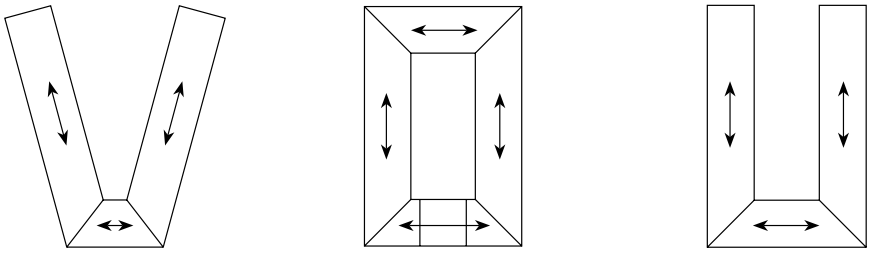

VOU Tops

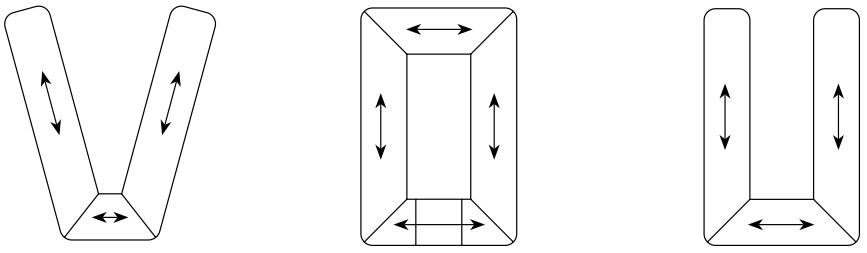

VOU Tables are available in a rectangular or rounded shape and include mitered corners. Rounded shape tops have a 5" outer radius.
↔ = Laminate grain direction (**veneer is always short grain**).

Important Laminate Note: Great care is taken by Enwork craftspeople to deliver a beautiful table that optimizes grain match. Perfect grain match on V, O and U-shaped tables is not possible at all seams in all directions. Priority is given to grain match the long direction first. Grain match on mitered corners is optimized second and grain match along the short side is optimized third.

Angled Corner Laminate Grain Direction

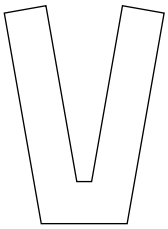

Rounded Corner Laminate Grain Direction

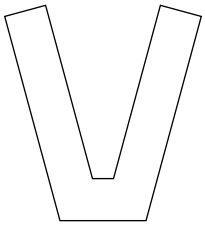

Understanding V-Shaped Tables

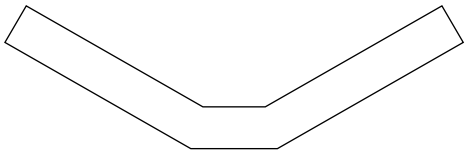

V-Shaped tables are available with 95-, 100-, and 150-degree corner bases. The 95-degree and 100-degree bases are designed for conference applications. The 150-degree base is designed for wide-angle teleconference applications.

95-degree

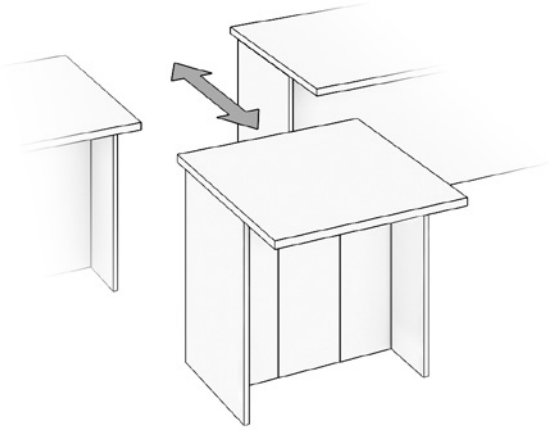

100-degree

150-degree

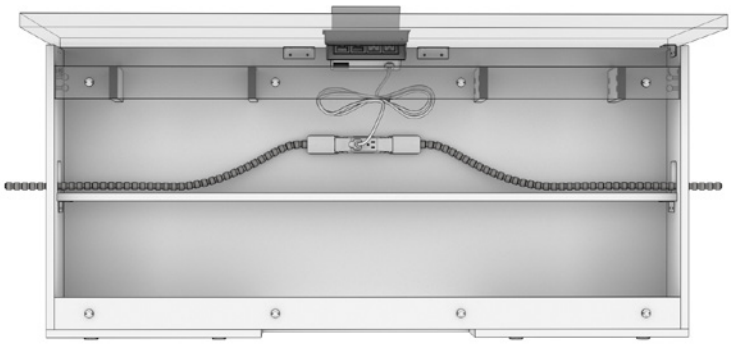

Understanding O-Shaped Tables

O-Shaped Tables come with a removable 30” wide section to access the inner portion of the table for presenting or cleaning. This section has hidden casters within the main table base and levelers on the user side of its end panel to allow for “wheel-barreling” (moving) out of the way. The 30" removable section will include LED lighting if ordered. If power is ordered, the 30" removable section will include a power unit on 150" or 180" wide tops. A power unit is not included when a 120" wide top is ordered due to spacing. There is an extra plug under the top next to the removable unit for disconnecting/connecting power and lighting.

VOU Power & Data Kits

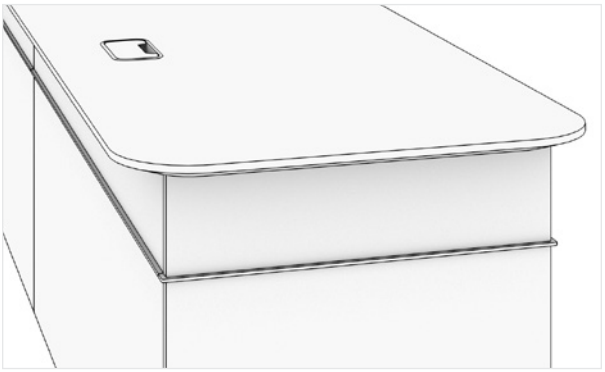

A variety of Enwork standard power/data units are available, including Ghost, Ellora B and Alpha. These units are daisy chained together with a 2-circuit power system designed for each table size. Power systems are sold separately from the base and top. Infeeds and receptacles are included. Infeeds come with a 6-foot cord and can be placed anywhere under the table. For other power units (e.g. Satellite) there is a 2-circuit kit only option available and then power units would be ordered separately. For custom kits contact designteam@enwork.com

Understanding VOU

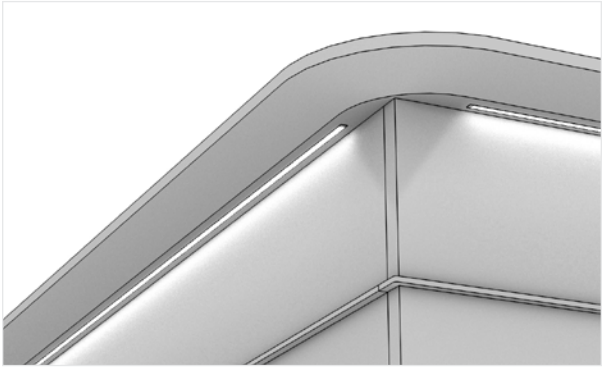

Design Option - Aluminum Trim

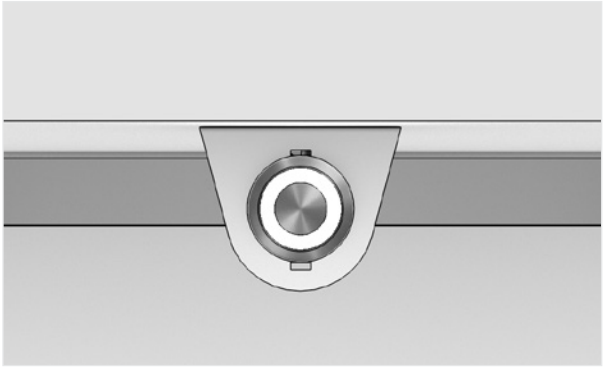

Create a sleek aesthetic with the optional painted horizontal aluminum trim located 6" beneath the table top. This trim wraps around the end panel to create a refined, executive look and feel to the table. Trim is available painted or as polished aluminum.

Design Option - LED Lighting

LED lighting adds energy to every meeting by accentuating the interior vertical walls of the table bases. Embedded in the bottom of the top and operated with a single button switch, this option is a winning way to make a great statement.

VOU Power System Kits for O-Shaped Tables

STEP 1
Power Unit Suffix List
- A Ghost, Glass, 2 power/1 telecom plate opening
- B Ghost, Glass, 1 power/1 USB A+C/ 1 telecom plate opening
- C Ellora B, 2 power/2 data
- D Ellora B, 2 power/1 USB A+C/1 data
- E Alpha, 2 power
- F Alpha, 1 power, 1 USB A+C
- K Power Kit without power units (units ordered separately)

STEP 2
Infeed Suffix List
- H Hardwire (2-circuit)
- P RA Plug (1-circuit)

STEP 3
Receptacle Suffix List
- 1 All Circuit 1
- 2 Combination of Circuit 1 and 2

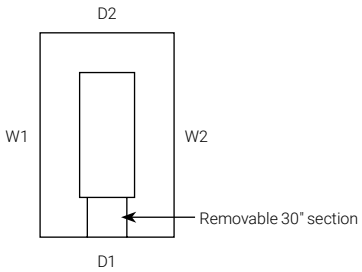

STEP 4 - Ghost Glass Only
Glass Finish Suffix List
- LB White Power Unit Interior with Light Beige Gloss Back Painted Glass
- LD White Power Unit Interior with Light Beige Frosted Back Painted Glass
- RB Black Power Unit Interior with Black Gloss Back Painted Glass
- RD Black Power Unit Interior with Black Frosted Back Painted Glass
- WB White Power Unit Interior with White Gloss Back Painted Glass
- WD White Power Unit Interior with White Frosted Back Painted Glass

STEP 4 - Ellora B Only
Paint Finish Suffix List
- R Black w/ Black Interior
- S Silver w/ Black Interior

STEP 4 - Alpha Only
Paint Finish Suffix List
- G Storm w/ Black Receptacles
- K Champagne Bronze
- R Black w/ Black Receptacles
- S Silver w/ Black Receptacles
- T Medium Tone w/ Black Receptacles
- W Arctic White w/ Black Receptacles

Product Specifications:
- > Power system is a 4-wire, 2-circuit system. Kits include all power/data outlets, receptacles, jumpers, brackets, and infeeds (hardwire and plug).
- > For Chicago Power order power units from Power and Data section. Do not order power kits.
- > Ghost units have 1 telecom plate opening. Telecom plates ordered separately. See page 268.
- > Ellora B units have ▲ data openings. See page 269.
- > Infeed has a six foot cord and can be installed at many locations throughout the base (H-block included).

Ordering Information:
- > **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

***15% upcharge does not apply if a top with the same stain is included on the same purchase order.

Product Specifications:
> VOU is based on 30" of width per guest.
> Bases are 9"D with removable panels underneath top for full power/data access.
> Bases have openings in bottom for floor core access.
> Each end of the "U" has a 24"D end panel (30"D top).
> Bases for 36"D tops (only) include additional 8"D support panels for the corners.

Ordering Information:
> Bases are compatible with VOU U-Shaped Tops (ordered separately).
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

Product Specifications:
> VOU is based on 30" of width per guest.
> Tops are 36" deep.
> Laminate and Veneer tops are tight jointed together for a seamless look.
> Tops overhang bases by 6" in rear and 3" on ends.
> Rounded corner tops have 5" outer radiuses.
> For assistance in understanding number of guests, cutouts, and grain direction see Understanding VOU.
> Power Kits are ordered separately.

Ordering Information:
> Tops are compatible with VOU U-Shaped Bases (ordered separately).
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

VOU Power System Kits for U-Shaped Tables

STEP 1
Power Unit Suffix List
- A Ghost, Glass, 2 power/1 telecom plate opening
- B Ghost, Glass, 1 power/1 USB A+C/1 telecom plate opening
- C Ellora B, 2 power/2 data
- D Ellora B, 2 power/1 USB A+C/1 data
- E Alpha, 2 power
- F Alpha, 1 power, 1 USB A+C
- K Power Kit without power units (units ordered separately)

STEP 2
Infeed Suffix List
- H Hardwire (2-circuit)
- P RA Plug (1-circuit)

STEP 3
Receptacle Suffix List
- 1 All Circuit 1
- 2 Combination of Circuit 1 and 2

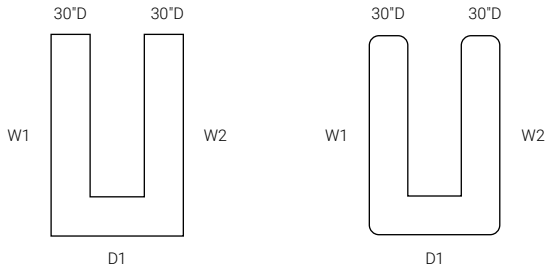

STEP 4 - Ghost Glass Only
Glass Finish Suffix List
- LB White Power Unit Interior with Light Beige Gloss Back Painted Glass
- LD White Power Unit Interior with Light Beige Frosted Back Painted Glass
- RB Black Power Unit Interior with Black Gloss Back Painted Glass
- RD Black Power Unit Interior with Black Frosted Back Painted Glass
- WB White Power Unit Interior with White Gloss Back Painted Glass
- WD White Power Unit Interior with White Frosted Back Painted Glass

STEP 4 - Ellora B Only
Paint Finish Suffix List
- R Black w/ Black Interior
- S Silver w/ Black Interior

STEP 4 - Alpha Only
Paint Finish Suffix List
- G Storm w/ Black Receptacles
- K Champagne Bronze w/ Black Receptacles
- R Black w/ Black Receptacles
- S Silver w/ Black Receptacles
- T Medium Tone w/ Black Receptacles
- W Arctic White w/ Black Receptacles

Product Specifications:
- > Power system is a 4-wire, 2-circuit system. Kits include all power/data outlets, receptacles, jumpers, brackets, and infeeds (hardwire and plug).
- > For Chicago Power order power units from Power and Data section. Do not order power kits.
- > Ghost units have 1 telecom plate opening. Telecom plates ordered separately. See page 268.
- > Ellora B units have ▲ data openings. See page 263.
- > Infeed has a six foot cord and can be installed at many locations throughout the base (H-block included).

Ordering Information:
- > **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Zori® T-Legs

U.S. Patent No. D893,929 S

Product Specifications:
> Casters (if applicable) are locking.

Ordering Information:
> Standard height is 27.75". For shorter height T-Legs (only) put "X" in front of the part number and add $125 list.
> Installation hardware is included.
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 2.
> For number of bases required per table size and recommended base locations, see page 24.
> For bar height T-legs, see page 269.
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

COORDINATING FURNITURE
See pages 298-313 and 318-329 for coordinating Zori furniture.

STEP 1 (Excludes folding legs)
(?) Routing Holes Suffix List
N No routing holes in leg — no charge
Y Routing hole in one leg — +$68
Z Routing holes in two legs — +$136

G Storm
K Champagne Bronze
R Black
S Silver
T Medium Tone
W Arctic White
! 2027 Designer Paint Colors (see page 19 for finish selection) — +$50
Z Other

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

Tip: For taller height T-legs, see page 242.

Part Number	Description	List Price (US$)
Zori T-Legs with Levelers, package of two		
CYTSL182?@^	T-Leg, Levelers, for 18"D Table (18" spread)	$732
CYTSL242?@^	T-Leg, Levelers, for 24"D Table (22" spread)	$780
CYTSL302?@^	T-Leg, Levelers, for 30"D Table (28" spread)	$816
CYTSL362?@^	T-Leg, Levelers, for 36"D Table (34" spread)	$860

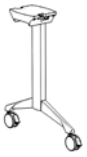

Zori T-Legs with Casters, package of two		
CYTSC182?@&^	T-Leg, Casters, for 18"D Table (18" spread)	$849
CYTSC242?@&^	T-Leg, Casters, for 24"D Table (22" spread)	$895
CYTSC302?@&^	T-Leg, Casters, for 30"D Table (28" spread)	$925
CYTSC362?@&^	T-Leg, Casters, for 36"D Table (34" spread)	$972

Tip: For taller height T-Legs see page 242.

Zori Folding T-Leg Base Assembly with Levelers, package of two		
CYTFSL182@^	Folding T-Leg, Levelers, for 18"D Table (18" spread)	$1,456
CYTFSL242@^	Folding T-Leg, Levelers, for 24"D Table (22" spread)	$1,549
CYTFSL302@^	Folding T-Leg, Levelers, for 30-36"D Table (28" spread)	$1,570

Tip: Designed for rectangle tables 60" wide and wider.
Contact designteam@enwork.com for other options.
Tip: Routing holes not available.

Zori Folding T-Leg Base Assembly with Casters, package of two		
CYTFSC182@&^	Folding T-Legs, Casters, for 18"D Table (18" spread)	$1,548
CYTFSC242@&^	Folding T-Leg, Casters, for 24"D Table (22" spread)	$1,640
CYTFSC302@&^	Folding T-Leg, Casters, for 30-36"D Table (28" spread)	$1,662

Tip: Designed for rectangle tables 60" wide and wider.
Contact designteam@enwork.com for other options.
Tip: Routing holes not available.

Zori TT-Leg with Levelers, package of one		
CYTTSL42?@^	TT-Leg, Leveler, for 42-54"D table (36" spread)	$815
CYTTSL60?@^	TT-Leg, Leveler, for 60"D table (45" spread)	$894

Tip: Split-Y Leg is another option, see page 247.

Zori® T-Legs for K-12 Education

U.S. Patent No. D893,929 S

Part Number	Description	List Price (US$)
	Zori T-Legs with Levelers for 24"H Tables, package of two	
CYT24L182?@^	24"H T-Leg, Levelers, for 18"D Table (18" spread)	$772
CYT24L242?@^	24"H T-Leg, Levelers, for 24"D Table (22" spread)	$780
CYT24L302?@^	24"H T-Leg, Levelers, for 30"D Table (28" spread)	$816
CYT24L362?@^	24"H T-Leg, Levelers, for 36"D Table (34" spread)	$860
	Tip: For use on 24"H tables. Actual leg height is 22.75".	
	Zori T-Legs with Casters for 24"H Tables, package of two	
CYT24C182?@&^	24"H T-Leg, Casters, for 18"D Table (18" spread)	$849
CYT24C242?@&^	24"H T-Leg, Casters, for 24"D Table (22" spread)	$895
CYT24C302?@&^	24"H T-Leg, Casters, for 30"D Table (28" spread)	$925
CYT24C362?@&^	24"H T-Leg, Casters, for 36"D Table (34" spread)	$972
	Tip: For use on 24"H tables. Actual leg height is 22.75".	
	Zori T-Legs with Levelers for 27"H Tables, package of two	
CYT27L182?@^	27"H T-Leg, Levelers, for 18"D Table (18" spread)	$772
CYT27L242?@^	27"H T-Leg, Levelers, for 24"D Table (22" spread)	$780
CYT27L302?@^	27"H T-Leg, Levelers, for 30"D Table (28" spread)	$816
CYT27L362?@^	27"H T-Leg, Levelers, for 36"D Table (34" spread)	$860
	Tip: For use on 27"H tables. Actual leg height is 25.75".	
	Zori T-Legs with Casters for 27"H Tables, package of two	
CYT27C182?@&^	27"H T-Leg, Casters, for 18"D Table (18" spread)	$849
CYT27C242?@&^	27"H T-Leg, Casters, for 24"D Table (22" spread)	$895
CYT27C302?@&^	27"H T-Leg, Casters, for 30"D Table (28" spread)	$925
CYT27C362?@&^	27"H T-Leg, Casters, for 36"D Table (34" spread)	$972
	Tip: For use on 27"H tables. Actual leg height is 25.75".	

Zori® Straight T-Leg Flip Tables (Complete Table)

U.S. Patents No. DS875,449

Product Specifications:

> Angled leg flip tables nest in-line. Straight leg flip tables nest off-set. Nested, both leg styles have 7-1/2" between front of one table to front of the next table.
> Straight foot depth is approximately 18" for 18"D flip tables, 22" for 24"D flip tables, and 28" for 30"D flip tables.
> Table height is 29"H. For shorter height flip tables, put X in front and add $125 list. Shortest worksurface height is 21"H. For taller height flip tables, put XX in front and add $125 list. Maximum worksurface height is 42"H.
> Cable troughs are available. See page 184.
> Locking casters included.
> Flip tables include Top with 3mm edge or knife edge on user side.
> Polished finish columns have a black crossbeam. For all other paint colors, crossbeam is painted to match.
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 4.

Ordering Information:

> A special 7"H hinged modesty panel, or a narrower width, are recommended for use with all angled and 30" and 36"D straight Zori flip bases to avoid potential paint scratches on the feet. Contact designteam@enwork.com for more details.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

STEP 1

(^) Paint Suffix List

G	Storm	no charge
K	Champagne Bronze	no charge
R	Black	no charge
S	Silver	no charge
T	Medium Tone	no charge
W	Arctic White	no charge
*P	Polished	+$392
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$50
Z	Other	

*Polished finish not available on 18"D tables.

*Polished finish legs have a black crossbeam. For all other paint colors, crossbeam is painted to match.

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

Tip: For taller height T-legs, see page 242.

Zori® Angled T-Leg Flip Tables (Complete Table)

U.S. Patents No. DS875,449

Product Specifications:

> Angled leg flip tables nest in-line. Straight leg flip tables nest off-set. Nested, both leg styles have 7-1/2" between front of one table to front of the next table.
> Angled foot depth is approximately 21" for 24"D flip tables, and 27" for 30"D flip tables.
> Table height is 29"H. For shorter height flip tables, put X in front and add $125 list. Shortest worksurface height is 21"H.
> Cable troughs are available. See page 184.
> Locking casters included.
> Polished finish columns have a black crossbeam. For all other paint colors, crossbeam is painted to match.
> Flip tables include Top with 3mm edge or knife edge on user side.
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 4.

Ordering Information:

> A special 7"H hinged modesty panel, or a narrower width, are recommended for use with all angled and 30"D and 36"D straight Zori flip bases to avoid potential paint scratches on the feet. Contact designteam@enwork.com for more details.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

U.S. Patent No. D893,929 S

Product Specifications:
> Casters (if applicable) are locking.

Ordering Information:
> Standard seated height is 27.75". Standard bar height is 40.75". For shorter heights put "X" in front of the part number and add $125 list.
> Installation hardware is included.
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 2.
> For number of bases required per table size and recommended base locations, see page 24.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

COORDINATING FURNITURE
See pages 298-313 and 318-329 for coordinating Zori furniture.

Part Number	Description	List Price (US$)
	Zori X-Bases with Levelers	
CYXSLF@^	X-Base, levelers, for 24" round table (21" x 21" spread)	$781
CYXSLG@^	X-Base, levelers, for 30-36" round or 24-30" square table (27" x 27" spread)	$814
CYXSLH@^	X-Base, levelers, for 42" round or 36" square table (33" x 33" spread)	$830
	Zori X-Bases with Levelers and Power/Data Top Plate	
CYXSLA@^	X-Base, levelers, for 24" round table (21" x 21" spread)	$808
CYXSLB@^	X-Base, levelers, for 30-36" round or 24-30" square table (27" x 27" spread)	$840
CYXSLC@^	X-Base, levelers, for 42" round or 36" square table (33" x 33" spread)	$860
	Tip: Top plate can accommodate the Axil, Node, and Single-Sided Ellora B power data units.	
	Zori X-Bases with Casters	
CYXSCA&@^	X-Base, casters, for 24" round table (21" x 21" spread)	$883
CYXSCB&@^	X-Base, casters, for 30-36" round or 24-30" square table (27" x 27" spread)	$984
CYXSCC&@^	X-Base, casters, for 42" round or 36" square table (33" x 33" spread)	$932
	Zori X-Bass with Levelers – Counter Height	
CYXCLA@^	X-Base, counter height, levelers, for 24" round table (21" x 21" spread)	$883
CYXCLB@^	X-Base, counter height, levelers, for 30-36" round or 24-30" square table (27" x 27" spread)	$913
CYXCLC@^	X-Base, counter height, levelers, for 42" round or 36" square table (33" x 33" spread)	$932
	Zori X-Bases with Levelers and Power/Data Top Plate – Counter Height	
CYXPDCLA@^	X-Base, counter height, levelers, for 24" round table (21" x 21" spread)	$955
CYXPDCLB@^	X-Base, counter height, levelers, for 30-36" round or 24-30" square table (27" x 27" spread)	$984
CYXPDCLC@^	X-Base, counter height, levelers, for 42" round or 36" square table (33" x 33" spread)	$1,002
	Tip: Top plate can accommodate the Axil, Node, and Single-Sided Ellora B power data units.	
	Zori X-Bases with levelers - Bar Height	
CYXBLA@^	X-Base, bar height, levelers, for 24" round table (21" x 21" spread)	$883
CYXBLB@^	X-Base, bar height, levelers, for 30-36" round or 24"-30" square table (27" x 27" spread)	$913
CYXBLC@^	X-Base, bar height, levelers, for 42" round or 36" square table (33" x 33" spread)	$932
	Zori X-Bases with Levelers and Power/Data Top Plate - Bar Height	
CYXPDBLA@^	X-Base, bar height, levelers, for 24" round table (21" x 21" spread)	$955
CYXPDBLB@^	X-Base, bar height, levelers, for 30-36" round or 24"-30" square table (27" x 27" spread)	$984
CYXPDBLC@^	X-Base, bar height, levelers, for 42" round or 36" square table (33" x 33" spread)	$1,002
	Tip: Top plate can accommodate the Axil, Node, and Single-Sided Ellora B power data units.	

Zori® 4-Post X-Bases & 6-Post Hex-Bases

U.S. Patent No. D893,929 S

Ordering Information:
> Standard height is 27.75". See below for pricing on shorter height bases.
> Installation hardware is included.
> Polished aluminum foot trim available. See step 2.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
	Zori 4-Post X-Bases on Levelers	
		
CY4XSLC?@^	4-Post X-Base with levelers, for 54" round top, or 48" square table (41"x41" spread)	$1,663
CY4XSLA?@^	4-Post X-Base with levelers, for 60"-66" round top, or 54"-60" square table. (45.5"x45.5" spread)	$1,711
CY4XSLB?@^	4-Post X-Base, levelers, for 72"-84" round table or 66"-72" square table (58.25" x 58.25" spread)	$1,947
	Tip: For shorter heights put "X" in front of the part number and add $250 list. For taller, put "XX" in front and add $250 list. Maximum worksurface height is 42".	
	Zori 6-Post Hex-Bases on Levelers	
		
CY6XSLA?@^	6-Post Hex-Base, levelers, for 96"-108" round table (63"x73" spread)	$2,897
CY6XSLB?@^	6-Post Hex-Base, levelers, for 120" round and hexagon table (75"x87" spread)	$3,083
	Tip: For shorter heights put "X" in front of the part number and add $375 list. For taller, put "XX" in front and add $375 list. Maximum worksurface height is 42".

CYCBL2490?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 24"Dx 90"W Table	$1,559
CYCBL2496?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 24"Dx 96"W Table	$1,590

Zori C-Legs with Footer Bar, Upper Stretchers, and Levelers, 42"H w/ Top, for 30"D Tables		
CYCBL3048?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 30"Dx 48"W Table	$1,278
CYCBL3054?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 30"Dx 54"W Table	$1,329
CYCBL3060?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 30"Dx 60"W Table	$1,340
CYCBL3066?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 30"Dx 66"W Table	$1,389
CYCBL3072?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 30"Dx 72"W Table	$1,427
CYCBL3078?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 30"Dx 78"W Table	$1,439
CYCBL3084?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 30"Dx 84"W Table	$1,571
CYCBL3090?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 30"Dx 90"W Table	$1,571
CYCBL3096?@^	C-Legs w/ Footer Bar, Levelers, 42"H, for 30"Dx 96"W Table	$1,602

Tip: Due to upper stretchers, bases cannot accommodate center cutouts for power/data units.

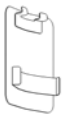

Zori® C-Legs with Powerlex Modesty

Product Specifications:
> Powerlex modesty includes scallops at the top of the modesty for cable management.
> Powerlex modesty includes one removable door (with fasteners) & one locking hinged door. Modesty is non-handed and oriented at install.
> Powerlex modesty includes 4-wire, 2-circuit power system with 3 duplex receptacles and jumpers. Infeed ordered separately.
> Powerlex modesty contains four data jack openings
> 27.75"H bases have a finished surface height of 29"H. 30.75"H ADA height bases have a finished surface height of 32"H for wheelchair accessibility.
> See page 22 for Powerlex Grommet option, which can be specified in table top

Ordering Information:
> Installation hardware is included.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+35%

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

Product Specifications:

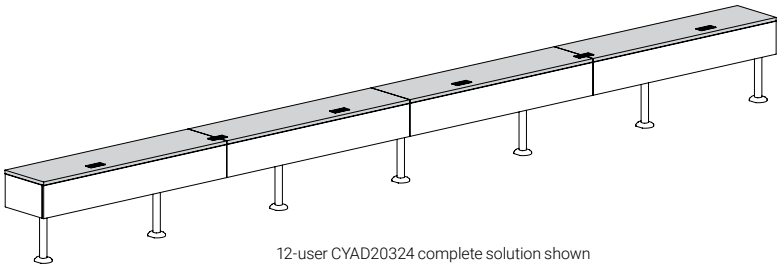

> Top seams connect with tight joint fasteners. These fasteners are covered by aluminum die cast cover plates attached with square drive screws.

> Radius corners on ends are 2.5" radius for standard Enwork colors. Reference exceptions for specials on page 18, or contact designteam@enwork.com

Ordering Information:

> Select No Power Cutouts in Step 2 if ordering Satellite power.

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

12-user CYAD20324 complete solution shown with optional power and modesty panels.

C 42"H

STEP 2 - Power
N No Power
P With Power on Riser
E With Power on Concrete (end infeed leg)
M With Power on Concrete (mid infeed leg)

STEP 3 - Finish

G	Storm	no charge
K	Champagne Bronze	no charge
P	Polished	+$224 per leg
R	Black	no charge
S	Silver	no charge
T	Medium Tone	no charge
W	Arctic White	no charge
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$50 per leg
X	Other (call for quote)	

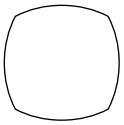

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

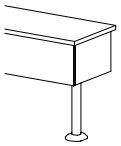

Product Specifications:
> Comes with aluminum floor cover painted or polished to match legs.
> A single leg accommodates an infeed and approximately 25 ethernet cables.
> In riser applications with power, the infeed enters through the bottom of the leg up to the power trough.
> In concrete applications with power, one leg comes with a lower routing hole for the infeed to enter the side of the leg and pass from the floor to the power trough. Mid infeed leg can be placed at any middle leg location.
> For additional power/data capacity options, contact designteam@enwork.com.
> 42"H Leg Kits have an additional support leg on each end.

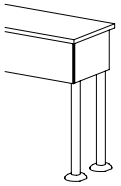

Ordering Information:
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Zori Lecture Hall Modesty Panels and End Caps

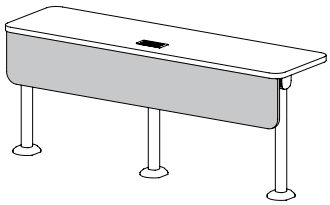

Product Specifications:
> Modesty panels and end caps are 11.5"H.
> Wood grain laminates do not have perfect grain match between panels.
> Tops overhang end cap modesty panels on user side by 2".
> Rear modesty panels are inset 7/8" from the rear of worksurface.
> Radius corner panels have 2.5" radius, and are only on end of run.

Ordering Information:
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

STEP 1 (Villa)
Finish List
R Black
S Silver

Product Specifications:
> Includes 3.5"H x 3.5"D painted metal trough enclosure that aesthetically matches the squircle shaped legs.
> Includes 2-circuit power system.
> 6' infeed is included. Plug infeed has standard straight plug head (not right angle).
> Designed for use with Axil and Villa power listed below. Also works with Satellite underworksurface power (see page 266). Satellite power cords are exposed between unit and trough.
> Includes splitter for mid-run infeed situations.
> Power troughs are attached with square-drive screws.

Ordering Information:
> Power units ordered separately from power kit.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:
> Desk height is 30"H (with top).
> Inner and outer back panels are laminate. Tops are laminate with a 3mm edge.
> Monitor Lift Tables available with LH or RH laminate end panels if desired for aisle applications.
> Monitor mounts accept monitors that adhere to the 75/100mm VESA Mounting Standard.
> Includes storage tray for keyboard and mouse, under monitor.
> Monitors rise by activating switch at station, or with handheld remote control (sold separately).
> Maximum monitor size 25.6"W x 20.3"H x 3.25"D (includes VESA bracket adapter). Maximum monitor weight is 40 lbs.
> Interior components are black.
> Plug strips, data lines, jumpers, and infeeds are stored within laminate case.
> Surface mount convenience outlets specified separately.

	Tip: On-Board Thin Client/Micro CPU Holder is located inside cabinet and always painted black. Bracket sizing allows for an 8"W x 8"H x 1.35"D mini CPU.	

Notes

Choosing Power, Data, & Telecom Solutions

We make it easy to choose the right Power/Data assembly, assuring you have a highly functional yet cost effective solution. With a little bit of planning, empowering a table or a large training room can be simple – usually without the added complexity and expense of a technology integrator. Listed below are planning tips to help assure an impressive, productive installation.

STEP 1 – Determine the number of power outlets needed.
Based on the size of the table and type of space, determine how many users might need power.

Tip: If the table will be used continuously for long periods of time, users will need to plug in their laptops. If so, a higher number of outlets may be needed.

Step 2 – Determine the number and type of datacom connections needed.
Which systems require physical connections? If the room or facility has a wireless network, fewer will be needed.

STEP 3 – Determine which Power/Data unit best fits your requirements.
Use the Conference and Training/Teaming charts as well as the detailed assembly descriptions in this Price List to compare capabilities and features. Be sure to review the datacom options available for each assembly.

Data Options - Each unit is marked with an ▲ or ● to identify the category of datacom options available. Both types can meet most needs, but if you have diverse or unusual needs, assemblies with a ● have a wider variety of options available.

▲: Power/Data units in this category come standard with data openings and a Voice/Data Adapter kit. Adapters from the kit are used to install jacks or couplers (ordered separately from Enwork or supplied by the customer) into the data openings of the power/data unit. Voice/data options are punch down. Audio/video options are inline.

●: Power/Data units in this category come standard with datacom plate openings. Datacom plates must be ordered from Enwork or openings can be left empty. Datacom plates can be configured to include multiple voice, data, audio and video solutions. Voice/data options are punch down. Audio/video options are inline.

Tip: Two or more smaller units can provide better user access on longer conference tables. When using multiple units, it is often easier and more convenient if power cords can be combined. Some assemblies can be daisy-chained together under the table. In other cases a UL listed power strip under the top or hidden in a base becomes the consolidation point, reducing the number of cords that need to be routed to the floor.

Tip: Some units are one-sided, others are two-sided. For the same number of outlets, a single two-sided unit will be lower cost than two one-sided units.

Tip: Be sure you understand how power and cabling will be routed from the building into the space and to the table(s).

Tip: To select an appropriate in-feed, determine if power will be coming from an outlet or hard-wired to the building. Hardwiring also allows the possibility of multi-circuit power within a table or series of interconnected tables. Note that only some units can be hardwired.

Tip: If power needs to run from one table to the next, look for units that can be daisy-chained. If connected tables will be re-configured into alternate set-ups, then units with non-sequential daisy-chaining are often the best solution.

STEP 4 – Determine the location and orientation of the Power/Data units in the table top.
The position of units in a table is important because it affects both access from different seating positions as well as the ease with which power and data can be routed from the building into the table.

Tip: For smaller tables, a single unit in the center is the most common solution. For tables longer than 96", multiple and/or two-sided units provide more convenient user access.

Tip: One-sided units typically open towards the end of a table. Two-sided units typically open towards the long sides of a table.

Tip: Multiple units are often spaced equally along the length of the table or positioned near the ends of the table, typically 20-24" in from the edge.

Tip: Positioning one or more units just next to legs or bases usually makes it easier to keep everything hidden. Placing assemblies directly over legs or bases requires special attention to assure there is no physical interference - contact designteam@enwork.com.

Tip: Refer to the Conference Table Power/Data Standard Cut-outs page in this Price List to see different positioning options.

STEP 5 – Don't forget to order accessories
Cable Grippers, Cable Managers, and other accessories help keep all the wires and cables organized and out of sight. See page 270 for available options.

Part Number	Description	Cut-Out-Size	List Price (US$)
Alpha			
	Data Options : N/A Cord/Hardwire: 2-6' power cord Features: Rounded corner design Additional Special: 2 USB A+C Material: Painted aluminum		
Alpha Power/Data Assembly			
PDZ2^	Alpha, 2 Power, 2-6' Power Cords	3.5"x6.8"	$666
PDZ11^	Alpha, 1 Power, 1 USB A+C, 2-6' Power Cords	3.5"x6.8"	$969
Axil			
	Data Options : N/A Cord/Hardwire: 10' power cord, Interlink iQ (PDAC only) Features: Spill resistant receptacles, 15 amp, convenience outlet (PDAL only) Additional Specials: data options and more Material: Painted steel		
Axil In-Surface Power/Data Assembly with Convenience Outlet			
PDALVN^	Axil, 2 Power, Convenience Outlet 10' power cord	2.0" x 3.75"	$785
PDAL2N^	Axil, 2 Power, 1 USB A+C, Convenience Outlet, 10' power cord	2.0" x 5.25"	$1,004
	Tip: Standard attachment hardware is not compatible with 3/4" quartz.		
Axil In-Surface Power/Data Assembly, without Convenience Outlet			
PDAC2#^	Axil, 2 Power	2.0" x 3.75"	$564
PDAC21#^	Axil, 2 Power, 1 USB A+C	2.0" x 5.25"	$834
	Tip: Standard attachment hardware is not compatible with 3/4" quartz. Tip: Interlink iQ infeed is required and ordered separately. Each infeed can power a maximum of 8 units for 48"-60"W table or max of 4 units for 66-72"W tables.		
Axil Interlink iQ Infeeds			
PDIQBP72RA	Interlink iQ Infeed & Control Box for Right Angle (RA) Plug, 72"		$894
PDIQBP120RA	Interlink iQ Infeed & Control Box for Right Angle (RA) Plug, 120"		$918
PDIQBP72S	Interlink iQ Infeed & Control Box for Straight Plug, 72"		$894
PDIQBP120S	Interlink iQ Infeed & Control Box for Straight Plug, 120"		$918
	Tip: Right angle plugs are for wall or flush floor cores. Straight plugs are for recessed floor cores.		

Part Number	Description	Cut-Out-Size	List Price (US$)
Dean			
	Data Options : N/A Cord/Hardwire: 6' power cord Feature: Clamp to worksurface, requires flat edge (not knife), USB A+C Additional Specials: Longer cords, additional outlets and more Material: Plastic face with aluminum housing		
Dean Clamp-On Unit with 6' power cord			
PDQ11^	Dean, Clamp-On, 6' Power cord, 1 Power/1 USB A+C	N/A	$707
PDQ21^	Dean, Clamp-On, 6' Power cord, 2 Power/1 USB A+C	N/A	$737
Ellora™ B			
	Data Options: ▲ Single Sided Cord/Hardwire: 10' power cord, Interlink iQ, Daisy Chain, Hardwire Double Sided Cord/Hardwire: Two 10' power cords, Daisy Chain, Hardwire Features: Flush fit doors with cable drop space Additional Specials: Pre-installed voice/data, different configurations and more Material : Painted steel		
Ellora B Single-Sided Power/Data Assemblies			
PDEC22#^	Ellora B Single Sided, 2 pwr/2 data openings	5.0" x 8.0"	$752
PDEC211#^	Ellora B Single Sided, 2 pwr/1 data opening/1 USB A+C	5.0" x 8.0"	$993
	Tip: Interlink iQ, Circuit 1, and Circuit 2 units do not have convenience outlet on bottom. Tip: Interlink iQ infeed is required and ordered separately. Each infeed can power a maximum of 8 units for 48"-60"W table or max of 4 units for 66-72"W tables. Tip: if ordering daisy chain unit, infeed is required and ordered separately. If ordering multiple daisy chain units, jumpers are required and ordered separately.		
Ellora B Double-Sided Power/Data Assemblies			
PDEC44#^	Ellora B Double Sided, 4 pwr/4 data openings	9.81" x 8.0"	$1,581
PDEC422#^	Ellora B Double Sided, 4 pwr/2 data openings/2 USB A+C	9.81" x 8.0"	$2,043
PDEC66#^	Ellora B Double Sided, 6 pwr/6 data openings	9.81" x 11.0"	$1,762
PDEC642#^	Ellora B Double Sided, 6 pwr/4 data openings/2 USB A+C	9.81" x 11.0"	$2,239
	Tip: If ordering daisy chain unit, infeed is required and ordered separately. If ordering multiple daisy chain units, jumpers are required and ordered separately.		
Ellora B Daisy Chain Unit Jumper			
PDEJUMPXX	Jumper for connecting 2 Ellora B Units, pkg of one, use with tops 72" - 240"W.		$195
PDEBJUMPXX	Jumper for connecting 2 Ellora B Units, pkg of one, use with tops 264" - 432"W.		$395
	Tip: The "XX" in the part number corresponds to jumper length. This length is determined by Enwork.		
Ellora B Daisy Chain Infeeds			
PDECKIT	Splitter and H-Block for Center Infeed Tip: Use when daisy chaining 3 Ellora B units and infeed is in center of table.		$58
A8BP72	Base Power Infeed for Hardwire Ellora B Units, 72"		$230
A8BP120	Base Power Infeed for Hardwire Ellora B Units, 120"		$277
A1BP72	Base Power Infeed for Right Angle (RA) Plug Circuit 1 (only), 72", for wall or flush floor core		$327
A1BP120	Base Power Infeed for Right Angle (RA) Plug Circuit 1 (only), 120", for wall or flush floor core Tip: Right angle plug infeeds do not work with Zori and other tube leg columns. Contact designteam@enwork.com to check compatibility.		$434
A1BPS72	Base Power Infeed for Straight Plug Circuit 1 (only), 72", for recessed floor core		$360
A1BPS120	Base Power Infeed for Straight Plug Circuit 1 (only), 120", for recessed floor core		$498
 20 amp Receptacle  15 amp Receptacle	Tip: Power infeed with plug is not for use with circuit 2 daisy chaining. Tip: Use hardwire infeeds if UL listed (not recognized) is required. Tip: Infeeds have a 20 amp plug end which requires a 20 amp wall receptacle. A plug adapter is required if using a standard 15 amp receptacle. The adapter is not included and must be purchased separately. Conntek 30129 15-Amp to 20-Amp Plug Adapters and similar are available through amazon.com and at many electrical supply houses.

Disclaimer

Equilibrium credenzas must be installed directly onto a four inch minimum thickness concrete floor using factory provided hardware.

Warning

- Failure to install on four inch thick concrete floor or failure to follow instruction may cause table to function improperly and could lead to personal injury and or structural damage.
- Equilibrium credenza assembled can weigh in excess of 400 pounds depending on configuration and is supported in a 0.17 square foot area. It is the responsibility of the dealer and or end user to determine if the installation location for Equilibrium credenza is suitable.
- Enwork is not responsible for any structure failures or personal injuries due to improper installation or improper use of product.

Note

Installation requires at least two people.

Notes

For pricing, other finishes and colors available, contact designteam@enwork.com

Product Specifications:

> 2-1/8" thick Designer Finish options become 1" or 1-1/4" thick on Credenza Tops.
> MDF substrate for glass and quartz tops not needed (and therefore not included) with Credenza Tops.
> Do not use on Equilibrium, Impression Tapered, Stealth, or Universal Credenzas due to dimension differences
> **Back-Painted Glass –** 1/4" thick, tempered, flat-polished low iron. Available as clear glass (B) or satin-etched/frosted glass (D). Brilliant white and black as standard (white matches Benjamin Moore brilliant white paint). Any Benjamin Moore color available upon request. $1500 list custom color fee applies for orders of less than 250 sq. ft. There is also a 20% upcharge to each top's list price for custom colors.
> **Solid Surface (Corian) –** Glacier White as standard. Price varies by finish/color, contact designteam@enwork.com with your preferred selection.
> **Cambria (Quartz) –** Seven standard finish/color choices. For other finishes/colors, contact designteam@enwork.com.
> **Birch Ply Edges –** Edge is clear coated when specified with laminate and stained-to-match when sold with veneer.

Ordering Information:

> **BRACES ARE INCLUDED WITH TABLE TOPS IF REQUIRED.**
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Zori® Teacher Desks

U.S. Patent No. D893,929 S

Product Specifications:
> Desks are laminate case, with laminate worksurface and three-quarter height steel back panels.
> Lock cores are LL Series.
> Height is 29"
> Box/File peds and Bi-Level basic cabinets are 16"W, Bi-Level tech cabinets are 20.75"W
> Desks have sleek pulls (only).

Ordering Information:
> Ships assembled.
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 3.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

STEP 1
(&) Cable Management Suffix List

N	No cable management	no charge
L	Grommet (over pedestal)*	+$21
M	Power/Data Cutout (over pedestal)	+$42

***Tip:** Grommet (over pedestal) applies to CYTD part numbers only
Tip: Product includes wire chase in back of pedestal. Grommet and cutouts are not recommended in the center of the desk due to inset modesty panel.

STEP 2
(^) Paint Suffix List

G	Storm	
K	Champagne Bronze	
R	Black	
S	Silver	
T	Medium Tone	
W	Arctic White	
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$300
Z	Other	

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

STEP 3
(@) Accent Foot Trim Suffix List

N	Standard Foot	no charge
Y	Polished Aluminum Accent Trim	+$239

STEP 4
(&) Caster Color Suffix List

B	Black
W	White with Grey Trim

STEP 5
(#) Laminate Suffix List

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$280
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$352

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

CY2TRR72C^@?#	Bi-Level Teacher Desk with RH Tech Cabinet, 24" x 80"W, on casters	$4,584
	Tip: Tech cabinets include A/V rack rails (10 positions) and locking access door on front of desk for access to back of A/V rack. Tip: Overall width includes a 3-5/8" overhang of the cabinet top.	
Zori Bi-Level Teacher Desk with Tech Cabinet - LH		
CY2TLL54^@#	Bi-Level Teacher Desk with LH Tech Cabinet, 24" x 62"W, on levelers	$4,082
CY2TLL60^@#	Bi-Level Teacher Desk with LH Tech Cabinet, 24" x 68"W, on levelers	$4,228
CY2TLL72^@#	Bi-Level Teacher Desk with LH Tech Cabinet, 24" x 80"W, on levelers	$4,376
CY2TLL54C^@?#	Bi-Level Teacher Desk with LH Tech Cabinet, 24" x 62"W, on casters	$4,290
CY2TLL60C^@?#	Bi-Level Teacher Desk with LH Tech Cabinet, 24" x 68"W, on casters	$4,437
CY2TLL72C^@?#	Bi-Level Teacher Desk with LH Tech Cabinet, 24" x 80"W, on casters	$4,584
	Tip: Tech cabinets include A/V rack rails (10 positions) and locking access door on front of desk for access to back of A/V rack. Tip: Overall width includes a 3-5/8" overhang of the cabinet top.	

Zori® Mobile Whiteboards & Monitor Stands

U.S. Patent No. D893,929 S

Product Specifications:
> Cabinets have sleek pulls (only).
> Cabinets are non-locking.
> Monitor Stand Sizing: 36"W is designed for a 32" monitor, 48"W is designed for up to a 49" monitor, and 60"W is designed for up to a 65" monitor. Monitor not included.
> Overall depth of Mobile Whiteboards (including feet) is 28". Overall width is 50.5" for 36"W whiteboards and 62.5" for 48"W whiteboards. Overall depth of Mobile Whiteboards/Monitor stands with cabinet (including feet) is 27.5". Overall width is 45.25" for 36"W cabinets, 57.25" for 48"W cabinets, and 69.25" for 60"W cabinets.
> Monitor Stands include one Ellora B power/data unit (PDEC22CSB) and one HDMI corded coupler (PDBHDR). See page 263 for power unit details. For alternative power units, contact designteam@enwork.com.

Ordering Information:
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 2.
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

		Tip: Ellora B power unit included. See Product Specifications.	
		Tip: Panel behind monitor is tackable fabric as standard.	
		Tip: Porcelain whiteboards are magnetic. Glass boards are not magnetic. Contact designteam@enwork.com.	

Monitor Stand Warning
- Max weight of monitor is 100 pounds.
- Monitor cannot be past front of cabinet for stability.
- No scissor mounts.

Notes

Zori® Freestanding Single and L-Shaped Screens

Product Specifications US Patent: DS875,449

- > Screens are made of extruded aluminum painted frames with Frosted Acrylic, acoustic, Frosted Acrylic w/ laminate lower, or acoustic w/ laminate lower panels.
- > Lower laminate portion is 29"H. Laminate grain always runs horizontal.
- > Mobile screens utilize Zori feet; non-mobile screens have low profile steel plates.
- > Polished aluminum accent foot trim is available for painted (non-polished) feet on mobile screens. See Step 4.
- > Single acrylic screens are available in clear or frosted acrylic, besides FRSAA60 and FRSAB60 due to acrylic sheet size. L-shaped screens are only available in frosted acrylic.

Ordering Information:

- > **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

STEP 1 (Select Single Acrylic Screens Only)

(&) Acrylic Finish Suffix List

C Clear
F Frosted

Warning:
Acrylic screens scratch and scuff easily.
After removing protective film, immediately and carefully install the screen.

DO NOT remove protective film from acrylic screens, then stack them in a pile or against each other. Experience shows this will cause maring and scratching.

STEP 2

(^) Paint Suffix List

G Storm
K Champagne Bronze
R Black

Zori Freestanding Single Screen Frosted Acrylic with Laminate Lower

Zori Freestanding Mobile Single Screen Non-Segmented Acrylic

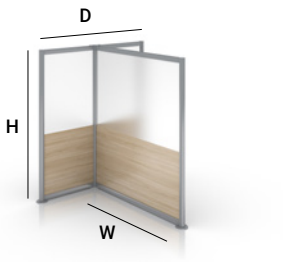

Zori Freestanding L-Shaped Screen Frosted Acrylic with Laminate Lower

Zori® Freestanding T-Shaped Screens

US Patent: DS875,449

Product Specifications
> Screens are made of extruded aluminum painted frames with Frosted Acrylic, acoustic, frosted acrylic w/ laminate lower, or acoustic w/ laminate lower panels.
> Lower laminate portion is 29"H. Laminate grain always runs horizontal.

Ordering Information:
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Clamp Modesty Panel, Frosted Acrylic, 13"H x .25" thick		
FDMA48	Frosted Acrylic Clamp Modesty Panel, 48"W	$460
FDMA54	Frosted Acrylic Clamp Modesty Panel, 54"W	$479
FDMA60	Frosted Acrylic Clamp Modesty Panel, 60"W	$495
FDMA66	Frosted Acrylic Clamp Modesty Panel, 66"W	$515
FDMA72	Frosted Acrylic Clamp Modesty Panel, 72"W	$531
Clamp Modesty Panel, Laminate, 13"H x .5" thick		
FDML48#	Laminate Clamp Modesty Panel, 48"W	$575
FDML54#	Laminate Clamp Modesty Panel, 54"W	$671
FDML60#	Laminate Clamp Modesty Panel, 60"W	$671
FDML66#	Laminate Clamp Modesty Panel, 66"W	$715
FDML72#	Laminate Clamp Modesty Panel, 72"W	$752

Fixed Modesty Panels - Perforated Metal with Trough, 9.5" H		
AMPT30^	Perforated Modesty Panel, 30" W	$320
AMPT36^	Perforated Modesty Panel, 36" W	$326
AMPT42^	Perforated Modesty Panel, 42" W	$347
AMPT48^	Perforated Modesty Panel, 48" W	$351
AMPT54^	Perforated Modesty Panel, 54" W	$384
AMPT60^	Perforated Modesty Panel, 60" W	$396
AMPT66^	Perforated Modesty Panel, 66" W	$404
AMPT72^	Perforated Modesty Panel, 72" W	$536

Tip: If installing between two legs, then purchase a 12" smaller size. If installing behind two legs, then purchase size to match worksurface.
Tip: Freestanding Straights have radiused (2.5") corners. Plan accordingly.

Product Specifications:

> 30/36" Zori or Sensation Next bases require pivoting modesty 12" narrower for straight legs and 24" narrower for angled legs. Failure to do so will result in modesty hitting foot. Alternatively, a full width 7"H modesty is available. Put an X in front of the part number and freeform **7"H**in the description.
> Ritz bases require modesty 12" narrower than top width to avoid legs.
> Worksurfaces for height adjustable tables are 1 1/8" less wide than nominal. Contact designteam@enwork.com for this application.
> Laminate pivoting modesty panels are 3/8" thick.

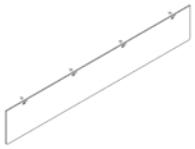

Ordering Information:

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

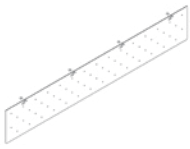

Part Number	Description	List Price (US$)
Universal No-Mast Monitor Mount		
LNMMTA^	Universal Monitor Mount Tip: Works with most tables. For use when mast not desired. Attaches to underside of table.	$1,382

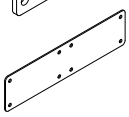

LNMMAB*	Acoustic Monitor Back Trim (30"W x 18"H) Tip: Optional acoustic trim attaches to back of monitor mount to conceal back.	$503

Carts		
CART60	Cart for 60" Round Tables, 61"W x 31.25" D x 42.5 H	$3,858
CART	Cart for Rectangle Tables, 49"W x 31.25"D x 32.25"H	$3,613
	Tip: Carts hold 5 Enwork folding tables. Includes 4" heavy duty casters and frame. Portions of the steel frame are covered by Neoprone rubber to help protect tables.	

Tie Plates		
UTE	1/2" x 2.5" Tie plates - package of 5	$72

Support Plates		
USPT	2" x 7.5" Support plate - package of 1	$32

Grommets, 2.36" Diameter with Covers, Package of five		
GRMB	Grommets, Black	$87
GRMG	Grommets, Grey	$87
GRMW	Grommets, White	$87

Edging		
GREDG1	1mm Edging, price per foot	$8
GREDG3	3mm Edging, price per foot	$8
	Tip: Freeform color selection. Standard Enwork edge colors only.	

Ganging Bracket Packages		
GBT2	Ganging brackets for tables with 3mm edge – package of 2, black only	$76
	Tip: GBT2 Ganging Package includes 2 ganging mechanisms (4 ganging parts). Use both ganging mechanisms (one package) to connect two 24-36"D tables. Tables 18" deep only require one ganging mechanism (1/2 package) per pair. Tip: Will not work on tables that have knife edge on all 4 sides.	

Extended Leveler, Package of one		
UZGLIDE3	Extended 2" Leveler for Ambition Legs, Sawhorse, Solano, and Stealth bases	$12
UZGLIDE4	Extended 2" Leveler for Sensation and Zori Legs	$12
	Tip: Each package contains one leveler. Most bases require two levelers. Some exceptions include straight legs (one leveler) and drum bases (four levelers).	

Replacement Casters for Legs and Bases, Package of one (Stem Included)		
CSTSW	3" White twin wheel locking Caster for Sensation Next and Zori	$41
CSTSB	3" Black twin wheel locking Caster for Sensation Next	$39
CSTZB	3" Black twin wheel locking Caster for Zori	$39
CSTRB	3" Black twin wheel locking Caster for Ritz	$30
CSTMG	2-1/2" Grey locking Caster for Impression, Solano, and Sawhorse	$30
CSTMB	2-1/2" Black locking Caster for Impression, Solano, and Sawhorse	$30

Perimeter™ Porcelain & Glass Wall-Mount Whiteboards

Product Specifications:
> Wall-Mounted Glass Whiteboards are 3/16" tempered, low iron glass back-painted Super White.

Ordering Information:
> Note on PO if wall-mount glass whiteboards are for use in side-by-side application.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Perimeter Wall-Mounted Rectangle Glass Whiteboards with 15" Marker Tray, 48"H		
DYG4848	Glass Whiteboard for Walls, 15" Marker Tray, 48"W	$3,132
DYG4860	Glass Whiteboard for Walls, 15" Marker Tray, 60"W	$3,893
DYG4872	Glass Whiteboard for Walls, 15" Marker Tray, 72"W	$4,698
DYG4896	Glass Whiteboard for Walls, 15" Marker Tray, 96"W	$6,264

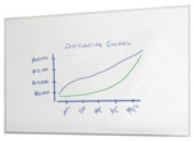

Tip: Includes mounting cleat and hardware. No standoffs.
Tip: Two-sided tape included to attach tray to whiteboard.
Tip: Note on PO if ordering for use in side-by-side application.

Perimeter Wall-Mounted Rectangle Glass Magnetic Whiteboards with 15" Marker Tray, 48"H		
DYH4848	Glass Magnetic Whiteboard for Walls, 15" Marker Tray, 48"W	$4,209
DYH4860	Glass Magnetic Whiteboard for Walls, 15" Marker Tray, 60"W	$5,261
DYH4872	Glass Magnetic Whiteboard for Walls, 15" Marker Tray, 72"W	$6,314
DYH4896	Glass Magnetic Whiteboard for Walls, 15" Marker Tray, 96"W	$6,657

Tip: Includes mounting cleat and hardware. No standoffs.
Tip: Requires rare earth magnets.
Tip: Two-sided tape included to attach tray to whiteboard.
Tip: Note on PO if ordering for use in side-by-side application.

Rare Earth Magnets, Package of Five		
DYMAGB	Rare Earth Magnets, Black	$220
DYMAGR	Rare Earth Magnets, Red	$220
DYMAGW	Rare Earth Magnets, White	$220

Perimeter Wall-Mounted Porcelain Magnetic Whiteboards with Aluminum Frame and Full Width Marker Tray, 48"H		
DYF4848	Porcelain Whiteboard with Frame for Walls, Marker Tray, 48"W	$1,837
DYF4860	Porcelain Whiteboard with Frame for Walls, Marker Tray, 60"W	$2,139
DYF4872	Porcelain Whiteboard with Frame for Walls, Marker Tray, 72"W	$2,453
DYF4896	Porcelain Whiteboard with Frame for Walls, Marker Tray, 96"W	$2,963

Tip: Includes mounting hardware.

Private Office

Affinity™
Cayman
Ligouri Private Office

Understanding Affinity

Introduction

Introducing Affinity, a private office furniture collection that seamlessly blends style and productivity. Embracing horizontal design cues, Affinity creates a sleek, inviting aesthetic through slim-profile solid aluminum shelving, integrated LED lighting, and optional accents. Its versatile components and range of sizes allow for effortless scaling, accommodating both modern and traditional configurations. Whether you seek a workspace that reflects your style or adapts to evolving needs, Affinity offers a harmonious balance of form and function.

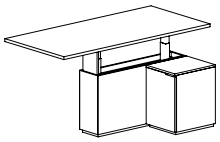

Design Details

1. Affinity furniture rests on a recessed 1.25"H black plinth base, creating a light-scale floating furniture aesthetic.
2. Desks are available in Cantilevered, Overlay, and Traditional End Panel or Pedestal configurations, addressing everything from C-suites to reception stations within one synchronized collection.
3. Cantilevered Desk Shells feature a 45-degree mitered case construction, delivering clean lines by eliminating edge banding.
4. Common tops over storage eliminate visible seams. Optional quartz and back-painted glass toppers are ideal materials for elevating the aesthetic of any space.
5. Storage solutions empower designers to craft smart, functional spaces, featuring sophisticated appliance towers, printer storage, waste/recycling storage, and more.
6. Storage cases feature inset back panels for a clean, tight fit against drywall, while still allowing easy access to outlets. Access holes in the back of the cabinets ensure convenient cable management.
7. Individually specifiable worksurface, cabinet (cases), and drawer/door laminates make unique finish combinations possible.
8. Designers can define inspiring spaces with horizontal details in various ways: full-width sleek pulls on drawer fronts, customizable adjustable-height case laminates, optional slim-profile aluminum shelving with LED lighting, optional end-panel aluminum trim, and more.
9. Drawer body laminate matches the case, creating a seamless visual when drawers are open—a higher standard than the industry's common use of maple drawers.
10. Optional polished aluminum pulls, shelves, and end panel trim allow designers to make standout designs that cater to the most discerning tastes.

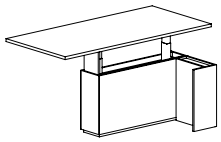

Key Features

1. Affinity features soft-close hinges and drawers (exception: Value Storage).
2. An industry-leading height-adjustability range of 26.5"/27" – 47.5" (depending on desk) accommodates workers of all heights.
3. Affinity comes standard at a height of 81". The overall height is determined by the storage tower. An optional height of 76" can be achieved with overhead storage and 37" wall panels above 24"H storage.
4. LED lighting is standard on aluminum shelves and optional on laminate shelves.
5. Affinity has an extensive statement of line, including:
    a. 24" and 29”H lower storage, each available in 20" and 24" depths, providing designers with complete flexibility in scale and functionality.
    b. Laminate and Tackboard Wall Panels are available with 1, 2, or 3 laminate/aluminum shelves. Affordable Glass Walls (36"W) are also available.
    c. Optional USB and outlets in the return area for personal devices.
    d. Robust cable management solutions with five options.

Dimmable LED Lighting

- LED lighting is dimmable, features a slim profile, and is fully recessed.
- LED lights come standard with aluminum shelves (excluding tall bookcases) and are optional for laminate shelves and overhead storage..
- The Light Driver and Switch Kit are ordered as a separate part number.
- Light color temperature is 3000K.

Locks

Locks are optional on most Affinity lower storage units, except those with sliding doors and side-access wardrobe storage. Locks are not available as standard on upper storage units.

Enwork uses black and nickel-colored locks, with the lock color defaulting to match the specified paint or laminate. Essentially, if black paint or black laminate is selected for a door/drawer storage front, a black trim ring and lock are installed. Otherwise, a nickel trim ring and lock core are used.

A set of lock cores per office should be ordered separately from furniture. Refer to Affinity Locks on page 390 and the complete list of default colors on page 18.

Thin-Profile Aluminum Shelving

Inspired by aeronautical design principles, Affinity redefines light-scale environments in a new way. Featuring solid aluminum shelves, this high-quality solution enables elegant design with soft radii and crisp end details. Low-profile LED lighting is fully integrated and recessed.

End Profile

Isometric View

Affinity aluminum shelving is 5/8" thick and 12" deep, available in widths from 24" to 42". Standard shelving comes with a textured paint finish, with an optional high-polished finish available to coordinate with polished aluminum hardware and trim.

Engineered to support up to 100 pounds, these shelves provide exceptional strength and durability without deflection.

Wall Panels

Wall panels are mounted to walls using cleats. The customer is responsible for providing the appropriate wall attachment fasteners.

Wall Panel recommendations for use above height-adjustable desks:

With Overhead (43"H or 38"H)

Glass, Fabric Tackboard, and Laminate Wall Panels

Without Overhead (57"H)

With Overhead (43"H)

Wall Panel Planning

Laminate and Fabric Wall Panel widths are available in 6" increments to align with desks, low storage, and overheads. Glass wall panels are available 36"W only. Corner applications are intended for wall panels on one side. For wall panels on two sides of a corner or custom sizes to fit your unique application, contact the Enwork Design Team.

Dimensions & Specifications

1" Thick

- Laminate Walls (3/4" thick laminate panel plus hanging cleat) with and without shelves.
- Fabric Walls with no shelves (3/4" thick fiberboard panel plus hanging cleat).

1.25" Thick

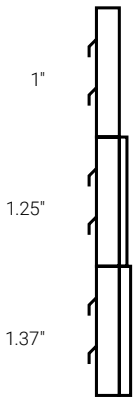

- Glass Walls (1/4" thick glass on 3/4" thick laminate panel plus hanging cleat).

1.37" Thick

- Fabric Walls with Shelves (3/4" thick laminate panel behind 3/8" thick fiberboard plus hanging cleat).

Optional Wall Flush Alignment Kits are available to shim 1" thick panels, aligning them flush with 1.37" thick walls on the user side. All walls feature 3/4" thick core panels mounted on cleats, making the protruding part of the core panel either the glass or fabric. This design looks intentional to most designers, but if a flush appearance is preferred, the Alignment Kit is recommended.

Please note that using the Alignment Kit will increase the space between the finished wall and the rear of the wall panel. This should be considered when planning office layouts, as the added space may not be preferable if visible through an interior door or window.

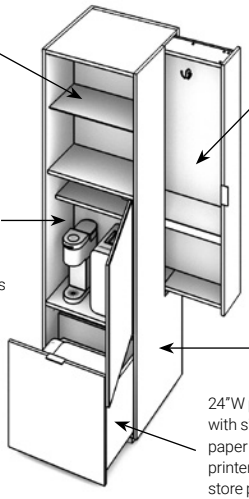

Laminate (with or without shelves) and Fabric (without shelves) Walls

Glass Walls

Affinity Storage vs. Affinity Value Storage

	Affinity Storage is designed to create inspiring return and credenza layouts. It has a variety of user features and design elements to create incredible office spaces. Key features include:	**Affinity Value Storage** is designed for use with simple fixed-height Desk Shells or for ganging together to create a credenza. Key features include:
1.	Soft-close hinges on doors.	Standard door hinges.
2.	Soft-close, bottom-mount drawer slides that are not visible from the side (exception: 29”H 2-high lateral and 29”H file/file pedestal have soft-close side-mount drawer slides).	Standard side-mount drawer slides.
3.	Thin-profile 3/4" common tops minimize top seams.	Used in Desk Shells or with 1.25" thick common top.
4.	1-1/4" thick recessed black plinths create an illusion of floating, light-scale furniture.	Does not include plinth.
5.	Drawer body laminate color matches the case laminate. Drawer bodies are 3/4" thick construction—most manufacturers use simple commodity maple (or similar) drawers that are only 1/2" thick.	Black drawer body laminate, 3/4" thick construction.
6.	Broad statement of line, including typical pieces along with open bookcases, sliding perforated steel doors, printer storage, trash storage units, and more.	Limited offering of pedestals, lateral files, bookcases, and double-door cabinets.
7.	Extensive dimensional choice: • Two heights – 24"H and 29"H • Two depths – 20"D and 24"D	Actual dimensions are 20"D x 27.75"H - for use inside Desk Shells.
8.	Choice of sleek or full-width sleek pulls, painted or polished.	Standard 4"W sleek pull; pulls on pedestals can be positioned left, center, or right based on aesthetic preference.
9.	Back panels are recessed 1" to keep storage tight to wall. Overlay cabinets, tech/lateral storage, trash pullouts, bookcases, and double door cabinets have access holes. Other cabinets require a field cut if needed. 	Flush back panels with no access holes.

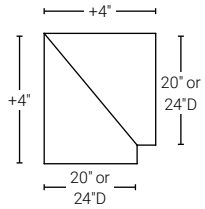

Understanding Affinity

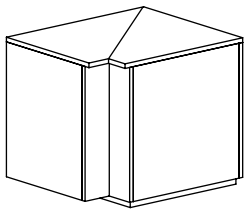

Creating a U-Shaped Office

Using Junctions – Turning the Corner with Same-Height Storage

Junctions are used to create a 90-degree turn by connecting Affinity Storage on the return and credenza areas of a "U" workstation. They are sized to correlate with the depth and height of the adjacent storage. The storage heights on each side should match – either 24"H or 29"H for both pieces.

Junctions include a plinth to match Affinity Storage and a mitered common top. They are oversized by 4" to allow for inner spacing, ensuring drawers on one side can be fully extended without interfering with the pull on the other side. Junctions are not for use with Value Storage.

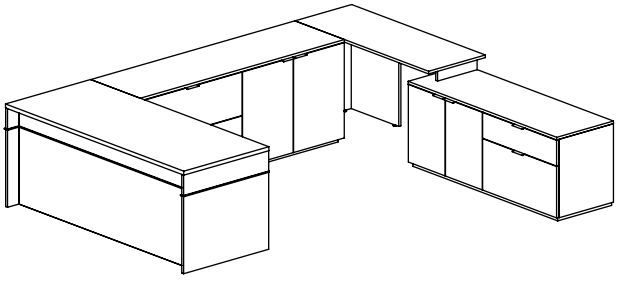

Using Layering Shells – Turning the Corner with Differing-Height Storage

Layering Shells are used to turn a 90-degree corner by transitioning Affinity Storage on the return side and overlaying credenza storage. They are sized to correlate with the depth and heights of the adjacent storage.

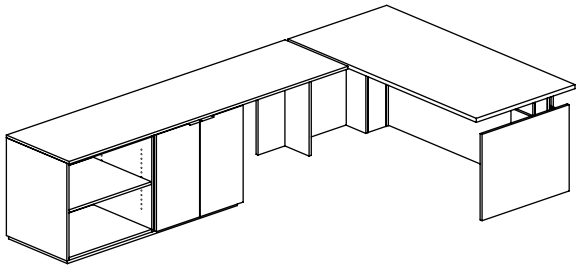

Layering Shells consist of an "L" end panel that sits beside the return storage and a vertical block stand-off to transition from 24"H to 29"H on the credenza side. Layering Shells are not for use with Value Storage.

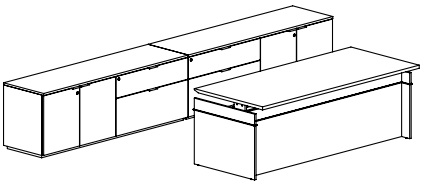

Using L-End Panels – Create Kneespace Adjacent to Main Desks

L-End Panels are utilized to create kneespace adjacent to main desks. This is achieved by specifying 29"H Affinity Storage and then adding in the Kneespace Package when ordering the Common Top and Plinth.

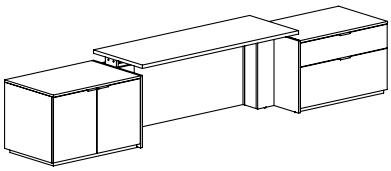

Example:
Qty 1 – BEH243029 - Double Door Cabinet, 30"W
Qty 1 – BEK243029 - Bookcase, 30"W
Qty 1 – BECP2496 - Common Top & Plinth Kit with Kneespace Package (Option Step 2)
Qty 1 – BEJJ101029 - L-End Panel Base Support

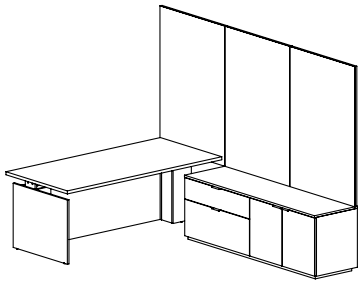

Using Height-Adjustable End Panel Desks

F - Freestanding
(true dimension top)

H - Inline
(top reduced 1" per side)

R (RH) / L (LH) - 90-Degree to Wall Panels
RH Shown
(True dimension top and base width is 1.75" oversized by the wall allowing the desk end panel to slide under a wall panel)

Specifying Affinity Private Office

STEP 1 - Primary Desk
- Determine configuration, size, and handing.
- Add optional power accessories and/or grommets.

STEP 2 - Low Storage
- Add return/guest storage.
- Determine desired height(s), 24”H and/or 29”H.
- Determine depth(s), 20”D and/or 24”D.
- Select from a variety of storage configurations and widths.

STEP 3 - Common Top and Plinth
- Calculate the required width by adding together widths of adjacent Low Storage Components.

STEP 4 - Overhead Storage
- Choose from a variety of closed and open storage configurations.
- Specify LED Light Driver/Switch Kit if applicable.

STEP 5 - Wall Panels
- Specify appropriate height, material, and shelves (if applicable), in coordination with Primary Desk, Low and Overhead Storage selections.
- Specify LED Light Driver/Switch Kit if applicable.

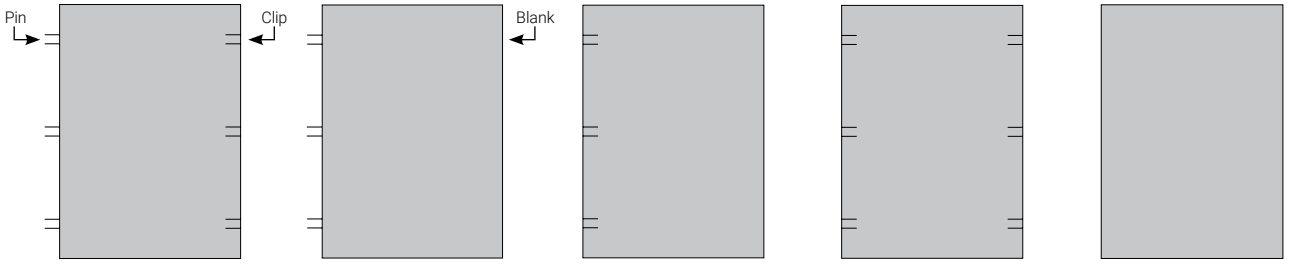

STEP 6- Accessories
- Add optional items as required.

Understanding Affinity Open-Plan

Panel Dimensioning

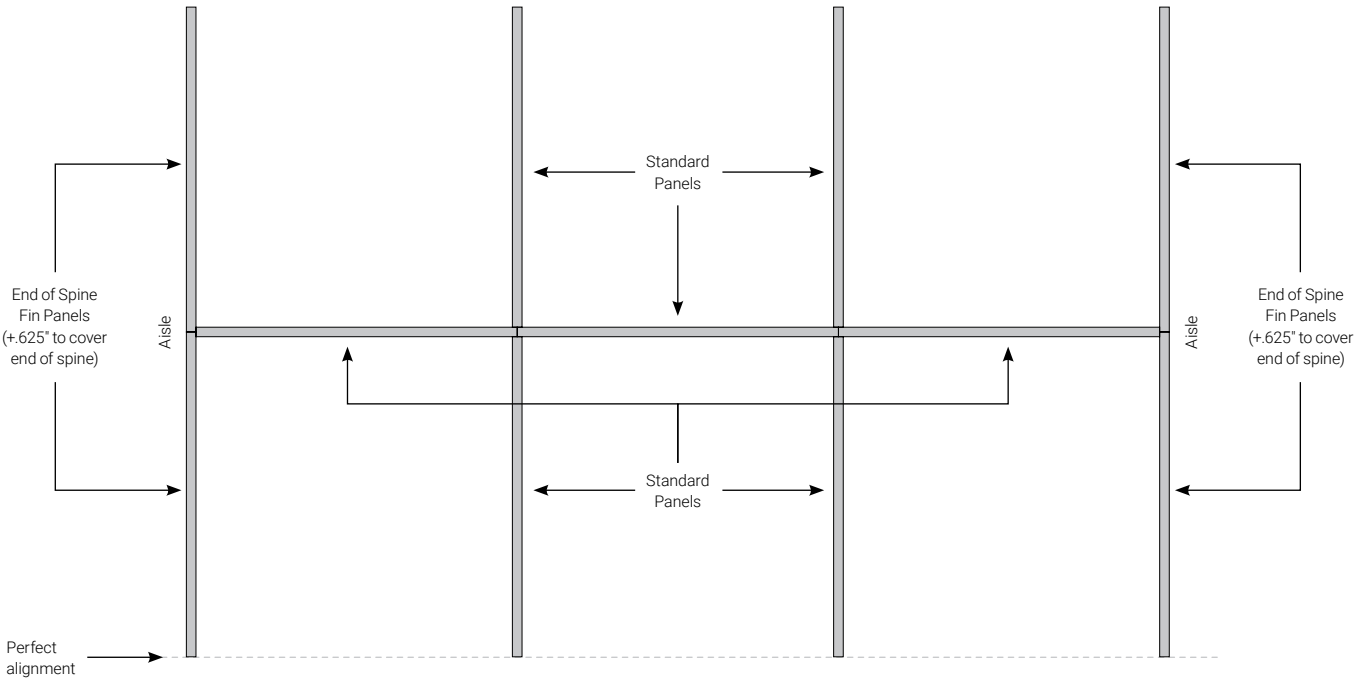

36"–84" Wide panels are oversized by 2.625" to allow for freestanding furniture to fit loosely in a variety of L, T, and X configurations. 20"–24"W wing wall panels are true dimension width to match adjacent storage. 30"W panels are available both oversized and true dimension. Interior dimensions will vary based on panel layout and application.

Note: Fin panels can be either centered on a panel seam or offset, depending on preference.

End of Spine T-Junction Aisle Condition

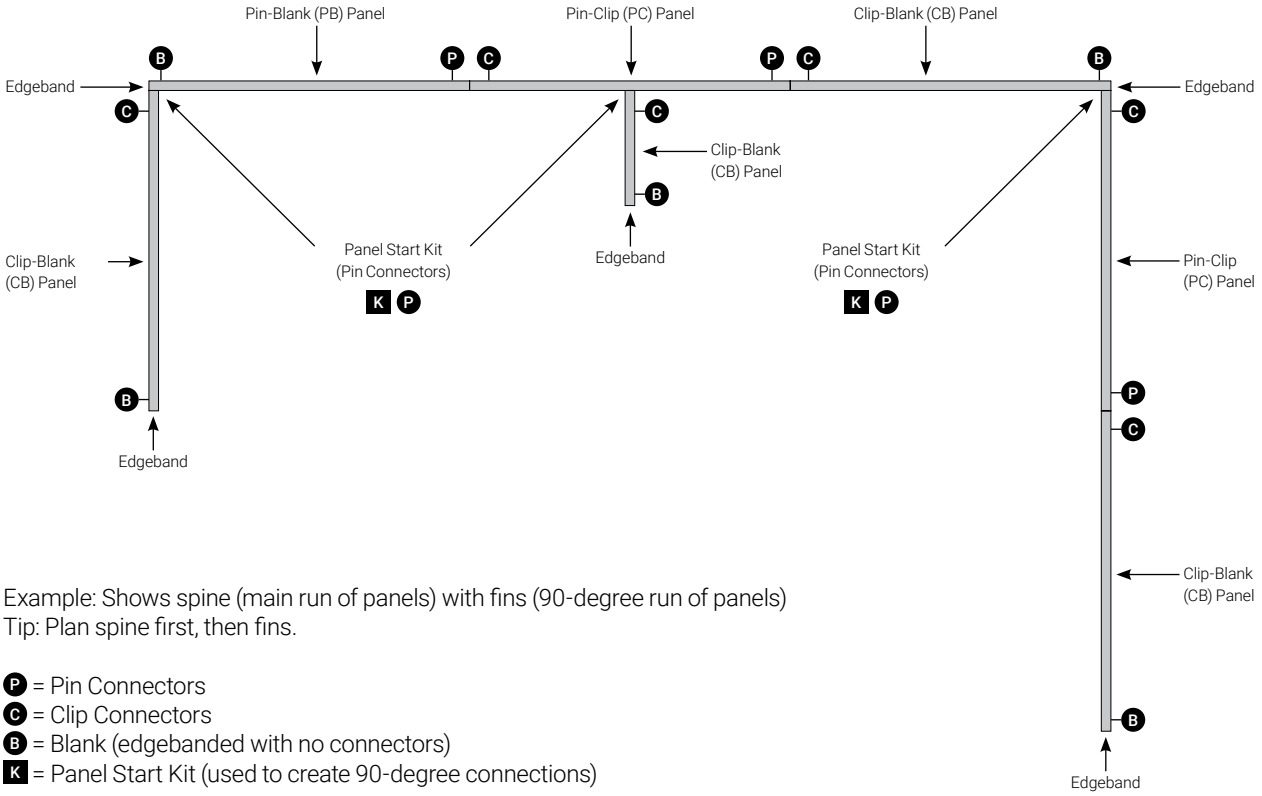

End of Spine Fin panels are available with an additional .625" width to create perfect alignment with interior fin panels.

Understanding Affinity Open-Plan

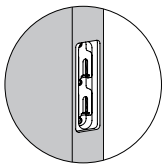

Panel Connections

It takes a pin (external) connector on one panel and a clip (internal) connector on the other to form an inline connection. When forming a 90-degree connection, a Panel Start Kit is needed for attachment to the side of the first panel to begin the 90-degree run. These kits have pin (external) connectors so the panel attached to it must have a clip connector. Designers must plan for connections when specifying. See example below:

Example: Shows spine (main run of panels) with fins (90-degree run of panels)
Tip: Plan spine first, then fins.

P = Pin Connectors
C = Clip Connectors
B = Blank (edgebanded with no connectors)
K = Panel Start Kit (used to create 90-degree connections)

Clip Connector Panel

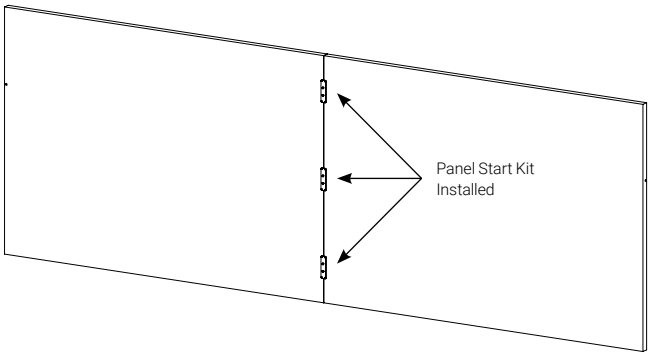

Pin Connector

Stability Rules:
A spine of more than two panels require a fin or 90 degree panel. For example, in the scenario above, the Clip-Blank fin panel or a Panel Start Kit and a full 90 degree panel is required.

A spine must have at least one section of 90 degree panels that are at least 1/3 the length of the spine.

Panel Start Kits

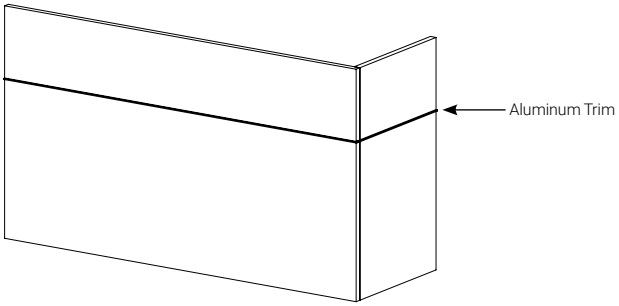

Panel Start Kits are used to create 90-degree connections. They are ordered separately and installed in the field. Each kit has three brackets with pin connectors. A clip connector panel is required to connect to the Panel Start Kit. A template is provided for field install.

Understanding Affinity Open-Plan

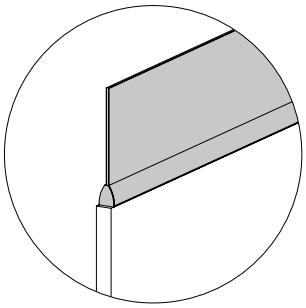

Aluminum Trim

Optional Aluminum Trim on Affinity Open-Plan panels provides design continuity opportunity with nearby private office trim and long sleek pull design choices. Trim is designed for aisle conditions. Trim is available polished or painted. When trim is selected, Enwork engineering will work with customers on an order-by-order basis to understand panel application and ensure installation success.

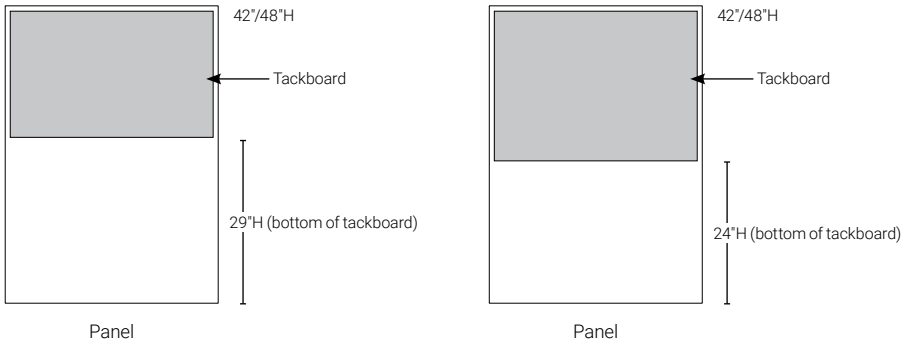

8.5"H Panel Toppers

Available in acrylic, clear glass, and etched glass. Toppers are field installed and inset 1/4" per side.

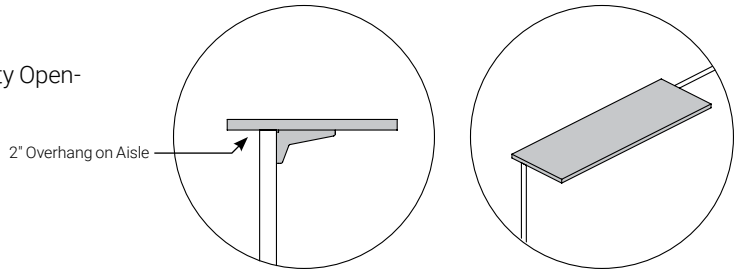

Tackboards

Tackboards are available in 13" and 19" heights for placement over 29"H storage, and 18" and 24"H for over 24"H storage. Tackboards are true width, intended to align with storage.

Transaction Tops

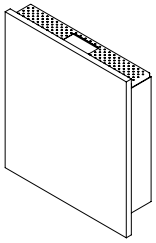

Transaction tops are used on top of Affinity Open-Plan panels. Tops are 3/4" thick and 12"D.

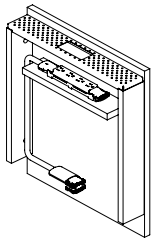

Understanding Affinity Open-Plan

Power Boxes (multi-circuit power)

Affinity Open-Plan panels have 2, 3, and 4-circuit power systems available in the form of Power Boxes. Power Boxes are 20"H x 3.75"D x 23"W, and hide receptacles/plug heads. These receptacles are accessed via a removable, perforated metal top panel (black). The metal top panel has an access hole for power and data cord management. Power boxes ship assembled. Receptacles, a small jumper, and a splitter are factory installed. Infeeds, and jumpers from box to box are ordered separately and field installed. When space planning jumpers going from power box to power box, the attachment point is on the ground in the center of the box.

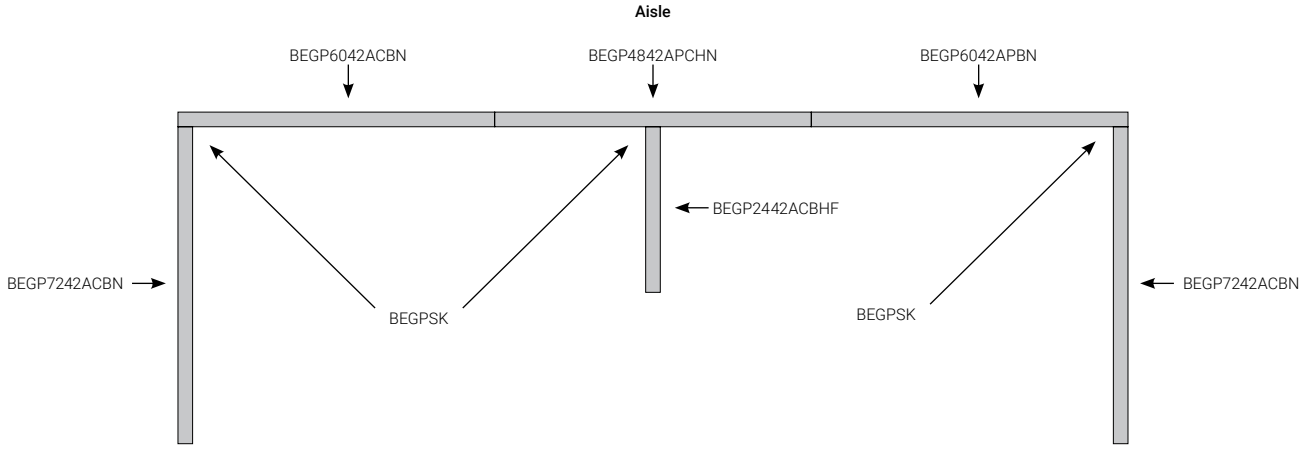

Exterior View of Power Box

Interior View of Power Box

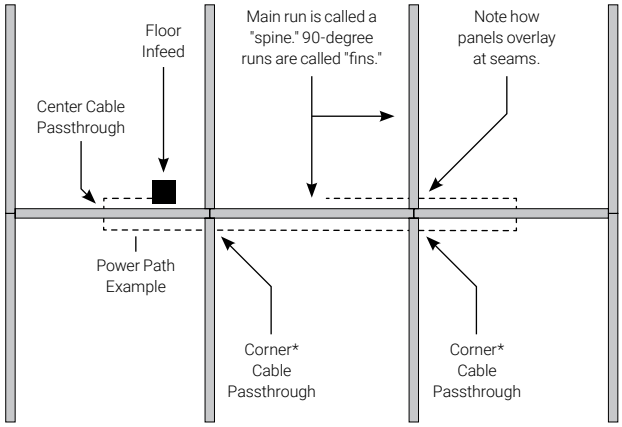

Example with Part Numbers (42"H)

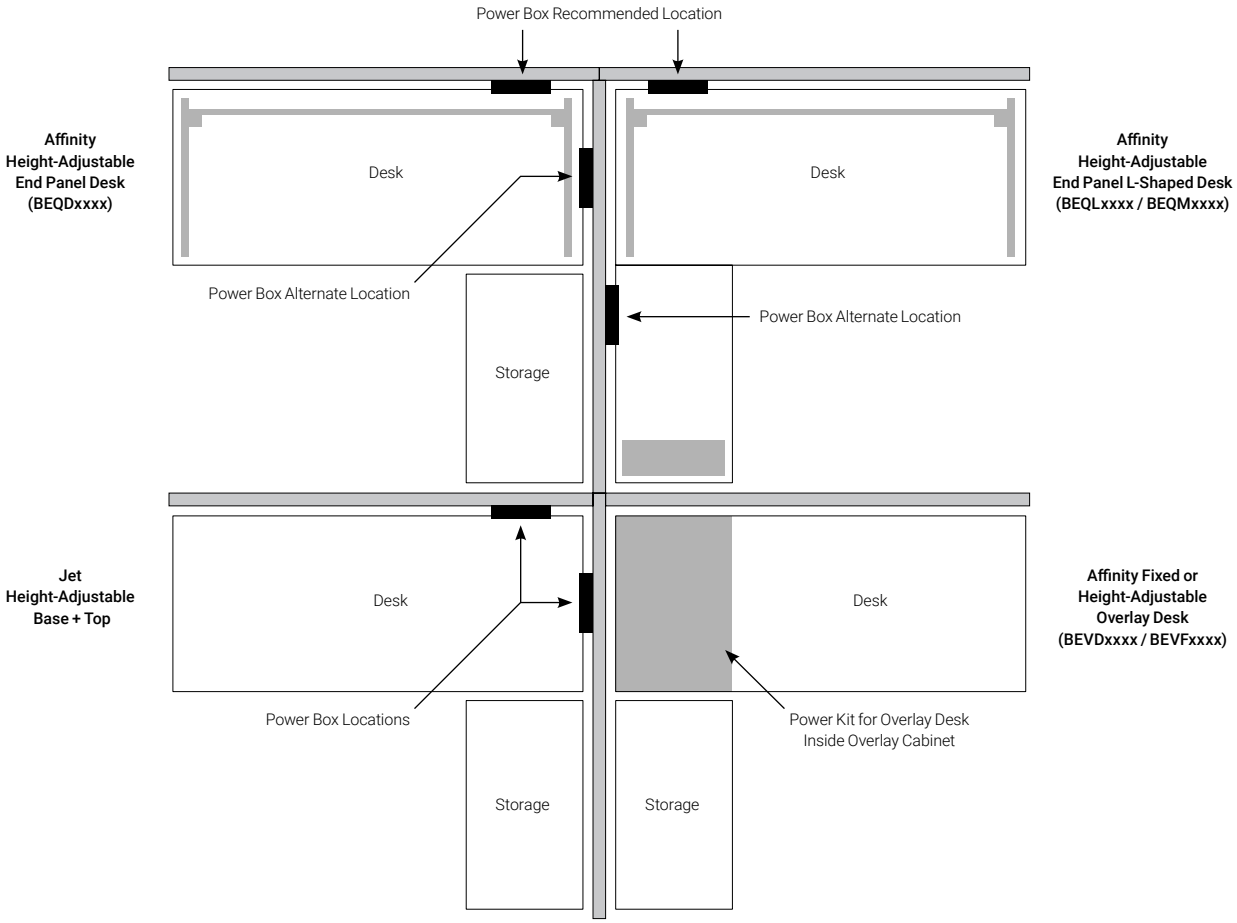

Understanding Affinity Open-Plan

Power Box Applications

Power Boxes are placed in the desk area of a workstation. Jumpers and ethernet cables run behind the plinth of Affinity Storage. The plinth is recessed in back 1" for this purpose. Power Boxes are field installed. Power Boxes are designed to work with Affinity End Panel Desks and Jet Height-Adjustable Bases. A multi-circuit power kit is also available to be placed inside the cabinet of the overlay desk. Optional jumper covers are available to cover jumpers not hidden by storage. Contact designteam@enwork.com for assistance in specifying.

*Note: 90-degree connections can be placed anywhere along spine.

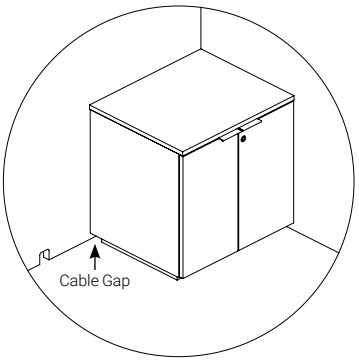

Understanding Affinity Open-Plan

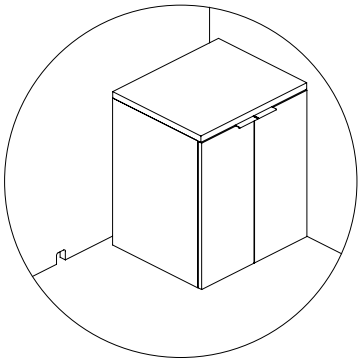

Cable Management

A 1"W x 1.375"H recessed gap in the back of the plinth exists to route jumpers behind Affinity standard storage. Affinity value storage must be pulled away from panels to accommodate jumpers running along floor. Alternatively, 20"D cabinets with 24"D tops may be used.

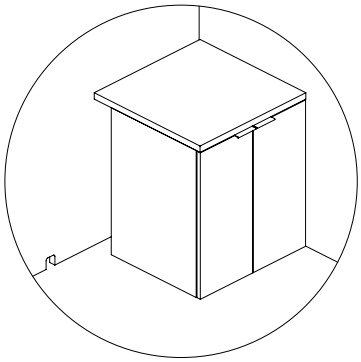

Affinity Storage

Affinity Value Storage Options

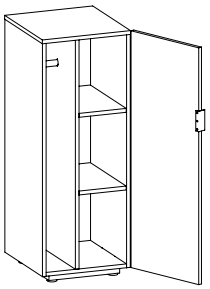

Storage Pulled Away from Wall

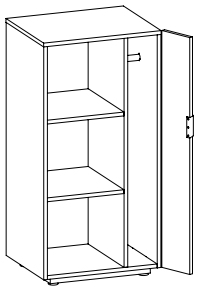

20" Cabinet with 24" Top

Affinity Open-Plan Specific Storage

The full suite of freestanding Affinity furniture is available for use within Affinity Open-Plan. Additionally, the below products work with the specific heights of Affinity Open-Plan panels.

Single-Door Towers
(42"/48"H, 12"/18"/24"W, 20"/24"/30"D)

Bookcase Towers with Laminate Shelves
(42"/48"H, 24"W, 20"/24"/30"D)

Understanding Affinity Open-Plan

Affinity Open-Plan Panels with Jet Beams – Double-Sided Workstations

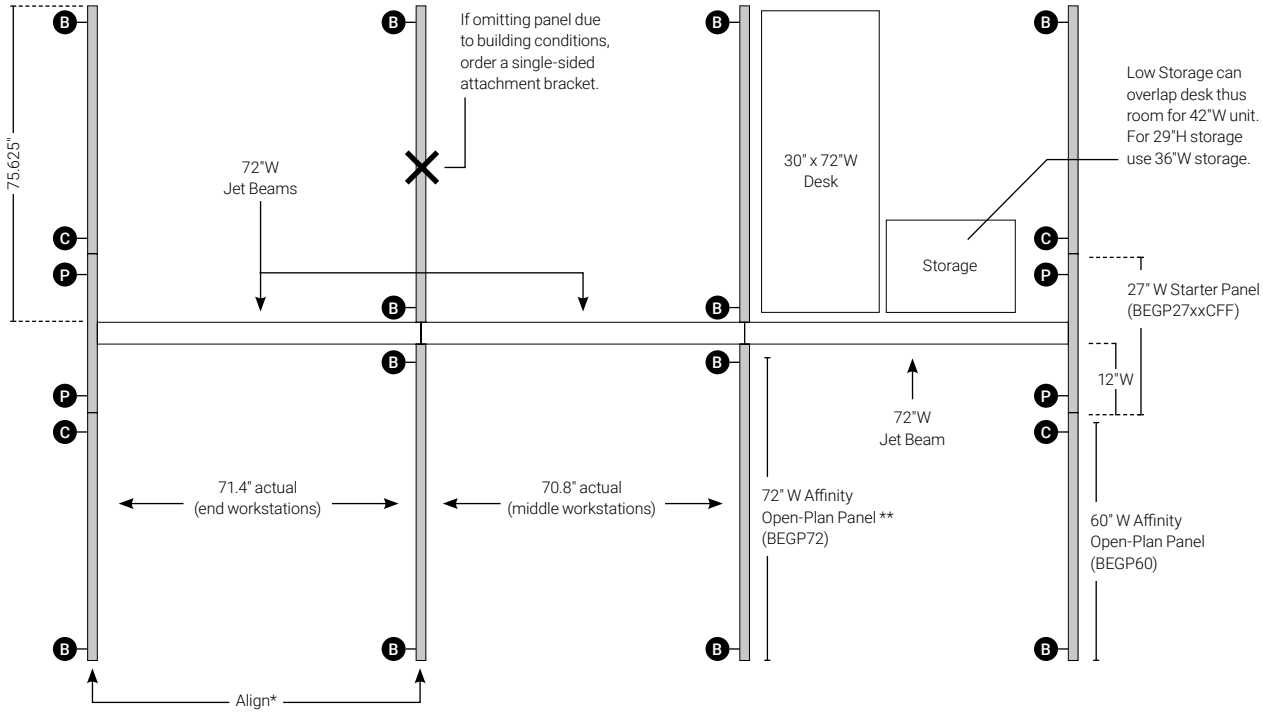

This product combination is designed for double-sided 2, 4, 6, 8, 10, 12 and 14-pack workstations with the power capacity of a Jet Beam spine and the privacy of Affinity Open-Plan panels. The beam spine is different than normal Jet beams in the following ways:

- A unique support leg is present at every beam seam and includes bracketry for attaching double-sided panels. Note: You can turn a double-sided connection into single sided by ordering a single-sided attachment kit. This is helpful if a building column is present or you are making larger manager workstations.
- There is an option to have the end of the beam equipped with panel attachment holes and a special T-leg for Affinity Open-Plan end panel attachment.

Key Things to Know:

- Interior Dimensions - Due to the thickness of the panels, the interior dimensions of the end and middle workstations are less than the length of the beam. For instance, 72"W beams have 71.4" of available space in the end workstations and 70.8" of available space in the middle workstations. Furniture fits loosely within the available space. Tip: with low 24"H storage it is possible to overlap the storage with the height-adjustable desk to maximize the full 72" width (a 30"D desk and 42"W storage will fit in the 70.8" of available space).
- Panel Specification (End of Beam) - Affinity Open-Plan panels can be specified on each end of the beam, on one-end only (if the other end is against a wall) or on neither end (rare condition). For End of Beam applications, specify a starter end panel first (approx. 27"W, protrudes 12" into the adjacent workstations). It has a pin-pin connector. Additional Affinity Open-Plan panels are then added on as necessary (usually in the Clip-Blank attachment configuration). These panels are 12" less wide than the middle panels. See diagram.
- Panel Specification (Middle of Beam) - For Affinity Open-Plan panels connecting in the middle sections of the beam, blank-blank panels should be specified. The beam will include bracketry to connect to these panels at each seam between beam sections.
- Single Sided Specifications – This product combination is not viable for single sided applications. Use regular Affinity Open-Plan panels in this instance.

6-Pack Example - 6' x 6' Workstation:

Affinity Connection Type Key:
B = Blank (no connector)
C = Clip
P = Pin

* For aligned End/Mid Panels: Order end panels 12" less wide than mid panels.
**Note: In the example above, actual dimension from beam to end of fin wall is 75.625". Panels are oversized by 2.625" from nominal plus there is a 1" gap between the beam and panel.

Affinity Height-Adjustable Cantilevered Desk

STEP 1 - Orientation
L Left Hand Return

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

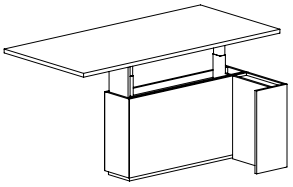

STEP 12 - Height-Adjust Inner Cover Laminate
F Formica Black (909-58)
T Match Outer Shell

Product Specifications:
> Cantilever outer and inner cabinet is mitered construction for an upscale aesthetic.
> Height-adjustable range is 26.5"H - 47.5"H (including HPL worksurface).
> Includes up/down switch with programmable controller.
> Knife edge option has knife on all user/guest sides with 3mm on the back edge.
> Knee space is 8" on the guest side and 15" on the user side. Kneespace can be altered via specials on bases with cabinets. Contact designteam@enwork.com.
> Overhang from end of base to end of top is 29".
> Worksurface actual depth is 34" (1" less than nominal per side to avoid pinch points). Worksurface width is true dimension. Desk overall width is an additional 1.625" to avoid pinch points at wall.
> Includes a 20/24"D x 16.5"W x 24"H single door cabinet with a 4" sleek pull or end panel for support.
> Cabinet includes soft-close hinges.
> Includes plinth.
> Must be ganged to additional storage for stability.
> Maximum weight rating is 140 lbs (evenly distributed).
> See Understanding Affinity for additional details.

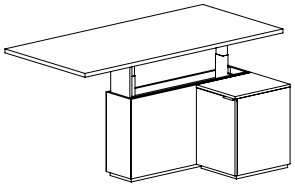

Ordering Information:
> When additional power accessory cutout is selected, accessory must be ordered separately. See page 391.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Affinity L-Shaped Height-Adjustable Cantilevered Desk

Product Specifications:
> Cantilever outer and inner cabinet is mitered construction for an upscale aesthetic.
> Height-adjustable range is 27"H - 47.5"H (including HPL worksurface).
> Includes up/down switch with programmable controller.
> Knife edge option has knife on all user/guest sides with 3mm on the back edge.
> Knee space is 8" on the guest side and 15" on the user side. Overhang from end of base to end of top is 29".
> Main Worksurface actual depth is 34", and Return Worksurface actual depth is 22.5"D. Tops are undersized to avoid pinch points.
> Main worksurface width is true dimension. Overall main base width has an additional 1.625" gap at wall to avoid pinch point. Return overall width is true dimension with the top undersized 1" to avoid pinch point.
> Includes a 9"W x 24"D Single Door Return Cabinet with soft-close hinges and a 4" sleek pull. Usable depth is 10"D. Does not lock.
> Includes plinth.
> Desk can be used in a standalone application.
> Optional removable 24"H fixed return full-height back panel provides an ability to enclose desk underneath Return.
> 24"H Storage Components can be specified below Return Worksurface. If optional modesty is present, must use 20"D storage under return.
> Maximum weight rating is 140 lbs (evenly distributed).
> See Understanding Affinity for additional details.

STEP 13 - Height-Adjust Inner Cover Laminate

F	Formica Black (909-58)
T	Match Cabinet/End Panel

STEP 1 - Modesty Panel Laminate

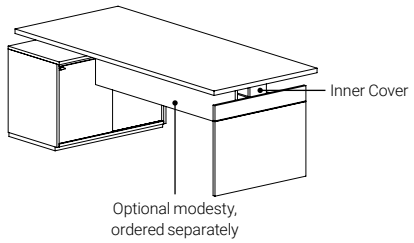

*See Step 10 above for choices and pricing.

Product Specifications:

> Height-adjustable range is 27"H - 47.5"H (including HPL worksurface).
> Includes up/down switch with programmable controller.
> Cabinet back panel is recessed 1" to keep storage tight to wall allowing cords to plug into outlets. Two 6" x 10.5" rear access holes provided.
> Cabinet is 24"H and includes shelf, top and plinth. Sliding doors have a 1-1/3" sleek pull.
> 30"D tops are 28" actual depth. 36"D tops are 34" actual depth.
> 30"D desks have 28"D end panels. 36"D desks have 34"D end panels.
> Top width is true dimension. Desk overall width is 1.5" wider to avoid pinch point at wall.
> Tops are rectangle with the option of 3mm edge or knife edge. Knife edge is on 4 sides.
> Optional accessory cutout in cabinet is located 6" from the front and edge of the cabinet.
> Locks not available.
> Maximum weight rating is 140 lbs (evenly distributed).
> See Understanding Affinity for additional details.

Ordering Information:

> Modesty sold separately.
> When additional power accessory cutout is selected, accessory must be ordered separately. See page 391.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$150 (6) +15% (7)
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$300 (6) +25% (7)

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

STEP 8 - Height-Adjust Inner Cover Laminate

F	Formica Black (909-58)
T	Match End Panel

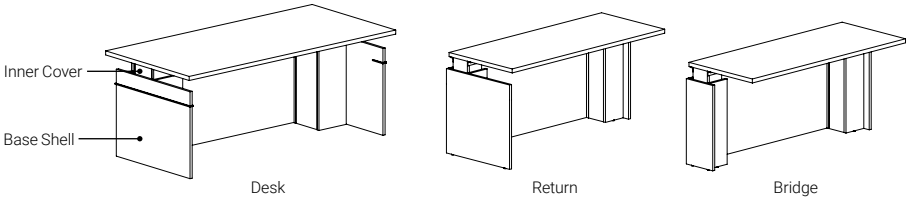

STEP 9 - Grain Direction (Returns and Bridges Only)

S	Standard Side-to-Side
F	Front-to-Back

STEP 1 - Modesty Panel Laminate
*See Step 7 above for choices and pricing.

Product Specifications:
> Height-adjustable range is 26.5"H - 47.5"H (including HPL worksurface).
> Includes up/down switch with programmable controller.
> Desk has 24"H fixed back panel spanning the end panels, located 4" inset from rear of end panel.
> Return has one full depth end panel and one short end panel. For use with fixed height end panel desks (see page 369) to create an "L" workstation.
> Bridge has two short end panels. For use with fixed height desks (end panel, overlay, or cantilever) and L-junctions to create a "U" workstation.
> 24"D and 30"D tops are actual depth. 36"D tops are 34" actual depth.
> Desk top width is true dimension and matches base overall width. If inline is specified, top width is undersized 1" on each side.
> 24"D desks have 24"D end panels, 30"D desks have 30"D end panels, 36"D desks have 30"D end panels.
> Top width on Returns and Bridges is undersized 1" per side due to pinch point.
> Tops are rectangle with the option of 3mm edge (all sides) or knife edge (user side only).
> Maximum weight rating is 140 lbs (evenly distributed).
> See Understanding Affinity for additional details.

Ordering Information:
> Modesty sold separately.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

Product Specifications:
> Desk Shells are 29"H.
> Shells include a 1.25"thick rectangle HPL worksurface with 3mm edge.
> Shells include 3/4" thick end panels with levelers. Interior width available for storage is 1.5" less than nominal width (e.g. 58.5" available on 60"W desk).
> Value Storage for Shells can be found on page 377.
> 36"D top actual dimension is 34"D.
> Aluminum trim does not wrap into user kneespace to allow for tight fits with Value Storage.
> 30"D and 36"D back panels are inset 4" from rear of end panel. 24"D units have flush back panels.
> 24"D desks have 24"D end panels, 30"D desks have 30"D end panels, 36"D desks have 30"D end panels (4" overhang on guest side).
> See Understanding Affinity for additional details.

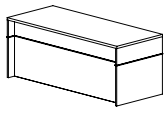

Ordering Information:
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Affinity L-Junctions and End Panels

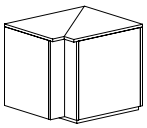

Product Specifications:

> L-Junctions include a plinth, cabinet base and top for making a 90-degree "U" configuration. Actual depth and width dimensions are 4" bigger than nominal to allow for pull clearance. See Understanding Affinity for more details.
> Only one side of an L-Junction can utilize a standard 24"H or 28"H wall panel. To have both sides utilize a wall panel, contact designteam@enwork.com.
> Plinths on L-Junctions are undersized to allow for cable routing along the floor behind the L-junction.
> Layering Shells are used for height changes when making a 90 degree "U" configuration. For example when going from a 29"H return to 24"H back credenza storage. Layering Shells are non-handed.
> L-End Panels are used to support worksurfaces as necessary. One application is when kneespace is needed by return storage. One end of worksurface can be supported by L-end panel while the opposite end is supported by storage. L-End Panels do not have an aluminum trim option.
> L-Junctions and L-End Panels do not work with Value Storage.

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

Product Specifications:
> Shells are 29"H.
> Bridge and Return Shells include flat plates for worksurface-to-worksurface connection.
> Shells include a 1.25" thick HPL rectangle worksurface with 3mm edge. Depth and width dimensions are actual.
> Shells include 3/4" thick end panels.
> Pedestal Return Shells include a non-locking BBF pedestal with 4" sleek pull as standard. Lock is optional.
> Bridge Shells connect to fixed height desks on one side and credenza shells on the other side to form a "U" configuration.
> Value Pedestal is not available with polished aluminum pulls.

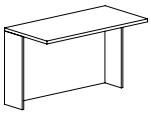

Ordering Information:
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Affinity Reception Desks

Product Specifications:

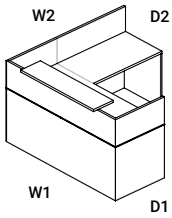

> Desk ships assembled in major pieces (except for the transaction top).
> Transaction worksurfaces are 12"D and available in Flat and 90-degree Overlay configurations (reference drawings). Finishes are laminate, quartz or solid surface. Non-ADA transaction width is 24" shorter than wall width (inset 12" from each end). For example: a 72"W Reception Desk Shell has a 48"W Transaction surface.
> For ADA Reception Desks, 72"W Units have a 40"W Flat or 30"W overlay transaction top, 84"W units have a 46"W flat or 36"W overlay transaction top, and 96"W units have a 64"W flat or 54"W overlay transaction top.
> Laminate 90-degree overlay transaction ships assembled.
> Wall height is 42"with horizontal grain direction. Panel-to-panel grain direction is not perfectly matched between panels.
> Storage sold separately. Utilize Affinity Value Storage for use under worksurfaces. There is a 10"D support panel at worksurface seams. See page 377.
> Main worksurface is 30"D. Return worksurfaces are 24"D.
> Main worksurface includes grommet cutouts located in each rear corner (2 total).
> ADA main worksurface includes 1 grommet cutout, located in the rear corner with 42"H walls.
> Optional trim height is 29"H to align with worksurface.
> For custom Reception Desks, Enwork recommends contacting your local millwork company.

Ordering Information:

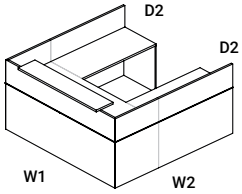

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

Product Specifications:

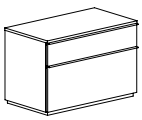

> Drawer body laminate matches case for premium aesthetic.
> Cabinet drawers are available with a 4" or full-width sleek pull. Double Door cabinets are only available with 4" sleek pull.
> Cabinet back panel is recessed 1" to keep storage tight to wall allowing cords to plug into outlets. 2" x 4" rear access hole is provided on tech/lateral cabinets, trash pullouts, bookcases, and double door cabinets. Plinths are undersized to allow cable routing behind adjacent cabinets.
> Cabinets are designed to be ganged together (2+ units) with a common top and plinth (ordered separately). Later-lateral cabinets and file-file pedestals always include a drawer interlock system for safety. Lateral-lateral cabinets also include a wall anchor kit. For other freestanding single storage units that contain multiple drawers (e.g. box-lateral and box-box-file ped) add an "F" to the end of the part number and add +$120 list. This will add a drawer interlock system for safety so that both drawers won't open at the same time, causing tipping.
> Bookcases include (1) adjustable shelf.
> Lateral and Pedestal file drawer includes a front-to-back letter-sized pendaflex rail system.
> Tech drawer includes a dense foam bottom, steel divider, venting for laptop docking and user power/data access (1 receptacle and an opening for a telecom plate that is ordered separately - see page 268).
> 24"H Box/Lateral File and Tech/Lateral file drawers include concealed soft-close undermount slides. 29"H Lateral/Lateral Drawer Cabinet, and 29"H File/File Pedestals are the exception, and include soft-close side-mount slides.
> Doors have soft-close hinges
> Storage cabinets ship fully assembled.
> See Understanding Affinity for additional details.

Ordering Information:

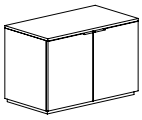

> Top and plinth for individual or ganged storage is specified separately (see page 376).
> Lock cores sold separately (see page 390).
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$150

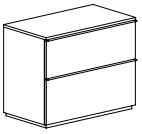

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

Product Specifications:

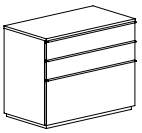

> Drawer body laminate matches case for premium aesthetic.
> Cabinet drawers are available with a 4" or full-width sleek pull. Double Door cabinets are only available with 4" sleek pull.
> Cabinet back panel is recessed 1" to keep storage tight to wall allowing cords to plug into outlets. 2" x 4" rear access hole is provided on tech/lateral cabinets, trash pullouts, bookcases, and double door cabinets. Plinths are undersized to allow cable routing behind adjacent cabinets.
> Cabinets are designed to be ganged together (2+ units) with a common top and plinth (ordered separately). Later-lateral cabinets, box-box-lateral cabinets, and file-file pedestals always include a drawer interlock system for safety. Lateral-lateral cabinets also include a wall anchor kit. For other freestanding single storage units that contain multiple drawers (e.g. box-lateral and box-box-file ped) add an "F" to the end of the part number and add +$120 list. This will add a drawer interlock system for safety so that both drawers won't open at the same time, causing tipping.
> Bookcases include (1) adjustable shelf. LED lighting not available.
> Lateral and Pedestal file drawer includes a front-to-back letter-sized pendaflex rail system.
> 24"H Box/Lateral File drawers include concealed soft-close undermount slides. 29"H Lateral/Lateral Drawer Cabinet, and 29"H File/File Pedestals are the exception, and include soft-close side-mount slides.
> Doors have soft-close hinges
> Storage cabinets ship fully assembled.
> See Understanding Affinity for additional details.

Ordering Information:

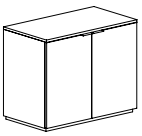

> Top and plinth for individual or ganged storage is specified separately (see page 376).
> Lock cores sold separately (see page 390).
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

- G Formica Smoke (3245-58)
- H Formica Ceruse Gray Walnut (6994-26)
- K Formica Aged Ash (8844-WR)
- L Formica Formal Walnut (5782-NG)
- M Formica Classic White (9244-58)
- Q Formica Inked Oak (5792-PG)
- W Formica Brite White (459-58)
- X Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18) +15%
- Z Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate. +35%

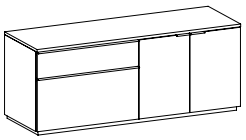

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

STEP 4 - Glass (if applicable)
- B Black
- L Light Beige
- W White

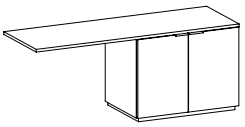

STEP 4 - Quartz (if applicable)
- J Swanbridge no charge
- K Whitehall no charge
- L Carrick no charge
- N Ainsley no charge
- P Portrush (Luxury) +15%

Product Specifications:
- > Common Top connects cabinets and provides minimal worksurface seams. Plinth base provides a floating cabinet premium aesthetic.
- > Common Tops are 3/4" thick. Plinths are 1-1/4" thick.
- > Finish options listed are for the Common Top only. Plinths are always black and undersized 3/4" from nominal.
- > Glass and Quartz toppers are 1/4" thick and placed on top of a 3/4" thick laminate Common Top.
- > 18"–42"W plinths and tops for individual cabinets are factory installed. Multi-cabinet common tops and plinths are field installed. Kneespace common tops and adjacent plinths are field installed.
- > See Understanding Affinity for additional details.

Ordering Information:
- > The width of the common top and plinth kit is determined by the overall width of the storage components.
- **> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Ganged Storage (Step 2)

Ganged Storage with 36" Kneespace (Step 2) Requires minimum of 54" width top.

Affinity Value Storage for Shells

Product Specifications:

> Value Storage fits inside Desk Shells. Tip: Interior width of Desks Shells are 1.5" less than overall width (e.g. 58.5" interior on a 60"W unit) due to two 3/4" thick end panels.
> 2+ units of Value Storage can combined to form a credenza or return utilizing the tops below. Single, stand-alone Value Lateral Files and Pedestals may not be freestanding due to a lack of anti-tip interlock.
> Value Storage differs from standard Affinity storage by having no plinth to create a light-scale, floating furniture aesthetic.
> Value Storage has standard side-mount drawer slides (standard Affinity has soft close drawers and doors with bottom cradle slides for improved aesthetic).
> Value Storage has black drawer bodies (standard Affinity has matching laminate drawer bodies).
> Value Storage is 20"D and 27.75"H to work with 29"H shells.
> Value Peds are 16"W and include Pendaflex rails in file drawers.
> Value Laterals include Pendaflex rails.
> Value Storage is not available with the full sleek pull, just the standard 4" sleek pull.
> Value Storage is not available with polished aluminum pulls.
> Value Storage has one laminate finish. Door and drawer fronts are not each specifiable like regular Affinity.
> Value Storage tops are 1-1/4" laminate tops.

Ordering Information:

> Lock cores sold separately. See page 390
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

Product Specifications:

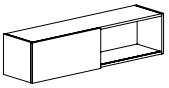

> Overhead cabinets, shelves, and cubbies come with cabinet hardware and mounting cleats. Drywall (or other) hardware is not included. The cabinet backside is inset 3/16" to partially hide cleats.
> Overhead cabinet depth is 14", except for L-Shelf which is 12"D.
> Low-profile LED lighting is available as an option. If selected, LED lights are assembled in the cabinet.
> Sliding laminate doors are proud (in front) of the case. Acrylic sliding doors are inset within the case.
> Floating Rectangle Cubby is 7.5"H with a 6" internal height.
> Doors are non-locking with soft-close hinges and no pull.
> See Understanding Affinity for additional details.

Ordering Information:

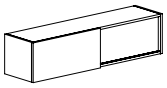

> For LED lighting, driver/switch kit must be specified separately.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

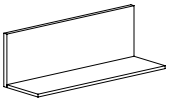

Part Number	Description	List Price (US$)
Hutch w/ Laminate Hinged Doors, 14"D x 52"H		
BEHU1448	Cabinet, 4 Lam Doors, 48"W	$2,151
BEHU1454	Cabinet, 4 Lam Doors, 54"W	$2,371
BEHU1460	Cabinet, 4 Lam Doors, 60"W	$2,371
BEHU1466	Cabinet, 4 Lam Doors, 66"W	$2,513
BEHU1472	Cabinet, 4 Lam Doors, 72"W	$2,513
BEHU1484	Cabinet, 4 Lam Doors, 84"W	$2,771
BEHU1496	Cabinet, 6 Lam Doors, 96"W	$3,376
Tackboards for Hutches		
BEHTB1448	Fabric Tackboard for Affinity Hutch, 48"W	$549
BEHTB1454	Fabric Tackboard for Affinity Hutch, 54"W	$583
BEHTB1460	Fabric Tackboard for Affinity Hutch, 60"W	$735
BEHTB1466	Fabric Tackboard for Affinity Hutch, 66"W	$768
BEHTB1472	Fabric Tackboard for Affinity Hutch, 72"W	$816
BEHTB1484	Fabric Tackboard for Affinity Hutch, 84"W	$883
BEHTB1496	Fabric Tackboard for Affinity Hutch, 96"W	$950

Notes

Affinity Wall Panels Above 24"H Storage and H/A Desks

STEP 1 - Wall option
A Lam Wall w/ no shelves
B Lam Wall w/ one lam shelf
C Lam Wall w/ two lam shelves
D Lam Wall w/ three lam shelves
E Lam Wall w/ one alum shelf
F Lam Wall w/ two alum shelves
G Lam Wall w/ three alum shelves
H Tack Wall w/ no shelves
J Tack Wall w/ one lam shelf
K Tack Wall w/ two lam shelves
L Tack Wall w/ three lam shelves
M Tack Wall w/ one alum shelf
N Tack Wall w/ two alum shelves
P Tack Wall w/ three alum shelves
Q Glass Wall w/ no shelves

STEP 2 - LED Lighting (Laminate Shelf only)
N No LED Lights — no charge
Y Yes LED Lights - **Per Shelf** — +$250 each
Tip: LED Light Driver and Switch Kit (CMLEDD) ordered separately. See page 391.
Tip: LED lights standard w/ Alum. shelf.

STEP 3 - Wall/Backboard Laminate (not necessary on fabric with no shelves)
2 Formica Pecan Walnut (6996-26)
3 Formica Millennium Oak (5887-26)
5 Formica Pale Brushstroke (6997-58)
6 Formica Storm (912-58)
9 Formica FENIX Black (Nero Ingo - J0720) — +$500
A Formica Chelsea Maple (9238-58)
B Formica Buff Elm (5793-NG)
E Formica Zen Grey (9243-58)
F Formica Black (909-58)
G Formica Smoke (3245-58)
H Formica Ceruse Gray Walnut (6994-26)
K Formica Aged Ash (8844-WR)
L Formica Formal Walnut (5782-NG)
M Formica Classic White (9244-58)
Q Formica Inked Oak (5792-PG)
W Formica Brite White (459-58)
X Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/ finishes only. See page 18) — +$350
Z Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate. — +$450
Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

STEP 3 or 4 - Fabric (if applicable)
Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

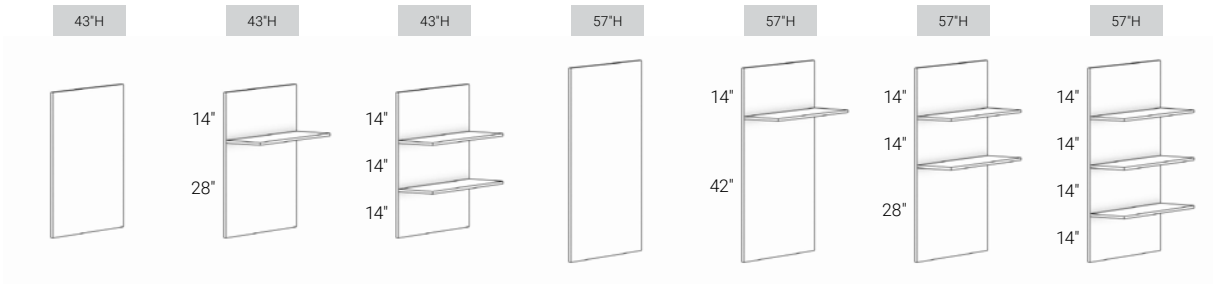

STEP 4 - Paint or Polished Alum Shelf (if applicable)
P Polished Aluminum 18"-30"W — +$1,035 per shelf
P Polished Aluminum 34"-42"W — +$1,380 per shelf
G Storm — no charge
K Champagne Bronze — no charge
R Black — no charge
S Silver — no charge
T Medium Tone — no charge
W Arctic White — no charge
! 2027 Designer Paint Colors (see page 19 for finish selection) — +$40 per shelf
X Other (call for quote)

Product Specifications:
> Two heights are available to achieve an overall height of 81" when used over 24"H storage components or behind "In-line" (back against wall and by adjacent storage) height-adjustable desks with 24"H end panels: 43"H with overhead storage, and 57"H with no overhead storage.
> 28"W panels are for use with Affinity L-Junctions. Only one side of an L-Junction can utilize a standard wall panel. To have both sides of an L-Junction utilize a wall panel, contact designteam@enwork.com.
> 34"W panels are for use with Affinity 36"D nominal (34"D actual) desks.
> Glass wall panels are 1/4" thick, annealed, and back-painted white. Glass is supported by a 3/4" thick support panel.
> Fabric tackboards 60"W and greater require railroading the fabric horizontally.
> Wall panels are mounted to the wall with cleats. Wall attachment hardware for cleats is not included.
> 18"–60"W Laminate Wall Panel grain direction is vertical. 66"–72"W Laminate Wall Panels grain direction is horizontal.
> LED lighting is included with aluminum shelves and is optional for laminate shelves. Driver/Switch Kit is specified separately in BOTH situations.
> Aluminum shelves available 18"-42" wide only.
> Laminate shelves hold 50 pounds. Aluminum shelves hold 100 pounds.
> See Understanding Affinity for additional details.

Ordering Information:
> For LED lighting, drivers/switch kit is specified separately. See page 383.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
LED Light Components		
CMLEDD	LED Driver/Switch for up to (8) lights Tip: CMLEDD can drive up to eight lights. For more light capacity, order CMLEDK.	$334
CMLEDK	LED Driver/Switch for (9-15) lights Tip: For additional light capacity, contact designteam@enwork.com.	$426
Flush Alignment Kit (optional)		
BEDK	Wall Flush Alignment Kit Tip: Kit aligns depths of all walls (except Fabric Walls w/Shelves) with Fabric Walls w/ Shelves. See Understanding Affinity for explanation.	$80

Affinity Wall Panels Above 29"H Storage

STEP 1 - Wall option
A Lam Wall w/ no shelves
B Lam Wall w/ one lam shelf
C Lam Wall w/ two lam shelves
D Lam Wall w/ three lam shelves
E Lam Wall w/ one alum shelf
F Lam Wall w/ two alum shelves
G Lam Wall w/ three alum shelves
H Tack Wall w/ no shelves
J Tack Wall w/ one lam shelf
K Tack Wall w/ two lam shelves
L Tack Wall w/ three lam shelves
M Tack Wall w/ one alum shelf
N Tack Wall w/ two alum shelves
P Tack Wall w/ three alum shelves
Q Glass Wall w/ no shelves

STEP 2 - LED Lighting (Laminate Shelf only)
N No LED Lights — no charge
Y Yes LED Lights - **Per Shelf** — +$250 each
Tip: LED Light Driver and Switch Kit (CMLEDD) ordered separately. See page 391.
Tip: LED lights standard w/ Alum. shelf.

STEP 3 - Wall/Backboard Laminate (not necessary on fabric with no shelves)
2 Formica Pecan Walnut (6996-26)
3 Formica Millennium Oak (5887-26)
5 Formica Pale Brushstroke (6997-58)
6 Formica Storm (912-58)
9 Formica FENIX Black (Nero Ingo - J0720) — +$500
A Formica Chelsea Maple (9238-58)
B Formica Buff Elm (5793-NG)
E Formica Zen Grey (9243-58)
F Formica Black (909-58)
G Formica Smoke (3245-58)
H Formica Ceruse Gray Walnut (6994-26)
K Formica Aged Ash (8844-WR)
L Formica Formal Walnut (5782-NG)
M Formica Classic White (9244-58)
Q Formica Inked Oak (5792-PG)
W Formica Brite White (459-58)
X Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18) — +$350
Z Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate. — +$450
Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

STEP 3 or 4 - Fabric (if applicable)
Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

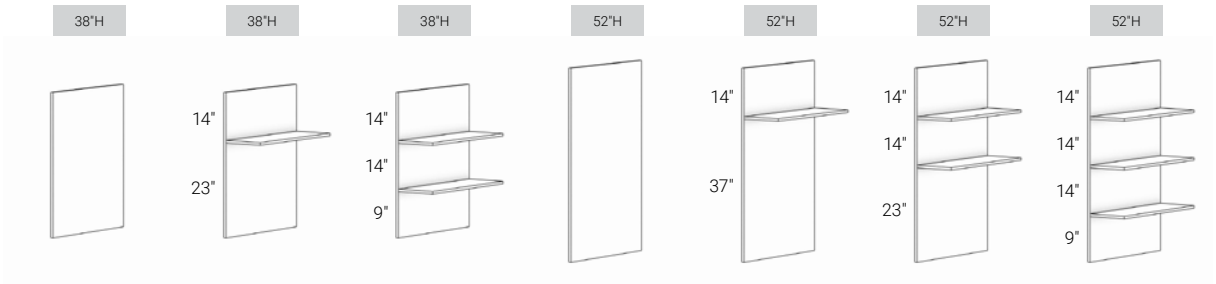

STEP 4 - Paint or Polished Alum Shelf (if applicable)
P Polished Aluminum 18"-30"W — +$1,035 per shelf
P Polished Aluminum 34"-42"W — +$1,380 per shelf
G Storm — no charge
K Champagne Bronze — no charge
R Black — no charge
S Silver — no charge
T Medium Tone — no charge
W Arctic White — no charge
! 2027 Designer Paint Colors (see page 19 for finish selection) — +$40 per shelf
X Other (call for quote)

Product Specifications:
> Two heights are available to achieve an overall height of 81" when used over 29"H storage components: 38"H with overhead storage, and 57"H with no overhead storage.
> 28"W panels are for use with Affinity L-Junctions. Only one side of an L-Junction can utilize a standard wall panel. To have both sides of an L-Junction utilize a wall panel, contact designteam@enwork.com.
> 34"W panels are for use with Affinity 36"D nominal (34"D actual) desks.
> Glass wall panels are 1/4" thick, annealed, and back-painted white. Glass is supported by a 3/4" thick support panel.
> Fabric tackboards 60"W and greater require railroading the fabric horizontally.
> Wall panels are mounted to the wall with cleats. Wall attachment hardware for cleats is not included.
> 18"–60"W Laminate Wall Panel grain direction is vertical. 66"–72"W Laminate Wall Panel grain direction is horizontal.
> LED lighting is included with aluminum shelves and is optional for laminate shelves. Driver/Switch Kit is specified separately in BOTH situations.
> Aluminum shelves available 18-42" wide only.
> Laminate shelves hold 50 pounds. Aluminum shelves hold 100 pounds.
> See Understanding Affinity for additional details.

Ordering Information:
> For LED lighting, drivers/switch kit is specified separately. See page 385.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

laminate.
Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

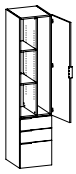

Product Specifications:
> Includes soft close hinges and plinth.
> 12"W Single Door Tower is a single opening with coat rod and 5 shelves (4 adjustable) for a total of 6 cubbies.
> 18"W and 24"W Single Door Towers have a dedicated coat rod compartment and 5 shelves (4 adjustable) for a total of 6 cubbies.
> Height is 81".
> 12"W towers must be attached to wall or adjacent cabinet for stability.
> File-File (FF) and Box-Box-File (BBF) Towers have drawers with soft close slides, and the FF / BBF section of the tower aligns with 29"H Affinity Low Storage. There is a single door section above this. Drawer body laminate matches case for premium aesthetic. Drawers are available with a 4" or full-width sleek pull.
> File drawers include a letter-sized pendaflex rail system.
> FF and BBF towers have a single door section that includes a coat rod in a dedicated coat rod compartment and 3 adjustable shelves.

Ordering Information:
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

Affinity Towers

Product Specifications:

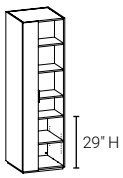

> Includes soft close hinges and plinth.
> Bookcase and Front-Access Towers have coat rod, Side-Access Towers have a coat hook.
> There are 2 versions of the Bookcase Tower - one to match 24"H adjacent storage and one to match 29"H adjacent storage (achieves perfect shelf alignment).
> Bookcase Tower upper shelves can be either laminate or aluminum. Aluminum shelves include LED lighting. Laminate shelves have optional LED lighting.
> Bookcase Tower is 24"W x 81"H. Depth can be 20" or 24" to match adjacent storage.
> Right hand Side-Access Towers have sliding wardrobe compartment door on right hand side of cabinet. Left hand opposite. This door does not include a lock when lock is specified.
> Front Access and Side-Access Towers have a Printer Drawer and Appliance Cubby. Both have an aluminum shelf with LED lighting. Driver/Switch Kit is specified separately in BOTH situations.
> Printer drawer on Front-Access and Side-Access towers are available with sleek pull or full sleek pull. See step 4.
> Side-Access Towers include 2 outlets in the appliance garage and 1 outlet in the printer garage.
> Front-Access Towers include 1 outlet in the appliance garage and 1 outlet in the printer garage.
> See Understanding Affinity for more details.

BEKF3681	Bookcase, 6-high, 13"D x 36"W x 81"H	$6,570	$8,166
BEKF4281	Bookcase, 6-high, 13"D x 42"W x 81"H	$7,047	$8,643

Part Number	Description	List Price (US$)
LED Light Components		
CMLEDD	LED Driver/Switch for up to (8) lights	$334
Tip: CMLEDD can drive up to eight lights. For more light capacity, order CMLEDK.		
CMLEDK	LED Driver/Switch for (9-15) lights	$426
Tip: For additional light capacity, contact designteam@enwork.com.		

STEP 1 - Sides

L	LH Side w/ Open Top	no charge
R	RH Side w/ Open Top	no charge
T	Two Sides w/ Top	+$300

STEP 2 - LED Lights

N	No LED Lights	no charge
Y	LED Lights - Per Opening (# - high)	see chart

STEP 3 - Paint or Polished

P	Polished Aluminum 30"W	+$1,035 per shelf
P	Polished Aluminum 36"-42"W	+$1,380 per shelf
G	Storm	no charge
K	Champagne Bronze	no charge
R	Black	no charge
S	Silver	no charge
T	Medium Tone	no charge
W	Arctic White	no charge
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$40 per shelf
X	Other (call for quote)	

STEP 4 - Casegood Laminate

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
G	Formica Smoke (3245-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+10%
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+15%

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

Affinity Lock Cores

Product Specifications:
> Locks are optional on most Affinity lower storage excluding sliding doors and single door return cabinets.
> Locks are not available as standard on Affinity upper storage.
> A set of lock cores per office should be ordered separately from furniture at no charge.
> A change key is required for installation. One change key will be provided per purchase order at no charge. Additional change keys may be purchased.

Ordering Information:
> Enwork utilizes black and nickel-colored locks.
> If black paint or black laminate on the door/drawer front is selected, a black trim ring will be installed and a black lock is needed. For other paint and laminate colors, a nickel trim ring is installed and a nickel lock is needed. For complete list of default lock colors, see page 16
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
Nickel Locks		
NWSPEC1-TA-N	Set of 1 Lock Core, Nickel	no charge
NWSPEC2-TA-N	Set of 2 Lock Cores, Nickel	no charge
NWSPEC3-TA-N	Set of 3 Lock Cores, Nickel	no charge
NWSPEC4-TA-N	Set of 4 Lock Cores, Nickel	no charge
NWSPEC5-TA-N	Set of 5 Lock Cores, Nickel	no charge
Black Locks		
NWSPEC1-TA-B	Set of 1 Lock Core, Black	no charge
NWSPEC2-TA-B	Set of 2 Lock Cores, Black	no charge
NWSPEC3-TA-B	Set of 3 Lock Cores, Black	no charge
NWSPEC4-TA-B	Set of 4 Lock Cores, Black	no charge
NWSPEC5-TA-B	Set of 5 Lock Cores, Black	no charge
Change/Master Key		
NWCHANGE-T	Change/Master Key	$22

Tip: Change/master key is required to install lock cores. One change/master key is provided per order. Additional keys can be purchased.

Affinity Miscellaneous Products

Product Specifications:
> Appliances are intended for use in the Front and Side-Access Towers.

Ordering Information:
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Part Number	Description	List Price (US$)
	Optional Power/USB Accessory Outlets for Desk Cabinet	
PDTSW	Square Power Outlet, White	$141
PDTSG	Square Power Outlet, Grey	$141
PDTSR	Square Power Outlet, Black	$141
PDTUW	Square Charging USB A+C, White	$448
PDTUG	Square Charging USB A+C, Grey	$448
PDTUR	Square Charging USB A+C, Black	$448
	Tip: Option available in Cantilevered Desks with cabinet, Overlay Desks, and L-Shaped End Panel Desks.	
	Appliances for use in Side-Access and Front-Access Towers	
CMHP1	Microwave	$894
CMHP2	Mini Refrigerator	$441
CMHP3B	Sound Bar, Black	$3,511
CMHP3W	Sound Bar, White	$3,511
CMHP4	Keurig K-Mini Coffee Maker	$820

H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+15% (Panels) +$215 (Transaction Tops)
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+35% (Panels) +$230 (Transaction Tops)

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

Product Specifications:
> Panels are 1-1/8" thick, double sided laminate, with levelers.
> Designed to work with freestanding furniture such as Jet Height Adjustable Bases and Affinity furniture.
> Connection brackets for Pin / Clip panels come installed.
> Available in 42"H and 48"H. 42"H and 48"H panels connect together seamlessly in any configuration.
> Grain direction is specifiable on panels 54"W and narrower. Grain direction is horizontal on panels wider than 54". Horizontal panel-to-panel grain direction is not perfectly matched between panels. Tip: Be careful when combining various width panels.
> Center Cable Pass Through Cutouts are 2"H x 2"W. Corner Cable Pass Through Cutouts are 2.5"H x 2"W.
> 20", 24", and 30"W (actual) panels are designed for use as wing walls between storage and are true dimension. See Understanding Affinity Open-Plan on page 335.
> 30"W (oversized) and larger panels are 2.625" wider than nominal. See Understanding Affinity Open-Plan on page 335.
> Optional aluminum trim is available for aisle situations as a design element to match private office furniture. Trim is 29"H on 42"H panels and 37"H on 48"H panels. Enwork engineering will work with customers on an order-by-order basis to understand panel application and ensure installation success. Aluminum Trim requires a CET file from dealer or Enwork designer.
> Transaction tops in Enwork standard laminates are 3/4" thick. Special laminate transaction tops are 1-1/8" thick.
> Panel Start Kits include pin brackets for one 90 degree connection, and are needed at each 90 degree connection.

Ordering Information:
> Topper screens are ordered separately.
> L, T, and X configurations require a field installed panel start kit (ordered separately).
> Transaction Top Kits are ordered separately.
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

Affinity Open-Plan 2-Circuit Power System

Product Specifications:

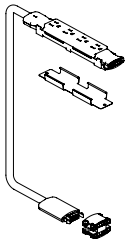

> Affinity Open-Plan Power Boxes have 2, 3, and 4-circuit power systems available. They are 20"Hx3.75"Dx23"W. Power boxes can be placed around furniture within Affinity Open-Plan panels. See Understanding Affinity Open-Plan for suggested locations.
> 2-Circuit power boxes include four receptacles, a small jumper, and an H-Block that is placed on the floor in the middle of the power box for connection to infeeds and other power boxes via jumpers.
> Receptacles are just over 4" below the top of the power box so that plug heads can be hidden via the removable perforated metal cover that manages cords.
> Power Boxes are fully assembled and attach to walls via dual-lock.
> Power Boxes are laminate construction with a black perforated metal cover.
> 2-Circuit Power Kits are available for use with Overlay Desk cabinets or other spaces desired by designers. They include a four receptacles, a 24" jumper, an H-Block, and mounting brackets.
> Jumpers are required to connect the center of one power box to the next. Panels have optional holes in the bottom center or corners for jumper pass through. See Understanding Affinity Open-Plan for more information.
> Optional black Conduit/Ethernet Cable Covers are available for exposed metallic jumper conduit and ethernet cables. Many jumpers will be behind storage, end panels, etc. so covers may not be needed. Covers come in a 25' roll and are field cut. Cover can hold up to 12 ethernet cables.
> For Chicago, contact designteam@enwork.com to discuss power options. For New York City, San Francisco, and other municipalities that require metallic conduit, see 3 and 4-circuit power systems pages.

Ordering Information:

> Jumpers and infeed are ordered separately from Power Box or Power Kit.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Affinity Open-Plan Fabric Tackboards

STEP 1 - Tackboard Fabric
Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

Product Specifications:
> Tackboards are 3/4" thick, fabric wrapped, LDF (low-density fiberboard).
> Tackboards attach to panels via dual lock heavy duty velcro.

Ordering Information:
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Affinity Open-Plan Jet Beams

Product Specifications:

> Beam sections available in 48", 54", 60", and 72" wide. Other widths available upon request.
> Beam height is 29.8"H. Beam includes T-legs with Levelers on end and straight legs with double-sided panel attachment brackets and levelers in middle.
> Affinity Open-Plan Compatible Jet Beams have additional connection points to connect Jet Beams to the Affinity Open-Plan panels. These are for use with freestanding tables.
> One leg per pack comes with a routing hole in the bottom of the leg column to run infeed and ethernet cables from the floor to the beam.
> Each beam section has two windows for duplex receptacles (ordered separately), and one window for data (data tree included) per user. Beams have double-sided power.
> Panel attachment to Jet Beams mid-run requires double-sided or single-sided attachment bracket kits, depending on whether panels are wanted on one or two sides of the beam. The beam includes double-sided attachment kits for panel attachment at each seam between beam sections. If single-sided attachment kits are desired, this is ordered separately. A beam-to-beam seam mid-run may have no panels attached, provided the next beam-to-beam seams on each side have attached panels for stability. A leveler attachment plate for the leg is required in this situation and ordered separately.
> Panel attachment at the end of a beam requires a Panel Starter configuration be selected in Step 1 - this ensures that proper brackets and leg configurations are present. Additionally, a panel for use at End of Jet Beam must be specified. This product is sold separately. It is 27.6" wide and 42" or 48"H. This product will span the end of the beam and protrude 12" into each workspace. If 72" panels are specified mid-run (for instance) then only 60" panels are needed at the end of the run.

Ordering Information:

> Beam infeeds and receptacles are ordered separately.
> Optional cable trough ordered separately on page xxx.
> Affinity Open-Plan panels are ordered separately.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

JEBGP7202	6' Beam, 2-Sided Power, 2-Pack	2	$2,058	$2,158
JEBGP7204	12' Beam, 2-Sided Power, 4-Pack	3	$3,880	$4,180
JEBGP7206	18' Beam, 2-Sided Power, 6-Pack	4	$5,772	$6,272
JEBGP7208	24' Beam, 2-Sided Power, 8-Pack	5	$7,327	$8,027
JEBGP7210	30' Beam, 2-Sided Power, 10-Pack	6	$9,131	$10,031
JEBGP7212	36' Beam, 2-Sided Power, 12-Pack	7	$10,805	$11,905
JEBGP7214	42' Beam, 2-Sided Power, 14-Pack	8	$12,730	$14,030

Part Number	Description	List Price (US$)
Additional Attachment Kits for Affinity Open-Plan Panels to Jet Beam Mid-Run		
BEGPM1	Single-Sided Attachment Kit	$237
BEGPMZ	No Panels Leg Leveling Attachment Plate for Mid-Run	$45
Affinity Open-Plan Panel Starter for use at End of Jet Beam		
BEGP2742CFF	Affinity Open-Plan Panel, 27"W x 42"H w/ Pin/Pin Connectors	$724
BEGP2748CFF	Affinity Open-Plan Panel, 27"W x 48"H w/ Pin/Pin Connectors	$724

Beams

STEP 1 - Beam End Style

N	No Panels on End of Beam	no charge
A	End Panel Starter Kit Compatible on One End	+$100
B	End Panel Starter Kit Compatible on Both Ends	+$200

Tip: End Panel Starter Kits sold separately.

STEP 2 - Circuit Choice

A	8 wire, 3-circuit Powerway	no charge
B	8 wire, 4-circuit Powerway (3+1 or 2+2)	see chart

Tip: Infeed and Receptacles Specified Separately

STEP 3 - Topper Screens (ordered separately)

N	No Topper Screens	
Y	For use with Topper Screens (topper screens ordered separately)	

STEP 4 - Beam Paint (sides, ends, and legs)

G	Storm (textured)	no charge
K	Champagne Bronze (textured)	no charge
R	Black (textured)	no charge
S	Silver (textured)	no charge
T	Medium Tone (textured)	no charge
W	Arctic White (textured)	no charge
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$300
Z	Other	TBD

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

STEP 5 - Top Cap Paint

G	Storm (textured)	no charge
K	Champagne Bronze (textured)	no charge
R	Black (textured)	no charge
S	Silver (textured)	no charge
T	Medium Tone (textured)	no charge
W	Arctic White (textured)	no charge
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$50
Z	Other	TBD

Panel Starter for use at End of Jet Beam

STEP 1 - Laminate Direction

H	Horizontal	no charge
V	Vertical	no charge

Reminder: Vertical grain is available on panels up to 54"W.

STEP 2 - Aluminum Trim

N	No Aluminum Trim	no charge
Y	Aluminum Trim	+$85

STEP 3 - Trim Finish (if specified)

P	Polished	+$80
G	Storm (textured)	no charge
K	Champagne Bronze (textured)	no charge
R	Black (textured)	no charge
S	Silver (textured)	no charge
T	Medium Tone (textured)	no charge
W	Arctic White (textured)	no charge
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$50
Z	Other	TBD

STEP 4 - Laminate

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
G	Formica Smoke (3245-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/ finishes only. See page 18)	+15%
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+35%

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

Affinity Open-Plan - Jet Beam Infeeds & Receptacles

STEP 1 - Receptacle Color
(^) Receptacle Color Suffix List
G Grey
R Black
W White

Receptacle Color Tip:

BEAM PAINT	RECOMMENDED RECEPTACLE COLOR
Storm	Grey
Black	Black
Silver	Grey
Medium Tone	Black
Arctic White	White
Champagne Bronze	Black
Beige	Black
Blue	Black
Burgundy	Black
Desert Gold	Black
Evergreen	Black
Jade	Black

5 Wires - 3 Circuit Shared Neutral

Hot 1 (Black)
Hot 2 (Red)
Hot 3 (Blue)
Oversized Neutral (White)
System Ground (Green or Bare)

Product Specifications:
> For San Francisco and any other municipalities whose electrical code requires metallic conduit on all modular wiring, infeeds must be specified in the metallic option for the 5-wire system. The 8-wire system is fully San Francisco compliant.
> For Chicago, contact designteam@enwork.com to discuss power options.
> For New York City, electrical code requires metallic conduit on all modular wiring. All of the modular wiring harnesses come standard with metallic conduit. Power infeeds UPHASE5NY and UPHASE8NY must be used. Modular wiring components come prepared for field installation.

Ordering Information:
> Order two duplex receptacles per user.
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

5 WIRE, 3-CIRCUIT	Part Number	Description	List Price (US$)

5-Wire Base Power Infeed, 3-Circuit Powerways, Black

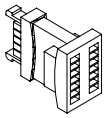

UPHASE72	5-Wire Power Infeed, Black, for Hardwire, 72"	$175
UPHASE120	5-Wire Power Infeed, Black, for Hardwire, 120"	$258
UPHASE240	5-Wire Power Infeed, Black, for Hardwire, 240" (Power Poles)	$438
UPHASEP72	5-Wire Power Infeed for Right Angle (RA) 20-amp Plug, Circuit 1 (only), 72"	$296
UPHASEP120	5-Wire Power Infeed for Right Angle (RA) 20-amp Plug, Circuit 1 (only), 120"	$456
UPHASEPS72	5-Wire Power Infeed for Straight 20-amp Plug, Circuit 1 (only), 72"	$375
UPHASEPS120	5-wire Power Infeed for Straight 20-amp Plug, Circuit 1 (only), 120"	$405

Tip: Infeed with plug is only compatible with circuit 1 receptacles.
Tip: Use hardwire infeed if UL listed (not recognized) is required.

5-Wire Base Power Infeed, 3-Circuit Powerways, Metallic

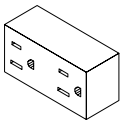

UPHASE72M	5-Wire Power Infeed, Metallic, for Hardwire, 72"	$194
UPHASE120M	5-Wire Power Infeed, Metallic, for Hardwire, 120"	$280
UPHASE240M	5-Wire Power Infeed, Metallic, for Hardwire, 240" (use with Power Poles)	$583
UPHASE5NY	New York City, 5-Wire Power Entry Kit, Bolt Mount, 15.59"	$424

Tip: If Base Power Infeed enters the middle of a beam run, then a UYCONN Splitter must be ordered. Not required in 8-wire applications.

5-Wire Splitter

UYCONN	3-Way Base Power Infeed Splitter for 5-Wire Power System	$37

5-Wire, 3-Circuit Receptacles - 15 amp

AR5151^	Circuit 1 Receptacle, 15 amp	$44
AR5152^	Circuit 2 Receptacle, 15 amp	$44
AR5153^	Circuit 3 Receptacle, 15 amp	$44

Affinity Open-Plan - Jet Beam Infeeds & Receptacles

Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+35%

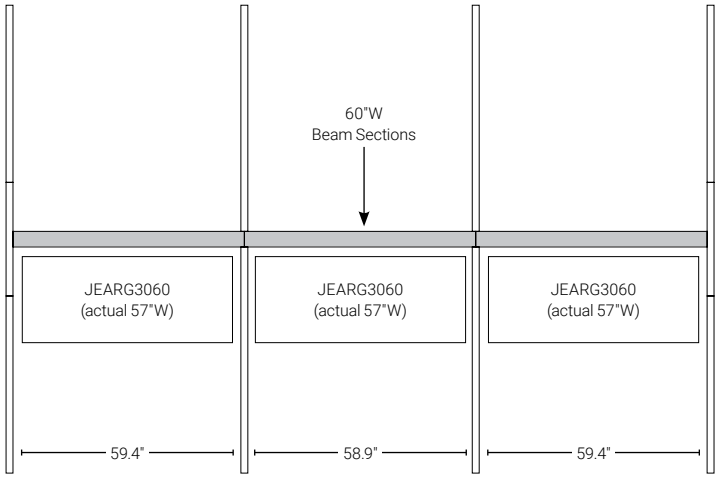

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, and traceless laminates.

Product Specifications:

> Actual top depth is 1-1/8" less than nominal. Actual top width is 3" less than nominal. This allows workstations to fit loosely along all sections of the beam.
> Tops are 1-1/8" thick, rectangle, and have 3mm edge.
> Can be used in any application, but are sized with the intention of running parallel to the beam.
> If tops are perpendicular to the beam, use Jet Tops from page xxx.

Ordering Information:

Affinity Open-Plan Jet Beam Topper Screens

Product Specifications:
> Topper screens available in 1/4" thick frosted acrylic, 1/4" thick glass (clear and frosted), and 1/4" thick non-tackable MDF wrapped fabric panels.
> Screens extend 12.2" above top of beam to align with 42"H panels.
> Acrylic and glass topper kits are available in rectangle, curvilinear, and curvilinear ends only. Fabric are available in rectangle only.
> Glass and Acrylic toppers are inset 3/4" per side on each beam section. Fabric toppers are inset 1/8" per side on each beam section.

Ordering Information:
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Notes

Cayman

Introduction

Cayman redefines comfort and elegance in the private office by creating an environment that will delight its users. Cayman is the industry-leading private office solution in the following ways:

1. Cutting Edge Design
2. Creature Comforts
3. A Facility Manager's Dream

Let's explore them all further:

Cutting Edge Design

Cayman leads the way with incredible aesthetic features:

- Clean, crisp lines
- Cantilevered work surfaces
- Elegantly shaped solid aluminum shelving with optional integrated low-profile recessed LED lighting
- Mixed materials
- Single slab floating plinth base
- Completely hidden and integrated vertical and horizontal cable management
- Easy-access user power and technology storage
- Collaboration friendly with unique top shapes
- Add-On Modules are specified by the inch for uniquely sized office footprints that fit perfectly within walls
- Multi-material walls that are perfectly flush
- Drawer body laminate matches case laminate.

Creature Comforts

Cayman brings the comforts of home into the workplace.
These features support high-performing teams and executives:

- Fully integrated home office at work. Every item has its place:
- Printer
- Microwave
- Coffee Maker
- Refrigerator
- Sound Bar
- Large Monitors
- Phones
- Numerous perfectly placed electrical outlets
- One button dimmable LED lighting
- A place for all your stuff… shoes, food, coats and more
- Soft close drawers and doors for an exceptional feel!

A Facility Manager's Dream

- Reconfigure with ease. Cayman is standard with its own structure system so it does not hang on drywall. Cayman is minimally tethered to drywall to counteract cantilevered top loads.
- Arrives sub-assembled, installs in less than an hour per office depending on the typical. Reference the 3-minute Cayman Installation Video on the Cayman home page at enwork.com/products/cayman.
- Easy to specify offices with popular pre-configured typicals using only one part number!
- Turnkey your office with one-stop shopping for high-end appliances.

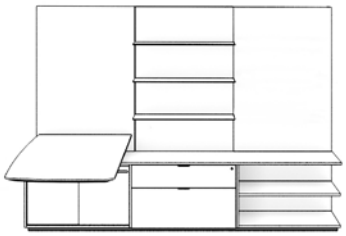

Understanding Cayman for Specification

Cayman is a modular independent wall based furniture product that is available in two heights: 66”H Standard height and 80”H Executive height. Cayman at its core is an incredible private office solution that is also a great fit for supporting high performing teams in video conference and collaboration spaces.

Cayman is easily specified by selecting one of the following **10 typicals:**

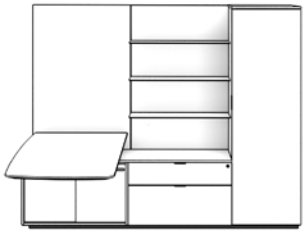

Typical 1
Base Office A

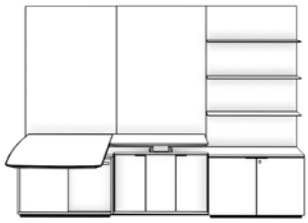

Typical 2
Base Office A w/ Add-On Module

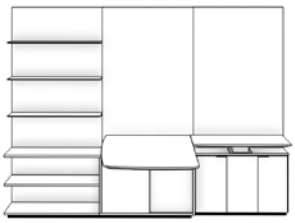

Typical 3
Base Office A w/ Add-On Module

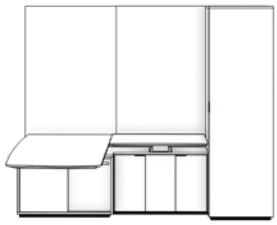

Typical 4
Base Office A w/ Tower

Typical 5
Base Office B w/ Add-On Module
(w/ Optional Shelves)

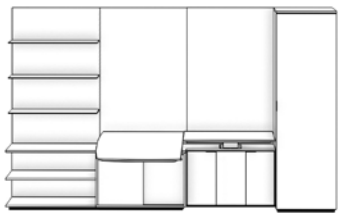

Typical 6
Base Office B w/ Add-On Module

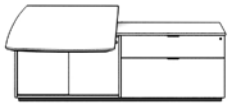

Typical 7
Base Office B w/ Tower

Typical 8
Base Office A w/ Add-On Module
and Tower

Typical 9
Base Office B w/ Add-On Module and Tower
(w/ Optional Shelves)

Typical 10
Base Office A
(wIthout Work Wall)

Cayman

Each typical consists of the following modules:

- Base Office A or B
- Optional Tower Modules
- Optional Add-On Modules

Let's explore each...

Base Offices

Base Office A and B are 72" wide consisting of two 36" wide walls and cabinets. Included in both are a 66" or 72"W cantilevered worksurface (fixed height or electric height-adjustable with a range of 30" – 45" via programmable switch), Beneath the cantilevered worksurface is a sliding acrylic or laminate door cabinet with shelves and the worksurface vertical support.
See below:

Base Office A
(Shelf quantity varies by height)

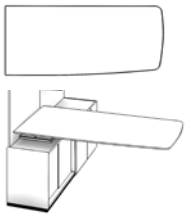

Base Office B

Base Office A has cabinet options on the return while Base Office B has an electric height-adjustable worksurface return (24"D x 36"-60" W) with a height range of 30"-45" and includes a programmable handset. If paired with an electric height adjustable cantilevered worksurface, then both surfaces utilize one programmable switch.

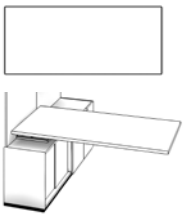

Cantilevered Worksurface

The Cayman shape worksurface is designed for collaboration by using gentle curves and radiused corners along the guest edges to create an approachable and comfortable aesthetic. All worksurfaces include a cantilevered arm support underneath the top with a removable cable access cover. Cayman-Shape worksurfaces have a knife edge. Rectangle and Wedge worksurfaces have 3mm edge. Back wall edge of all tops are flat to accommodate a Dean Clamp on unit (sold separately). Worksurfaces support 100 pound loads while moving up and down. 18" of the 72" width is over the cabinet and 54" is beyond the cabinet with open kneespace.

There are three top and four cable management options for cantilevered private office worksurfaces:

Option 1 - Cayman-Shape
34"D x 66"–72"W
(with knife edge)

Option 2 and 3 - Rectangle
30"D x 66"–72"W or 34"D x 66"–72"W
(with 3mm edge)

There are two options for conferencing tops:

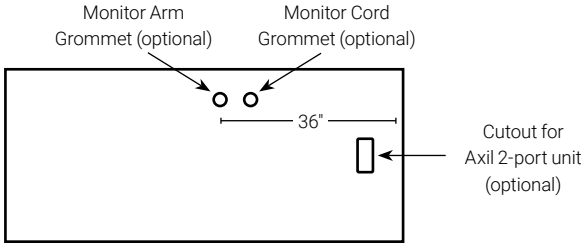

Cayman-Shape Conference
34"D x 72"W (with knife edge)

Wedge Conference
34"/27"D x 72"W (with 3mm edge)

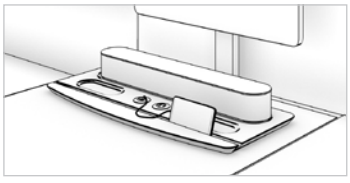

Cable Management Options

- No Grommet
- One Grommet for Monitor Cords
- Two Grommets (Monitor Arm and Monitor Cord)
- Cutout for Axil 2-port unit (ordered separately)

Utility Tray

The optional Utility Tray naturally defines and supports a collaboration space. The tray is a beautifully sculpted and painted MDF product that includes ultra-slim profile power (power outlet and USB A+C), a dedicated sound bar and marker storage area along with phone holding capability (sound bar not included). The tray is placed at the wall end of the cantilevered worksurface. White trays come with a white power module. All other paint colors come with a black power module.

Base Office Walls

Wall choices above the cantilevered worksurface and return include: laminate, tackable fabric or glass markerboards (non-magnetic). Open shelving and closed Overhead Cabinet options are also available.

Base Office Cantilevered Worksurface Wall Options (66" and 80"H)

Laminate, Fabric, Back-painted Glass Whiteboard

Laminate, Fabric, w/ Shelf

Laminate, Fabric, w/ Overhead Cabinet

Base Office A Return Wall Options

66"H Laminate, Fabric w/ 2 Shelves

66"H Laminate, Fabric w/ Overhead Cabinet and Shelf

66"H Back-painted Glass Whiteboard

80"H Laminate, Fabric w/ 3 Shelves

80"H Laminate, Fabric w/ Overhead Cabinet and 2 Shelves

80"H Back-painted Glass Whiteboard

Base Office B Height Adjustable Return Wall Options (66" and 80"H)

Laminate, Fabric

Laminate, Fabric, w/ Shelf*

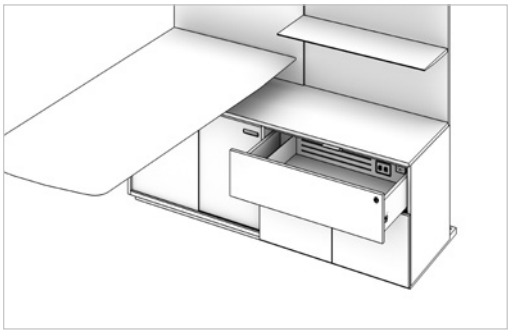

Laminate, Fabric, w/ Overhead Cabinet*

*Only recommended on 80"H Walls due to potential monitor to storage collision when height-adjustable worksurface is at standing height

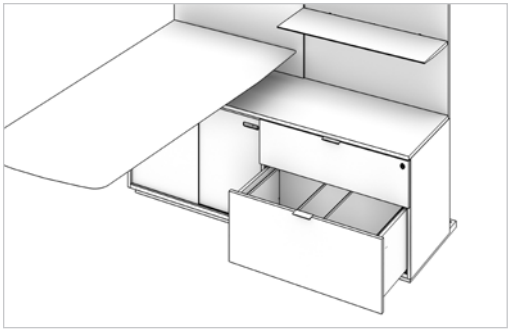

Cayman

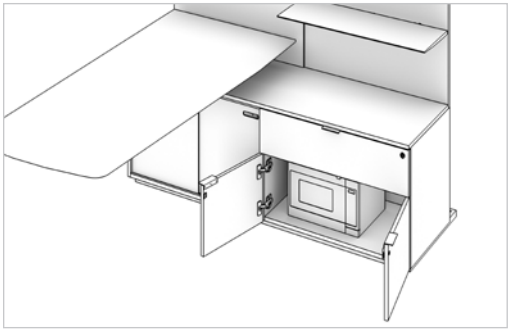

Base Module Return Cabinets

Return cabinets include a tech drawer (box drawer) with a dense foam bottom, steel divider, venting for laptop docking and user power/data access (1 receptacle and an opening for a telecom plate that is ordered separately — see page 268).

Beneath the tech drawer there are two choices: Lateral file drawer for front-to-back letter-sized pendaflex file storage or a double door for microwave or object storage.

Microwave Garage includes power outlet.
Space is 34”W x 19”D x 11.75”H.

Tower Modules

There are three types of Tower Modules:

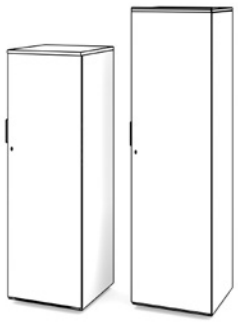

66”H RH 80”H RH

Side-Access Wardrobe Towers w/ Appliance and Printer Garages

66”H RH 80”H RH

Front-Access Wardrobe Towers w/ Appliance and Printer Garages

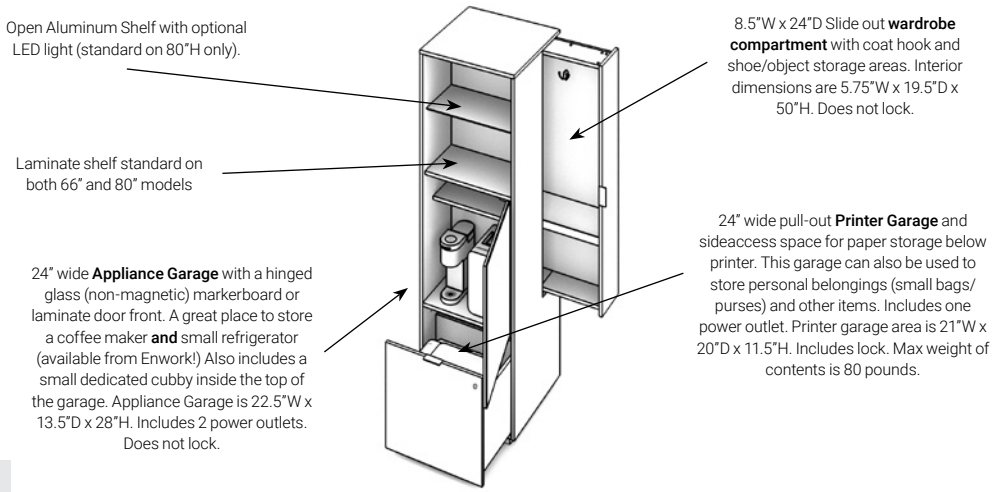

66”H RH 80”H RH

Single Door Wardrobe Towers w/ Adjustable Shelves

Most towers are 24”W x 24”D and available in Standard (66”H) and Executive (80”H) heights. Single Door towers are also available in 18"W x 24"D. Towers are available in right hand and left hand versions.

Side-Access Towers with Appliance and Printer Garages

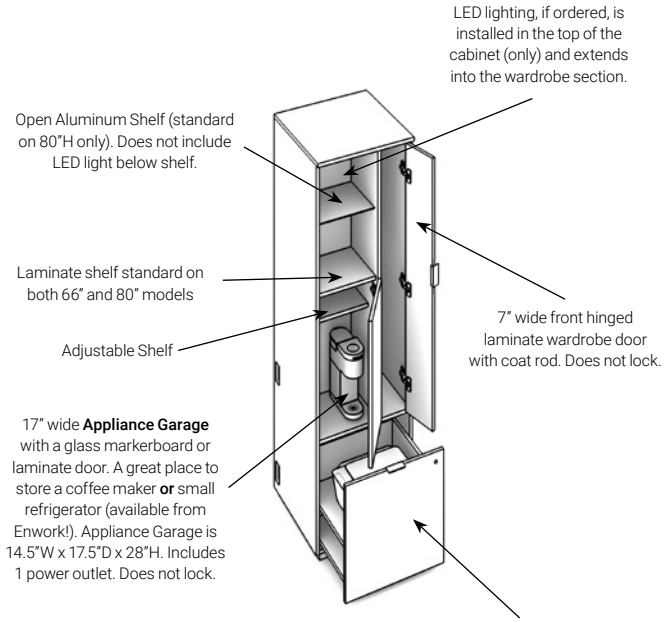

Features include:

RH Shown
(LH opposite)

Front-Access Towers with Appliance and Printer Garages

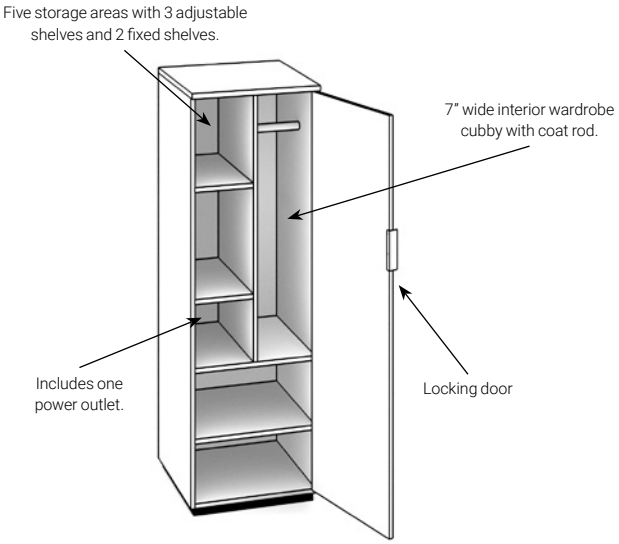

Features include:

RH Shown
(LH opposite)

Front Facing Single Door Towers

Features include:

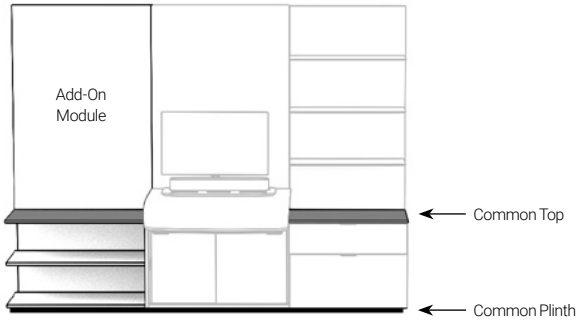

RH Shown
(LH opposite)

Cayman

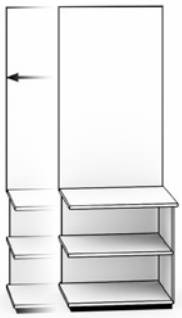

Add-On Modules

Like the name implies, Add-On Modules are added on to Base Office Modules to create typicals. There is a common recessed black plinth under the cabinets to create a floating aesthetic. There is also a common top above lower storage to hide cabinet seams.

Add-On Modules have the ability to be ordered **by the inch** to help fit any space! They vary in width from 24" to 36". Wall height is 66" or 80"H. Cabinet depths (excluding towers) are 20"D. Complete wall depth is 24"D.

Specifying Add-On Module walls by the inch in typicals is easy through CET. Simply click and drag to the desired dimension.

By the inch

Add-On Module Walls are available in laminate, tackable fabric or white back-painted glass markerboards with different combinations of open shelving and closed Overhead Cabinets available. Note: Back-painted white glass markerboards are only available in 36"widths as standard. A **portion** of available options are shown below:

Add-On Module Cabinets are available in open shelf, double door, printer garage, trash, and tech/lateral drawer configurations. Double door cabinets come with adjustable shelves.

Thin Profile Aluminum Shelving

Inspired by aeronautical design principals, Cayman defines light scale environments in a new way. With solid aluminum shelves, this high-quality solution allows us to beautifully design with gentle radii and crisp solid end details. Optional low profile LED lighting is fully integrated and recessed.

End Profile

Isometric View

Cayman aluminum shelving is only 5/8" thick and 12" deep. Shelving is available in multiple widths, 24-36" wide. It is also available in our "by-the-inch" widthflexible Add-On Modules. 25", 26", 27", 28" and 29" shelves are the same price as a 30" shelf and 31", 32", 33", 34" and 35" shelves are the same price as a 36" shelf.

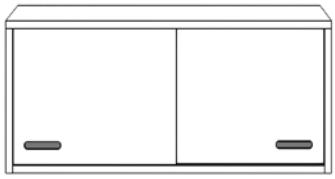

Shelving is textured paint as standard. Optional high polished finish is available. See Cayman Accessories.

These shelves are rated up to 100 pounds through innovative engineering. You don't have to worry about shelves deflecting for any reason. Simply the best.

Overhead Storage Cabinets

Cayman Overhead Storage Cabinets are 12"D x 13.6"H x 24–36" wide. They are part of our "by-the-inch" Add-On Modules for width flexibility. 25", 26", 27", 28" and 29" units are the same price as a 30" cabinet and 31", 32", 33", 34" and 35" units are the same price as a 36" cabinet.

Cabinets have laminate sides and top/bottom. Sliding doors are available in frosted acrylic or laminate.

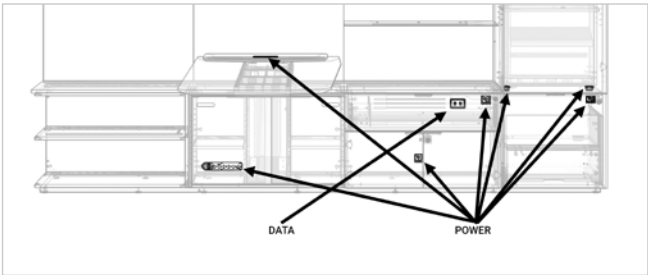

Power and Data

Cayman typicals come with the following electrical solutions:

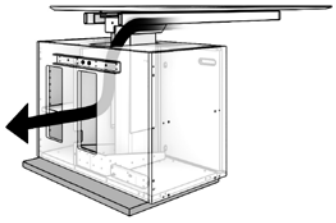

- Single circuit power system via plug strips that are plugged into the wall, enter through the cantilever top cabinet and flow through the backs of cabinets.
- Included:
  - Two 6-receptacle 15 amp plug strips with 6 foot power cords. One placed in cantilever top cabinet and one user configurable. Plug Strip can go five feet either direction from the center of the cantilevered top cabinet to reach a wall outlet. If wall outlets are further away than five feet then customer provided cord extension is required.
  - One receptacle and telecom plate data cutout with blank plate in Technology Drawer. Telecom plates sold separately. See page 268.
  - Two receptacles in Appliance Garage of Side-Access Tower.
  - One receptacle in Appliance garage of Front-Access Tower and Single Door Tower.
  - One receptacle in Printer Garage.
  - One receptacle in the Microwave Garage (double doors below technology drawer in return cabinet).
  - Two receptacles in Utility Tray (optional).
- Chicago Code Power is available as an additional kit.
- Cayman power components are individually UL listed.

See Drawing:

Cable Management

Cayman tops have a trough with removable wire cover beneath the top. Cords run vertically down to the cabinets inside of a steel chase that also houses the column. Once inside the cabinets cables run through the upper back portion inside the cabinet. Power cords exit the worksurface cabinet and plug into wall outlets.

Cayman

Dimmable LED Lighting

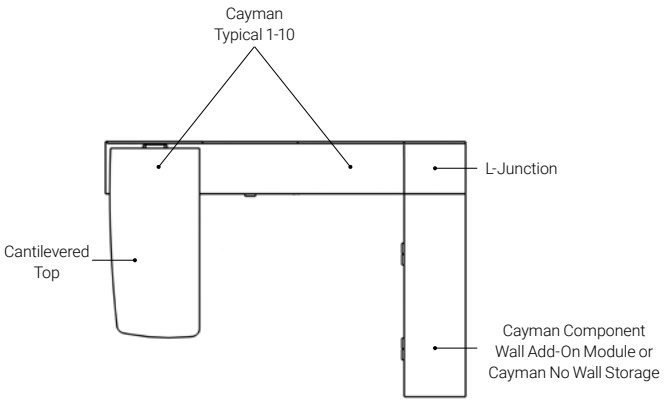

If selected, LED lights are located in cubby areas of Cayman Typicals. All lights are connected by wire to the lighting driver. Lights are activated by a switch, and are fully dimmable. Light switch is preinstalled inside the cantilever top cabinet. Lights are 22"W x 0.375"D slim profile and fully recessed.

Specific Locations of Lights

- Tower Module
  - Located underneath the top roof on front and side-access towers.
  - Located underneath aluminum shelf on 80"H side-access towers.
- Base Module Return Walls and Add-On Wallst
  - Lights are located underneath each Overhead Cabinet or aluminum shelf
- Open Laminate Shelf Lower Cabinets
  - Contains two lights, one for each cubby space.

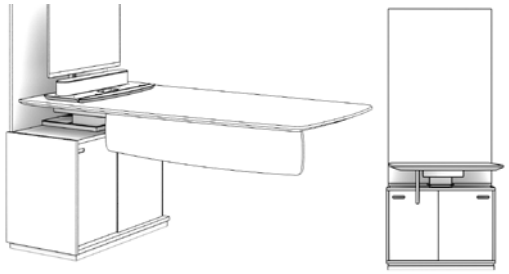

Junctions

Junctions are used to create a 90-degree application between a Cayman typical and Cayman Component Wall Add-On Modules or Cayman No Wall Storage Components to form a "U" office configuration.

Modesty Panels

Optional modesty panels are available in ¼" acrylic or ¾" laminate. Modesty panel actual dimensions are 9"H x 48" W (Cayman tops are 72"W) and are located off-center in both directions as follows:

Creature Comforts

Enwork makes it easy to provide a fully outfitted office on Day 1 with one-stop ordering of creature comfort products. Get a mini refrigerator, microwave, coffee machine and sound bar delivered with each office. For the latest versions of these products consult enwork.com/products/cayman-private-office

Below is the available space inside each garage:

- Appliance Garage in Side-Access Wardrobe Tower (holds mini refrigerator and coffee maker) – 22.5"W x 13.5"D x 28"H
- Appliance Garage in Front-Access Wardrobe Tower (can hold 1 appliance) - 14.5"W x 17.5"D x 28"H
- Printer Garage in Side and Front-Access Wardrobe Towers (printer not sold by Enwork) – 21"W x 20"D x 11.5"H for the printer and 21"W x 19.5"D x 6"H for the paper storage area.
- Microwave Garage (behind double door space of return cabinet in Base Office A) – 24"W x 19"D x 11.75"H.

Monitor Mounts

The Cayman monitor mount is color-matched and designed to integrate seamlessly with the Cayman cantilever. It is installed at the wall end of the cantilevered top. Monitor mounts include adjustments for tilt and height. Cayman monitor mounts can accommodate monitors up to 40".

Conference Room Typicals

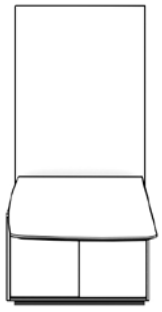

A variety of typicals will create highly functional, user-friendly videoconferencing and meeting rooms. Perfect for Zoom and Teams calls.

Cayman Component

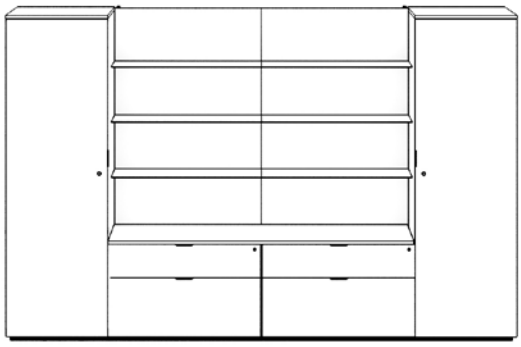

Custom Application created with Cayman Wall Components

Cayman Wall Components - Conference Room Accent Walls, Private Office Storage Walls, and Custom Applications

The Build-A-Wall and Freestanding Tower sections of the price list will allow you to create these types of sleek and inspiring walls...

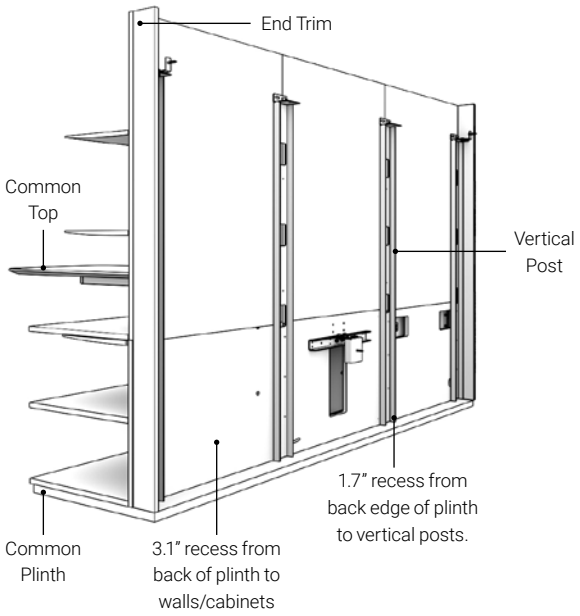

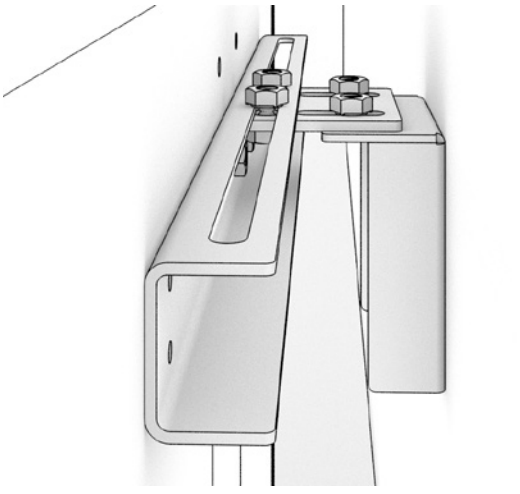

Cayman

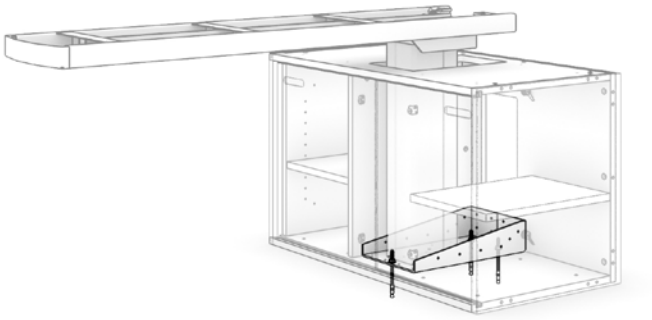

Installation Overview

The Cayman wall system is freestanding with its own structure (vertical posts, end trims, common plinth/top – see diagram). This structure must be tethered to a building wall stud via the Cayman wall tether bracket (see diagram). Cayman **cannot** be attached to a demountable wall. For this situation Cayman must be bolted to a 2" thick concrete floor with bolts in the bottom of the worksurface cabinet. The Cayman floor attachment hardware kit is sold separately.

Wall Stud Attachment

Floor Attachment

All Cayman typicals (minus LED lighting) install in less than one hour per office once product is staged at the install location. **Reference the 3-minute Cayman Installation Video on the Cayman home page at enwork.com/products/cayman-private-office.** Many of the components are sub-assembled at Enwork prior to shipment in order to achieve this level of installation timing. Below is a list of Typical 8 (as an example) shipping unit components that will be received at the job site from Enwork:

1. Lower Cabinet Assembly for Cantilevered Worksurface (includes vertical columns)
2. Lower Cabinet for the Add-On-module
3. Lower Return Cabinet Assembly
4. Storage Tower
5. Wall Assembly – Wksf Wall (includes pre-assembled shelves if specified)
6. Wall Assembly – Add-On module wall (includes pre-assembled shelves if specified)
7. Wall Assembly – Return wall (includes pre-assembled shelves if specified)
8. Common Plinth (goes under lower cabinets)
9. Common Top (goes above lower cabinets)
10. Cantilevered Top
11. Cantilevered Top Support Weldment and Wire Access Cover (for attachment to vertical column)
12. Vertical Posts for Wall Ganging– qty 4
13. Tether Bracket
14. Miscellaneous Products
    a. Power Strips – qty 2
    b. Installation Hardware
15. Optional Products that Ship Separately (IF SPECIFIED)
    a. Modesty Panel for Cantilevered Top
    b. LED lighting
    c. Utility Tray
    d. Overhead Cabinets
    e. Appliances

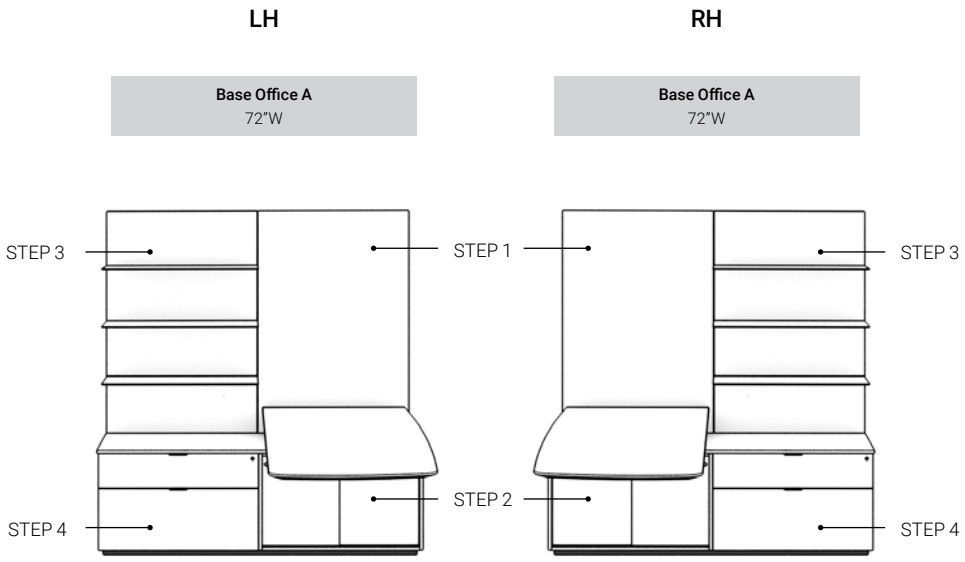

Cayman Specials

What is shown in this price list is a fraction of what Cayman can do.
Contact designteam@enwork.com to discuss your unique ideas and site conditions.

Dimensions & Specifications

- Cabinets
  - Enwork lower cabinets are 24”H and 20”D. Overall wall depth with cabinet is 24”.
  - All doors and drawers have soft-close hinges (except the wardrobe door on side-access tower).
  - Standard with sleek pulls.
- Locks and Keying
  - Locks come standard on all file drawers, double doors, tech drawers, and some tower doors (see tower section).
  - There are no locks on sliding Overhead Cabinets or below cantilevered worksurface sliding acrylic doors.
  - Cayman typicals are keyed alike.
  - Cayman components are keyed alike per ganging package. Cayman components are not keyed alike to Cayman typicals.
  - Cayman Freestanding Towers are keyed random.
- Walls
  - Laminate walls are 1¼” thick high pressure laminate.
  - Fabric walls are ⅜” thick low density fiberboard mounted on ¾” melamine. Fabric walls are tackable.
- Glass walls are ¼” thick white back-painted glass mounted on ¾” melamine.
- Appliance Garage door white back-painted glass is ⅛” thick mounted on ⅝” melamine.
- Cantilevered Worksurface
  - When properly installed the Cantilevered Worksurface can hold up to 200 pounds.
  - Tops are 34”D to prevent pinch point with overhead shelves.

Cayman Typical 1 (Two Module Private Office / Small Conference Team Room)

*80"H Shown Above

Product Specifications

> Includes 2 wall modules with cabinets, common top, common plinth and cantilevered worksurface.
> Dimensions:
  > Overall depth of the work wall is 24".
  > Lower Cabinets are 20"D x 24"H with top.
  > Standard Cayman walls are 66"H. Executive Cayman is 80"H.
  > Common top on cabinets is 20"D.
> Locks are included on lower cabinet (except sliding doors under wksf).
> Aluminum shelves are painted with textured powder coat. All other painted components are smooth powder coat.
> Reference Understanding Cayman on pages 406-417 for product details.
> Monitor Mounts and Appliances are sold separately.
> Cayman tether bracket attaches to a wall stud. Cayman does not attach to a demountable wall. See page 416.

Ordering Information

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

W1	H1	Part Number	Description	List Price (US$)
72	66	CM1L66072	LH Unit, 66"H	$16,966
72	66	CM1R66072	RH Unit, 66"H	$16,966
72	80	CM1L80072	LH Unit, 80"H	$17,850
72	80	CM1R80072	RH Unit, 80"H	$17,850

STEP 1 – Base Office A, Wksf Wall

WA	Laminate	no charge
*WB	Laminate with Aluminum Shelf	+$966
*WC	Laminate with Overhead Cabinet	+$750
WF	Fabric	+$650
*WG	Fabric with Aluminum Shelf	+$1616
*WH	Fabric with Overhead Cabinet	+$1400
WM	Glass Whiteboard	+$680

*Not recommended on 66"H walls with height adjustable worksurfaces due to potential monitor collision.

STEP 2 – Base Office A, Cantilevered Worksurface w/ Sliding Door Cabinet

KZ	Fixed Worksurface, Acrylic Doors	-$2800
KL	Height Adjustable Wksf, Acrylic Doors	no charge
KI	Fixed Worksurface, Laminate Doors	-$2800
KS	Height Adjustable Wksf, Laminate Doors	no charge

STEP 3 – Base Office A, Return Wall

RD	Laminate with aluminum shelves (2 for 66H, 3 for 80H)	no charge
RE	Laminate with 1 Overhead Cabinet and aluminum shelves (1 for 66H and 2 for 80H)	no charge
RJ	Fabric with aluminum shelves (2 for 66H, 3 for 80H)	+$650
RK	Fabric with 1 overhead and aluminum shelves (1 for 66H and 2 for 80H)	+$650
RM	Glass Whiteboard	no charge

STEP 4 – Base Office A, Return Cabinet

CP	Tech Drawer/Lateral File
CR	Tech Drawer/Double Door

STEP 5 – Cantilevered Top Shape

A	Cayman Shape Top, 34x72, Knife Edge	no charge
B	Rectangle Top 34x72, 3mm Edge	-$250
C	Rectangle Top 30x72, 3mm Edge	-$450
J	Cayman Shape Top, 34x66, Knife Edge	no charge
K	Rectangle Top 34x66, 3mm Edge	-$250
L	Rectangle Top 30x66, 3mm Edge	-$450

STEP 6 – Cable Management

N	No Grommet	no charge
A	One Grommet (for monitor cables)	+$21
B	Two Grommets (for monitor arm and monitor cables)	+$42
*V	Axil 2-port Power/Data Cutout (center, beside column)	+$42

*Axil 2-port unit ordered separately. See page 462.

STEP 7 – Overhead Cabinet Door (if cabinets selected)

A	Acrylic
B	Laminate

STEP 8 – Utility Tray with Power (sits on cantilevered wksf.)

N	No	no charge
Y	Yes	+$970

STEP 9 – Modesty Panels

N	No modesty	no charge
A	Acrylic modesty	+$350
L	Laminate modesty	+$350

STEP 10 – Lighting

N	No LED Lights	no charge
Y	LED Lights	+$990

STEP 11 – Paint Choice

G	Storm	
K	Champagne Bronze	
R	Black	
*S	Silver	
T	Medium Tone	
W	Arctic White (textured)	
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$100

*Utility Tray will be painted Storm if selected.
Tip: Polished wall shelves are available. See page 462.

STEP 12 – Case Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$1500
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$2200

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

STEP 13 – Top/Drawer/Door/Vertical Wall Laminate Choice

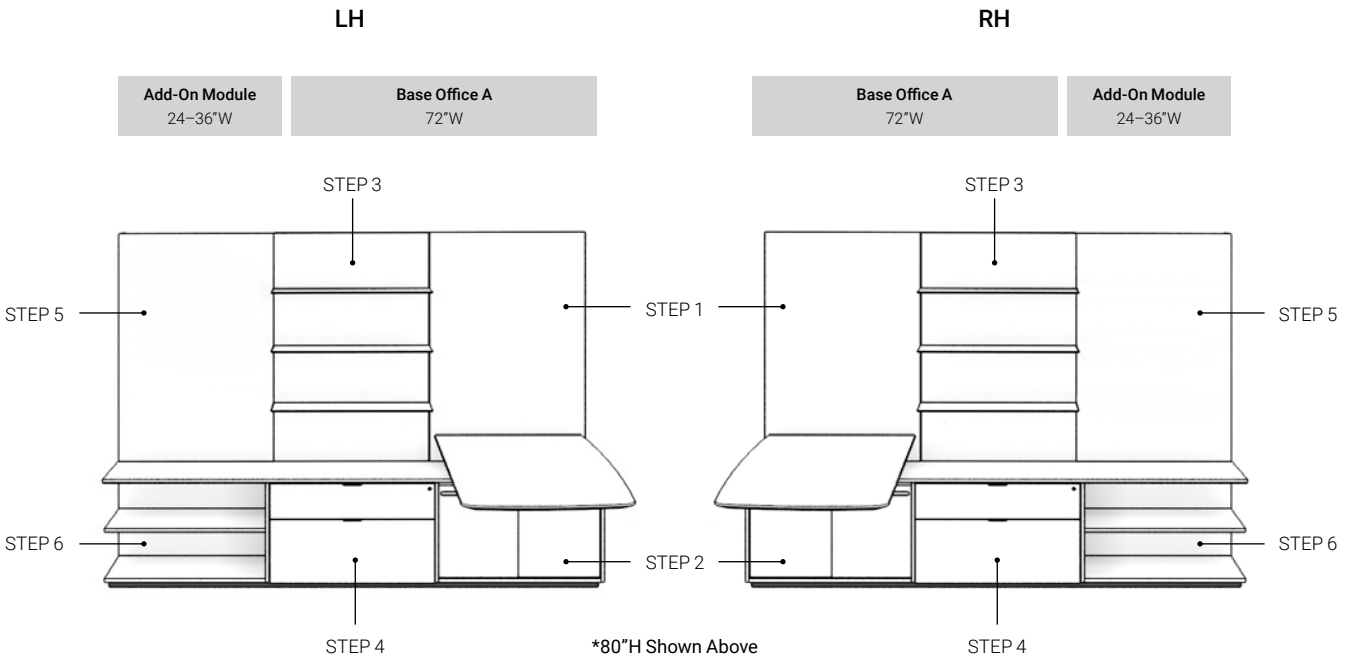

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
**9	Formica FENIX Black (Nero Ingo - J0720)	+$2000
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$750
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$1000

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.
**Door and Drawer Fronts will match case laminate for this laminate choice only.

STEP 14 – Fabric Choice (if applicable)
Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

Cayman Typical 2 (Three Module Private Office)

Product Specifications

> Includes 3 wall modules with cabinets, common top, common plinth and cantilevered worksurface.
> Dimensions:
  > Overall depth of the work wall is 24".
  > Lower Cabinets are 20"D x 24"H with top.
  > Standard Cayman walls are 66"H. Executive Cayman is 80"H.
  > Common top on cabinets is 20"D.
> Locks are included on lower cabinets (except sliding doors under wksf).
> Aluminum shelves are painted with textured powder coat. All other painted components are smooth powder coat.
> Reference Understanding Cayman on page pages 406-417 for product details.
> Monitor mounts and Appliances are sold separately.
> Cayman tether bracket attaches to a wall stud. Cayman does not attach to a demountable wall. See page 416.

Ordering Information

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

W1	H1	Part Number	Description	List Price (US$)

108*	80	CM2L80108	LH Unit w/ 36" Add-On Module	$20,387
108*	80	CM2R80108	RH Unit w/ 36" Add-On Module	$20,387

*Add-On dimensioning is available "by the inch". Feel free to substitute any whole number between 97-101 in place of 102 or substitute 103-107 in place of 108. See page 412 for details.

STEP 1 – Base Office A, Wksf Wall

WA	Laminate	no charge
*WB	Laminate with Aluminum Shelf	+$966
*WC	Laminate with Overhead Cabinet	+$750
WF	Fabric	+$650
*WG	Fabric with Aluminum Shelf	+$1616
*WH	Fabric with Overhead Cabinet	+$1400
WM	Glass Whiteboard	+$680

*Not recommended on 66"H walls with height adjustable worksurfaces due to potential monitor collision.

STEP 2 – Base Office A, Cantilevered Worksurface w/ Sliding Door Cabinet

KZ	Fixed Worksurface, Acrylic Doors	-$2800
KL	Height Adjustable Wksf, Acrylic Doors	no charge
KI	Fixed Worksurface, Laminate Doors	-$2800
KS	Height Adjustable Wksf, Laminate Doors	no charge

STEP 3 – Base Office A, Return Wall

RD	Laminate with aluminum shelves (2 for 66H, 3 for 80H)	no charge
RE	Laminate with 1 Overhead Cabinet and aluminum shelves (1 for 66H and 2 for 80H)	no charge
RJ	Fabric with aluminum shelves (2 for 66H, 3 for 80H)	+$650
RK	Fabric with 1 overhead and aluminum shelves (1 for 66H and 2 for 80H)	+$650
RM	Glass Whiteboard	no charge

STEP 4 – Base Office A, Return Cabinet

CP	Tech Drawer/Lateral File
CR	Tech Drawer/Double Door

STEP 5 – Add-On Module Wall

AA	Laminate	no charge
AB	Laminate w/ 1 Aluminum Shelf	+$966
AC	Laminate w/1 Overhead Cabinet	+$750
AD	Laminate w/ Aluminum Shelves (2 on 66H, 3 on 80H)	+$1932/+$2898
AE	Laminate w/ Overhead Cabinet and Aluminum Shelves (1 on 66H, 2 on 80H)	+$1716/+$2682
AF	Fabric	+$650
AG	Fabric w/ 1 Aluminum Shelf	+$1,616
AH	Fabric w/ 1 Overhead Cabinet	+$1400
AJ	Fabric w/ Aluminum Shelves (2 on 66H, 3 on 80H)	+$2582/+$3548
AK	Fabric w/ Overhead Cabinet and Aluminum Shelves (1 on 66H, 2 on 80H)	+$2366/+$3332
*AM	Glass Whiteboard	+$680

*Glass is 36"W, thus standard on 108"W unit only.

STEP 6 – Add-On Module Cabinet

BN	Open Laminate Shelving	no charge
BP	Tech Drawer/Lateral File	+$350
BQ	Double Door Cabinet	no charge

STEP 7 – Cantilevered Top Shape

A	Cayman Shape Top, 34x72, Knife Edge	no charge
B	Rectangle Top 34x72, 3mm Edge	-$250
C	Rectangle Top 30x72, 3mm Edge	-$450
J	Cayman Shape Top, 34x66, Knife Edge	no charge
K	Rectangle Top 34x66, 3mm Edge	-$250
L	Rectangle Top 30x66, 3mm Edge	-$450

STEP 8 – Cable Management

N	No Grommet	no charge
A	One Grommet (for monitor cables)	+$21
B	Two Grommets (for monitor arm and monitor cables)	+$42
*V	Axil 2-port Power/Data Cutout (center, beside column)	+$42

*Axil 2-port unit ordered separately. See page 462.

STEP 9 – Overhead Cabinet Door (if cabinets selected)

A	Acrylic
B	Laminate

STEP 10 – Utility Tray with Power (sits on cantilevered wksf.)

N	No	no charge
Y	Yes	+$970

STEP 11 – Modesty Panels

N	No modesty	no charge
A	Acrylic modesty	+$350
L	Laminate modesty	+$350

STEP 12 – Lighting

N	No LED Lights	no charge
Y	LED Lights	+$1365

STEP 13 – Paint Choice

G	Storm
K	Champagne Bronze
R	Black
*S	Silver
T	Medium Tone
W	Arctic White (textured)

! 2027 Designer Paint Colors +$100 (see page 19 for finish selection)

*Utility Tray will be painted Storm if selected.
Tip: Polished wall shelves are available. See page 462.

STEP 14 – Case Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$2250
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$3300

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

STEP 15 – Top/Drawer/Door/Vertical Wall Laminate Choice

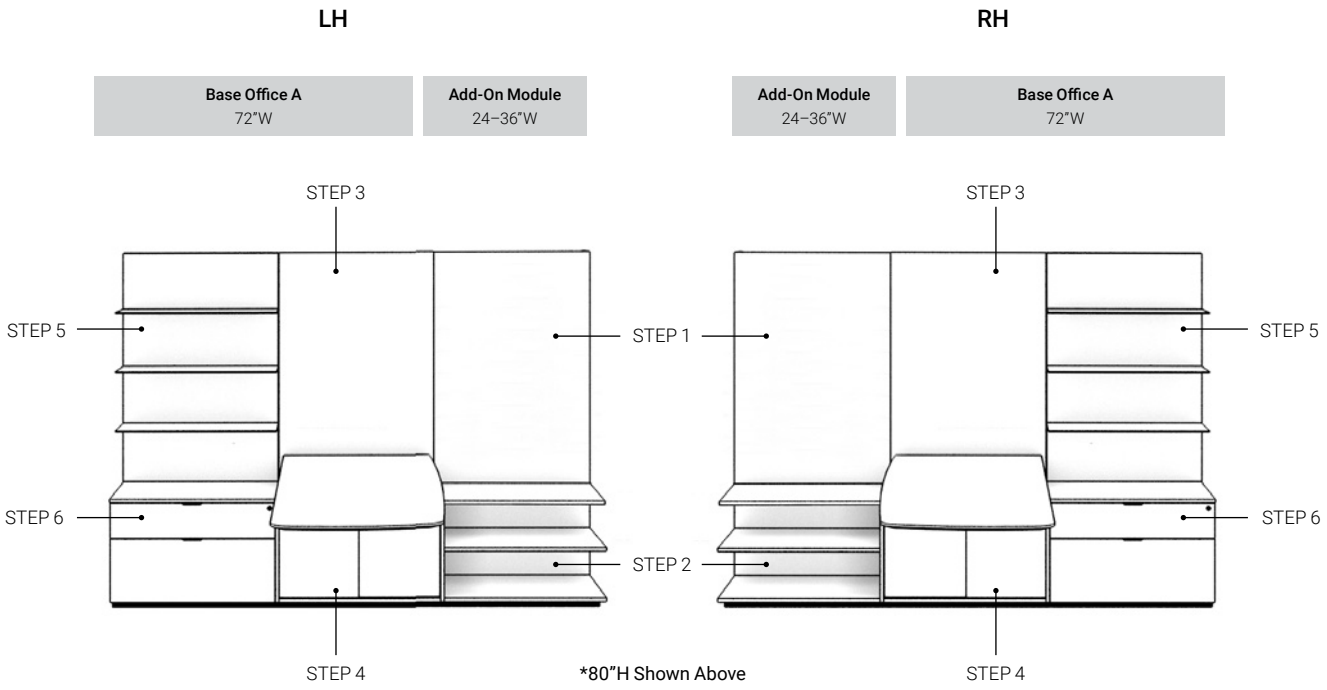

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
**9	Formica FENIX Black (Nero Ingo - J0720)	+$2000
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$750
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$1000

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.
**Door and Drawer Fronts will match case laminate for this laminate choice only.

STEP 16 – Fabric Choice (if applicable)
Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

Cayman Typical 3 (Three Module Private Office / Small Conference Room)

Product Specifications

> Includes 3 wall modules with cabinets, common top, common plinth and cantilevered worksurface.
> Dimensions:
  > Overall depth of the work wall is 24".
  > Lower Cabinets are 20"D x 24"H with top.
  > Standard Cayman walls are 66"H. Executive Cayman is 80"H.
  > Common top on cabinets is 20"D.
> Locks are included on lower cabinets (except sliding doors under wksf).
> Aluminum shelves are painted with textured powder coat. All other painted components are smooth powder coat.
> Reference Understanding Cayman on pages406-417 for product details.
> Monitor Mounts and Appliances are sold separately.
> Cayman tether bracket attaches to a wall stud. Cayman does not attach to a demountable wall. See page 416.

Ordering Information

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

96*	66	CM5L66096	LH Unit w/ 24" Add-On Module	$21,802
96*	66	CM5R66096	RH Unit w/ 24" Add-On Module	$21,802
96*	80	CM5L80096	LH Unit w/ 24" Add-On Module	$22,023
96*	80	CM5R80096	RH Unit w/ 24" Add-On Module	$22,023
102*	66	CM5L66102	LH Unit w/ 30" Add-On Module	$21,912
102*	66	CM5R66102	RH Unit w/ 30" Add-On Module	$21,912
102*	80	CM5L80102	LH Unit w/ 30" Add-On Module	$22,131
102*	80	CM5R80102	RH Unit w/ 30" Add-On Module	$22,131
108*	66	CM5L66108	LH Unit w/ 36" Add-On Module	$22,023
108*	66	CM5R66108	RH Unit w/ 36" Add-On Module	$22,023
108*	80	CM5L80108	LH Unit w/ 36" Add-On Module	$22,242
108*	80	CM5R80108	RH Unit w/ 36" Add-On Module	$22,242

*Add-On dimensioning is available "by the inch". Feel free to substitute any whole number between 97-101 in place of 102 or substitute 103-107 in place of 108. See page 412 for details.

Note: W1 assumes a 36" height-adjustable return. Wider returns will yield wider typical.

STEP 1 – Base Office B, Wksf Wall

WA	Laminate	no charge
*WB	Laminate with Aluminum Shelf	+$966
*WC	Laminate with Overhead Cabinet	+$750
WF	Fabric	+$650
*WG	Fabric with Aluminum Shelf	+$1616
*WH	Fabric with Overhead Cabinet	+$1400
WM	Glass Whiteboard	+$680

*Not recommended on 66"H walls with height adjustable worksurfaces due to potential monitor collision.

STEP 2 – Base Office B, Cantilevered Worksurface w/ Sliding Door Cabinet

KZ	Fixed Worksurface, Acrylic Doors	-$2800
KL	Height Adjustable Wksf, Acrylic Doors	no charge
KI	Fixed Worksurface, Laminate Doors	-$2800
KS	Height Adjustable Wksf, Laminate Doors	no charge

STEP 3 – Base Office B, Return Wall

RA	Laminate	no charge
*RB	Laminate with Aluminum Shelf	+$966
*RC	Laminate with Overhead Cabinet	+$750
RF	Fabric	+$650
*RG	Fabric with Aluminum Shelf	+$1616
*RH	Fabric with Overhead Cabinet	+$1400

*Not recommended on 66"H walls with height adjustable worksurfaces due to potential monitor collision.
*Overhead not available if return is 54" or 60" in Step 16.
Alum Shelf not available if return is 48"-60"W.

STEP 4 – Add-On Module Wall

AA	Laminate	no charge
AB	Laminate w/ 1 Aluminum Shelf	+$966
AC	Laminate w/1 Overhead Cabinet	+$750
AD	Laminate w/ Aluminum Shelves (2 on 66H, 3 on 80H)	+$1932/+$2898
AE	Laminate w/ Overhead Cabinet and Aluminum Shelves (1 on 66H, 2 on 80H)	+$1716/+$2682
AF	Fabric	+$650
AG	Fabric w/ 1 Aluminum Shelf	+$1616
AH	Fabric w/ 1 Overhead Cabinet	+$1400
AJ	Fabric w/ Aluminum Shelves (2 on 66H, 3 on 80H)	+$2582/+$3548
AK	Fabric w/ Overhead Cabinet and Aluminum Shelves (1 on 66H, 2 on 80H)	+$2366/+$3332
*AM	Glass Whiteboard	+$680

*Glass is 36"W, thus standard on 108"W unit only.

STEP 5 – Add-On Module Cabinet

BN	Open Laminate Shelving	no charge
BP	Tech Drawer/Lateral File	+$350
BQ	Double Door Cabinet	no charge

STEP 6 – Cantilevered Top Shape

A	Cayman Shape Top, 34x72, Knife Edge	no charge
B	Rectangle Top 34x72, 3mm Edge	-$250
C	Rectangle Top 30x72, 3mm Edge	-$450
J	Cayman Shape Top, 34x66, Knife Edge	no charge
K	Rectangle Top 34x66, 3mm Edge	-$250
L	Rectangle Top 30x66, 3mm Edge	-$450

STEP 7 – Cable Management

N	No Grommet	no charge
A	One Grommet (for monitor cables)	+$21
B	Two Grommets (for monitor arm and monitor cables)	+$42
*V	Axil 2-port Power/Data Cutout (center, beside column)	+$42

*Axil 2-port unit ordered separately. See page 462.

STEP 8 – Overhead Cabinet Door (if cabinets selected)

A	Acrylic
B	Laminate

STEP 9 – Utility Tray with Power (sits on cantilevered wksf.)

N	No	no charge
Y	Yes	+$970

STEP 10 – Modesty Panels

N	No modesty	no charge
A	Acrylic modesty	+$350
L	Laminate modesty	+$350

STEP 11 – Lighting

N	No LED Lights	no charge
Y	LED Lights	+$1365

STEP 12 – Paint Choice

G	Storm	
K	Champagne Bronze	
R	Black	
*S	Silver	
T	Medium Tone	
W	Arctic White (textured)	
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$100

*Utility Tray will be painted Storm if selected.
Tip: Polished wall shelves are available. See page 462.

STEP 13 – Case Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$2250
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$3300

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

STEP 14 – Top/Drawer/Door/Vertical Wall Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
**9	Formica FENIX Black (Nero Ingo - J0720)	+$2000
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$750
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$1000

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.
**Door and Drawer Fronts will match case laminate for this laminate choice only.

STEP 15 – Fabric Choice (if applicable)

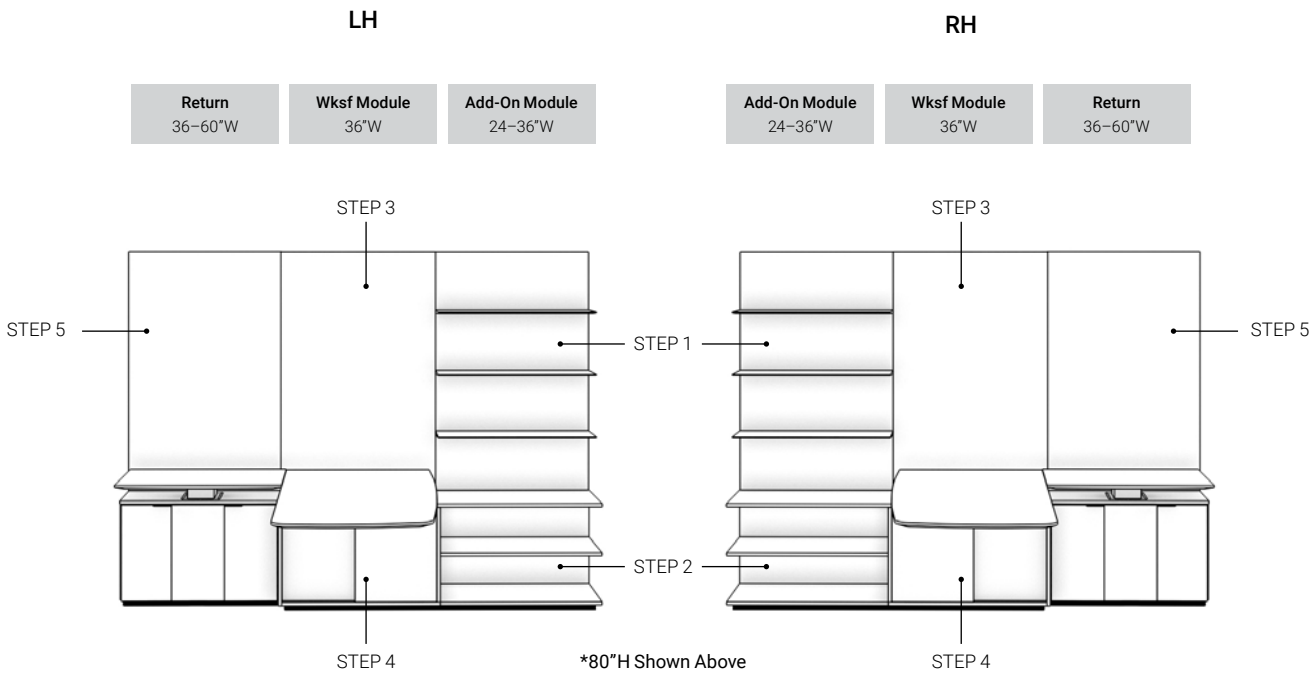

Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

STEP 16 – Adj. Height Return Width

A	36" Wide
B	42" Wide
C	48" Wide
D	54" Wide
E	60" Wide

Cayman Typical 6 (Three Module Private Office w/ Height Adjustable Return)

Product Specifications

- Includes 3 wall modules with cabinets, height-adjustable return, common top, common plinth and cantilevered worksurface.
- Dimensions:
  - Overall depth of the work wall is 24".
  - Lower Cabinets are 20"D x 24"H with top.
  - Standard Cayman walls are 66"H. Executive Cayman is 80"H.
  - Common top on cabinets is 20"D.
  - Height-Adjustable return is 24"D x 36"–60"W.
- Locks are included on lower cabinets (except sliding doors under wksf).
- Aluminum shelves are painted with textured powder coat. All other painted components are smooth powder coat.
- Reference Understanding Cayman on pages 406-417 for product details.
- Monitor Mounts and Appliances are sold separately.
- Cayman tether bracket attaches to a wall stud. Cayman does not attach to a demountable wall. See page 416.

Ordering Information

- **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

W1	H1	Part Number	Description	List Price (US$)
96*	66	CM6L66096	LH Unit w/ 24" Add-On Module	$21,912
96*	66	CM6R66096	RH Unit w/ 24" Add-On Module	$21,912
96*	80	CM6L80096	LH Unit w/ 24" Add-On Module	$22,023
96*	80	CM6R80096	RH Unit w/ 24" Add-On Module	$22,023
102*	66	CM6L66102	LH Unit w/ 30" Add-On Module	$22,023
102*	66	CM6R66102	RH Unit w/ 30" Add-On Module	$22,023
102*	80	CM6L80102	LH Unit w/ 30" Add-On Module	$22,131
102*	80	CM6R80102	RH Unit w/ 30" Add-On Module	$22,131
108*	66	CM6L66108	LH Unit w/ 36" Add-On Module	$22,131
108*	66	CM6R66108	RH Unit w/ 36" Add-On Module	$22,131
108*	80	CM6L80108	LH Unit w/ 36" Add-On Module	$22,242
108*	80	CM6R80108	RH Unit w/ 36" Add-On Module	$22,242

*Add-On dimensioning is available "by the inch". Feel free to substitute any whole number between 97-101 in place of 102 or substitute 103-107 in place of 108. See page 412 for details.

Note: W1 assumes a 36" height-adjustable return. Wider returns will yield wider typical.

STEP 1 – Add-On Module Wall

AA	Laminate	no charge
AB	Laminate w/ 1 Aluminum Shelf	+$966
AC	Laminate w/1 Overhead Cabinet	+$750
AD	Laminate w/ Aluminum Shelves (2 on 66H, 3 on 80H)	+$1932/+$2898
AE	Laminate w/ Overhead Cabinet and Aluminum Shelves (1 on 66H, 2 on 80H)	+$1716/+$2682
AF	Fabric	+$650
AG	Fabric w/ 1 Aluminum Shelf	+$1616
AH	Fabric w/ 1 Overhead Cabinet	+$1400
AJ	Fabric w/ Aluminum Shelves (2 on 66H, 3 on 80H)	+$2582/+$3548
AK	Fabric w/ Overhead Cabinet and Aluminum Shelves (1 on 66H, 2 on 80H)	+$2366/+$3332
*AM	Glass Whiteboard	+$680

*Glass is 36"W, thus standard on 108"W unit only.

STEP 2 – Add-On Module Cabinet

BN	Open Laminate Shelving	no charge
BP	Tech Drawer/Lateral File	+$350
BQ	Double Door Cabinet	no charge

STEP 3 – Base Office B, Wksf Wall

WA	Laminate	no charge
*WB	Laminate with Aluminum Shelf	+$966
*WC	Laminate with Overhead Cabinet	+$750
WF	Fabric	+$650
*WG	Fabric with Aluminum Shelf	+$1616
*WH	Fabric with Overhead Cabinet	+$1400
WM	Glass Whiteboard	+$680

*Not recommended on 66"H walls with height adjustable worksurfaces due to potential monitor collision.

STEP 4 – Base Office B, Cantilevered Worksurface w/ Sliding Door Cabinet

KZ	Fixed Worksurface, Acrylic Doors	-$2800
KL	Height Adjustable Wksf, Acrylic Doors	no charge
KI	Fixed Worksurface, Laminate Doors	-$2800
KS	Height Adjustable Wksf, Laminate Doors	no charge

STEP 5 – Base Office B, Return Wall

RA	Laminate	no charge
*RB	Laminate with Aluminum Shelf	+$966
*RC	Laminate with Overhead Cabinet	+$750
RF	Fabric	+$650
*RG	Fabric with Aluminum Shelf	+$1616
*RH	Fabric with Overhead Cabinet	+$1400

*Not recommended on 66"H walls with height adjustable worksurfaces due to potential monitor collision.
*Overhead not available if return is 54" or 60" in Step 16. Alum Shelf not available if return is 48"-60"W.

STEP 6 – Cantilevered Top Shape

A	Cayman Shape Top, 34x72, Knife Edge	no charge
B	Rectangle Top 34x72, 3mm Edge	-$250
C	Rectangle Top 30x72, 3mm Edge	-$450
J	Cayman Shape Top, 34x66, Knife Edge	no charge
K	Rectangle Top 34x66, 3mm Edge	-$250
L	Rectangle Top 30x66, 3mm Edge	-$450

STEP 7 – Cable Management

N	No Grommet	no charge
A	One Grommet (for monitor cables)	+$21
B	Two Grommets (for monitor arm and monitor cables)	+$42
*V	Axil 2-port Power/Data Cutout (center, beside column)	+$42

*Axil 2-port unit ordered separately. See page 462.

STEP 8 – Overhead Cabinet Door (if cabinets selected)

A	Acrylic
B	Laminate

STEP 9 – Utility Tray with Power (sits on cantilevered wksf.)

N	No	no charge
Y	Yes	+$970

STEP 10 – Modesty Panels

N	No modesty	no charge
A	Acrylic modesty	+$350
L	Laminate modesty	+$350

STEP 11 – Lighting

N	No LED Lights	no charge
Y	LED Lights	+$528

STEP 12 – Paint Choice

G	Storm	
K	Champagne Bronze	
R	Black	
*S	Silver	
T	Medium Tone	
W	Arctic White (textured)	
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$100

*Utility Tray will be painted Storm if selected.
Tip: Polished wall shelves are available. See page 462.

STEP 13 – Case Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$2250
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$3300

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

STEP 14 – Top/Drawer/Door/Vertical Wall Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
**9	Formica FENIX Black (Nero Ingo - J0720)	+$2000
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$750
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$1000

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.
**Door and Drawer Fronts will match case laminate for this laminate choice only.

STEP 15 – Fabric Choice (if applicable)

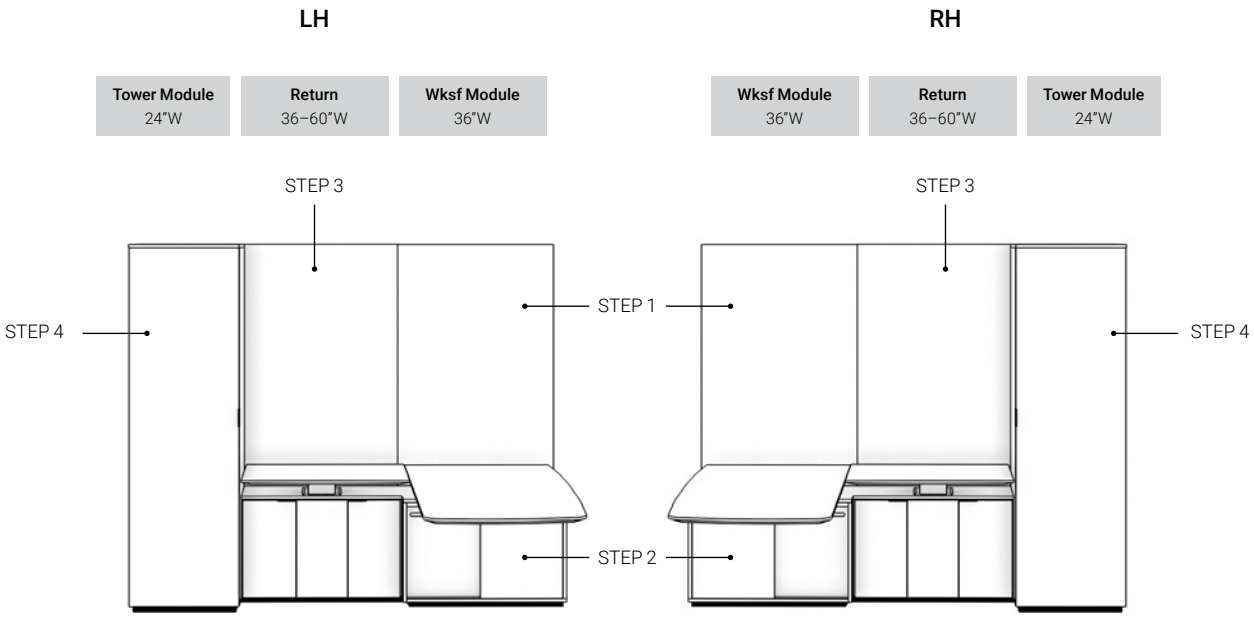

Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

STEP 16 – Adj. Height Return Width

A	36" Wide
B	42" Wide
C	48" Wide
D	54" Wide
E	60" Wide

Cayman Typical 7 (Three Module Private Office w/ Height Adjustable Return)

*80"H Shown Above

Product Specifications

> Includes 3 wall modules with cabinets and height adjustable return, common top, common plinth and cantilevered worksurface.
> Dimensions:
  > Overall depth of the work wall is 24".
  > Lower Cabinets are 20"D x 24"H with top.
  > Standard Cayman walls are 66"H. Executive Cayman is 80"H.
  > Common top on cabinets is 20"D.
  > Height-Adjustable return is 24"D x 36"–60"W.
  > Storage Towers are 24"D x 24"W x 66/80"H.
> Locks are included on towers (see Understanding Cayman for exact locations).
> Aluminum shelves are painted with textured powder coat. All other painted components are smooth powder coat.
> Reference Understanding Cayman on pages 406-417 for product details.
> Monitor Mounts and Appliances are sold separately.
> Cayman tether bracket attaches to a wall stud. Cayman does not attach to a demountable wall. See page 416.

Ordering Information

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

W1	H1	Part Number	Description	List Price (US$)
96	66	CM7L66096	LH Unit, 66"H	$23,304
96	66	CM7R66096	RH Unit, 66"H	$23,304
96	80	CM7L80096	LH Unit, 80"H	$23,414
96	80	CM7R80096	RH Unit, 80"H	$23,414

Note: W1 assumes a 36" height-adjustable return. Wider returns will yield wider typical.

STEP 1 – Base Office B, Wksf Wall

WA	Laminate	no charge
*WB	Laminate with Aluminum Shelf	+$966
*WC	Laminate with Overhead Cabinet	+$750
WF	Fabric	+$650
*WG	Fabric with Aluminum Shelf	+$1616
*WH	Fabric with Overhead Cabinet	+$1400
WM	Glass Whiteboard	+$680

*Not recommended on 66"H walls with height adjustable worksurfaces due to potential monitor collision.

STEP 2 – Base Office B, Cantilevered Worksurface w/ Sliding Door Cabinet

KZ	Fixed Worksurface, Acrylic Doors	-$2800
KL	Height Adjustable Wksf, Acrylic Doors	no charge
KI	Fixed Worksurface, Laminate Doors	-$2800
KS	Height Adjustable Wksf, Laminate Doors	no charge

STEP 3 – Base Office B, Return Wall

RA	Laminate	no charge
*RB	Laminate with Aluminum Shelf	+$966
*RC	Laminate with Overhead Cabinet	+$750
RF	Fabric	+$650
*RG	Fabric with Aluminum Shelf	+$1616
*RH	Fabric with Overhead Cabinet	+$1400

*Not recommended on 66"H walls with height adjustable worksurfaces due to potential monitor collision.
*Overhead not available if return is 54" or 60" in Step 15.
Alum Shelf not available if return is 48"-60"W.

STEP 4 – Storage Tower

TT	Single Door Tower	no charge
TU	Side Access Tower w/ Lam Appliance Garage	+$1741
TV	Side Access Tower w/ Back-Painted Glass Door Appliance Garage	+$1853
TW	Front Access Tower w/ Lam Appliance Garage	+$1410
TY	Front Access Tower w/ Back-Painted Glass Door Appliance Garage	+$1522

STEP 5 – Cantilevered Top Shape

A	Cayman Shape Top, 34x72, Knife Edge	no charge
B	Rectangle Top 34x72, 3mm Edge	-$250
C	Rectangle Top 30x72, 3mm Edge	-$450
J	Cayman Shape Top, 34x66, Knife Edge	no charge
K	Rectangle Top 34x66, 3mm Edge	-$250
L	Rectangle Top 30x66, 3mm Edge	-$450

STEP 6 – Cable Management

N	No Grommet	no charge
A	One Grommet (for monitor cables)	+$21
B	Two Grommets (for monitor arm and monitor cables)	+$42
*V	Axil 2-port Power/Data Cutout (center, beside column)	+$42

*Axil 2-port unit ordered separately. See page 462.

STEP 7 – Overhead Cabinet Door (if cabinets selected)

A	Acrylic
B	Laminate

STEP 8 – Utility Tray with Power (sits on cantilevered wksf.)

N	No	no charge
Y	Yes	+$970

STEP 9 – Modesty Panels

N	No modesty	no charge
A	Acrylic modesty	+$350
L	Laminate modesty	+$350

STEP 10 – Lighting

N	No LED Lights	no charge
Y	LED Lights	+$528

STEP 11 – Paint Choice

G	Storm	
K	Champagne Bronze	
R	Black	
*S	Silver	
T	Medium Tone	
W	Arctic White (textured)	
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$100

*Utility Tray will be painted Storm if selected.
Tip: Polished wall shelves are available. See page 462.

STEP 12 – Case Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$3000
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$4400

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

STEP 13 – Top/Drawer/Door/Vertical Wall Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
**9	Formica FENIX Black (Nero Ingo - J0720)	+$2000
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)

E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$750
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$1000

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.
**Door and Drawer Fronts will match case laminate for this laminate choice only.

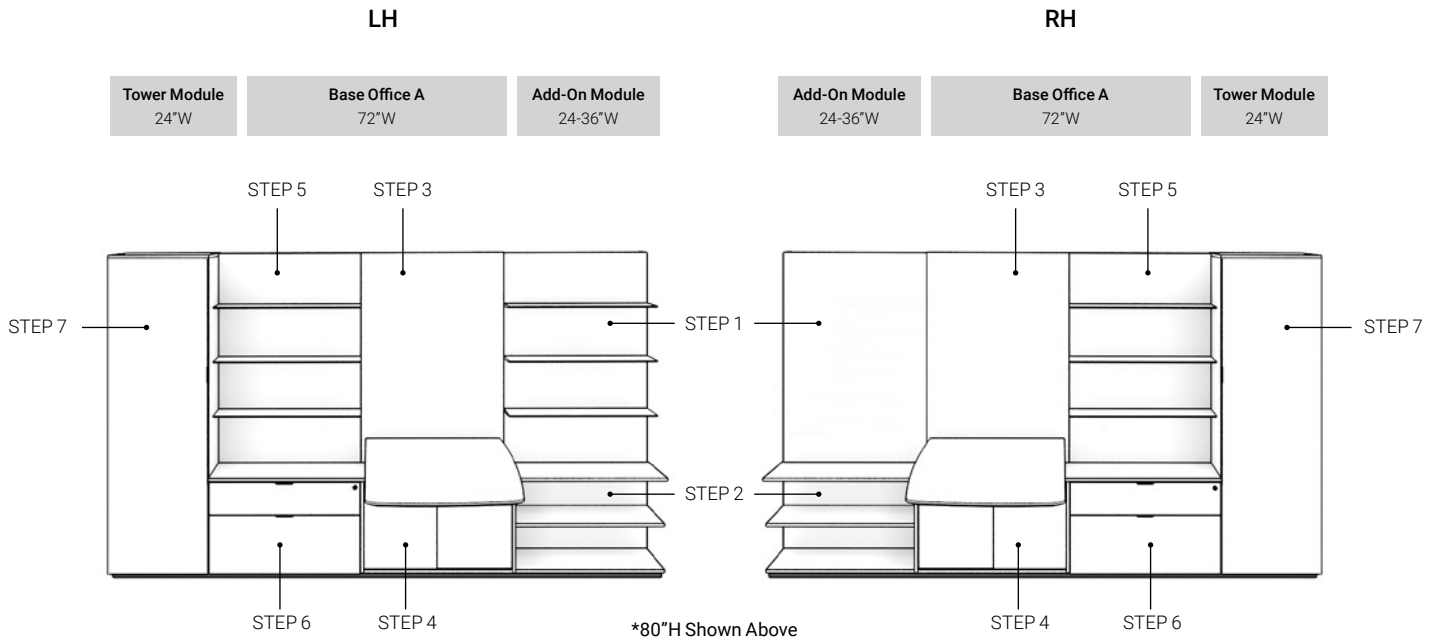

STEP 14 – Fabric Choice (if applicable)
Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

STEP 15 – Adj. Height Return Width

A	36" Wide
B	42" Wide
C	48" Wide
D	54" Wide
E	60" Wide

Cayman Typical 8 (Four Module Private Office)

*80"H Shown Above

Product Specifications

- Includes 4 wall modules with cabinets, storage tower, common top, common plinth and cantilevered worksurface.
- Dimensions:
  - Overall depth of the work wall is 24".
  - Lower Cabinets are 20"D x 24"H with top.
  - Standard Cayman walls are 66"H. Executive Cayman is 80"H.
  - Common top on cabinets is 20"D.
  - Storage Towers are 24"D x 24"W x 66/80"H.
- Locks are included on lower cabinet storage (except sliding doors under wksf) and parts of tower.
- Aluminum shelves are painted with textured powder coat. All other painted components are smooth powder coat.
- Reference Understanding Cayman on pages 406-417 for product details.
- Monitor Mounts and Appliances are sold separately.
- Cayman tether bracket attaches to a wall stud. Cayman does not attach to a demountable wall. See page 416.

Ordering Information

- **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

*Add-On dimensioning is available "by the inch". Feel free to substitute any whole number between 121-125 in place of 126 or substitute 127-131 in place of 108. See page 412 for details.

STEP 1 – Add-On Module Wall

AA	Laminate	no charge
AB	Laminate w/ 1 Aluminum Shelf	+$966
AC	Laminate w/1 Overhead Cabinet	+$750
AD	Laminate w/ Aluminum Shelves (2 on 66H, 3 on 80H)	+$1932/+$2898
AE	Laminate w/ Overhead Cabinet and Aluminum Shelves (1 on 66H, 2 on 80H)	+$1716/+$2682
AF	Fabric	+$650
AG	Fabric w/ 1 Aluminum Shelf	+$1616
AH	Fabric w/ 1 Overhead Cabinet	+$1400
AJ	Fabric w/ Aluminum Shelves (2 on 66H, 3 on 80H)	+$2582/+$3548
AK	Fabric w/ Overhead Cabinet and Aluminum Shelves (1 on 66H, 2 on 80H)	+$2366/+$3332
AM	Glass Whiteboard*	+$680

*Glass is 36"W, thus standard on 108"W unit only.

STEP 2 – Add-On Module Cabinet

BN	Open Laminate Shelving	no charge
BP	Tech Drawer/Lateral File	+$350
BQ	Double Door Cabinet	no charge

STEP 3 – Base Office A, Wksf Wall

WA	Laminate	no charge
*WB	Laminate with Aluminum Shelf	+$966
*WC	Laminate with Overhead Cabinet	+$750
WF	Fabric	+$650
*WG	Fabric with Aluminum Shelf	+$1616
*WH	Fabric with Overhead Cabinet	+$1400
**WM	Glass Whiteboard	+$680

*Not recommended on 66"H walls with height adjustable worksurfaces due to potential monitor collision.
**Glass is 36"W, thus standard on 108"W unit only.

STEP 4 – Base Office A, Cantilevered Worksurface w/ Sliding Door Cabinet

KZ	Fixed Worksurface, Acrylic Doors	-$2800
KL	Height Adjustable Wksf, Acrylic Doors	no charge
KI	Fixed Worksurface, Laminate Doors	-$2800
KS	Height Adjustable Wksf, Laminate Doors	no charge

STEP 5 – Base Office A, Return Wall

RD	Laminate with aluminum shelves (2 for 66H, 3 for 80H)	no charge
RE	Laminate with 1 Overhead Cabinet and aluminum shelves (1 for 66H and 2 for 80H)	no charge
RJ	Fabric with aluminum shelves (2 for 66H, 3 for 80H)	+$650
RK	Fabric with 1 overhead and aluminum shelves (1 for 66H and 2 for 80H)	+$650
RM	Glass Whiteboard	no charge

STEP 6 – Base Office A, Return Cabinet

CP	Tech Drawer/Lateral File
CR	Tech Drawer/Double Door

STEP 7 – Storage Tower

TT	Single Door Tower	no charge
TU	Side Access Tower w/ Lam Appliance Garage	+$1741
TV	Side Access Tower w/ Back-Painted Glass Door Appliance Garage	+$1853
TW	Front Access Tower w/ Lam Appliance Garage	+$1410
TY	Front Access Tower w/ Back-Painted Glass Door Appliance Garage	+$1522

STEP 8 – Cantilevered Top Shape

A	Cayman Shape Top, 34x72, Knife Edge	no charge
B	Rectangle Top 34x72, 3mm Edge	-$250
C	Rectangle Top 30x72, 3mm Edge	-$450
J	Cayman Shape Top, 34x66, Knife Edge	no charge
K	Rectangle Top 34x66, 3mm Edge	-$250
L	Rectangle Top 30x66, 3mm Edge	-$450

STEP 9 – Cable Management

N	No Grommet	no charge
A	One Grommet (for monitor cables)	+$21
B	Two Grommets (for monitor arm and monitor cables)	+$42
*V	Axil 2-port Power/Data Cutout (center, beside column)	+$42

*Axil 2-port unit ordered separately. See page 462.

STEP 10 – Overhead Cabinet Door (if cabinets selected)

A	Acrylic
B	Laminate

STEP 11 – Utility Tray with Power (sits on cantilevered wksf.)

N	No	no charge
Y	Yes	+$970

STEP 12 – Modesty Panels

N	No modesty	no charge
A	Acrylic modesty	+$350
L	Laminate modesty	+$350

STEP 13 – Lighting

N	No LED Lights	no charge
Y	LED Lights	+$1365

STEP 14 – Paint Choice

G	Storm
K	Champagne Bronze
R	Black
*S	Silver
T	Medium Tone
W	Arctic White (textured)
!	2027 Designer Paint Colors (see page 19 for finish selection) +$100

*Utility Tray will be painted Storm if selected.
Tip: Polished wall shelves are available. See page 462.

STEP 15 – Case Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$3750
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$5500

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

STEP 16 – Top/Drawer/Door/Vertical Wall Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
**9	Formica FENIX Black (Nero Ingo - J0720)	+$2000
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$750
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$1000

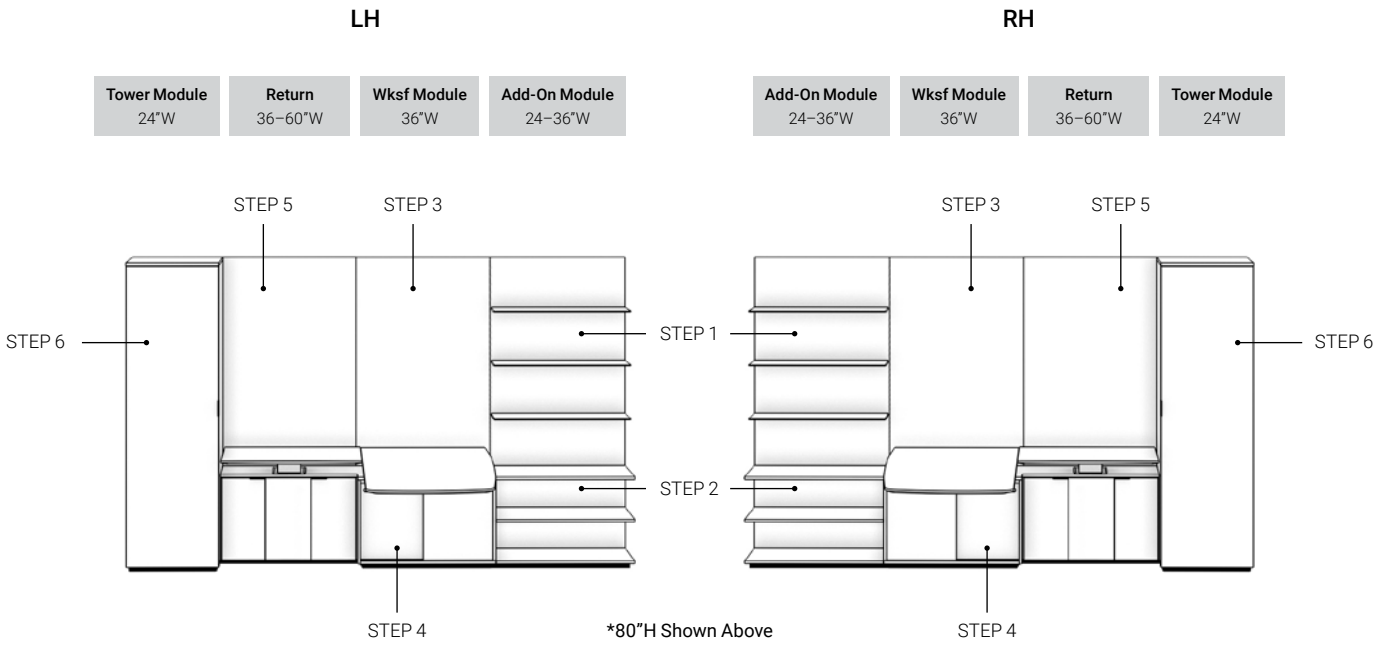

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.
**Door and Drawer Fronts will match case laminate for this laminate choice only.

STEP 17 – Fabric Choice (if applicable)

Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

Cayman Typical 9 (Four Module Private Office)

Product Specifications

- Includes 4 wall modules with cabinets, height-adjustable return, storage tower, common top, common plinth and cantilevered worksurface.
- Dimensions:
  - Overall depth of the work wall is 24".
  - Lower Cabinets are 20"D x 24"H with top.
  - Standard Cayman walls are 66"H. Executive Cayman is 80"H.
  - Common top on cabinets is 20"D.
  - Height-Adjustable return is 24"D x 36"–60"W.
  - Storage Towers are 24"D x 24"W x 66/80"H.
- Locks are included on lower cabinet storage (except sliding doors under wksf) and parts of tower.
- Aluminum shelves are painted with textured powder coat. All other painted components are smooth powder coat.
- Reference Understanding Cayman on pages 406-417 for product details.
- Monitor Mounts and Appliances are sold separately.
- Cayman tether bracket attaches to a wall stud. Cayman does not attach to a demountable wall. See page 416.

Ordering Information

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

W1	H1	Part Number	Description	List Price (US$)
120*	66	CM9L66120	LH Unit w/ 24" Add-On Module	$25,548

Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$450
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$600

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.
**Door and Drawer Fronts will match case laminate for this laminate choice only.

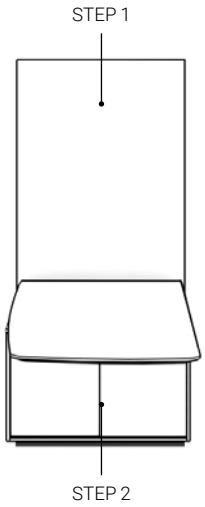

STEP 14 – Fabric Choice (if applicable)

Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

Cayman Components with Walls (Workstation Modules)

Wall
36"W

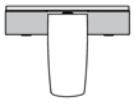

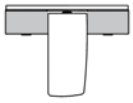

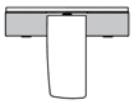

Product Specifications

> Freestanding version includes plinth and common top. It does not need a ganging package. Non-freestanding units must connect to another module. For use with Cayman Component Wall Add-On Modules.
Requires Ganging Packages for connection to other modules. See page 446.
> Aluminum shelves are painted with textured powder coat. All other painted components are smooth powder coat.
> LED light option not available on Worksurface Wall Components.
> Only available in 36"W.
> Overall depth of storage wall is 24". Cabinets are 20"D.
> Unit must be tethered to a wall. Bracket included.
> End trim included on Freestanding Conference Application. End trim ordered separately for all other Workstation Wall Modules.

Ordering Information

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

	W1	H1	Part Number	Description	List Price (US$)
	**Attaches to the left of an Add-On Module**				
	36	66	CM0R66036	Workstation Wall, 66"H	$10,226

**V	Axil 2-port Power/Data Cutout (center, beside column)	+$42

*Grommet cable management not available on Symmetrical tops.
**Axil 2-port unit ordered separately. See page 462.

STEP 5 – Overhead Cabinet Door (if cabinets selected)

A	Acrylic	
B	Laminate	

STEP 6 – Utility Tray with Power (sits on cantilevered wksf.)

N	No	no charge
Y	Yes	+$970

STEP 7 – Paint Choice

G	Storm	
K	Champagne Bronze	
R	Black	
*S	Silver	
T	Medium Tone	
W	Arctic White (textured)	
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$40

*Utility Tray will be painted Storm if selected.
Tip: Polished wall shelves are available. See page 462.

STEP 8 – Case Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$750
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$1100

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

STEP 9 – Top/Drawer/Door/Vertical Wall Laminate Choice

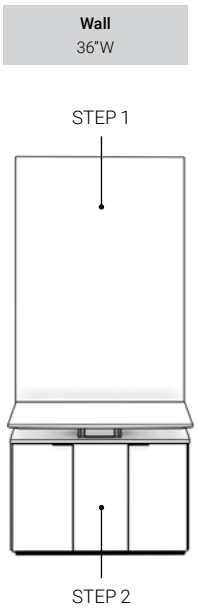

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
**9	Formica FENIX Black (Nero Ingo - J0720)	+$1000
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$450
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$600

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.
**Door and Drawer Fronts will match case laminate for this laminate choice only.

STEP 10 – Fabric Choice (if applicable)
Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

Cayman Components with Walls (Height-Adjust Return Wksf Modules)

Cayman Components Without Walls (Workstation Modules)

Desk
36"W

Product Specifications
> Freestanding version includes plinth and common top. It does not need a ganging package. Non-freestanding units must connect to another module and requires a gangingpackage. See page 446.
> For use with Cayman No-Wall Storage Components.
> Only available in 36"W.
> Cabinets are 20"D.
> Unit must be tethered to a wall. Bracket included.

Ordering Information
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

	W1	Part Number	Description	List Price (US$)
	**Attaches to the left of a No-Wall Storage Component**			
	36	CMRR036	Cantilevered Worksurface	$8,810
	**Attaches to the right of a No-Wall Storage Component**			
	36	CMRL036	Cantilevered Worksurface	$8,810
	**Attaches in the middle of two No-Wall Storage Components**			
	36	CMRM036	Cantilever Wksf, Symmetrical Top	$8,810
	36	CMRN036	Cantilever Wksf, LH Straight Top	$8,810
	36	CMRP036	Cantilever Wksf, RH Straight Top	$8,810
	**Freestanding Conference Application (does not connect to anything)**			
	36	CMRS036	Cantilevered Wksf, Symmetrical Top	$9,470
	Tip: Does not require a ganging package.			

STEP 1 – Cantilevered Worksurface w/ Sliding Door Cabinet

KZ	Fixed Worksurface, Acrylic Doors	-$2800
KL	Height Adjustable Wksf, Acrylic Doors	no charge
KI	Fixed Worksurface, Laminate Doors	-$2800
KS	Height Adjustable Wksf, Laminate Doors	no charge

STEP 2 – Cantilevered Top Shape

A	Cayman Shape Top, 34x72, Knife Edge	no charge
B	Rectangle Top 34x72, 3mm Edge	-$250
C	Rectangle Top 30x72, 3mm Edge	-$450
D	Cayman Conf Top, 34 x 72, knife edge	no charge
E	Wedge Top 34/27 x 72, 3mm edge	no charge
J	Cayman Shape Top, 34x66, Knife Edge	no charge
K	Rectangle Top 34x66, 3mm Edge	-$250
L	Rectangle Top 30x66, 3mm Edge	-$450

STEP 3 – Cable Management

N	No Grommet	no charge
*A	One Grommet (for monitor cables)	+$21
*B	Two Grommets (for monitor arm and monitor cables)	+$42
**V	Axil 2-port Power/Data Cutout (center, beside column)	+$42

*Grommet cable management not available on symmetrical tops.
**Axil 2-port unit ordered separately. See page 462.

STEP 4 – Utility Tray with Power (sits on cantilevered wksf.)

N	No	no charge
Y	Yes	+$970

STEP 5 – Paint Choice (if applicable)

G	Storm	
K	Champagne Bronze	
R	Black	
*S	Silver	
T	Medium Tone	
W	Arctic White (textured)	
!	2027 Designer Paint Colors (see page 19 for finish selection)	+$40

*Utility Tray will be painted Storm if selected.

STEP 6 – Case Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$750
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$1100

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

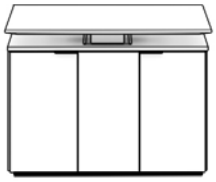

STEP 7 – Top/Door Laminate Choice

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
**9	Formica FENIX Black (Nero Ingo - J0720)	+$600
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$294
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$392

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

**Door and Drawer Fronts will match case laminate for this laminate choice only.

Cayman Components Without Walls (HA Return Wksf Modules)

Product Specifications

> Units must connect to another module and requires a ganging package. See page 454.
> For use with Cayman No-Wall Storage Components.
> Available in 36"–60"W.
> Top is 24"D and always has 3mm edge.
> Cabinet is 20"D with 4" end trim.
> Unit must be tethered to a wall. Bracket included.

Ordering Information

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

	W1	Part Number	Description	List Price (US$)
	**Attaches to the left of a No-Wall Storage Component**			
	36–60	CMSR29	Height-Adjustable Return Worksurface	$7,158
	**Attaches to the right of a No-Wall Storage Component**			
	36–60	CMSL29	Height-Adjustable Return Worksurface	$7,158
	**Attaches in the middle of two No-Wall Storage Components**			
	36–60	CMSM29	Height-Adjustable Return Worksurface	$7,158

STEP 1 – Height-Adj Return Wksf Width

A 36" Wide
B 42" Wide
C 48" Wide
D 54" Wide
E 60" Wide

STEP 2 – Paint Choice (if applicable)

G Storm
K Champagne Bronze
R Black
*S Silver
T Medium Tone
W Arctic White (textured)
! 2027 Designer Paint Colors (see page 19 for finish selection) +$40

*Utility Tray will be painted Storm if selected.

STEP 3 – Case Laminate Choice

2 Formica Pecan Walnut (6996-26)
3 Formica Millennium Oak (5887-26)
5 Formica Pale Brushstroke (6997-58)
6 Formica Storm (912-58)

K Formica Aged Ash (8844-WR)
L Formica Formal Walnut (5782-NG)
M Formica Classic White (9244-58)
Q Formica Inked Oak (5792-PG)
W Formica Brite White (459-58)
X Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18) +$750
Z Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate. +$1100

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

STEP 4 – Top Laminate Choice

2 Formica Pecan Walnut (6996-26)
3 Formica Millennium Oak (5887-26)
5 Formica Pale Brushstroke (6997-58)
6 Formica Storm (912-58)
**9 Formica FENIX Black (Nero Ingo - J0720) +$600
A Formica Chelsea Maple (9238-58)
B Formica Buff Elm (5793-NG)
C Formica Smoke (3245-58)
E Formica Zen Grey (9243-58)
F Formica Black (909-58)
H Formica Ceruse Gray Walnut (6994-26)
K Formica Aged Ash (8844-WR)
L Formica Formal Walnut (5782-NG)
M Formica Classic White (9244-58)
Q Formica Inked Oak (5792-PG)
W Formica Brite White (459-58)
X Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18) +$294
Z Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate. +$392

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

**Door and Drawer Fronts will match case laminate for this laminate choice only.

Cayman Components (Low Storage)

Product Specifications

> Cayman Sorage Components are 24"H x 20"D.
> Cayman Storage Components consist of quantity 1-3 low storage units and a ganging package. Ganging packages consist of a common top and a common bottom plinth with levelers. Storage cabinets and ganging packages are ordered separately.
> Common top for Cayman Storage Components that are attaching to L-Junction are 3" oversized to allow for door/drawer opening clearance.
> Cayman Storage Components are not a standard part of the "by the inch" program. Contact designteam@enwork.com for a quote.
> The Printer Drawer component has a 17"D x 21"W x 11.5"H space available for a printer (or personal goods). It also has a paper storage compartment below the printer area. Includes one power outlet.
> The Trash Drawer component contains two 6.75 gallon trash bins.
> Wall tether brackets are not required or included.
> Keyed alike based on ganging package.
> To understand printer garage features see Understanding Cayman page 411 (reference bottom of Front-Access Storage Tower)

Ordering Information

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

Cayman Ganging Pkg (No-Wall Storage Comp. Only)

Product Specifications

> Cayman No-Wall Storage Components are 24"H x 20"D.
> No-Wall Storage Components consist of 1-3 low storage units and a ganging package.
> Packages include common plinth and 20"D common top. Wall tether brackets are not required or included.
> Common top for add-on modules that are attaching to L-Junction are 3" oversized to allow for door/drawer opening clearance.
> Keyed alike based on ganging package.
> Ganging packages for "by the inch" applications are not standard. Contact designteam@enwork.com.

Ordering Information

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

24-42"W for one add-on modules

48-84"W for two add-on modules

72-126"W for three add-on modules

Cayman L-Junctions

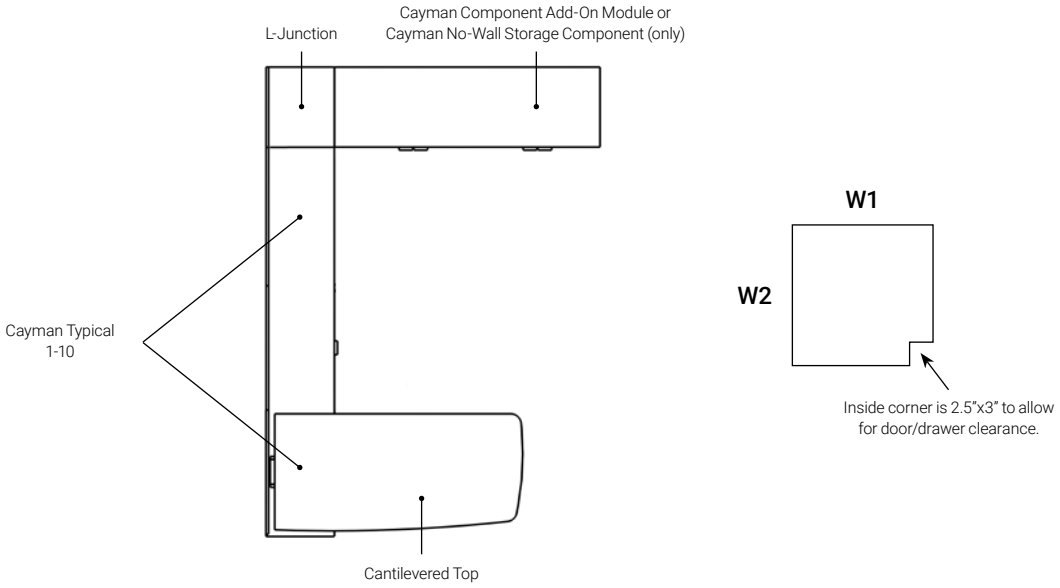

Product Specifications

> Junctions are used to create a 90-degree application between a Cayman typical and Cayman Component Add-On Modules or Cayman No-Wall Storage Components to form a "U" office configuration. Junctions do not work with Cayman Component Worksurface Modules.
> Junctions have stand-alone tops and plinths preinstalled.

Ordering Information

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Understanding Ligouri Private Office

Introduction

Blending nature and mixed materials sets the tone for engaging collaboration and high-level ideation. Ligouri Private Office thoughtfully integrates the beauty of hardwood into laminate private office environments. Sculpted aluminum coupled with slim profile LED lighting, productive display walls, and clever power/data capabilities create forward-thinking yet comfortable, relaxed environments for work.

Natural Materials and Modern Appeal Create a Welcoming Design

Ligouri makes a powerful statement aesthetically:

- Beautifully carved walnut, oak, and ash legs combined with aluminum detailing and frames form a floating top, setting the tone for an elegant art form.
- Overlay Desks and Cabinets interplay to create a light, welcoming blend of work and storage layers.
- Inset back panels on Overlay Cabinets allow desks to be placed tight to the wall for a crisp look while accommodating plug heads for wall outlets.
- Wraparound frame details are elegant and purposeful.
- Thin profile polished aluminum display shelves create an appealing visual statement (optional).
- Thin profile quartz and glass cabinet tops are available to achieve a refined look.

Thoughtfully Appointed

Ligouri brings incredible ease and productivity to your fingertips:

- The Ligouri Wire Chase brings power, USB connections, and user cable management to the top surface, beneath the top (mid-level), and into the cabinetry.
- Optional electric height-adjustable returns and power/USB connections in return tops give users flexibility.
- User-reconfigurable wardrobe storage cabinets allow for storage in any configuration.
- Soft-close doors and drawers give Ligouri a refined feel.

Easy Installation

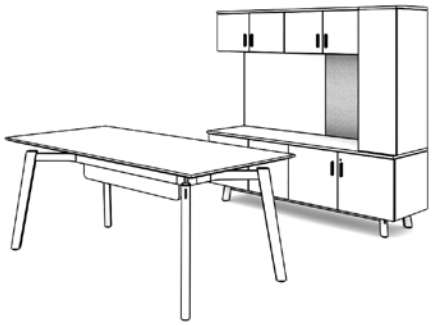

- Enwork's innovative *Quick Level Adjustment System* ensures simple and precise installation of overhead cabinets. With adjustment up to +/- 1/4", it's easy to wrap up a project and quickly move onto the next install.
- All cabinets and frames come fully assembled.
- Cords and connections route easily through recessed back panels, cable passthroughs in cabinet walls, and intentional back cabinet cutouts.

Understanding Ligouri Private Office for Specification

The primary desk and storage components are available in two different space-planning configurations: Overlay Desks or Freestanding Desks.

Overlay Desks

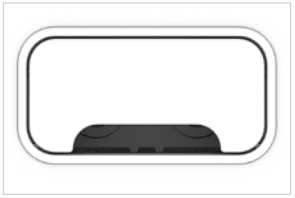

Freestanding Desks

Ligouri Overlay Desks

Overlay Applications consist of an Overlay Desk and an Overlay Cabinet (specified separately). The Overlay Desk sits over the Overlay Cabinet to create a floating L-shaped desk configuration that minimizes table legs while providing unique cable management opportunities.

The Wire Chase features a wraparound aluminum frame that supports the floating top. There are two locations within the chase to mount power and/or USB-A+C outlets (ordered separately) for quick connections under the flip-top grommet (e.g. a phone charger). A removable magnetic access door located mid-level, below the worksurface but above the cabinet, allows cords to travel into the Wire Chase from underneath the table, and for access to power small accessories that might be placed on the cabinet return, such as a small fan.

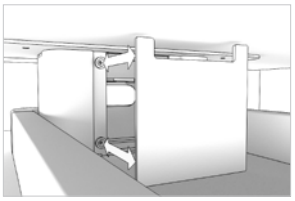

The power unit Alpha has the same aesthetic as the Wire Chase. Alpha can be specified in other furniture for a cohesive look.

Closed

Interior (shown: outlet, USB A+C, cable passthrough)

Mid-level Magnetic Removable Door

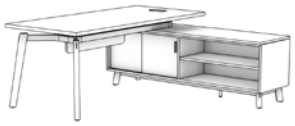

Overlay Cabinets

Overlay Cabinets include a 20"D x 36"W case with adjustable shelf beneath the main desk and either hinged laminate doors or acrylic sliding doors (exception: height-adjustable returns are 18"D to maximize kneespace). A variety of locking 30–60" wide storage elements are available within the return, bringing the total cabinet width to 66–96" wide. Wire routing holes are located in the back of the worksurface case and interior side walls. The case also contains a 2" deep recessed back panel dedicated to keeping the desk tight to the wall when mounting plug strips and wall-inserted plug heads. Cabinets come with 3/4" thick laminate tops unless 1/4" thick low-profile Designer Tops (glass and quartz) are specified.

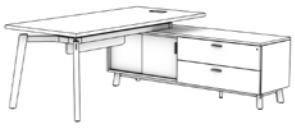

Overlay cabinet returns are available in seven different configurations:

Double Door

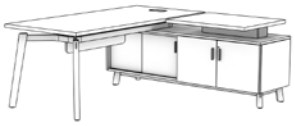

Bookcase

Two Box Drawers

Cubby and Lateral Drawer (one drawer front for both)

Height-Adjustable Return (28.5–44.5")

Cubby/File Ped (one common front) and Double Door

Cubby/File (one common front) and Bookcase

Height-Adjustable Return

Height-adjustable returns are 27"D and vary from 30"–60"W. Note: Kneespace is 10.5" deep. Case is 18" deep instead of 20". 54" and 60"W returns (90" and 96"W Overlay Cabinet) have 2 doors with open shelving for storage. 30"–40"W (66" and 78" Overlay Cabinet) have no underneath storage.

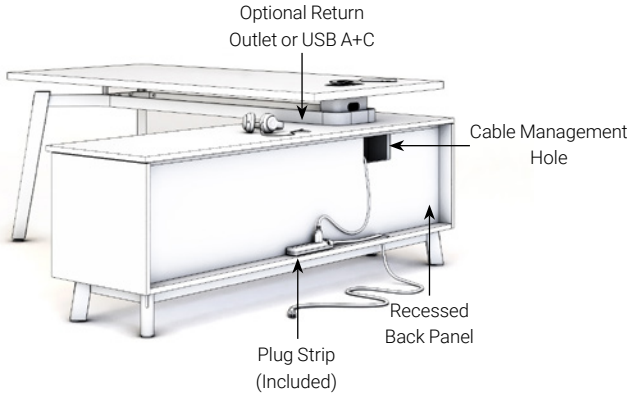

36"W Return (72"W Overlay Cabinet)

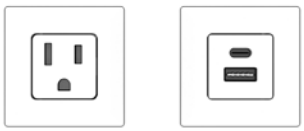

60"W Return (96"W Overlay Cabinet)

Understanding Ligouri Private Office

Power Routing

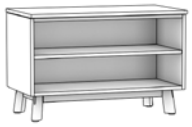

All overlay cabinet return configurations allow for an optional power or USB-A+C outlet in the surface. Available by ordering the access hole in the cabinet return surface. Power and USB-A+C outlets are ordered separately.

Credenza Cabinets*

Double Door Wardrobe Tower

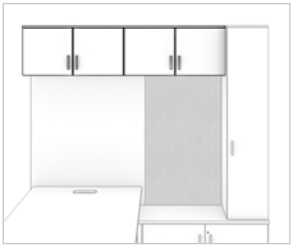

*Standard with 3/4" thick laminate tops. Optional 1/4" thick low-profile Designer Tops are availble.

Keying

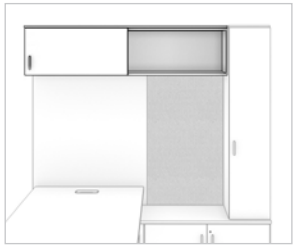

Cabinets come keyed alike. To key alike multiple cabinets, lock cores are ordered separately. See page 16 of V19 Price List.

Overhead & Stack-On Cabinets

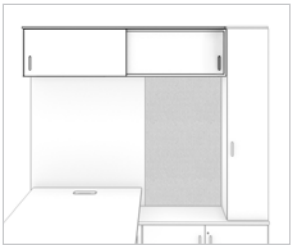

Overhead cabinet options are wall-mounted with cleats. Cabinets contain the innovative Enwork *Quick Level Adjustment System.* This system ensures quick and precise cabinet-to-cabinet leveling adjustment while hanging on the wall utilizing an Allen wrench and/or power tools. Overhead Cabinets do not lock (below worksurface cabinets lock).

(ordered separately)

Specifying Overall Height

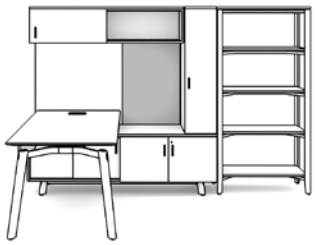

Ligouri Private Office is available in four heights: 24"/29"H, 66"H, 72"H, and 80"H

24"/29"H
29"H Overlay Desk and 24"H Cabinet

66"H
Requires: 14"H Overhead Cabinets, matching 66"H Stack-On Storage, and/or Display Area Components.

72"H
Requires: 14"H Overhead Cabinets, matching 72" Stack-On Storage, and/or Display Area Compnenets. Tip: 72"H configuration is ideal for matching up with Ligouri Freestanding Shelving (bookcases).

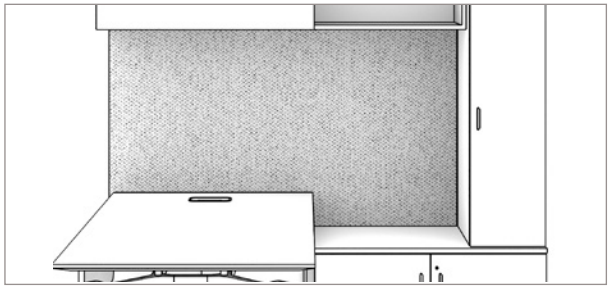

80"H
Requires: 14" or 18"H Overhead Cabinets with matching Stack-On Storage heights. Note: 18"H Overhead Cabinets include additional adjustable shelving.

Understanding Ligouri Private Office

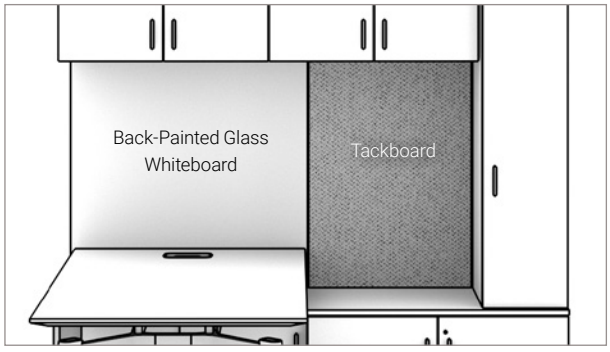

Display Area - Single Tackboards

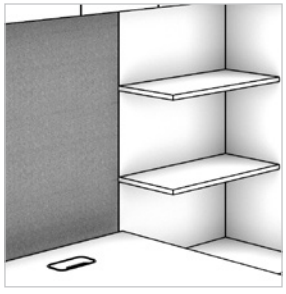

Single Fabric Tackboards are available to fill in the entire wall space above the Overlay or Freestanding Cabinet. They attach via wall cleat.

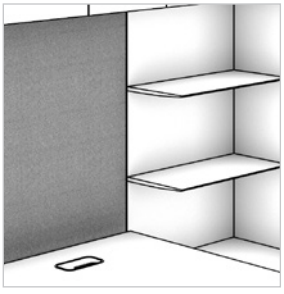

Display Area - Segmented

Segmented Display Areas also fill the entire wall space above the Overlay or Freestanding Cabinet. Selections include wall-mounted tackboards, back-painted glass whiteboards, laminate shelving, and laminate with thin profile aluminum shelves. Glass whiteboards are available in 36" widths only. All attach via wall cleat.

Laminate Display Wall
w/ Laminate Shelving

Laminate Display Wall
w/ Thin Profile Aluminum
Shelving

Thoughtstarter:
Display Areas are also available in 66" and 80"H with no overhead.

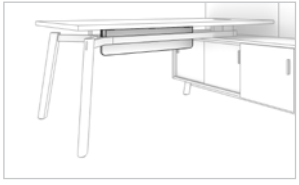

Dimmable LED Lighting

LED lights are located underneath overhead storage and display area shelving (except for 18"W) if selected. All lights connect by wire to the lighting driver and are activated by a switch. The Light Driver and Switch Kit are ordered as a separate part number. Lights are 22.75"W x 0.375"D, slim profile, and fully recessed.

Modesty Panels

Laminate modesty panels are an optional selection for Overlay and Freestanding Desks. To ensure guest kneespace clearance, modesty panels are recessed 14" from the guest edge (inside of frame).

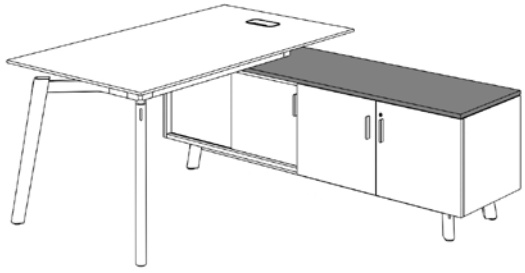

Overlay Desk & Cabinet

Freestanding Desk

Cabinet Finishes

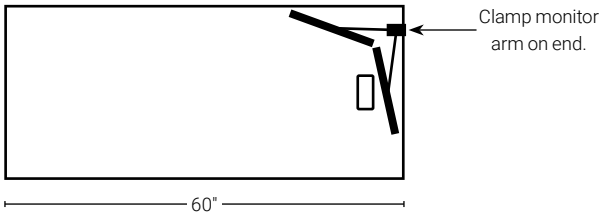

Cabinet cases/doors/drawer fronts finishes are specified together. Storage cabinet tops are specified separately, giving an option for an accent color.

Worksurface Monitor Arm, Grommet & Wire Chase Options

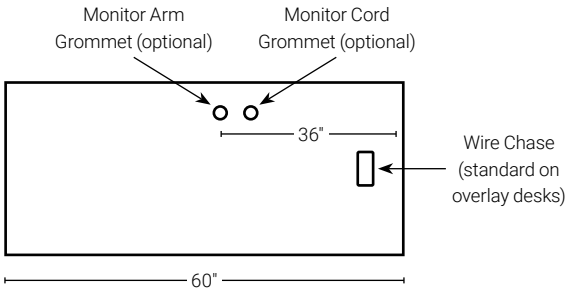

Monitor arm recommendation for a guest-focused desk:

Shown 60" RH

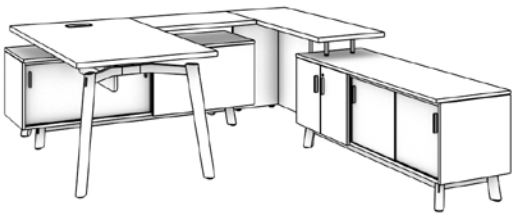

Monitor arm recommendation for a task-focused desk:
Monitor arm grommet is inset 36" for all top sizes.
RH tops 36" from RH edge. LH tops 36" from LH edge.

Shown 60" RH

Creating a U-shaped Office With Overlay Cabinet

Ligouri Credenza Layering Shells create U-shaped workstations when used in conjunction with Overlay Cabinets and Overlay Return Stacker surfaces. Layering Shells have a 20"D x 20"W L-shaped thin-profile end panel on one side and two post feet on the opposite end. These shells are designed to layer over a freestanding credenza.

Dimensions & Specifications

- Cabinets
  - Lower cabinets are 24"H and 20"D.
  - Standard with Ligouri pulls.
  - All doors and drawers have soft-close hinges/slides (except mobile peds).
- Locks
  - Locks come standard on Freestanding Storage and lower storage, excluding the sliding door section of an Overlay Cabinet.
- Overhead Cabinets
  - 14"H and 18"H available.
  - Does not lock.
  - Standard with Ligouri pulls.
- Glass walls are 1/4" thick white back-painted glass mounted on 3/4" laminated board.
- Tackable fabric walls are 7/10" thick low-density fiberboard.
- Laminate walls are 1.25" thick with 12" deep shelves.

Application Ideas

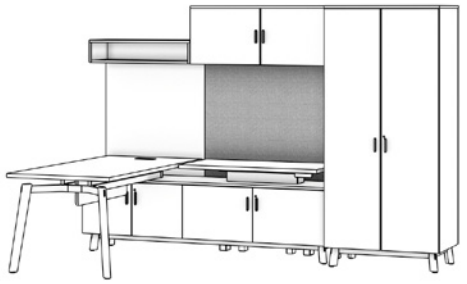

Application 1
34"D x 72"W Overlay Desk, 72"W Cubby and Lateral Drawer Overlay Cabinet, 80"H x 12"W Stack-On Storage, 14"H x 60"W Hinged Door Overhead Storage, 36"W Glass Whiteboard, 24"W Laminate Display Wall with Aluminum Shelves.

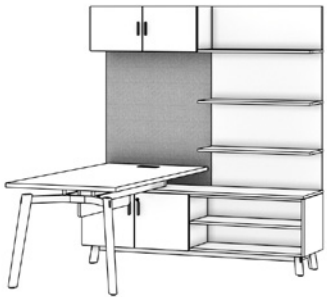

Application 2
34"D x 72"W Freestanding Desk, 36"W freestanding Two Box Drawer and Double Door Freestanding Cabinets, 36W Glass Whiteboard, and 80"H x 36"W Laminate Display Wall with Laminate Shelves.

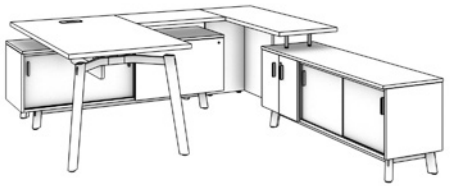

Application 3
34"D x 84"W Overlay Desk, 96"W Cubby/File Ped and Double Door Overlay Cabinet, 80"H x 18"W Stack-On Storage, 18"H x 42"W Overhead Cabinet with Laminate and Acrylic Sliding Doors, 36"W Laminate Display Wall with Aluminum Shelves, and 42"W Tackboard.

Application 4
34"D x 72"W Overlay Desk, 84"W Height-Adjustable Return Overlay Cabinet, 80"H Freestanding Double Door Wardrobe, 36"W Floating Rectangle Cubby, 48"W Overhead Hinged Door Cabinet, 36"W Glass Whiteboard, and two 24"W Tackboards.

Application 5
34"D x 72"W Overlay Desk, 72"W Overlay Cabinet, 36"W L-shelf, 36"W Overhead Hinged Door Cabinet, 36"W Tackboard, and 36"W Laminate Wall with Laminate Shelves.

Application 6
U-shaped Workstation

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

Product Specifications:

> Ligouri legs are clear coated, stained, or painted solid wood with precision aluminum detailing and top trim. (The aluminum finish matches the frame.)
> Legs are tapered D-shape. Leg profile dimension is 1.75"D x 2.75"W at thickest point (top of leg).
> Legs ship assembled, frames ship unassembled.
> Frame is painted or polished aluminum.
> Desks include top and base.
> The Overlay Desk base has two legs on one end, while the opposite side sits on the Overlay Cabinet, supported by the steel wire chase (included).
> Desk is 29.75"H with levelers.
> Includes two PDGR cable managers.
> The Wire Chase allows for cables to pass from the top surface into the cabinet. Additionally, two openings under the flip-top grommet allow for power and/or USB-A+C outlets (ordered separately). The side of the chase, beneath the top but above the cabinet, features a scalloped magnetic door for quick access and additional cable management.
> Laminate modesty panels (optional) are 9"H and are recessed 14" from the guest edge, inset inside frame.
> Wire chase is black.

Ordering Information:

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Ligouri Private Office Overlay Cabinet

Product Specifications:

> Overlay Cabinets are designed to work with Overlay Desks to create an L-shape or U-shape workstation.
> Ligouri legs are clear coated, stained, or painted solid wood with precision aluminum detailing and top trim. (The aluminum finish matches the frame.)
> Cabinets contain painted or polished Ligouri pulls.
> Overlay Cabinets are 24"H. Most Overlay Cabinets are 20"D, excluding cabinets with height-adjustable returns which are 18" deep.
> Overlay Cabinets are available with an optional opening in the return for a power outlet or USB A+C charging. Power integration is specified separately. See step 5.
> Overlay Cabinet back panels are inset 2" to allow desks to be tight to the wall when plug heads are inserted in wall outlets.
> Cabinet includes a 6-outlet plug strip with 900 Joule surge protection and a 10-foot power cord.
> Cabinet includes wall access openings in the back of the worksurface cabinet.
> Ped File drawers support side-to-side pendaflex filing.
> Overlay Cabinet returns such as Double Door, Cubby and Lateral Drawer, Box-Box File, and Cubby/File with Double Door cabinets are lockable. Bookcases and sliding door cabinets do not lock.
> Height-Adjustable Returns are electric height-adjustable with a height range of 28.5-44.5". Return includes cubbies for storage behind hinged doors on 90" and 96" widths. Top is 27"D with 10.5" kneespace.
> Top on the Height-Adjustable Return matches the overlay desk laminate unless otherwise specified.
> Cabinet comes fully assembled.

Product Specifications:

> Cabinets in this section are typically used along the back wall of an office.
> Ligouri legs are clear coated, stained, or painted solid wood with precision aluminum detailing and top trim. (The aluminum finish matches the frame.)
> Cabinets contain painted or polished Ligouri pulls.
> Freestanding Cabinets, excluding Double Door Wardrobe Cabinets, are 24"H and 20"D. Double Door Wardrobe Cabinets are 24"D.
> Double Door Wardrobe Tower Cabinets have a vertical wall in the center. 66"H towers come with six user-adjustable shelves. 72"H and 80"H cabinets come with eight user-adjustable shelves. All towers come with a removable RH side coat rod.
> The total height of 66"H cabinets is 66⅞", 72"H cabinets are 72", and 80"H cabinets are 80⅞".
> Lateral Drawers contain pendaflex file rails.
> All Freestanding Cabinets are lockable, excluding bookcases and cabinets with sliding doors.
> Cabinets come fully assembled.

Ordering Information:

> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

Ligouri Private Office Stack-On Towers & Pedestal

Product Specifications:

> Stack-On Towers are available in two widths (12"W or 18"W), and three overall office heights: 66"H, 72"H, or 80"H. The actual height of 66"H and 80"H cabinets are 66⅞" and 80⅞". Actual height of 72" cabinets are 72".
> 12"W Stack-On Towers come with three adjustable shelves and a coat hook. Towers are user-reconfigurable: adjustable shelving allows for maximizing wardrobe or shelf space per user preference.
> 18"W Stack-On Towers come with a 7" wide interior wardrobe and a removable coat rod, alongside a 9.5" wide interior for three adjustable shelves.
> Stack-On Towers have Ligouri pulls and do not lock.
> Stack-On Towers are 18.5"D.
> Cabinets come fully assembled.
> Mobile B/F Pedestals are locking and come with locking casters. The file drawer supports side-to-side pendaflex filing.

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

Product Specifications:

- Overhead cabinets, shelves, and cubbies come with cabinet hardware and mounting cleats. Drywall (or other) hardware is not included. The cabinet backside is inset 3/16" to partially hide cleats.
- Overhead storage has a unique *Quick Level Adjustment System* for easy installation and leveling when hanging from a wall.
- Overhead cabinet depth is 14", except for L-Shelf which is 12"D.
- Overhead cabinets have Ligouri pulls and do not lock.
- Low-profile LED lighting is available as an option. If selected, LED lights are assembled in the cabinet.
- Sliding laminate doors are proud (in front) of the case. Acrylic sliding doors are inset within the case.
- Floating Rectangle Cubby is 7.5"H with a 6" internal height.
- Overhead Storage Cabinets come in two heights: 14"H and 18"H. It's recommended to use 14"H cabinets for 66"H and 72"H offices. 18"H cabinets are recommended for 80"H executive offices. 18"H cabinets include an adjustable shelf.
- Wall-mounted L-shelf is laminate construction.
- Cabinets come fully assembled.

Ordering Information:

- **For LED Lighting, driver/switch kit must be specified separately.**
- **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

Product Specifications:

- Return Stacker Surface sits on 24"H overlay cabinets to form a 29.75"H L-shape Desk.
- Return Stacker widths are calculated based on the length of the Overlay Cabinet. Subtract 36"W for the Overlay Desk and subtract 12"W or 18"W depending on the size of the Stack-On Tower (if specified).
- Return Stackers are held up by flat plates on one end and L-brackets on the opposite side when the Stack-On Tower is present. Black post feet are used instead when the Stack-On Tower is not present.
- Return Stacker surfaces are 1.25" thick and feature either a knife or 3mm edge (front only).
- Credenza Layering Shells are panel-based shells designed to form 90-degree junctions in the back of an office to complete a U-shaped configuration.
- Credenza Layering Shell tops are 1.25" thick and come available in a 3mm edge (all sides) or knife edge (two sides). Tops are supported by a 20"Wx20"W L-shaped support panel and two black post feet.

Ordering Information:

- **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Display Area - Wall-Mounted Back-Painted Glass Whiteboards

Product Specifications:

> The Display Area is the area above the worksurface/return credenza to either the bottom of the overhead storage (if specified) or to the desired overall office height: 66"H, 72"H, or 80"H.
Note: The total height of 66"H and 80"H offices are 66⅞" and 80⅞". The actual height of 72"H offices is 72".

> Display Area products such as Tackboards, Glass Whiteboards, and Display Shelf Walls mount with provided wall cleats. Drywall (or other) hardware is not included.

> Spacing exists behind display area products for LED light cable routing.

> Specifying the correct height: many dimensional options are available. Overall office height, overhead storage height, and floor cabinet height drive the display area height requirements. Guidance in this area is provided below to ensure the correct height is specified.

> Specifying the correct width: Glass Whiteboards are only available in 36" widths.

> Markerboards are ¼" thick, annealed, and back-painted white

> Additional sizes are available as specials but will incur an upcharge due to bulk import purchasing of standard sizes.
Contact designteam@enwork.com for more information.

Ordering Information:

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Display Area - Wall-Mounted Tackboards

STEP 1

(%) Fabric Suffix List

Freeform fabric selection. Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage see page 14 of V19 Price List.

Product Specifications:

> The Display Area is the area above the worksurface/return credenza to either the bottom of the overhead storage (if specified) or to the desired overall office height: 66"H, 72"H, or 80"H.
Note: The total height of 66"H and 80"H offices are 66⅞" and 80⅞". The actual height of 72"H offices is 72".

> Display Area products such as Tackboards, Glass Whiteboards, and Display Shelf Walls mount with provided wall cleats. Drywall (or other) hardware is not included.

> Spacing exists behind display area products for LED light cable routing.

> Specifying the correct height: many dimensional options are available. Overall office height, overhead storage height, and floor cabinet height drive the display area height requirements. Guidance in this area is provided below to ensure the correct height is specified.

> Specifying the correct width: for multi-material display areas, Enwork recommends a 36"W tack, glass, or display shelf above the Overlay Desk and a different material for the remainder of the area.
The overall width of the remaining area is found by taking the width of the Overlay Cabinet and subtracting the width of the 36"W portion already specified. Then, subtract the Stack-On Tower width if present (12"W or 18"W). Get creative! Design any combination of display elements that fit your space.

> For single-material Tackboards in the display area, specify a 66"W or 72"W Tackboard and Overlay Cabinet.

Ordering Information:

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Display Area - Laminate Wall with Laminate Shelves

STEP 1

(*) LED Light Suffix List

N	No LED Lights	no charge
Y	Yes LED Lights - **Per Shelf**	+$280 each

Tip: LED Lights not available on 18"W walls.
Tip: LED Light Driver and Switch Kit (CMLEDD) ordered separately. See page 487.

STEP 2

(#) Laminate Suffix List

2	Formica Pecan Walnut (6996-26)	
3	Formica Millennium Oak (5887-26)	
5	Formica Pale Brushstroke (6997-58)	
6	Formica Storm (912-58)	
9	Formica FENIX Black (Nero Ingo - J0720)	+$500
A	Formica Chelsea Maple (9238-58)	
B	Formica Buff Elm (5793-NG)	
C	Formica Smoke (3245-58)	
E	Formica Zen Grey (9243-58)	
F	Formica Black (909-58)	
H	Formica Ceruse Gray Walnut (6994-26)	
K	Formica Aged Ash (8844-WR)	
L	Formica Formal Walnut (5782-NG)	
M	Formica Classic White (9244-58)	
Q	Formica Inked Oak (5792-PG)	
W	Formica Brite White (459-58)	
X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+35%
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+45%

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

Product Specifications:

> The Display Area is the area above the worksurface/return credenza to either the bottom of the overhead storage (if specified) or to the desired overall office height: 66"H, 72"H, or 80"H.
Note: The total height of 66"H and 80"H offices are 66⅞" and 80⅞". The actual height of 72"H offices is 72".
> Display Area products such as Tackboards, Glass Whiteboards, and Display Shelf Walls mount with provided wall cleats. Drywall (or other) hardware is not included.
> Spacing exists behind display area products for LED light cable routing.
> Display Shelf Walls consist of a laminate back wall panel with either a laminate or solid aluminum shelf. Shelves are 12"D. Walls are available in six heights depending on the overall office height and overhead chosen. 28"H and 34"H Display Shelf Walls come with one shelf. 42"H and 48"H come with two shelves. 56"H comes with three shelves.
> Laminate Display Shelf Walls are available in six widths: 18"–48". Solid aluminum shelves are available in four widths: 24"–42".
> Do not put Display Wall shelf units above height-adjustable areas.
> Specifying the correct height: many dimensional options are available. Overall office height, overhead storage height, and floor cabinet height drive the display area height requirements. Guidance in this area is provided below to ensure the correct height is specified.
> Specifying the correct width: for multi-material display areas, Enwork recommends a 36"W tack, glass, or display shelf above the Overlay Desk and a different material for the remainder of the area. The overall width of the remaining area is found by taking the width of the Overlay Cabinet and subtracting the width of the 36"W portion already specified. Then, subtract the Stack-On Tower width if present (12"W or 18"W). Get creative! Design any combination of display elements that fit your space.

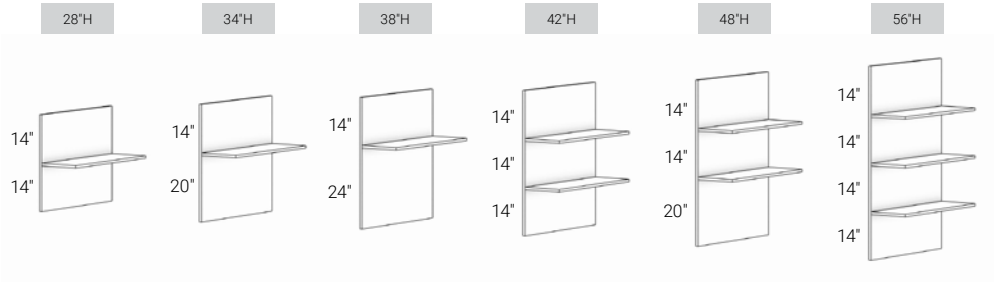

Ordering Information:

> For LED Lighting, driver/switch kit must be specified separately.
> Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.

X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$280
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$352

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite ESD, Flawless, traceless, and other laminates.

Product Specifications:

> Shelving units feature floating shelves and come fully assembled. The top has a 1" radius and the shelves have 1.5" radius corners.
> Shelving units are 17"D x 36"/48"W overall. Individual shelves are 14" D x 32"/44"W
> It's recommended to gang, floor mount, or attach shelving units to a wall for security. However, shelving units pass BIFMA testing without additional stabilization.
> Cabinet is non-locking.
> Shelves and cabinet are laminate.

Ordering Information:

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Product Specifications:
> Beam sections available in 48", 54", 60", and 72" wide. Other widths available upon request.
> A maximum of 24 Cat5 cables (UTP Solid 24AWG/4PRS) fit within a beam.
> Jet Beams are for use with freestanding tables.
> One leg per pack comes with a routing hole in the bottom of the leg column to run infeed and ethernet cables from the floor to the beam. When placing leg directly on top of floor core, all feet have a center hole for cords to pass through directly into column.
> Beams using the T-leg with levelers are 0.8" taller, putting overall height at 24.8" and 29.8".
> Each beam section has two windows for duplex receptacles (ordered separately), and one window for data (data tree included) per user. For single-sided power this is on one side. For double-sided power this is on both sides.
> Optional cable trough is available on page 510. Cable trough hangs below beam.
> For packs with 48", 54", and 60"W beam sections, center legs on 2-sided 6-pack, 1-sided 3-pack, 2-sided 14-pack, and 1-sided 7-pack do not allow for infeed. See page 497.
> For packs with 48", 54", and 60"W beam sections, not all beam sections require a leg, instead a support bar is used for strength. Packs with 72"W beam sections have a leg at each seam.

Ordering Information:
> Beam infeeds and receptacles are ordered separately.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Tip: For COM yardage, see page 14.

Product Specifications:
> Topper screens available in 1/4" thick frosted acrylic, 1/4" thick glass (clear and frosted), and 1/4" thick non-tackable MDF wrapped fabric panels.
> Screens extend 13" above top of beam. A 29"H beam is 42"H overall including topper screens. A 24"H beam is 37"H including topper screens. Contact designteam@enwork.com for special height topper screens (special height screens can extend up to 20" above beam).
> Acrylic and glass topper kits are available in rectangle, curvilinear, and curvilinear ends only. Fabric are available in rectangle only.
> Glass and Acrylic toppers are inset 3/4" per side on each beam section. Fabric toppers are inset 1/8" per side on each beam section.

Ordering Information:
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Z Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate. +$200

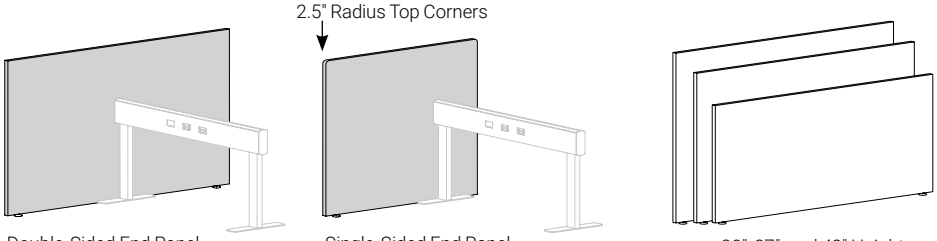

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite, ESD, Flawless, traceless, and other laminates.

Product Specifications:

> End panels are 1-1/8" thick, double sided laminate with horizontal grain, and attach directly to end of beam.
> Single-sided end panels are for use with single-sided power beams and extend from the front of the worksurface to the rear edge of the beam foot.
> Optional aluminum trim is 24"H on 29"H panels, 29"H on 37"H panels, and 29"H on 42"H panels.
> If beam foot style is T-Leg (with levelers) end panels are 0.8" higher than nominal.
> Panels available in two shapes: Rectangle and 2.5" Radius Top Corners.

Ordering Information:

> **Beams with end panel capability required.**
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Jet Acoustic Privacy Screens

STEP 1 - Color

L Light Grey
M Medium Grey
C Charcoal
Z Other TBD

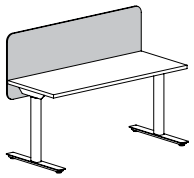

Tip: Additional colors are available at extended lead times for an upcharge.
Contact designteam@enwork.com for more information.

Product Specifications:

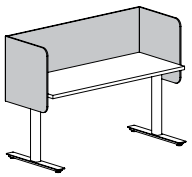

> Acoustic material is 1/2" thick with mitered corners. Tackable, though depending on the size of pin used, hole may be visible upon removal.
> Screens are 23"H overall with 16" extending above the worksurface.
> Screens are sized for Jet Rectangle Tops.
> 3-Sided screen depth varies to maximize material utilization. See "Screen Depth" column. Special depths and widths available through designteam@enwork.com.
> Screens have 2.5" radius corners.

Ordering Information:

> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

X	Formica (26, 42, 43, 46, 58, 77, MC, NT, RD, SP, and WR finishes) and Wilsonart (Promoted laminate pattern/finishes only. See page 18)	+$650 (5) / +$120 (6)
Z	Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate.	+$860 (5) / +$200 (6)

Excludes Wilsonart Y Series, Solicore, Formica ColorCore2, Pionite, ESD, Flawless, traceless, and other laminates.

Jet Storage

Product Specifications:

- For price point flexibility, Jet storage has two grades of laminate pricing. Enwork Standard solid laminates are lowest price. Patterned laminates have an upcharge.
- Mobile Pedestals are laminate, with no lock. Locking mobile pedestals are available in the Affinity collection.
- Combo Storage and Lockers are laminate, with optional locks.
- If silver arc pull is selected, pulls are actually brushed aluminum.
- Combo Storage with levelers are 22"H, casters are 24"H, and feet are 24"H.
- Combo storage feet paint matches pull, and feet are 3-1/4" high including leveler.
- Drawer boxes are maple and file drawers include track for letter-sized pendaflex files.
- Ped/Bookcase Combo Storage 48"W-60"W have a center divider.
- Full sleek pulls available for units with drawers (Box-File Mobile Pedestals and Combo Storage with LH/RH Pedestal).

Ordering Information:

- **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

P	Rod w/ additional Rod pull on lock cover	+$38
Q	Rod w/ Tote pull	+$191
I	Integral	no charge
T	Integral w/ additional Arc pull on lock cover	+$38
U	Integral w/ Tote pull	+$191

STEP 1 (Cushions Only)
(&) Fabric Suffix List

Free form fabric selection.
Choose from Camira Era, Rivet, Carlow, Lucia, Replay Zero, or Quest fabrics.

Tip: To view fabric colors or to order samples go to www.camirafabrics.com/us.
Tip: For COM yardage, see page 14.

Ordering Information:

> Default Keying is random. See page 16 for Keyed-alike (no charge).
> Lock cores are LL Series. UM Series lock cores are available upon request.
> If ordering an additional laminate top for these products, contact designteam@enwork.com.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

Pedestals - Open Top

D	W	H	Part Number	Description	List Price (US$)
18	15	28	A2P18FF^@	18"D F/F Ped - full ext. files	$1,026
18	15	28	A2P18BBFE^@	18"D B/B/F Ped - full ext. boxes, full ext. file	$1,092
22	15	28	A2P24FF^@	24"D F/F Ped - full ext. slide	$1,042
22	15	28	A2P24BBFE^@	24"D B/B/F Ped - full ext. boxes, full ext. file	$1,113
28	15	28	A2P30FF^@	30"D F/F Ped - full ext. slide	$1,294
28	15	28	A2P30BBFE^@	30"D B/B/F Ped - full ext. boxes, full ext. file	$1,406

Tip: Box drawers do not include dividers.
Tip: 18" D peds do not support legal filing.
Tip: As of March 2015, 24"D pedestals fit under 24" Apex shells. 30"D pedestals fit under 30" Apex shells.

Mobile Pedestals - Steel Top

18	15	22	A2MP18BFE^@	18"D B/F Mobile Ped - full ext. box, full ext. file	$1,032
18	15	27	A2MP18BBFE^@	18"D B/B/F Mobile Ped - full ext. box, full ext. file	$1,238
18	15	27	A2MP18FF^@	18"D F/F Mobile Ped - full ext. slide	$1,142
22	15	22	A2MP24BFE^@	24"D B/F Mobile Ped - full ext. box, full ext. file	$1,051
22	15	27	A2MP24BBFE^@	24"D B/B/F Mobile Ped - full ext. box, full ext. file	$1,281
22	15	27	A2MP24FF^@	24"D F/F Mobile Ped - full ext. slide	$1,177

Tip: Casters require field installation. Counterweight included.
Tip: Box drawers do not include dividers.
Tip: Box Box File and File File will hit NWBRACE if NWBRACE is supporting top.
Tip: Additional lock bar pull or tote pull available on mobile peds.

Tote Pull

Pull on Lock Bar

Pulling Options

Seat Cushions for Apex Pedestals, Magnet Installation - 2"x15"x18"

(*) Paint Suffix List
G Storm
K Champagne Bronze
R Black
S Silver
T Medium Tone
W Arctic White
X Other (call for quote)

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $1000 list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

Product Specifications:
> Lockers are 18"W (interior width of 16.5"). They are available in 18"D or 24"D (interior depths of 16.5" or 22.5"). Heights vary depending on configuration.
> Optional aluminum feet are available and add 6" to the overall height of the unit.
> 1-high 52"H & 66"H units and 2-high 66"H units come with two bag hooks installed per locker. All other units do not come with bag hooks.
> Arc and bar pulls are brushed aluminum, Ligouri pulls are painted.

Ordering Information:
> Ships as 1-wide units. Shared top and base are attached at installation.
> Electronic locks require a programming key for initial setup to program locks and master keys. A master key is used to reset the lock if the code is forgotten. Programming keys and master keys are ordered separately. See page 528.
> Mechanical locks require a manager key and reset tool to reset lock if code is forgotten. Both are ordered separately. See page 528.
> **Freight is included on orders over $2,000 net. A freight fee of $200 net is assessed on orders less than $2,000 net. See page 11.**

	LRMASTER	Standard Lock Master Key	$42

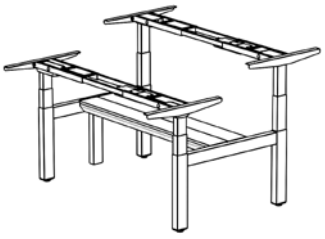

Notes

XTB4 Linked Benching Overview

Standard Frame - XTB4

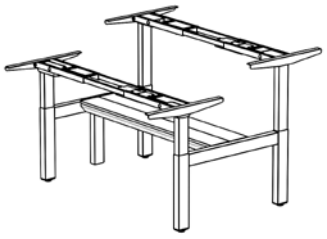

Bases for XTB Linked Benching

ANSI/BIFMA Electric

- Worksurface adjustable between 23"- 48" (including top)
- 220 lbs load capacity.
- Optional programmable controller
- Includes anti-collision
- Triple tube legs

Sit-Stand Electric

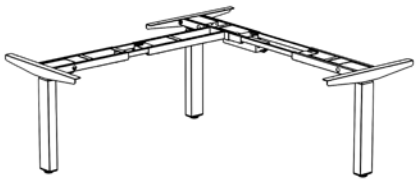

- Worksurface adjustable between 27"- 47" (including top)
- 220 lbs load capacity.
- Optional programmable controller
- Includes anti-collision
- Dual tube legs

Applications

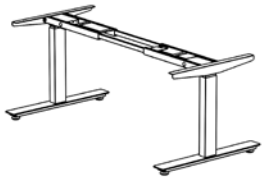

- Bases are specific for the application:
  - Double-Sided:
    - 24" or 30"D rectangle worksurface (two straight legs)
    - 24" or 30"D on spine extended corner worksurface (three straight legs)
  - Single-Sided:
    - 24"D rectangle worksurface (T-legs)
    - 30"D rectangle worksurface (T-legs)
  - 120 planning:
    - 24"D worksurface (three straight legs)
- Bases for Double-Sided and Single-Sided applications include adjustable top support cross bars for use with 48"-72"W worksurfaces.
- Bases for 120 applications are for use with 48"W worksurfaces.

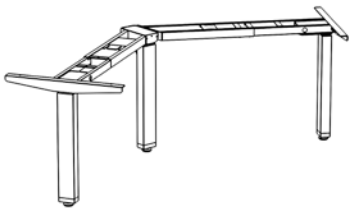

Double-Sided Rectangle

Double-Sided Extended Corner

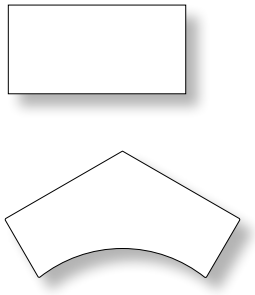

Single-Sided Rectangle

120 Planning

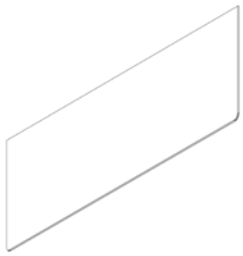

Planning - XTB4 Flexible Benching

Worksurfaces
- Ordered Separately.
- Rectangle bases fit tops 24” or 30”D and 48” - 72” W.
- Double-Sided extended corner bases fit tops 24” or 30”D and 48” - 72”W.
- 120 Bases fit tops 24”D x 24”D x 48”W x 48”W.
- Worksurfaces are undersized in width and depth for cable management and safety (to minimize pinch-points).
- Worksurfaces for XTB4 Benches must be specified with “B” in Step 2.

Power/Data and Cable Management
- Each user has four receptacle openings and two data openings.
- XTB4 Power system is 4-circuit, 8-wire.
- Power/data access is provided by removable trough covers.
- Electric bases plug into one outlet in the trough.
- Above worksurface power access can be provided with a Dean clamp-on power unit.
- Vertical cable managers between worksurface and power trough are included.

Privacy
- Fabric Topper screens are 23”H.
- Acoustic Privacy Screens are 34”H.
- Multiple types of screens are available for side-to-side privacy.
- End panels can be specified for additional privacy below the worksurface.

Specifying XTB4 Flexible, Height-Adjustable Benches

Specifying XTB4 Flexible, Height-adjustable Benches

Step 1 – Pick your Base Configuration

- Pick from two Height-Adjustable options: sit/stand electric (2-tube) and BIFMA range electric (3-tube).
- Different bases are used for Double-sided rectangle, Double-sided extended corner, Single-sided, and 120 planning
- Double-Sided and Single-Sided XTB4 bases include expanding worksurface supports to fit 48" - 72"W Frames
- 120 degree XTB4 bases fit 24" x 24" x 48" x 48" tops.
- Extended corner bases fit worksurfaces 48"-72"W, 24" or 30"D
- Includes electrical jumpers between blocks

Step 2 – Choose Receptacles and Infeed

Step 3 – Select Worksurfaces

- 24" or 30"D Straight worksurfaces fit Double- and Single-Sided rectangle bases.
- 24"D x 24"D x 48"W x 48"W tops fit 120 Bases.
- Worksurfaces are undersized in width and depth for cable management and safety (to minimize pinch-points).
- Worksurfaces for XTB4 Benches must be specified with "B" in Step 2.

Step 4 – Incorporate Privacy components

- Topper Screens, Privacy Screens, and End Panels
- Numerous attachment and material options including acrylic, whiteboard, magnetic whiteboard, fabric.

Step 5 – Finish with Storage Components

- Mobile Peds, Fixed Peds, Laterals, Bookcases, and Towers.

Notes

Apex™

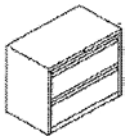

Notes

Apex™ Specifications

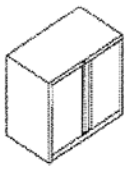

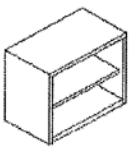

Verticals and Pedestals have the following characteristics:
> 18 gauge – front reinforcements, back reinforcements, bottom panels
> 20 gauge – top, drawer heads, front filler on ped, case back/sides on mobile ped
> 22 gauge – case back/sides on fixed peds/verticals, rear slide mounts
> 22 gauge – double wall drawer body (excluding head)
> Lock included
> Levelers included (3/4" adjustment)
> Vertical files come with counterweights
> Mobile peds have counterweight included
> Full extension drawer slides on file drawers and box drawers
> Interlock rated at 100 pounds distributed load
> Pedestals and Verticals have removable drawer fronts
> Verticals have 16 gauge interlock channels
> Mobile peds have 2 locking and 2 non-locking casters
> Pedestals accommodate letter filing front to back. Additional bars must be ordered to accommodate legal filing.

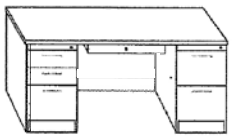

Laterals and Combination Cabinets have the following characteristics:
> 18 gauge – top, bottom shelves, sides, door supports
> 20 gauge – back, doors, and drawers
> Lock included
> Levelers included (1" adjustment)
> Laterals and Combination Cabinets must be ganged together or bolted to the wall or floor. Counterweights are available as an option (field installed)
> Heavy duty full extension drawer slides with interlock rated at 175 pounds of distributed load.
> Laterals come with side-to-side hanging bars for legal and letter side-to-side filing

Double Door Cabinets and Heavy Duty Bookcases have the following characteristics:
> 18" deep for Double Door Cabinets
> 14" deep for Heavy Duty Bookcases
> 18 gauge – top, bottom, shelves, door supports
> 20 gauge – back, sides, and doors
> Lock included
> Levelers included (1" adjustment)
> Lock rod material: steel for 4-hi and 5-hi – 16 gauge steel lock cam on 2-hi and 3-hi
> 11.75" clearance between shelves – more space available at top and bottom
> Shelves adjustable 1.5" up/down (in 1/2" increments)
> Shelf capacity approximately 140 lbs
> Doors have self-close hinges
> Cabinets and Heavy Duty Bookcases taller than 50" must be ganged or bolted to the wall/floor.

Apex steel desk products have the following characteristics:
> 18 gauge double sided construction end panels with levelers (3/4" adjustment)
> 7 gauge reinforcing corner brackets
> 18 gauge back panels
> High pressure laminate worksurface with backer and particleboard core (1-3/16" thick)
> MDF core is available as a special
> Center drawers are locking with 22 gauge drawers and 18 gauge brackets
> Center drawers and peds are keyed alike within a single desk
